A Message from the Dean
Welcome to the UNSW Law Faculty. The Law Faculty is committed to teaching and scholarly excellence within a setting of social responsibility. We are also dedicated to preserving the highest levels of student satisfaction in their legal and taxation education.

A Distinctive Faculty
The UNSW Law Faculty has a number of important distinguishing features. The Faculty believes that intellectual and social development is best honed when student views are recognised, appreciated and shared.

The Law School, from its inception, began a new tradition of teaching in Australia: interactive teaching and learning in small groups. This mode has since become a model in other law faculties as well. We believe that teaching in small groups of around 40 students stimulates the educational process. The result is a more robust and sharpened learning environment that helps students to develop superior powers of legal analysis.

Our Tax School, Atax, offers a unique distance education program in taxation that is consistent with small group teaching. Our specialised legal centres provide hands-on small group interaction in which students can learn about human rights, indigenous legal rights, constitutional and comparative law, and financial, consumer and youth law. Our library staff further complement small group teaching with their own strong backgrounds in research and service. Last, but not least, our law student representatives actively engage in Law Faculty governance on key committees and in day-to-day administration of Faculty affairs.

An Educational and Professional Environment
Legal education at UNSW reflects two parallel traditions. It combines the tradition of a university education with the professional education of lawyers and those engaged in the taxation profession. While these two traditions are sometimes viewed as disparate, the UNSW Law Faculty treats them as complementary, indeed as mutually reinforcing. We stress the virtue of exploring and applying ideas both as a matter of intellectual inquiry and in applying legal principles to diverse social contexts.

We also hold that a legal education is intended to expose students to social responsibility in its diverse manifestations. We recognise such social responsibility variously, such as by requiring students to participate in the work of the Kingsford Legal Centre (the Faculty’s community legal centre).

We believe, too, that social and legal institutions are mirrored in diversity, not in the pre-emptive interests of any one social group to the exclusion of all others. The UNSW Law Faculty provides education in human rights and consumer law. It also does so in corporate and commercial law. Legal education is a tapestry of difference, not of monolithic uniformity.

We invite you to join us at the UNSW Law Faculty. We challenge you to question tried and tested ideas. We encourage you to study through discourse and to learn by example. Legal education at UNSW is concerned, not only with higher values, but also with applying them in an ethical, coherent and ultimately, sustainable manner.

Information and Assistance

Who Can Help?
If you require advice about enrolment, degree requirements, progression within programs or information about course content and requirements, contact the School of Law Student Administration Office.

Please refer to the School of Law homepage for timetables and general information: www.law.unsw.edu.au

Advanced Standing
The policy of the School of Law is to grant credit for courses which have been successfully completed in another School of Law where those courses, in the opinion of the School, are equivalent in content and depth to comparable courses at UNSW. Applicants who have completed a full law degree in another country are normally granted credit equivalent to one third of the UNSW degree. All matters regarding credit are at the discretion of the School.

Computing Information
The School of Law manages a multimedia computer laboratory equipped with 26 PCs for instructional purposes. In addition, law students have access to two multimedia computer workspaces which contain 15 networked computers and smart-card controlled laser printers. Research students have access to two dedicated computer workspaces equipped with 21 multimedia computers and printing facilities. The School maintains a World Wide Web server, a CD-ROM server and a document scanning and Character Recognition facility. All students have access to a range of research tools from the computer desktops including email, online and CD-ROM based national and international legal databases, library catalogues and World Wide Web access. For more information, please refer to the booklet ‘IT Resources for Students’ or visit the website at www.law.unsw.edu.au

Course Descriptions
Descriptions of courses offered in 2006 can be found in alphabetical order by the course code at the back of this Handbook or in the Online Handbook at www.handbook.unsw.edu.au

Enrolment Procedures
Continuing Students
Continuing students should follow the procedures publicised at the end of the year.

New Students
New students are informed of enrolment procedures at the time of offer.

Full-time Status
The majority of Law programs are full-time and require attendance at classes four days per week. Students are reminded that a full-time program is intended for students who devote the principal part of their available time to their program. Any additional commitment, in the form of paid work, training for sport at a significant level of achievement or voluntary work in community organisations, is bound to have an effect on a student’s work. Past experience shows that additional commitments beyond 10–15 hours per week almost invariably have an adverse effect on student performance and in some cases have led directly to failure. Students are strongly advised that, if an outside commitment of this order is likely to be maintained consistently over a session, the commitment should be discussed in advance with the Associate Dean (Undergraduate). It should be noted, however, that it is the individual teachers who determine whether outside commitments should constitute grounds for consideration in meeting the requirements of particular courses.

Part-time Status
Students undertaking the part-time program for Bachelor of Laws are expected to attend classes on two afternoons per week during the academic year, usually between 2pm and 8pm on Day 1 and 2pm and 6pm on Day 2.

General Education Requirements
Law students enrolled in the Bachelor of Jurisprudence Bachelor of Laws program must complete General Education requirements. All other law students are deemed to have satisfied the General Education requirement. Detailed information about General Education courses is available in the General Education section of this Handbook.

Guidelines for Maximum Workload
The sequence of study for each program is set out under ‘Program Rules and Information’ in this section of the Handbook. Any student wishing to vary their program (law or non-law) by enrolling in a reduced program or in courses which do not conform to the normal sequence, must seek approval from the Associate Dean (Undergraduate). It should be noted, however, that it is the individual teachers who determine whether outside commitments should constitute grounds for consideration in meeting the requirements of particular courses.

Rules for Progression
The School of Law uses a range of assessment methods to assess students. These vary from course to course and include formal examinations, take-home examinations, research projects, class participation, essays and moots (mock trials).

Progression in programs is generally dependent on the successful completion of prerequisites and corequisites for courses as listed in the schedules of courses for each program. Students are required to have completed 84 units of credit of core Law courses before enrolling in any elective course.
Where the academic record of students is not of a satisfactory standard, the Associate Dean (Undergraduate) may recommend a restricted program. This applies to all undergraduate programs offered by the Faculty.

Cross-Institutional Studies and Exchange Programs

Students enrolled at UNSW may be permitted to undertake some studies at overseas (exchange) or interstate institutions (cross-institutional studies) provided that they are equivalent in content and depth to comparable courses at UNSW.

Courses which have been successfully completed at another law school (either in Australia or overseas) may be credited to the student’s degree up to a maximum of 48 UOC.

The School participates in several overseas exchange programs, and encourages students to take advantage of these. Information regarding these programs can be obtained from the administrative staff.

Students should discuss their plans for cross-institutional studies with the appropriate student advisor in order to determine both their eligibility to undertake such studies and the ‘credibility’ of the courses under consideration.

