Arms of THE UNIVERSITY OF NEW SOUTH WALES

Granted by the College of Heralds, London, 3 March 1952

In 1994 the University title was added to the Arms to create the new University Symbol shown.

Heraldic Description of the Arms

Argent on a Cross Gules a Lion passant guardant between four Mullets of eight points. Or a Chief Sable charged with an open Book proper thereon the word SCIENTIA in letters also Sable.

The lion and the four stars of the Southern Cross on the Cross of St George have reference to the State of New South Wales which brought the University into being; the open book with SCIENTIA across its page reminds us of its original purpose. Beneath the shield is the motto ‘Manu et Mente’ (‘with hand and mind’), which was the motto of the Sydney Technical College, from which the University has developed. The motto is not an integral part of the Grant of Arms and could be changed at will; but it was the opinion of the University Council that the relationship with the parent institution should in some way be recorded.
Aspiration

UNSW’s aspiration is to be a leading research intensive university in the Asia-Pacific region, focusing on contemporary and social issues through defined strengths in professional and scientific fields – a peer in good standing with the best globally.

The University of New South Wales occupies 38 hectares in Kensington, an inner south-eastern suburb of Sydney. It also has campuses in Canberra and Paddington as well as a number of research stations and teaching hospitals in other parts of New South Wales.

The University consists of eight Faculties: Arts and Social Sciences; the Built Environment; The Australian School of Business; Engineering; Law; Medicine; Science; and the College of Fine Arts. UNSW also provides undergraduate and graduate courses through the University College at the Australian Defence Force Academy (UNSW@ADFA).

UNSW offers a wide range of first degrees, higher degrees, graduate diplomas and other programs and possesses substantial research facilities.

The total number of students in 2008 was 46,811, made up of 27,888 Bachelors, 13,153 higher degrees, 3,867 graduate diplomas, graduate certificates and postgraduate qualifying programs and 1,903 in non-award or cross-institutional studies.

The number of staff supporting these students was 6,364 of whom 3,729 were academic staff and 2,635 were general staff.

The University Library contains over two million items. The library website receives more than 12 million hits per year and provides access to more than 45,000 electronic resources, including e-journals, e-books, databases and theses.

The University is governed by a Council of no more than 22 members, including ex-officio members, members elected by staff, students and graduates of the University, and members appointed by the NSW Minister for Education and Training or by Council itself. The principal academic body is the Academic Board, which receives advice on academic matters from the Faculties and UNSW@ADFA. The Faculties are responsible for the teaching and examining of degree programs within their scope and the Academic Board coordinates and furthers their work.

The principal executive officer of the University is the Vice-Chancellor and President. The Deputy Vice-Chancellors, Pro-Vice-Chancellor (Students) and Registrar, and Executive Director, University Services are responsible for the provision of student services, research policy and management, education policy, educational enterprise, international enterprise, development, and resources and infrastructure. The Executive Director, Finance & Operations is responsible for strategic business advice and the provision of financial services. The development and implementation of strategies for maintaining and enhancing infrastructure systems and telecommunications to support information management is managed within the Division of the Executive Director, University Services. There are eight Faculty Deans as well as the Dean of Graduate Research and the Rector of UNSW@ADFA. The Deans have considerable delegated authority in relation to their areas.

University Organisation

The University's academic organisation includes eight Faculties based in Sydney, NSW, and the University College at the Australian Defence Force Academy in Canberra, ACT (UNSW@ADFA). The Faculties are groupings of schools, according to academic disciplines, through which the academic staff conduct teaching at undergraduate, postgraduate and higher degree level, and pursue research and scholarly investigations. A high level organisational chart for the University is available at http://www.unsw.edu.au/about/pad/orgstructure.html.

Each Faculty has a Dean who is responsible to the Vice-Chancellor for the administrative, financial and academic affairs of the Faculty. Faculty Boards are established under the University Rules. They are responsible for supervising teaching, conducting examinations and encouraging scholarship and research in relevant areas of study. Each Faculty Board comprises professors, associate professors, senior lecturers, and associate lecturers in the relevant departments, ex officio members, elected students, and other persons appointed as members. Faculty Boards and their committees meet several times each year on scheduled dates.

The University also provides teaching and research activities at its teaching hospitals, field stations, the Manly Vale Water Research Laboratory and the Randwick Campus, where some of the schools have facilities and the Institute of Languages is located.

Detailed information on each Faculty and School and the programs offered at UNSW is available in the UNSW Handbook (www.handbook.unsw.edu.au).

University College, Australian Defence Force Academy

The University College is located at the Australian Defence Force Academy (ADFA) in Canberra and was established in 1981. Academic programs are delivered through the University College (UNSW@ADFA), which is a Faculty of the University. UNSW@ADFA provides programs of study leading to the award of degrees in Arts, Business, Science, Engineering and Technology at pass and honours level, and the Chief of Defence Force Student Programs are available for high-achieving students.

Entry to UNSW@ADFA's undergraduate programs is by selection. Candidates must have reached an approved academic standard and have met the requirements of the branch of the Services to which they have been recruited.

UNSW@ADFA also offers postgraduate research and coursework programs to serving members and other employees of the Australian Defence Organisation, as well as to civilians including international students.

A summary of the programs offered by UNSW@ADFA can be found in the section 'Schedule of UNSW Programs' in this Calendar and is published in detail in the annual Australian Defence Force Academy Handbook. For further information, refer also to the website http://www.unsw.adfa.edu.au/student/ or contact Student Administrative Services, telephone (02) 6268 6000, email sas@adfa.edu.au.

Child Care Centres

The Honeypot Centre
The Honeypot Child Care Centre provides high quality, flexible, affordable child care that is designed to meet the needs of UNSW students and staff. The Centre provides long day care. The Centre is licensed for 29 children aged 2 months to 5 years, and operates for 48 weeks of the year. The purpose-built facility is situated a two minute walk away from the upper campus. Telephone: (02) 9385 1230; email: honeypot@unsw.edu.au; website: www.hr.unsw.edu.au/services/childcare/honeypot.html

House at Pooh Corner

UNSW Centres

Most centres concentrate on multidisciplinary or interdisciplinary fields and bring together cognate groups of academics, researchers and students, traversing traditional Faculty-School boundaries, to collaborate and deliver valuable, mutually beneficial outcomes. The amalgamation of expertise and resources to build up critical mass in centres has been essential in many of UNSW's areas of research strength. Centres also provide a common and easily identifiable “brand” external to UNSW. Most centres focus on themes where research or teaching excellence has been developed and are supported by substantial and continuing funding independent of the University's operating grant.

For further information on UNSW centres please contact the Centres Secretariat, Research Strategy Office.

International Exchange Program

Global Student Mobility and Exchange

UNSW manages a large and active Student Mobility Program and encourages all students to undertake part of their study overseas at one of our partner universities. There are Exchange and International Placement opportunities at over 180 universities in 32 countries to choose from and in 2008 over 400 students studied overseas at one of our partner institutions.

Students can choose to spend either one or two semesters studying at a partner university in Asia, Europe, USA, India, Canada, or Latin America.

Studies completed at the overseas university are credited towards the student’s UNSW degree so no extra time is required to complete your degree.

Local and international undergraduate and postgraduate students with a satisfactory academic record can apply to participate in the program after one semester of study at UNSW. While on exchange, students remain enrolled at UNSW and continue to pay their normal tuition fees. Students do not pay any additional tuition fees at the overseas university but are responsible for their own travel, accommodation and living expenses.

UNSW is committed to the active expansion of its International Exchange program, and to assist students to gain an overseas experience the University has numerous International Exchange Scholarships available, with more than 80 offered in 2008. Students who receive Youth Allowance or other types of scholarships may usually continue to receive these benefits while on exchange.

Together with expanding the International degree programs beyond the Faculty of Arts and Social Sciences and the Australian School of Business, in 2009 UNSW will be launching:

- Student Volunteers Abroad
- Universities without Borders
- Professional internships in Asia
- U21 Global Issues Program
- Cooperative program in Shanghai

The International Exchange Program is part of UNSW International and is located on Level 2, East Wing, The Red Centre H16, Engineering Road. Telephone (02) 9385 7276, fax (02) 9385 5927, email intex@unsw.edu.au, website http://www.international.unsw.edu.au/exchange/exchangehome.html

Students can have a personal and confidential discussion with an advisor on any matters of concern, including decisions students have to make (study, finances, personal), assistance with practical difficulties (housing, health, finance, bureaucracy, student visas), personal relationships or issues affecting the student’s dependants in Australia. Where necessary advisors can act as advocates for students on administrative and academic matters or mediate with the University and government departments.

Specialised programs offered by ISS include: pre-departure information; airport reception; assistance in finding long-term accommodation; comprehensive orientation program and handbook for new students; academic preparation program for postgraduates; workshops focusing on specific issues related to study or personal matters; returning home seminars and a valedictory function for graduands.

Throughout the year ISS organises various social and cultural activities to help students mix with Australians or other international students. Volunteering opportunities and community events assist students to gain a better understanding of the Australian culture. These activities include social sports meets, sight-seeing trips, Sydney social and community events, fund raising events, local council community projects, and cultural exchange talks by students in nearby schools and hospitals.

Support for dependants of international students is also provided by ISS, with information available on school education, English classes for dependants and community support services.

Nura Gili

The Nura Gili Indigenous Programs Centre provides pathways to learning opportunities that embrace Indigenous knowledge, culture and histories. The Centre encourages self-empowerment within an inspiring and supportive environment that celebrates learning, diversity and the achievement of social justice. To achieve this vision, Nura Gili strives for excellence in educational services. Nura Gili works towards assuring participation and access to all the programs it offers. The staff and students at Nura Gili Indigenous Programs Centre support community outreach programs to actively spread the message of the availability of tertiary studies. Staff and students also work to promote the central role of arts, culture and heritage for Aboriginal and Torres Strait Islander Peoples - throughout UNSW and the wider community.

The words Nura Gili are from the language of the Eora people. Nura meaning ‘place’ and Gili meaning ‘firelight’. Nura Gili at UNSW brings together these concepts to create the meaning ‘place of fire and light’ which is significant because

- The theme of **place** remains important to the many cultures of Indigenous Australia. It is therefore important for Indigenous Programs at the University of New South Wales to acknowledge and recognise the very place that we have all come together to work, share, study and learn on.
- Nura Gili and UNSW are both located near an 8000 year old campsite (within the grounds of Prince of Wales Hospital) around which the people of the area taught culture, history and subsistence. From an age old past through to the present the site holds significance as a place of gathering and teaching, meeting and sharing.
- The concept of a fireplace, and fire in general, reflects the warm, relaxed and nurturing environment created by age-old fires many years ago and recreated today by the staff and students of Nura Gili. The centre values the potential that education can offer, and with the theme of the fireplace in mind, we invite Indigenous and non-Indigenous people to gather, learn and share together, to light a torch of their own, to guide them, and light their way as they create their own journey.

Nura Gili facilitates programs to recruit and support Indigenous students at UNSW at all levels of study. The students and staff at Nura Gili are involved in activities to develop and strengthen the Indigenous Community on campus and participate in wider community events across Indigenous communities in Sydney and NSW. Nura Gili also offers a wide program of academic courses for UNSW students including the Master of Indigenous Studies as well as a Minor of Indigenous Studies available in the Faculty of Arts and Social Sciences.

The Nura Gili Resource Centre contains one of Australia’s largest collections of print materials on Australian Aboriginal studies as well as audio-visual materials and has adopted the Aboriginal and Torres Strait Islander Protocols for Libraries, Archives and Information Services. All available resources are listed on the UNSW Library catalogue and have call numbers starting with AB. The Nura Gili Student Centre provides student support and computers, printing and photocopying facilities for Indigenous students.

Nura Gili has three centres across UNSW. Phone (02) 9385 3805. For more information about our programs, courses, staff and locations, please visit the Nura Gili website: www.nuragili.unsw.edu.au.

Some of the doctors have special interests and skills in various areas e.g. sexual health, counselling, dermatology, travel health, occupational health, family medicine, and nutritional medicine. The practice has a dedicated treatment room staffed by registered nurses.

The practice uses an appointment, rather than a walk-in system for consultations. We have a system that is flexible so that urgencies or urgent appointments can be accommodated. A standard appointment is 15 minutes, which is usually enough time for one problem. If you have more than one problem or complicated issues, let our receptionist know so that a longer appointment or additional appointments can be scheduled.

The Health Service is located on the Ground Floor of the East Wing of the Quadrangle Building. The opening hours during session: 8.30am - 5.30pm Monday to Thursday, 8.30am - 5pm Friday; during vacation: 9:00am - 5:00pm, Monday to Friday. Invitations are sent to parents and guardians of new students. The program is enjoyable and informative and provides opportunities for students and their parents to meet and chat with University staff from the various services. Students and their families are encouraged to explore the campus on a guided tour led by ‘YellowShirts’, the student volunteers.