Financial Assistance to Students

Full-time students within the School of Law in need of temporary financial assistance, at any time during their studies, should be aware of the existence of certain grants and loans sponsored by some Sydney law firms. Students who feel they may need assistance of this type are invited to discuss their requirements on a strictly confidential basis with the Dean.

Professional Associates

In addition to full-time teaching staff in the School of Law, each year there are a small number of distinguished members of the legal profession in NSW who work in close association with full-time teachers. They participate in all aspects of the presentation of programs covered by their professional specialisation.

Student Representatives

Each year in October up to nine students are elected to membership of the Faculty for the following year. All students enrolled in the Faculty are eligible to stand for election and to vote. Student Members attend School meetings and sit on various Faculty and School Committees.

The Law Society

The Law Society is the students’ body which you automatically join on enrolling as a law student. The administration of the Society consists of the Executive and various committees. Members of the Executive and the committees are your representatives within the School of Law. As such they are there to help with problems that may arise such as assessment. They are also there to ensure that an effective student voice is presented to the School.

The Law Society organises social events, careers events, student publications, competitions and various other activities. The social events include first year law camp, Law Ball, harbour cruise, sports events, intervarsity trivia quiz and regular drinks nights and barbecues. The Law Society publishes a magazine with contributions from students, called Poetic Justice; a weekly newsletter within the faculty known as Innominate; the Law Annual; the Alternative Law Handbook and careers guides. The Law Society also runs the internal mooting, witness examination, client counselling and negotiation competitions. A speakers’ forum with guest speakers from the judiciary, legal practitioners and public figures is held every couple of weeks. The Law Society and the Law Faculty also hold an annual Valedictory Dinner. The Society has officers representing the concerns of international and graduate law students and is involved in the Australasian Law Students’ Association. All students are welcome to be involved.

Bachelor of Social Science and Bachelor of Laws (five years full-time) – program code 4761

Bachelor of Social Work and Bachelor of Laws (six years full-time) – program code 4785

Admission to Combined Programs

Students who satisfy the entry requirements may enter the combined programs directly in Year 1. Alternatively, students may apply to transfer into a combined law degree after the completion of one year of study (48 units of credit). Admission is based on a combination of UAI score and tertiary results.

Program Transfers: Students enrolled in combined law programs who discover they have made a wrong choice of program should consult a student advisor in the School of Law as soon as possible. It is sometimes possible to effect changes without seriously affecting progress in the new program; the earlier the change can be made, the easier the transition.

Academic Rules

Rules Relating to the Bachelor of Laws Program and the Bachelor of Jurisprudence Program

1.(1) The Bachelor of Laws degree may be conferred on the completion of any of the following programs:
   (a) Bachelor of Laws
   (b) Bachelor of Architecture and Bachelor of Laws
   (c) Bachelor of Arts and Bachelor of Laws
   (d) Bachelor of Arts (Asian Studies) and Bachelor of Laws
   (e) Bachelor of Arts (Media and Communications) and Bachelor of Laws
   (f) Bachelor of Art Theory and Bachelor of Laws
   (g) Bachelor of Commerce and Bachelor of Laws
   (h) Bachelor of Economics and Bachelor of Laws
   (i) Bachelor of Engineering and Bachelor of Laws
   (j) Bachelor of International Studies and Bachelor of Laws
   (k) Bachelor of Jurisprudence and Bachelor of Laws
   (l) Bachelor of Science and Bachelor of Laws
   (m) Bachelor of Social Science and Bachelor of Laws
   (n) Bachelor of Social Work and Bachelor of Laws
   (o) Bachelor of Planning and Bachelor of Laws

1.(2) The programs set out in paragraphs (b) to (o) of subrule (1) hereof are referred to in these Rules as ‘combined programs’, and shall be programs of full-time study of not less than five years’ duration.

1.(3) The program leading to the award of the degree of Bachelor of Laws (otherwise than as part of a combined program) shall be either:
   (a) a program of part-time study which (unless otherwise approved by the Faculty for special reasons) shall be of not less than six years’ duration; or
   (b) a program of full-time study of not less than three years’ duration, but no student shall be eligible to enrol in such a program unless he or she is a graduate or graduand of any Faculty of the University or another university approved by the Faculty, or has other qualifications or experience deemed acceptable by the Faculty.

2. No person shall be permitted to enrol in any program in the Faculty of Law at the same time as he or she is enrolled for any other degree or diploma in the University or elsewhere, except as may be necessary to complete the requirements of a combined program, or with the approval of the Faculty.

3. Where, in these Rules, reference is made to the requirement that a candidate shall complete a program, the requirement shall be construed as meaning that the candidate shall:
   (1) attend such lectures, seminars, tutorials or other classes, and such court sessions, offices or institutions as may be prescribed in that program, and maintain a satisfactory standard of preparation for and participation in such classes and activities;
   (2) perform satisfactorily in such exercises, essays, theses and other work (whether written, oral or practical) as may be prescribed in that program and undertake any prescribed reading related to that program; and
   (3) attain a satisfactory standard in the examination or examinations, and such other means of assessment of a candidate’s results in that program as the Faculty may prescribe.

4. The Faculty of Law shall specify a number of units of credit in respect of each Law course for which credit is given in the award of the degree of Bachelor of Jurisprudence or the degree of Bachelor of Laws (whether taken separately or as part of a combined program). On completion of the course, a candidate shall be credited with the specified number of points.

5.(1) Compulsory Courses

In the case of the Bachelor of Laws degree program credit shall be given for the courses set out in the following table, each of which shall, unless otherwise determined by the Faculty, carry the number of units of credit (if any) specified.

5.(2) Compulsory Course Changes

In 1993 the Faculty made changes to Contracts and introduced a new compulsory course - Public Law. These changes do not affect students who entered the School of Law prior to 1994.

In 1995 the Faculty added LAWS4010 Business Associations 1 to the compulsory core courses in order to meet the uniform national admission requirements. This change does not affect students who entered the School of Law prior to 1996.

From 2003 onwards LAWS1051 Legal System and LAWS7410 Legal Research and Writing will be replaced by LAWS1052 Foundations of Law. These changes do not affect students who entered the School of Law prior to 2003.

5.(4) Postgraduate Electives Available to Undergraduates
The Faculty has determined that, with the permission of the Associate Dean and the course teacher, undergraduate students may enrol in one or more courses offered in the Master of Laws by Coursework degree. The units of credit so earned shall be the same as are specified in the Course Descriptions for the Master of Laws.