It undertakes these checks, as it has a duty of care to all patients and clients receiving services from the Department. The check is conducted by the NSW Police Service and is coordinated by the Department of Health and the University. Further details can be obtained from your program authority.

Infectious diseases

Students required to complete clinical training in the NSW hospital system will be subject to various guidelines and procedures laid down for health workers by the NSW Department of Health relating to immunisation, infection and blood-borne viruses. Further details can be obtained from your program authority.

Working with Children

Under the Child Protection (Prohibited Employment) Act 1998, students who as part of their enrolment are required to work with children must disclose whether they are a ‘prohibited person’; that is, if they have been convicted of a serious sex offence. It is an offence for a ‘prohibited person’ to work with children.

Education Programs

Working with Children

Under the Child Protection (Prohibited Employment) Act 1998, students who as part of their enrolment are required to work with children must disclose whether they are a ‘prohibited person’; that is, if they have been convicted of a serious sex offence. It is an offence for a ‘prohibited person’ to work with children.

International Students (ESOS Act)

The Education Services for Overseas Students (ESOS) Act 2000 is Commonwealth Government legislation that ensures providers of education and training are regulated in the delivery of education services to international students. All providers and programs available to international students are required to be registered on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS). A National Code of Practice has been established which provides for consistent standards for the registration and conduct of registered providers and the conduct of persons who deliver educational services on behalf of registered providers.

The Act also provides for obligations and restrictions on students to comply with the conditions of their student visa. Under the Act, the University is required to monitor and report on some of these conditions to the Department of Immigration and Citizenship (DIAC).

The ESOS Student Co-ordinator at UNSW is responsible for coordinating the monitoring and reporting requirements under the Act and is available for advice to students on any of these requirements. For further information, please refer to the website: https://my.unsw.edu.au/student/resources/ESOSstudent.html, or contact the Unit via phone on (+61 2) 9385 3065 or email at esos@unsw.edu.au. UNSW staff should refer to the following website: https://my.unsw.edu.au/student/Staff/ESOSstaff.html.
The range of programs offered by the University is indicated in the tables below, listed by Faculty. For details of the programs, please consult the UNSW Handbook (www.handbook.unsw.edu.au).

Please refer, in addition, to the ‘2009 Tuition Fee Schedule’ which follows the ‘Schedule of UNSW Postgraduate Programs 2009’.

This information is current as at 1 December 2008 and is subject to change.

2009 Tuition Fee Schedule

Identification of Courses and Course Fees 2009

A course is defined by the Academic Board as a unit of instruction approved by the University as being a discrete part of the requirements for a program offered by the University.

Each approved course of the University is identified by a sequence of eight characters, consisting of a four character alphabetical prefix which identifies the subject area, and a four digit numeric suffix which identifies the course. Each course has a unit of credit value defined.

Course identifiers are approved by the Registrar and the system of allocation is based on the following guidelines:

1. A four character alphabetical prefix is used to indicate the subject areas. This usually correlates with the authority offering the course (normally a School of the University), but in some cases identifies subject specialisations or cross-disciplinary subject areas.
2. Each course identifier is unique and is not used for more than one course title.

Courses taught are listed in full in the UNSW Handbook. The subject areas and organisational units for each identifying alphabetical prefix are also described in the specialisation pages in the Handbook (www.handbook.unsw.edu.au).

Course Prefixes and Associated Fees Per Unit of Credit (UOC)

The following table shows indicative tuition fee amounts for 2009 (dependent on your fee type). The fees listed on this table are in Australian dollars (AUD). Tuition fees are reviewed annually and may increase each year. The University of New South Wales makes every attempt to ensure that all information is correct at the time of publication. However, the University reserves the right to amend any or all of the information below without notice in response to changing circumstances or for any other reason.

A standard semester academic load is 24 units of credit (48 UOC per annum).

Fees for courses are charged by unit of credit according to the classification of the course (that is undergraduate, postgraduate, research) and then the classification of the student.

To calculate the charge for a course - refer to the course prefix, appropriate course classification and student classification to determine the fee per unit of credit.

Non-award courses will also be charged according to the classification of the course as above.

For Example: An International student is enrolling in a Faculty of Arts and Social Sciences course, ARTS1001, which has a value of 6 units of credit and the course is classified as undergraduate.

The fee for this course will be 6 x $425 = $2550.00

The fees listed are applicable to students who commenced study from Summer Session 2003 onwards.

General Education Program

UNSW requires that undergraduate students undertake a structured program in General Education as an integral part of studies for their degree. The University believes that a general education complements the more specialised learning undertaken in a student's chosen field of study and contributes to the flexibility which graduates are increasingly required to demonstrate. Employers repeatedly point to the complex nature of the modern work environment and advise that they highly value graduates with the skills provided by a broad general education, as well as the specialised knowledge provided in more narrowly defined degree programs. As well, over many years graduates of this University have reported that they greatly valued their General Education studies, which are found to be relevant to both career and personal development.

The General Education Program at UNSW intends to broaden and deepen students' understanding of the environment in which they live and work and to enhance their skills of critical analysis. Above all, the program presents students with interesting, challenging and enjoyable opportunities to pursue their own intellectual curiosity.

Objectives of the General Education Program

The following objectives were approved by the Council of the University in December 1994. (Minor changes were approved by Council in 2005).

1. To provide a learning environment in which students acquire, develop, and deploy skills of rational thought and critical analysis.
2. To enable students to evaluate arguments and information.
3. To empower students to systematically challenge received traditions of knowledge, beliefs and values.
4. To enable students to acquire skills and competencies, including appropriate written and spoken communication skills.
5. To ensure that students examine the purposes and consequences of their education and experience at University, and to foster acceptance of professional and ethical action and the social responsibility of graduates.
6. To foster among students the competence and the confidence to contribute creatively and responsibly to the development of their society.
7. To provide structured opportunities for students from disparate disciplines to interact cooperatively within a learning situation.
8. To provide opportunities for students to explore discipline and paradigm bases other than those of their professional or major disciplinary specialisation through non-specialist courses offered in those other areas.
9. To provide an environment in which students are able to experience the benefits of moving beyond the knowledge boundaries of a single discipline and explore cross and interdisciplinary connections, and cross-cultural contexts.
10. To provide a learning environment and teaching methodology in which students can bring the approaches of a number of disciplines to bear on a complex problem or issue.

General Education Requirements

The University's basic requirements are the same for students in all single degree programs:

(a) Students must satisfactorily complete a minimum of 12 units of credit in General Education courses or their equivalent (unless otherwise entitled to exemption). Combined undergraduate degrees offered with another Faculty and leading to the award of two degrees satisfy the requirement (12 units of credit in General Education) within the program.

(b) Effective for Semester 1, 2008, only students may continue to undertake up to a maximum of three units of credit from approved general education courses offered by the Faculty which is the program authority for the program in which the student is enrolled, and further general education courses from any other Faculty, with a maximum of six units of credit to be taken from any one Faculty.

(c) Effective from Semester 2, 2008, to meet their 12 units of credit General Education requirement, students may take up to 12 units of General Education, or courses substituted for General Education, from any Faculty or Faculties, other than the Faculty that is the authority for the program in which the student is enrolled. ADFA students must take courses from outside their home discipline cluster.

(d) Students with an identified need may substitute approved academic English courses for up to 6 units of General Education.

To provide greater depth and academic rigor in General Education, the University will move to 6 unit General Education courses. 3 unit General Education courses will continue to be offered during the transition period but no new 3 unit designated General Education courses will be introduced. Remaining 3 unit courses will be reviewed in Semester 2, 2009.
The University, in common with other large organisations, has established rules and procedures which are designed for the benefit of all members of the University. In some cases, there are penalties (e.g. fines or exclusion from examinations) for non-compliance.

Students should refer, in the first instance, to myUNSW (http://my.unsw.edu.au) where University policies and procedures are listed in detail as well as information regarding fees, online enrolment and a range of student services.

Outright and Deferred Gifts and Bequests for Beneficial and Endowment Purposes

Since its foundation in 1949 the University of New South Wales has contributed to the prosperity and development of industry and commerce in Australia through its teaching, research and community outreach. While it receives a measure of support from governments, the University relies to a considerable extent on funds from a diverse range of other sources in order to continue its vital role of high-level teaching, scholarship and research on which so much of society's development and ongoing success depends.

In 1988, the University established the University of New South Wales Foundation Limited as the principal vehicle for its fundraising activities. The UNSW Foundation gives particular emphasis to growing its endowment, while the capital base generates funds for use in perpetuity. An endowed gift today will still deliver benefits into the next century, whether by supporting scholarships, enabling research or rewarding other aspects of the University's aspiration and mission.

The Foundation Funds have grown from $3m in the mid 1990's to over $62 million in 2008. The Foundation last year disbursed $9.8 million in earnings from endowed and beneficial funds for UNSW activities including the University capital program. The UNSW Foundation ensures that the highest standards of financial probity and accountability are applied to its activities.

Bequests are another way of leaving a legacy for future generations to support the University of New South Wales. All contributions, large and small, are significantly valued as they allow UNSW to continue to offer quality education, a wide range of scholarships and to enable the University to tackle important issues of our globe through high quality research.

Individuals, private foundations, corporations and organisations wishing to support the University's advancement through philanthropic support are encouraged to contribute to the Foundation by contacting the Director on 61 2 9385 3277, email to susan.donnelly@unsw.edu.au or visit the website at www.alumni.unsw.edu.au.

The UNSW Foundation is a registered Charity (Charity No 12473) and gifts to the Foundation are tax deductible.
UNSW Scholarships
The University offers a wide variety of scholarships for study at UNSW. Many of these have been made available by the generous donations and bequests of private donors, organisations and industry leaders.
A range of scholarships are available throughout a student's academic career and also for approved travel within a study program.
For further details and the latest scholarship listings, please visit: www.scholarships.unsw.edu.au

UNSW Co-op Program
The UNSW Co-op Program is a merit based scholarship program set up by industry and UNSW to provide financial reward and professional training for selected high achieving undergraduate students in the disciplines of Business, Science, Engineering and the Built Environment.
The UNSW Co-op Program is open to any student who is an Australian Citizen or Permanent Resident of Australia, entering their first year of undergraduate studies and interested in studying programs offered under the UNSW Co-op Program. Co-op scholarship programs are all based on existing undergraduate programs at UNSW but with special features: UNSW Co-op Program scholars receive a tax-free scholarship of $15,000 per annum ($60,000 for a four year degree; $75,000 for a five year degree), as well as structured industrial training (between 9 and 18 months) gaining valuable work experience with up to four different sponsor companies and a series of development programs designed to further enhance their professional soft skills.
For more information on the UNSW Co-op Program, please visit: www.co-op.unsw.edu.au.
Prizes

The University of New South Wales has over 600 prizes awarded annually to students for meritorious academic achievement. There is also a considerable number of prizes awarded for postgraduate work.

Prizes are in the form of cash payment, medals, book vouchers, membership of organisations and other items, together with a suitably inscribed certificate. Prizes are awarded on the recommendation of the Head of School/Department, and will appear on the prize winner's academic transcript.

The wide range of prizes awarded is made possible by the generous support of individuals, organisations, UNSW Schools and Faculties and others. A complete list of UNSW prizes can be found on myUNSW at https://my.unsw.edu.au/student/prizes/Prizes.html

Information regarding establishment of new prizes may be obtained from the Graduation/Prizes Office via UNSW Student Central, Lower Ground floor, the Chancellery. Phone +61 2 9385 8500, email studentcentral@unsw.edu.au.

We wish to thank all donors for their generous support of UNSW prizes.

(3) Each examiner must submit to the Committee a concise written report on the thesis and must recommend to the Committee one of the following:

(a) The thesis merits the award of the degree.
(b) The thesis merits the award of the degree subject to minor corrections as listed being made to the satisfaction of the Head of School or unit.
(c) The thesis requires further work on matters detailed in the report. Should performance of this further work be to the satisfaction of the Committee, the thesis would merit the award of the degree.
(d) The thesis in its present form does not merit the award of the degree and further work as described in the report is required. The revised thesis should be subject to re-examination.
(e) The thesis does not merit the award of the degree and does not demonstrate sufficient merit to warrant resubmission.

(4) The Committee must consider the recommendations of the examiners and the basis for those recommendations provided in the written reports, and decide whether or not the candidate be awarded the degree and which of the recommendations specified in (3)(a)–(e) will be implemented.