General guidelines: Students may apply to enrol in an LLM course provided they:
• have completed all compulsory courses;
• have completed any prerequisites;
• are within the last two years of their program;
• have no failures in the last two years;

Such courses shall be taken in a sequence approved by the Faculty.

6. Bachelor of Laws: A candidate for the award of the degree of Bachelor of Laws (whether taken as part of a combined program or as a separate degree) shall complete:
6.(1) all of the courses prescribed in Rule 5 under the heading ‘Compulsory Courses’, totalling 92 units of credit,
6.(2) selected courses from the courses prescribed in Rule 5 under the heading ‘Elective Courses’ so as to comply with Rule 7,

6. (3) such Legal Research and Writing Programs, Prescribed Readings in Law, Moot Court Work and other work as the Faculty may require.

7. (1) Total Units of Credit: A candidate for the award of the degree of Bachelor of Laws shall complete Elective Courses prescribed in Rule 6 to the extent necessary to bring his or her total units of credit for Compulsory and Elective Law Courses to:
(a) Total: 144 UOC (Core: 92 UOC; Electives: 52 UOC)
• Bachelor of Architecture Bachelor of Laws
• Bachelor of Engineering (Civil) Bachelor of Laws
• Bachelor of Engineering (Environmental) Bachelor of Laws
• Bachelor of Town Planning Bachelor of Laws
• Bachelor of Laws
(b) Total: 144 - 150 UOC (Core: 92 UOC; Electives: 52 - 58 UOC)
• Bachelor of Social Work Bachelor of Laws
(c) Total: 150 UOC (Core: 92 UOC; Electives: 58 UOC)
• Bachelor of Social Science Bachelor of Laws
(d) Total: 156 UOC (Core: 92 UOC; Electives: 64 UOC)
• Bachelor of Arts Bachelor of Laws
• Bachelor of Commerce Bachelor of Laws
• Bachelor of Economics Bachelor of Laws
(e) Total: 150 UOC (Core: 92 UOC; Electives: 56 - 60 UOC; Research Project 2 UOC)
• Bachelor of Art Theory Bachelor of Laws
• Bachelor of Science Bachelor of Laws
(f) Total: 156 - 174 UOC (Core: 92 UOC; Electives: 64 - 82 UOC)
• Bachelor of Jurisprudence Bachelor of Laws

7. (2) Approval: A candidate's choice of Elective Courses shall require the approval of the Faculty.

8. Combined Program: A candidate for the award of the degree of Bachelor of Laws as part of a combined program shall not be eligible to be awarded that degree until he or she has completed the additional requirements applicable to the other degree.

9. Bachelor of Jurisprudence/Bachelor of Laws: In the case of the combined program leading to the award of the degrees of Bachelor of Jurisprudence and Bachelor of Laws, the requirement for the award of the Bachelor of Jurisprudence degree shall be:
(i) Completion of all requirements of the Bachelor of Laws degree program (including Law courses totalling not less than 156 units of credit).
(ii) Completion of a minimum of 54 units of credit courses in another Faculty or Faculties comprising (unless specially approved by the Faculty) a major sequence of three years’ study comprising 42 units of credit, plus an additional first year course comprising 12 units of credit. Unless he or she obtains special permission from the relevant Head of School, a
student shall be bound by any requirements as to course prerequisites normally applicable to a course in another Faculty.
(iii) Completion of electives totalling 24 units of credit of electives selected from either the Faculty of Law or another Faculty.
(iv) Completion of General Education courses totalling 6 units of credit.
(v) A candidate shall obtain the approval of the Faculty of Law for the selection, and sequence of study, of courses in other Faculties. In approving such courses, the Faculty shall have regard to the contribution the study of such courses may reasonably be expected to make to the development of the candidate's capacity as a lawyer and understanding of the law.

10. Bachelor of Jurisprudence: The requirement for the award of the Bachelor of Jurisprudence degree shall be:
(i) completion of a program of full-time study of not less than three years' duration comprising law courses totalling not less than 78 units of credit and including the following compulsory courses totalling 54 units of credit:

11. Part-Time Study: A student shall not be enrolled as a part-time student unless he or she satisfies the Faculty that his or her previous experience and/or study make it appropriate to admit him or her to part-time study for the award of a degree of Bachelor of Law as a separate degree.

12. Faculty: In these Rules, unless the contrary is indicated, 'the Faculty' means the Faculty of Law.

4791 Bachelor of Laws (Part-time)
LLB

Typical Duration 6 years part-time
Minimum UOC for Award 144 units of credit
Typical UOC per Session 24 units of credit

Program Description
This program enables students who have already completed another degree to obtain the Bachelor of Laws degree on a part-time study basis. The program covers all the foundation areas of Law in theory and practice.

Duration/Award
The program is a six-year part-time program leading to the award of Bachelor of Laws and satisfies academic requirements for admission to practice.

Entry Requirements
The program is only available to graduates and people over 21 years of age who have completed the University Preparation Program. The program is not available to people who proceed directly from the Higher School Certificate.

Attendance Requirements
The program involves attendance at the Kensington campus on two afternoons a week.

Electives
The courses of the LLB degree program are set out in Rule 5 of the Academic Rules, please refer to entry for 4790 Bachelor of Laws. However, it will not be possible to provide the full range of electives at times convenient to part-time students.

Approved Sequence of Study
Students must study law courses in an approved sequence. An approved sequence of courses for the program is set out below; other sequences may be approved in special circumstances.

Transfer to the Full-Time Program
Students enrolled in program 4791 (part-time) are eligible to apply to transfer to 4790 (full-time) after completing 48 units of credit in the part-time program.

Program Objectives and Learning Outcomes
This program aims to provide students with a firm foundation of knowledge relating to the theory and practice of Law.

4780 Bachelor of Jurisprudence Bachelor of Laws

BJuris LLB

Typical Duration
5 years

Minimum UOC for Award
240 units of credit

Typical UOC per Session
24 units of credit

Program Description
This program combines the professional Bachelor of Law (LLB) program with the Bachelor of Jurisprudence (BJuris).

The BJuris degree is available either as part of the combined Jurisprudence/Law program or an “exit” degree for students who decide after admission not to proceed with an LLB degree. It is not available as a separate pass degree for admission purposes. Students wishing to graduate with a BJuris must satisfy the requirements as listed in Rule 10 of the Academic Rules (see refer to the entry for 4790 Bachelor of Laws).

The Bachelor of Jurisprudence, unlike the LLB degree, is not designed to provide a qualification for the professional practice of law. It provides a basic knowledge of law, an opportunity to study selected legal courses of special interest, and significant study in other faculties. Various combinations of non-law courses are possible and the program may be moulded to meet various vocational ends, eg for industrial officers or advocates, public servants, business executives or law librarians.

Teaching methods in Law courses are the same as in the LLB program.

Duration/Awards
The program is a five year full-time combined program leading to the award of the two degrees of Bachelor of Jurisprudence and Bachelor of Laws (BJuris LLB).

Assumed Knowledge
Students must satisfy any assumed knowledge requirements (but not general Faculty assumed knowledge requirements) for courses studied in other faculties.

Non-Law Courses
The non-law courses shall include, unless otherwise approved, a major sequence of 42 units of credit approved by the faculty offering the major sequence. There is an additional requirement of 12 units of credit of non-law courses.

Students are required to obtain the approval of the Faculty of Law for their proposed program of non-law courses and the order in which they are to be studied. In approving such courses, the Faculty shall have regard to the contribution the study of such courses may reasonably be expected to make to the development of his or her capacity as a lawyer and understanding of the law.

BJuris
Candidates may be awarded the degree of Bachelor of Jurisprudence subject to satisfying the requirements as listed in Rule 10 of the Academic Rules, including satisfaction of General Education requirements for the single pass degree (12 units of credit).

Approved Sequence of Study:
Students must study non-law courses in a sequence approved by the non-law faculty and the Faculty of Law, and law courses in a sequence approved by the Faculty of Law. Approved sequences for each combined program are given below; other sequences may be approved under special circumstances.

Program Objectives and Learning Outcomes
On completion of this combined degree program, students should have attained a basic knowledge of the theory and practice of law.

4760 Bachelor of Arts Bachelor of Laws

BA LLB

Typical Duration
5 years

Minimum UOC for Award
240 units of credit

Typical UOC per Session
24 units of credit
Program Description

This program gives students the maximum freedom to follow their interests in the Faculty of Arts and Social Sciences. The Law courses satisfy the requirements for the award of the professional LLB degree.

Areas of specialisation for the Bachelor of Arts include: Australian Studies, Chinese Studies, Cognitive Science, Development Studies, Education, English, Environmental Studies, European Studies, Film, French, German Studies, Greek (Modern), History, History and Philosophy of Science, Indonesian Studies, Italian, Japanese Studies, Jewish Studies, Korean Studies, Linguistics, Media, Culture and Technology, Music, Philosophy, Political Economy, Politics and International Relations, Russian Studies, Policy Studies, Sociology and Anthropology, Spanish and Latin American Studies, Theatre & Performance Studies, Women's and Gender Studies.

Assumed Knowledge

Students must satisfy the normal assumed knowledge requirements for entry to the Faculty of Arts and Social Sciences, and to individual courses in that faculty.

Program Objectives and Learning Outcomes

In a world where people increasingly have a number of career shifts in their lifetime, humanities and social science graduates possess a unique combination of intellectual and analytical skills which can be readily transferred from one occupation to another. Someone planning a career in policy making, diplomacy, international relations or legal practice will find the BA LLB an excellent preparation.

Law Courses

| Core electives | 92 UOC |
| Electives (8 courses x 8 UOC) | 64 UOC |

The core courses are taken in a specified sequence during Years 1 to 4, see approved sequence of study below. After completing the majority of the core courses students are eligible to enrol in electives in Years 4 and 5. For a list of approved Law electives, please refer to the Academic Rules section in the entry for 4790 Bachelor of Laws.

Arts & Social Science Courses

| Students must complete a total of 84 units of credit of approved Arts & Social Sciences courses from at least three schools or programs. The 84 UOC must include: |
| Plan/major sequence from one school or program | 42 UOC |
| at least two upper level courses from other schools or programs | 12 UOC |
| other courses approved by the Faculty of Arts & Social Sciences | 30 UOC |

A few majors, e.g. Jewish Studies, comprise only 36 UOC. Students selecting such a major will bring their total UOC to 84 by completing an additional 6 UOC course approved by the Faculty of Arts & Social Sciences.

Arts & Social Science Specialisations

For details of the available specialisations and approved major sequences, please refer to Lists A & B of the Academic Rules in the program entry for 3400 Bachelor of Arts (see Arts and Social Sciences entry in this Handbook).

Sequence of Study

Students must study Arts courses in a sequence approved by the Faculty of Arts & Social Sciences and Law courses in a sequence approved by the School of Law. Other sequences may be approved under special circumstances.

General Education Requirements

Students enrolled in combined law degrees are not required to complete General Education courses.

Honours

Students wishing to take the BA degree program at Honours level must obtain prior approval from the relevant schools in the Faculty of Arts and Social Sciences and the Faculty of Law. At least one and possibly two additional years of study are required. Alternatively students may consider
4761 Bachelor of Social Science Bachelor of Laws

BSocSc LLB

Typical Duration
3 years

Minimum UOC for Award
240 units of credit

Typical UOC per Session
24 units of credit

Program Description
This program provides an opportunity to obtain two degrees of professional importance to the public sector, community service, business and law practice. In addition, the student has the option to work towards a research career in a variety of disciplines.

Duration/Award
The program is of five years full-time study leading to the award of the two degrees of Bachelor of Social Science and Bachelor of Laws (BSocSc LLB).

Assumed Knowledge
Students must satisfy the normal assumed knowledge requirements entry to the Faculty of Arts and Social Sciences, and to individual courses in that faculty.

BSocSc
Students not wishing to proceed to the combined degree BSocSc LLB, may transfer to the BSocSc degree program with credit for all courses completed.

BSocSc Core Courses
The first three years of the program includes the Bachelor of Social Science core program totalling 48 units of credit.

Arts & Social Science Major
1. Students must also complete an approved major sequence in the Faculty of Arts and Social Sciences. The major sequence must be taken within one of the following schools: Economics/Economic History, Film, Geography, Geology, History, History and Philosophy of Science, Human Resource Management, Industrial Relations & Organisational Behaviour, International Business, Philosophy, Politics & International Relations, Psychology, Sociology & Anthropology, Spanish and Latin American Studies (History), Theatre & Performance Studies.
2. Most major sequences are made up of 42 units of credit; however some require only 36 units of credit. If a 36 unit of credit major is selected, students will be expected to make up the 6 unit of credit shortfall by completing either an additional elective approved by the Faculty of Arts & Social Sciences or by completing an additional law elective. (This will bring the total units of credit of law electives to 64)

Program Objectives and Learning Outcomes
At completion of this program, students will have attained a sound knowledge base in the fields of both Law and Social Science.

4764 Bachelor of Arts (Media & Communications) Bachelor of Laws

BA(Media) LLB

Typical Duration
3 years

Minimum UOC for Award
240 units of credit

Typical UOC per Session
24 units of credit

Program Description

This program combines the professional Bachelor of Laws with the Bachelor of Arts (Media and Communications).