(a) The Committee, in making this decision, may:
(i) appoint an additional examiner for the thesis, or
(ii) seek further advice on the thesis from an assessor or panel of assessors who are independent of the preceding examination process, or

(b) In determining whether the performance of further work recommended under (3c) is to the satisfaction of the Committee, the Committee may seek additional expert advice from an assessor or panel of assessors on the further work that has been performed.
(c) In the case of a decision that the revised thesis should be the subject of re-examination as specified under (3d), the examiners who recommended re-examination must be appointed to re-examine the thesis. If one or more of the original examiners decline to re-examine the thesis the Committee must appoint new examiner(s) in their place.
(d) The examiner may not recommend option 3(d) for a re-examined thesis. The Committee, in making a decision on whether the revised and re-examined thesis has satisfied the conditions for the award of the degree, may seek further advice on the examiners’ reports and the revised thesis as specified in (4 a)(iii) and (iii).
Master of Philosophy (MPhil)

   (2) In exceptional cases an applicant who submits evidence of such other academic and professional qualifications approved by the Committee may be permitted to enroll in the degree.

   (3) If the Committee is not satisfied with the qualifications submitted by an applicant the Committee may require the applicant to undergo such assessment or carry out such work as the Committee may prescribe, before permitting enrolment.

**Enrolment**

3. (1) An application for admission as a candidate for the degree shall be made either online or on the prescribed form which shall be lodged with the Graduate Research School or Student Administration at UNSW@ADFA at least two calendar months before the commencement of the semester in which enrolment is to begin.

The Committee may permit a candidate to spend a period of time in the field, within another institution or elsewhere away from the University provided that the work can be supported and supervised in a manner satisfactory to the Committee. In such instances the Committee shall be satisfied that the location and period of time away from the University are necessary to the research program.

   (2) Progress in the program will require that the approved coursework is undertaken during candidature, and that all courses are passed at the first attempt at a level prescribed by the Committee. As a result of failure in any part of the coursework component, the Committee may, on consideration of documented conditions outside the control of the candidate, permit the candidate to complete additional assessment.

Note: Policy with Respect to the Use of Higher Degree Theses

The University holds that the deposit copies of a thesis submitted for a higher degree and retained in the Library should be retained not only for record purposes but also, within copyright privileges of the author, should be public property and accessible for consultation at the discretion of the University Librarian. As digital theses are freely available to the public, candidates must obtain permission for use of copyright material and signoff accordingly. Otherwise such material will need to be restricted. The University also recognises that there may be other exceptional circumstances requiring restrictions on copying or conditions of use of paper copies, and restrictions or partial restrictions of digital copies. Another option is that digital theses may be restricted to the UNSW campus domain. It is expected that restricted digital theses will still be submitted with metadata, such as the abstract, being publicly available. There may be exceptional circumstances when even the metadata will not be made available.

Requests for restriction of access to a thesis for a period of up to two years must be made in writing to the Dean of Graduate Research. Requests for a longer period of restriction may be considered in exceptional circumstances if accompanied by a letter of support from the supervisor or Head of School.

(f) state that ballot papers will be posted to persons entitled to vote in the election, and
(g) state that ballot papers that do not reach the Returning Officer by close of ballot will not be counted in the election, and
(h) give details of the number of vacancies to be filled and of the terms of office of the members of the Council to be elected, and
(i) contain such other information relating to the election as the Returning Officer thinks fit.

17. Making of nominations
(1) Nominations of candidates for an election of members of the Council are to be made by sending or delivering nomination papers to the Returning Officer.
(2) A nomination paper must be signed by 2 persons entitled to vote at the election for which the candidate is nominated and must be endorsed with or accompanied by the written consent of the person nominated.
(3) There must be a separate nomination paper for each candidate.

(5) The Returning Officer is to edit all statements supplied. Statements containing more than 150 words will be reduced so as not to exceed that limit.
(6) The edited statements, and a copy of any photograph supplied, are to be printed and distributed with the ballot papers.
(7) The Returning Officer is to reject a nomination paper if satisfied that:
(a) the nomination is not duly made, or

18. Notification of candidature and qualified voters
(1) The Returning Officer is, as soon as practicable after the close of nominations for an election, to cause a list of the names of the persons whose nominations have been accepted (together with the names of their nominators) to be posted on the official noticeboards on the premises of the University and in such other places as the Council may determine.
(2) The Returning Officer is to make a list of the names on the relevant Roll of the University, as at the close of nominations, available for inspection at the University during the period from the close of nominations to the close of ballot.

19. Dealing with nominations
(1) If no more than 4 nominations of persons for election to the Council as:
(a) an academic staff member, or
(b) a graduate member,
are accepted in either of those categories, the Returning Officer is to declare the person or persons nominated to be elected. If more than 4 nominations are accepted in either category, there must be a ballot in the category concerned.

(2) If no more than one nomination of persons for election to the Council as:
   (a) the non-academic staff member, or

**Division 4 – Conduct of ballot**

20. **Form of ballot**
A ballot for a Council election must be a secret ballot using the optional preferential system.

21. **Distribution of ballot papers**
(1) If there is to be an election for members of the Council, the Returning Officer is to post a ballot paper to each person whose name is on the relevant Roll of the University, addressed to the person at his or her last known address.

   (b) in all other cases—14 clear days,
   before the day appointed for the election.
(3) Following receipt of a written application, the Returning Officer may, on being satisfied that a ballot paper has been lost or destroyed, supply a duplicate ballot paper to the person to whom the lost or destroyed ballot paper was posted.
(4) The fact that a person whose name is on the relevant Roll of the University did not receive a ballot paper does not invalidate an election.
(5) In this clause, a reference to a person’s name being on a relevant Roll of the University is a reference to the person’s name being on that Roll at the time specified in the notice referred to in clause 16 for the close of nominations for the relevant election.

22. **Material to accompany ballot papers**
(1) Each ballot paper is to be accompanied by:
   (a) a notice setting out how the ballot paper is to be completed and specifying the date and time of the close of ballot, and

23. **Contents of ballot paper**
(1) Each ballot paper must contain the names of the candidates in the order determined by the Returning Officer in accordance with subclause (3).
(2) The ballot paper must be initialled by the Returning Officer or by a person appointed by the Returning Officer. A ballot paper stamped with a facsimile of the relevant initials is taken to be initialled in accordance with this subclause.
(3) The Returning Officer is to determine the order of candidates in the following way:
   (a) the names of the candidates concerned are to be written on separate and similar slips of paper,
   (b) the slips are to be folded so as to prevent identification,
   (c) the slips are then to be mixed and drawn at random,
   (d) the candidates’ names are to be listed in the order in which they are drawn.