The Bachelor of Arts (Media and Communications) emphasises new computer-based multimedia skills and focuses on Australian media industries in relation to globalisation. The degree is vocationally relevant in its orientation and all students are given significant practical experience in new computer-based multimedia communications technologies. It aims to develop in students a sophisticated understanding of the history, scope and socio-cultural impact of new media technologies, and of the debates that have accompanied their development and use. Second, it offers extensive experience in the production of new media content appropriate for employment in the contemporary media.

This degree combination would be of interest to students interested in becoming media lawyers, or in the fields of broadcast media (video-based), multi-media production and post production; research, administration and policy analysis for private corporations, telecommunications companies and government departments.

Program Objectives and Learning Outcomes

In addition to studying eight courses in the Media and Communications core program, students complete six courses from List A of the Faculty of Arts and Social Sciences, to permit them to study a second field in depth. Years 1 and 2 cover multimedia writing and production and contextual media studies. Year 3 consolidates the program’s emphasis on production and analytical skills. This grounding enables students to interpret, create and apply the products of the new media not only in the context of the mass information and entertainment industries, but also in a variety of other public and private sector areas such as education, on-the-job training and specialised information services.

Program Structure

| Law courses | 156 UOC |
| Arts & Social Science Courses | 84 UOC |

Approved Sequence of Study:

The program is structured to allow concurrent study in the two degrees in the first three years with the last two years dedicated to completing the Law component of the LLB.

Students must study Arts courses in a sequence approved by the Faculty of Arts and Social Sciences and Law courses in a sequence approved by the Faculty of Law. Prior to enrolling in electives students are expected to have completed the majority of the core courses.

The approved sequence of study is given below. Other sequences may be approved under special circumstances.

General Education Requirements

Students enrolled in a combined law degree are not required to complete General Education courses.

Honours

Honours in the BA Program: Students wishing to take the BA(Media) degree program at Honours level must obtain prior approval from the relevant schools in the Faculty of Arts and Social Sciences and the Faculty of Law. At least one and possibly two additional years of study are required. Alternatively students may consider completing the BA degree program at Honours level (4 years) and then seeking admission to the three year LLB degree program for graduates.

Program Description
This program provides an opportunity to obtain two degrees of professional importance to the public sector, community service, business and law practice. The Law courses satisfy the requirements for the award of the professional LLB degree. The International Studies component provides the knowledge and skills essential for understanding and working in the rapidly changing global environment.

The BInSt LLB degree may be taken in one of five areas of specialisation – Asian Studies, Development Studies, European Studies, Global Studies or Language Studies. Features of the degree program include:

- a core sequence of courses in International Studies;
- a choice of one area of concentration from five distinct and integrated programs of study;
- language study;
- access to 12 months study at one of a select group of the best international universities;
- full credit towards the BInSt degree for courses completed overseas;
- financial assistance towards a 12-month period of overseas study.

Program Objectives and Learning Outcomes
This program combines a law degree with one of five international studies streams: Asian Studies, Development Studies, European Studies, Globalisation and Languages. The structure of the program differs between the streams but each includes a combination of humanities and social science courses. An overseas study period of two semesters in either the third or fourth year is an essential component of the program - prerequisite to this is satisfactory progress towards the degree in first and second years of study.

Program Description
This six year full-time program qualifies students for the professional practice of both social work and law.

Duration/Award
The program is a six year full-time combined program leading to the award of the two degrees of Bachelor of Social Work and Bachelor of Laws (BSW LLB).

Assumed Knowledge
There are no general assumed knowledge requirements for the Social Work program but students must study Social Work courses in a sequence approved by the Faculty of Arts and Social Sciences.

BSW
The degree of Bachelor of Social Work is not awarded until the completion of the full six year program, but students unable to complete the full program may apply for advanced standing in the Faculty of Arts and Social Sciences Social Work program.

Law or Non-Law Electives
Students may complete 6 units of credit in either law or non-law electives.

Approved Sequence of Study
Students must study social work courses in a sequence approved by the Faculty of Arts & Social Sciences and law courses in a sequence approved by the Faculty of Law. The approved standard sequence of study is detailed below under ‘Program Structure’. Other sequences may be approved under special circumstances.

Pre-2001 Program
The following structure is for commencing students and for those who entered the program from 2001. There are different program requirements for students who entered the program prior to 2001.

Criminal Record Checks
It is a requirement that students who are undertaking placements in certain government departments and related organisations undergo a criminal record check.

Program Objectives and Learning Outcomes
Graduates will be equipped with the knowledge and skills to work in a variety of emerging areas which require an understanding of the law, social work theory and practice and a commitment to social justice. Such areas include consumer protection, tenancy obligations and entitlements, land rights, child custody and family property disputes, social security and welfare rights.

Faculty of the Built Environment and Faculty of Law

4705 Bachelor of Architecture Bachelor of Laws

BArch LLB

Typical Duration
7 years

Minimum UOC for Award
336 units of credit

Typical UOC per Session
24 units of credit

Program Description
This program provides an opportunity to obtain two professional degrees. It allows students to add the professionally recognised Law program to the professionally accredited Architecture program offered by the Faculty of the Built Environment.

In terms of career prospects, employers could include law firms specialising in construction law, related government departments and regulatory bodies and architectural practices.

Duration/Award
The program is a seven year full-time combined program leading to the award of the two degrees of Bachelor of Architecture and Bachelor of Laws (BArch LLB). Students must complete the program in 6.5 years or 13 sessions of study if they carry out Work Experience over the summer breaks. This would mean that the enrolment for one session would be 48 units of credit which includes the 24 units of credit for work experience.

Because the Architecture program contains a percentage of open electives which can be replaced by law courses, the combined program requires only three additional sessions of study to gain both qualifications. In general, this study is taken concurrently with the BArch program and both can be completed in thirteen sessions. It is considered to have a significant workload throughout these thirteen sessions.

Completion Requirements
From Year 2 both degrees must be studied concurrently with the expectation that they complete the full seven year program prior to graduating with the two degrees. It is not permissible for students enrolled in the combined Law degree program to graduate from the LLB degree until they have completed requirements for the non-Law degree.

Entry Requirements
The combined program is open to students who satisfy both the Architecture and Law entry conditions. Students may enter directly in Year 1 or may apply to transfer from the Architecture Program after the completion of one year if they have achieved a distinction or higher average. All applications for transfer must be registered with the University Admissions Centre. Transfer after the second year may result in the student taking more than the minimum time to complete the combined degree.

Organisation
The BArch LLB program is administered by the Faculty of Law. The Faculty requires the student to obtain approval of the Faculty of Built Environment, Architecture Program for the Architecture courses. The final program and timetable must be approved by the Head of the Architecture Program in the Faculty of the Built Environment.

Program Objectives and Learning Outcomes
At the completion of this program, students will have obtained a sound knowledge base in the fields of both Architecture and Law.

Program Structure

Approved Sequence of Study:
Students must complete Year 1 (48 units of credit) of the Architecture program before attempting any courses from the Law program. In subsequent years students must study architecture courses in a sequence approved by the Faculty of the Built Environment and law courses in a sequence approved by the School of Law. An approved sequence is detailed below. Other sequences may be approved under special circumstances.

Honours

Honours in Architecture: The degree of Bachelor of Architecture is awarded at either pass or Honours level. Honours is calculated on the basis of 192 units of credit from the Architecture Program and the 72 units of credit concurrently studied from the Law Program. These core law courses are considered in the same manner as Faculty electives for the purposes of the Honours calculation. The combined total units of credit is taken from student performance over 264 units of credit for the purpose of calculating Honours in Architecture.

Academic Rules

For Academic Rules relating to the Bachelor of Laws component of this combined degree program, please refer to the program entry for 4790 Bachelor of Laws.

1. The degrees Bachelor of Architecture and Bachelor of Laws are awarded at either Pass or Honours level (BArch only) after the successful completion of a minimum of 192 units of credit from the Architecture Program and 144 units of credit from the Laws Program.

2. To fulfill these requirements, students must complete:
   a. 168 units of core courses in Architecture, being all those prescribed in the faculty regulations for this program.
   b. 24 units of work experience completed after Year 1 and before Year 5 as prescribed in the faculty regulations for this program.
   c. 92 units of core courses in Law, being all those prescribed in the faculty regulations for this program.
   d. 52 units of program electives in Law, selected in accordance with the faculty regulations for this program.

3. The standard duration of the program is 7 years consisting of 13 semesters of full-time study (24 units of credit per semester) plus 1 semester of required work experience.

4. Each student is required to undertake 24 weeks of approved off-campus activity in the pursuit of architectural work experience after Year 1 and before entering Year 5.

5. Law units may not be taken until after the student has completed 48 units of credit of the BArch Program.

Program Description

This program provides an opportunity to obtain two professional degrees. It allows students to add the professionally recognised Law program to the professionally accredited Planning program offered by the Faculty of the Built Environment.

Duration/Award

The program is a seven year full-time combined program leading to the award of the two degrees of Bachelor of Planning and Bachelor of Laws (BPlan LLB).

Because the Planning program contains a percentage of open electives which can be replaced by Law courses, the combined program requires only four additional sessions of study to gain both qualifications. In general, this study is taken concurrently with the BPlan program and both can be completed in a minimum of seven years, consisting of twelve academic sessions (six years), plus two sessions of compulsory Work Experience. This compares with the five-year BPlan program, which consists of eight academic sessions and two sessions (12 months) of compulsory Work Experience.

Although Work Experience is normally undertaken after the completion of five academic sessions, BPlan LLB students may elect to undertake the one year (two sessions) of compulsory Work Experience required for the award of the single BPlan degree after the completion of their BPlan and LLB coursework.

In addition, students may undertake the compulsory Work Experience in flexible ways (subject to the approval of the Planning and Urban Development Program), thereby reducing the overall length of the BPlan LLB Program.

Completion Requirements

From Year 2, both degrees must be studied concurrently with the expectation they students complete the full seven year program prior to graduating with the two degrees. It is not permissible for students enrolled in the combined Law degree program to graduate from the LLB degree until they have completed requirements for the non-Law degree.

Entry Requirements

The combined program is open to students who satisfy both the Planning and Law entry conditions. Students may enter directly in Year 1 or may apply to transfer from the Planning program after the completion of one year. Entry on this basis is competitive and is based on a combination of UAI and tertiary results. Transfer after the second year may result in the student taking more than the minimum time to complete the combined degree.

Organisation

The BPlan LLB course is administered by the Faculty of Law. The Faculty requires the student to obtain approval of the Planning and Urban Development Program in the School of the Built Environment for the Planning components of their program. The final program and timetable must be approved by the Head of the Planning and Urban Development Program.

Approved Sequence of Study

Students must complete Year 1 (48 units of credit) of the Planning program before attempting any courses from the Law program. In subsequent years students must study Planning courses in the sequence approved by the Faculty of the Built Environment and Law courses in a sequence approved by the School of Law. The approved sequence of study is detailed below.

Program Objectives and Learning Outcomes

On completion of this program, students will have attained a sound knowledge base in the fields of both Law and Planning.

### Program Description

The Bachelor of Laws degree may be awarded with Distinction where a student has obtained an average of at least 85% of the total credit units for the combined degree program, as calculated by the following formula:

\[ \text{Distinction} = \frac{\text{Total UOC from Laws} \times 1.25}{\text{Total UOC from Planning}} \]

A Bachelor of Laws degree may be awarded with Honours where a student has obtained an average of at least 85% of the total credit units for the combined degree program, as calculated by the following formula:

\[ \text{Honours} = \frac{\text{Total UOC from Laws} \times 1.5}{\text{Total UOC from Planning}} \]

#### 4733 Bachelor of Commerce Bachelor of Laws

**BCom LLB**
- **Typical Duration**: 5 years
- **Minimum UOC for Award**: 240 units of credit
- **Typical UOC per Session**: 24 units of credit

**Program Description**

This program provides an opportunity to obtain two degrees of professional importance to business, administration and commercial law practice.

**Duration/Award**

The program is a five year full-time combined program leading to the award of the two degrees of Bachelor of Commerce and Bachelor of Laws (BCom/LLB).

**Distinction**

The BCom degree may be awarded with Distinction where a student has achieved a weighted average mark (WAM) of at least 75% in the UNSW courses completed as part of that degree.
**Program Structure**

**Total units of credit requirements**
- Law compulsory courses: 92 UOC
- Law elective courses: 64 UOC
- Approved Commerce courses (including first year compulsory core courses): 84 UOC

The single major requirement for the BCom is 48 UOC.

Marketing is available at Honours level. Please refer to the ‘Honours’ section below.
General Education Requirements

Students enrolled in combined law degrees are not required to complete General Education courses. However, if a student wishes to graduate with their BCom degree after 3 years, they are required to complete 12 UOC of General Education from faculties other than Law and Commerce as well as the required Law and Commerce courses for years 1-3.

Honours

The BCom degree is available with Honours. This normally requires an extra year of study between Years 3 and 4. Students interested in undertaking Honours should consult with the relevant School Office at the end of Year 1.