24. **Method of voting**
(1) Each voter is to mark a vote on the ballot paper by placing the figure “1” in the square opposite the name of the candidate to whom the voter desires to give first preference.
(2) The voter may, but need not, place consecutive figures (commencing with the figure “2”) in the squares opposite the names of any of the remaining candidates so as to indicate, by numerical sequence, the order of the voter’s preference for them.
(3) The voter is to send or deliver to the Returning Officer the ballot paper enclosed (without anything else) and sealed in the envelope marked “Ballot Paper”, which must be enclosed and sealed in the other envelope addressed to the Returning Officer, with the form of declaration as to identity and entitlement to vote duly completed.
(4) All formal ballot papers received by the Returning Officer before the close of ballot are to be counted in the ballot.
(5) All envelopes received by the Returning Officer under this clause must remain unopened until the close of the ballot.

25. **Informal ballot papers**
(1) A ballot paper is informal if it has on it any mark or writing that, in the opinion of the Returning Officer, would enable any person to identify the voter.
(2) A ballot paper is informal if it is not initialled in accordance with clause 23 (2).
(3) A ballot paper is informal if:
   (a) the sole figure “1” does not appear in the square opposite the name of one candidate, or
   (b) that sole figure appears in more than one square.

26. **Procedure on close of ballot**
As soon as practicable after the close of ballot, the Returning Officer, in the presence of those of the scrutineers that choose to be present:
(a) is to open the envelopes addressed to the Returning Officer and received before the close of ballot, and
(b) if the declaration of identity and entitlement to vote is duly signed by a qualified voter, is to place the unopened envelope containing the ballot paper with other similar envelopes, and
(c) is to open the envelopes referred to in paragraph (b) and take out the ballot papers, and
(d) is to count the votes, and ascertain the result of the ballot, in the manner set out in Divisions 5 and 6.

Division 5 – Election to fill one position only

27. Definitions
In this Division:

an absolute majority of votes means a number of votes that is greater than one-half of the number of ballot papers counted.
continuing candidate means a candidate not already elected or excluded from the count.

28. Election to fill one position only to be determined in accordance with this Division
If a ballot has been held for the purpose of filling one position, the result of the ballot is to be determined in accordance with this Division.

29. Informal ballot papers to be rejected
(1) The Returning Officer is to reject any informal ballot papers and count the formal ballot papers.
(2) A reference in any other clause of this Division to a ballot paper is taken to be a reference to a formal ballot paper, and a reference to a vote is taken to be a reference to a vote in a formal ballot paper.

30. Candidate with absolute majority of votes elected
(1) The Returning Officer is to count the number of first preference votes for each candidate.
(2) The Returning Officer is to declare elected the candidate who has received the largest number of first preference votes, if that number constitutes an absolute majority of votes.

31. Procedure if no candidate has absolute majority of votes
(1) If no candidate has received an absolute majority of first preference votes, the candidate who has received the fewest first preference votes is to be excluded and each of the ballot papers counted to that candidate is to be counted to the continuing candidate next in order of the voter's preference.
(2) The Returning Officer is to declare elected any candidate who, on completion of the count under subclause (1), has received an absolute majority of votes.
(3) If 2 or more candidates have an equal number of votes at the time that it is necessary to exclude one of them, the candidate to be excluded is to be determined as follows:
   (a) the names of the candidates concerned must be written on separate and similar slips of paper,
   (b) the slips must be folded so as to prevent identification and mixed and drawn at random,
   (c) the candidate whose name is first drawn must be excluded.

32. Process to continue until candidate elected
The process of excluding the candidate who has the fewest first preference votes and counting each of the ballot papers counted to that candidate to the continuing candidate next in order of the voter's preference is to be continued until:
(a) one continuing candidate has an absolute majority of votes, in which case the Returning Officer is to declare that candidate elected, or
(b) there are only 2 continuing candidates who do not have an equal number of votes, in which case the candidate with the larger number of votes is to be declared elected, even if the number of votes is below an absolute majority of votes, or
(c) there are only 2 continuing candidates who have an equal number of votes, in which case the candidate elected must be determined as follows:
   (i) the names of the candidates concerned must be written on separate and similar slips of paper,
   (ii) the slips must be folded so as to prevent identification and mixed and drawn at random,
   (iii) the candidate whose name is first drawn is elected.

Division 6 – Election to fill more than one position

33. Definitions
In this Division:

continuing candidate means a candidate not already elected or excluded from the count.
quota means the quota determined in accordance with clause 36.
surplus votes means votes in excess of the quota.

34. Election to fill more than one position to be determined in accordance with this Division
If a ballot has been held for the purpose of filling more than one position, the result of the ballot must be determined in accordance with this Division.

35. Informal ballot papers to be rejected
(1) The Returning Officer is to reject any informal ballot papers.
(2) A reference in any other clause of this Division to a ballot paper is taken to be a reference to a formal ballot paper, and a reference to a vote is taken to be a reference to a vote in a formal ballot paper.

36. Determination of quota
The Returning Officer is to determine a quota by:
(a) counting the number of first preference votes, and
(b) dividing the total number of those votes by 1 more than the number of candidates required to be elected, and
(c) increasing the quotient so obtained (disregarding any remainder) by 1.

37. Candidate who meets or exceeds quota elected
(1) The first preference votes for each candidate are to be counted.
(2) The Returning Officer is to declare elected each candidate who has received a number of first preference votes that is equal to or greater than the quota.

38. Procedure if further position to be filled

(1) If any further position remains to be filled, the surplus votes of each elected candidate are to be transferred to the continuing candidates as follows:
   (a) the transfer value of the surplus votes is to be ascertained by dividing the number of surplus votes of the elected candidate by the number of first preference votes received by that candidate,
   (b) the total number of ballot papers of the elected candidate showing the next available preference for a particular continuing candidate is to be multiplied by the transfer value,
   (c) the number so obtained (disregarding any fraction) is to be added to the number of first preference votes of the particular continuing candidate,
   (d) all those ballot papers are to be transferred to the particular continuing candidate.

(2) The Returning Officer is to declare elected each continuing candidate who, on the completion of the transfer, has received a number of votes equal to or greater than the quota.

39. Procedure if insufficient candidates have reached quota

(1) If, after the counting of first preference votes or the transfer of surplus votes (if any) of elected candidates, no candidate has (or fewer than the number of candidates required to be elected have) received a number of votes equal to or greater than the quota, the candidate who has the fewest first preference votes is to be excluded and the count is to proceed in accordance with this clause.

(2) All ballot papers showing a first preference vote for an excluded candidate and the next available preference for a particular continuing candidate are to be transferred, each ballot paper at a transfer value of 1, to the particular continuing candidate and added to the number of votes of the particular continuing candidate.

(3) Any ballot papers obtained by an excluded candidate by means of a transfer to that candidate are to be transferred (beginning with the ballot papers received by that candidate at the highest transfer value and ending with the ballot papers received at the lowest transfer value) as follows:
   (a) the total number of ballot papers received by the excluded candidate at a particular transfer value from a particular candidate and showing the next available preference for a particular continuing candidate are to be multiplied by that transfer value,
   (b) the number so obtained (disregarding any fraction) is to be added to the number of votes of the particular continuing candidate,
   (c) all those ballot papers are to be transferred to the particular continuing candidate.

(4) The Returning Officer is to declare elected each continuing candidate who, on the completion of the transfer, has received a number of votes equal to or greater than the quota.

(5) However, the surplus votes of the candidate so elected are not to be transferred until all the ballot papers of the excluded candidate have been transferred.

40. No transfer of surplus votes or ballot papers to continuing candidate who reaches or exceeds quota

If a continuing candidate has received a number of votes equal to or greater than the quota on the completion of the transfer of:
   (a) the surplus votes and ballot papers of an elected candidate, or
   (b) the ballot papers of an excluded candidate,
no surplus votes or ballot papers of any other candidate are to be transferred to the candidate so elected.

41. Transferred ballot papers of elected candidates taken to be first preferences

Each ballot paper of an elected candidate that was obtained by means of a transfer from a previously elected candidate or an excluded candidate is, for the purpose of the transfer of the surplus votes of the elected candidate, to be dealt with as if:
   (a) any vote it shows for the candidate concerned were a first preference vote, and
   (b) the name of any other candidate previously elected or excluded had not been on the ballot paper, and
   (c) the numbers indicating subsequent preferences had been altered accordingly.

42. Procedures to continue until positions filled

The procedure of transferring to the continuing candidates the surplus votes of elected candidates, and the procedure of excluding the candidates with the fewest first preference votes, are to continue in accordance with this Division until:
   (a) the number of continuing candidates is equal to the number of positions remaining to be filled, in which case the Returning Officer is to declare those candidates elected, or
   (b) there is only one position remaining to be filled and only 2 continuing candidates who do not have an equal number of votes, in which case the candidate with the larger number of votes is to be declared elected, even if the number of votes is below the quota, or
   (c) there is only one position remaining to be filled and only 2 continuing candidates who have an equal number of votes, in which case the candidate elected must be determined as follows:
      (i) the names of the candidates concerned must be written on separate and similar slips of paper,
      (ii) the slips must be folded so as to prevent identification and mixed and drawn at random,
      (iii) the candidate whose name is first drawn is elected.

(2) The result of the 4 year term election is to be determined before the counting of votes for the 2 year term election may commence.

(3) If a person standing as a candidate in both elections is declared elected in the 4 year term election:
(a) the person is excluded as a candidate in the 2 year term election, and
(b) each ballot paper received for the 2 year term election is to be dealt with as if:
   (i) the name of any candidate excluded under paragraph (a) has not been on the ballot paper, and
   (ii) the numbers indicating subsequent preferences (that is, subsequent to the preference indicated for any excluded candidate) had been altered accordingly.

(4) In addition to the grounds for informality provided for in clause 25, a ballot paper received for the 2 year term election is informal if the voter’s preferences relate only to candidates excluded under subclause (3) (a).

(5) Except as provided by this clause, the 2 year term and 4 year term elections are to be conducted, and the results of the ballots determined, in accordance with this Part.

(6) In this clause:

4.7 (f) positions or offices held at any time in public bodies, clubs and institutions (including University clubs and societies) with dates of tenure, and

4.7 (g) honours and distinctions.

4.8 The Returning Officer may edit statements supplied. Statements containing more than 150 words will be reduced so as not to exceed that limit.

4.9 The Returning Officer is to reject a nomination if satisfied that:

4.9 (a) the nomination is not duly made; or

4.9 (b) the person nominated is not eligible to be elected.

4.10 Prior to the expiration of the time for receiving nominations the Returning Officer shall keep confidential information concerning particular nominations, but nothing in this section 4.10 shall prevent the Returning Officer from disclosing to the presiding member or officer of the relevant body whether sufficient nominations have been received.

4.11 As soon as practicable after the close of nominations, in such places and in such manner as the Returning Officer shall determine, the Returning Officer shall publish by notice in writing:

4.11 (a) a list of the candidates and the names of their nominators;

4.11 (b) where the number of candidates in any electorate does not exceed the number of vacancies, a declaration that the candidates are elected, and

4.11 (c) where the number of candidates in any electorate exceeds the number of vacancies in that electorate, the date upon which an election shall be held.
4.11 (d) Where no, or insufficient, nominations are received the Returning Officer shall, after making any relevant declarations under s4.11(b), call (“second call”) for further nominations for the vacancies remaining to be filled. The second call shall follow the procedures set out above in section 4 as if for a fresh election. Notwithstanding that a second call may not result in a sufficient number of candidates to fill all vacancies or to cause a ballot to be conducted, no further calls may be made.

4.12 Where an election is required to be held, the Returning Officer shall, in such manner as the Returning Officer determines:

4.12 (a) prepare a roll of eligible voters, for each relevant electorate, as at the close of nominations, and

4.12 (b) make a list of the names on the relevant roll available for inspection by any person eligible to vote in the election during the period from the close of nominations to the close of ballot.

4.13 The above notice must specify the date of any election to be held.

Ballots

4.14 Ballots may be conducted by post, by personal voting or by way of an electronic voting program where such a program has been approved for use by the Registrar. Subject to the Act, the By-law and these Rules the Returning Officer shall determine which method or methods shall be used for any particular ballot. *Ballot paper*: In this section 4 a reference to “ballot paper” includes, where the context requires, a document upon or through the medium of which a person may cast a vote.

4.15 The Registrar may approve an electronic voting program for use where he or she is satisfied that the program:

4.15 (a) will provide a voter with instructions on how to vote;

4.15 (b) will allow a voter to indicate his or her choice of candidate(s);

4.15 (c) gives a voter an opportunity to correct any mistakes before submitting his or her vote;

4.15 (d) will allow a voter to make an informal vote;

4.15 (e) will not allow a person to find out how a particular voter cast his or her vote;

4.15 (f) will not allow a voter to vote more than once for any ballot;

4.15 (g) will only allow a voter to vote in an election for which he or she is eligible to vote, and

4.15 (h) is designed to give the same result as would be obtained if the ballot were conducted by post or by personal voting.