Notwithstanding the above regulations, students undertaking the combined Bachelor of Commerce at Honours level may be awarded the degree of Bachelor of Commerce at Honours level once they have completed the Honours year and the requirements of the first three years of the combined Bachelor of Commerce at Honours Level.

Candidates for Honours in the Commerce degree course must complete one year additional to the minimum of five years required for the Commerce/Law program at Pass level.

The requirements relating to Honours in the BCom degree courses are noted at the end of the program for each specialisation. Students ordinarily will interpolate an Honours year between Years 3 and 4 of the combined course.

Academic Rules

For Academic Rules relating to the Bachelor of Laws component of this combined degree program, please refer to entry for program 4790 Bachelor of Laws.

Rules Relating to the Bachelor of Commerce/Bachelor of Laws Program and the Bachelor of Economics/Bachelor of Law Program

The rules as set out in other sections of this Handbook, shall apply wherever relevant to candidates for the program of Bachelor of Commerce Bachelor of Laws and Bachelor of Economics Bachelor of Laws.

BCom and BEc: Candidates for the combined Commerce/Law or Economics/Law degree program may be awarded the degree of BCom or BEc either when they have successfully completed the entire combined program or, for students enrolling from 1996, when they have completed the requirements for the award of the first three years of the combined Bachelor of Commerce or Bachelor of Economics/Bachelor of Laws program – as set out in the program outline – and subject to satisfaction of General Education requirements for the single pass degree.

Concessions apply in deciding when students enrolled prior to 1995 who have not completed the requirements of the combined degree have nevertheless completed the requirements of the BCom or BEc. Please consult earlier faculty handbooks for the appropriate ‘Rules relating to the award of the degree of Bachelor of Commerce or Bachelor of Economics prior to the completion of the Combined Degree’.

Honours: Notwithstanding the above regulations, students undertaking the combined Bachelor of Commerce or Bachelor of Economics at Honours level/Bachelor of Laws program may be awarded the degree of Bachelor of Commerce or Bachelor of Economics at Honours level once they have completed the Honours year and the requirements of the first three years of the combined Bachelor of Commerce or Bachelor of Economics at Honours Level/Bachelor of Laws program.

Candidates for Honours in the Commerce or Economics degree course must complete one year additional to the minimum of five years required for the Commerce/Law program at Pass level.

The requirements relating to Honours in the BCom and BEc degree courses are noted at the end of the program for each specialisation. Students ordinarily will interpolate an Honours year between Years 3 and 4 of the combined course.

Commerce and Economics Options: Options may be chosen from any offered by the Faculty of Commerce and Economics except for (i) LEGT courses, (ii) service courses for other faculties. Prerequisites apply. No course can be counted both as an option and as a prescribed course.

Program Description

The Bachelor of Laws degree may be combined with a Bachelor of Economics specialising in Economics, Econometrics or Financial Economics.

Program Objectives and Learning Outcomes

This program provides an opportunity to obtain two degrees of professional importance to business, administration and commercial law practice. At the completion of this program students will have obtained a sound knowledge base in the disciplines of both Economics and Law.

Program Structure

Duration/Award:
The program is a five year full-time combined program leading to the award of the two degrees of Bachelor of Economics and Bachelor of Laws (BEc LLB).

Distinction:
The BEc degree may be awarded with Distinction where a student has achieved a weighted average mark (WAM) of at least 75% in the UNSW courses completed as part of that degree.

Transferring Majors (Plans):
Students must nominate a major (plan code) at enrolment. Subsequent transfers to another major may be possible subject to the approval of both Faculties.

Graduation:
Candidates enrolled in the combined degree program BEc/LLB may be awarded the degree of BEc after the completion of specified requirements. Full details are given in the ‘Rules Relating to the Award of Degrees’.

Commerce & Economics courses:
Apart from service courses for other faculties, and unless specified as from which discipline they must be chosen, Commerce and Economics options may be chosen from any taught by the Faculty of Commerce and Economics except for those offered by the School of Business Law and Taxation (LEGT). No course can be counted both as an option and as a prescribed course.

Approved Sequence of Study:
Students must study commerce and economics courses in a sequence approved by the School of Economics and Law courses in a sequence approved by the School of Law. Specifically, all or the majority of law core courses must be completed prior to enrolling in law electives. Approved sequences for each combined program are given below; other sequences may be approved under special circumstances.

Total Unit Requirements

Law compulsory courses - 92UOC
Law elective courses - 64UOC
Approved economic courses - 84UOC including the first year compulsory core courses
The single major requirement for the BEc is 60 UOC. Students enrolling in the BEd/LLB complete 60 UOC towards a major and 24 UOC of other approved Commerce & Economics courses including the compulsory first year core courses.

PLANS (Majors)
The following specialisations (majors) are available within the Bachelor of Laws Bachelor of Economics degree: Economics Econometrics Financial Economics.

For details of the recommended sequence of courses in each Economics major, please refer to the following plans.

Economics (program 4744, plan code ECONA14744)

Session One

ACCT1101 Accounting and Financial Management 1A (6 UOC)
ECON1101 Microeconomics 1 (6 UOC)
ECON1202 Quantitative Methods A (6 UOC)
LAWS1052 Foundations of Law (6 UOC)

Session Two

ACCT1111 Accounting and Financial Management 1B (6 UOC)
ECON1102 Microeconomics 1 (6 UOC)
### Program Description

This program will provide students with professional qualifications in areas of great importance to the community. The program will prove attractive to students who have in mind a career involving constructive developments. Most large construction projects raise a formidable range of legal issues, and there appears to be a need for highly qualified personnel who are able to understand both the engineering and the legal dimensions of such projects, both in Australia and overseas.

### Duration/Award

The program is a six year full-time combined program leading to the award of the two degrees of Bachelor of Engineering and Bachelor of Laws (BE LLB). There will be a testamur for each degree in the combined program with both degrees being conferred at the completion of the full six-year program.

### Assumed Knowledge

A prescribed standard in mathematics for entry to the Faculty of Engineering and to individual courses in that faculty. Further details are available in the UAC Guide.

### Bachelor of Engineering

Students who decide not to continue in the LLB may complete the BE but must contact the Head of School of Civil and Environmental Engineering for any credit towards advanced standing in the BE of completed law courses.

### Program Objectives and Learning Outcomes

At the completion of this program, students will have obtained a sound knowledge base in the fields of both Civil Engineering and Law.

### Program Structure

#### Approved Sequence of Study:

#### Honours

Students undertaking the combined Bachelor of Economics at Honours level/Bachelor of Laws program may be awarded the degree of Bachelor of Economics at Honours level once they have completed the Honours year and the requirements of the first three years of the combined Bachelor of Economics at Honours Level/Bachelor of Laws program.