4.16 Each ballot paper must contain the names of the candidates in the order determined by the Returning Officer in the following way:

4.16 (a) the names of the candidates concerned are to be written on separate and similar slips of paper,

4.16 (b) the slips are to be folded so as to prevent identification,

4.16 (c) the slips are then to be mixed and drawn at random,

4.16 (d) the candidates’ names are to be listed in the order in which they are drawn.

4.17 A voter is to mark a vote on the ballot paper by placing the symbol specified in the voting instructions accompanying the ballot paper opposite the name of the candidate(s) for whom the voter desires to give a vote.

4.18 Each candidate is entitled to nominate one scrutineer. A candidate who wishes to nominate a scrutineer must notify the Returning Officer by close of business 7 days before the close of ballot and provide contact details for the scrutineer.

4.19 For a postal ballot:

4.19 (a) each voter is to be sent (at least 14 days prior to the close of ballot) a ballot paper, a notice setting out how the ballot paper is to be completed and specifying the date and time of the close of ballot, and 2 envelopes, one marked “Ballot Paper” and the other addressed to the Returning Officer.

4.19 (b) the edited statements, and a copy of any photograph supplied, are to be printed and distributed with the ballot papers.

4.19 (c) there must be printed on the envelope addressed to the Returning Officer a form of declaration of identity and entitlement to vote to be signed by the voter.

4.19 (d) the fact that a person whose name is on the relevant roll did not receive a ballot paper does not invalidate an election.

4.19 (e) A ballot paper must be initialled by the Returning Officer or by a person authorised by the Returning Officer to do so. A ballot paper stamped with a facsimile of the relevant initials is taken to be initialled in accordance with this section 4.19(e).

4.19 (f) The voter is to send or deliver to the Returning Officer the ballot paper enclosed (without anything else) and sealed in the envelope marked “Ballot Paper”, which must be enclosed and sealed in the other envelope addressed to the Returning Officer, with the form of declaration as to identity and entitlement to vote duly completed.

4.19 (g) All envelopes received by the Returning Officer must remain unopened until the close of the ballot.

4.20 For a personal ballot:

4.20 (a) Notices specifying the time(s) and location(s) appointed for the election are to be published on the University website and in such other places as the Returning Officer may determine at least 7 days prior to the close of ballot.

4.20 (b) Voters who are unable to attend campus to cast a personal vote because of program requirements, and who request a vote, shall, if practicable, be allowed the opportunity to vote by an electronic or postal vote as determined by the Returning Officer.

4.20 (c) The edited statements, and a copy of any photograph supplied, are to be displayed at the polling location(s).

4.20 (d) A ballot paper must be initialled by the Returning Officer or by a person authorised by the Returning Officer to do so at the time of issuing the ballot paper to the voter.

4.20 (e) The voter is to place his or her ballot paper in the ballot box provided at the voting location.

4.21 For an electronic ballot:

4.21 (a) Each voter is to be emailed (at least 7 days prior to the close of ballot) a notice detailing the nature of the election and setting out instructions on how to access the electronic voting program. The Returning Officer may, at his or her discretion, allow the opportunity for postal voting if a voter who, due to special circumstances peculiar to him or her, is unable to access the electronic voting program and who makes a timely request for a postal vote.
4.21 (b) The fact that a person whose name is on the relevant Roll of the University did not receive the email notice described in section 4.21(a) does not invalidate an election.

4.21 (c) The edited statements, and a copy of any photograph supplied, are to be published online and accessible by way of a link included in the e-mail sent to each voter in accordance with section 4.21(a).

4.21 (d) The voter is to submit his or her vote in accordance with the instructions provided in the electronic voting program.

4.22 All formal ballot papers received by the Returning Officer before the close of ballot are to be counted in the ballot.

4.23 No voter shall vote more than once in any election.

4.24 No ballot paper shall be issued or accepted after the close of the ballot.

Procedure on close of ballot

4.25 In the case of a postal ballot, as soon as practicable after the close of ballot, the Returning Officer, in the presence of those of the scrutineers that choose to be present:

4.25 (a) is to open the envelopes addressed to the Returning Officer and received before the close of the ballot,

4.25 (b) if the declaration of identity and entitlement to vote is duly signed by a qualified voter, is to place the unopened envelope containing the ballot paper with other similar envelopes,

4.25 (c) is to open the envelopes referred to in paragraph (b) and take out the ballot papers, and

4.25 (d) is to count the votes and ascertain the result of the ballot in the manner set out below.

4.26 In the case of an electronic ballot, as soon as practicable after the close of ballot, the Returning Officer is to count the votes and ascertain the result of the ballot in the manner set out below.

4.27 In the case of a personal ballot, as soon as practicable after the close of ballot, the Returning Officer, in the presence of those scrutineers that choose to be present, is to open the ballot box, take out the ballot papers, count the votes and ascertain the result of the ballot in the manner set out below.

Vote Counting

4.28 The Returning Officer is to reject any informal ballot papers and count the formal ballot papers.

4.29 A ballot paper shall be informal if:

4.29 (a) marked other than in accordance with the voting instructions accompanying the ballot paper;

4.29 (b) no vote for any candidate on the ballot paper has been indicated;

4.29 (c) votes for more candidates than are to be elected are indicated on the ballot paper.

4.30 The Returning Officer is to count the number of votes for each candidate.

4.31 The candidate(s) having the highest numbers of votes, being a number of candidate(s) equal to the number of positions to be filled, shall be declared elected.

4.32 If an equality of votes between two or more candidates prevents the declaration of elected candidates, the vote count will proceed as follows:

4.32 (a) the names of those candidates with such an equality of votes will be written on separate and similar slips of paper,

4.32 (b) the slips must be folded so as to prevent identification and mixed and drawn at random,

4.32 (c) the candidate whose name is first drawn shall be declared elected, and

4.32 (d) this process is to continue until all remaining positions are filled.

4.33 The Returning Officer shall make available details of the most recent vote count to any member of the University or of its Professional and Technical staff. The Returning Officer may, in his or her absolute discretion, provide in writing details of the most recent vote count upon written request of a person eligible to nominate candidates, stand for election and vote.