Candidates for Honours in the Economics degree course must complete one year additional to the minimum of five years required for the Economics/Law program at Pass level.

The requirements relating to Honours in the BEc degree courses are noted at the end of the program for each specialisation. Students ordinarily will interpolate an Honours year between Years 3 and 4 of the combined course.

Students interested in undertaking Honours should consult with the relevant School Office at the end of Year 1.

**Total Units of Credit Requirements**

- Law courses: 144 UOC
- Engineering courses: 144 UOC

**Notes:**

All students NOT undertaking an Honours thesis are required to select at least one major or 12 units of credit of Engineering electives. Students undertaking the Honours thesis are required to undertake at least 8 units of credit of Engineering electives. Students must complete a thesis to be considered for Honours in Engineering.

**Honours**

The degree of Bachelor of Engineering may be conferred as a Pass degree or as an Honours degree. There are two classes of Honours, Class I, and Class II in two divisions. The award and grade of Honours are made in recognition of superior performance throughout the program with greater weighting on courses in the later years.

Students must complete a Civil Engineering thesis to be considered for Honours in Engineering.

**Academic Rules**

**Program Description**

This program will provide students with professional qualifications in areas of great importance to the community. The program will prove attractive to students who have in mind a career involving environmental issues or engineering.

Employment could be with a law firm specialising in environmental law or a regulatory body such as the Environmental Protection Authority.

**Assumed Knowledge**

A prescribed standard in mathematics for entry to the Faculty of Engineering and to individual courses in that faculty. Further details are available in the UAC Guide.

**Bachelor of Engineering**

Students who decide not to continue in the LLB may complete the BE but must contact the Head of School of Civil and Environmental Engineering for any credit towards advanced standing in the BE of completed law courses.

**Program Objectives and Learning Outcomes**

At the completion of this program, students will have obtained a sound knowledge base in the fields of both Environmental Engineering and Law.

4770 Bachelor of Science Bachelor of Laws

BSc LLB

Typical Duration
5 years

Minimum UOC for Award
240 units of credit

Typical UOC per Session
24 units of credit

Program Description
This program combines the professional LB program with the large number of majors offered within the Faculty of Science.

The Science programs provide opportunities for students to prepare for careers in research, technology, science, mathematics and education, or areas of management or public policy which involve the use of science or mathematics.

Major Sequence
(i) Students may select any major from those offered by the Faculty of Science, or a major in Computer Science or Information Systems which are administered by the School of Computer Science and Engineering and the Faculty of Commerce and Economics. (See separate entry.)

(ii) Students should discuss their choice of major with the Science Student Centre prior to enrolment.

(iii) For the majority of majors students are required to complete only 2 law courses in Year 1. For the Psychology major students are required to complete 5. (See separate entry.)

Duration/Award
The program is a five year full-time combined program leading to the award of the two degrees of Bachelor of Science and Bachelor of Laws (BSc LLB).
Assumed Knowledge
Students must satisfy the normal assumed knowledge requirements for entry to the Faculty of Science and to individual courses in that Faculty.

BSc
The degree of Bachelor of Science is not awarded until the completion of the full five year program, but students unable to complete the full program may apply for advanced standing in the Bachelor of Science degree.

Science Courses
Students must complete a minimum of 84 units of credit, including the requirements of one of the majors outlined in Table A in the Science section of the Handbook or a major in Computer Science. In all cases students must include 24 to 36 units of credit of Level 1 courses.

Law or Science Electives
In addition to the prescribed units of credit of law courses and science courses there is the option to complete 8 units of credit of either law or science electives. Students can satisfy this requirement by completing either a law elective (8 units of credit) or an elective approved by the Faculty of Science (6 units of credit) plus a Law Research Project (2 units of credit).

Approved Sequence of Study:
Students must study Science courses in a sequence approved by the Faculty of Science and Law courses in a sequence approved by the Faculty of Law. A typical structure of a combined Science/Law program is set out below. Subject to timetable restrictions, the full range of Science majors are normally available to Law students. The sequence for Computer Science and Psychology majors is detailed separately.

Program Objectives and Learning Outcomes
At the completion of this program, students will have obtained a sound knowledge base in the disciplines of both Science and Law.

Honours in Science: Students wishing to complete the BSc degree program at Honours level must obtain prior approval from the Faculty of Science and the Faculty of Law. A standard Honours program in Science requires an additional year of study. Alternatively students may consider completing a BSc degree program at Honours level (4 years) and then seek admission to the three year LLB degree program for graduates.

College of Fine Arts and Faculty of Law

4703 Bachelor of Art Theory Bachelor of Laws

BArTh LLB

Typical Duration
5 years

Minimum UOC for Award
240 units of credit

Typical UOC per Session
24 units of credit

Program Description
Students undertaking this combined degree program complete the core requirements of both the Bachelor of Art Theory and the Bachelor of Laws. The combined degree allows students to undertake a focused study in the visual arts and culture.

Students completing the BArTh LLB are likely to gain employment in Arts or Law, but broader opportunities exist for careers in arts management and policy. The professional contexts courses of the BArTh will enable students to develop career-related skills and experiences and the theoretical/historical contexts courses will provide depth of knowledge about the arts.

Assumed Knowledge
Students must satisfy the normal assumed knowledge requirements for entry to the Faculty of the College of Fine Arts (COFA) and to individual courses in that Faculty.

Program Objectives and Learning Outcomes
At the completion of this program, students will have obtained a sound knowledge base in the fields of both Art Theory and Law.

**Atax (Australian Taxation Studies Program)**

### Information and Assistance

Atax delivers tax education across Australia and overseas. It aims to educate tax professionals from all sectors of the tax profession – accounting and legal majors, in the tax groups of large and medium sized corporations, in smaller accounting and law firms and in the Tax Office, State Government Treasury Departments and Revenue Offices. The Atax programs have been developed through intensive consultation with a wide range of experts with interest in both the accounting and legal professions and within UNSW.

### Who Can Help?

General correspondence and telephone enquiries relating to student and program administration should be directed to:

Atax Student Services Office
Telephone: (02) 9385 9333
Email: atax@unsw.edu.au
Fax: (02) 9385 9380

Postal Address:
Atax
The University of New South Wales
UNSW Sydney NSW 2052
Australia

Contact details for Academic and General Staff can be found in the Atax Student Guide or on the Atax website: [www.atax.unsw.edu.au/contact/](http://www.atax.unsw.edu.au/contact/)

### Academic Support

A range of different academic support services is provided by Atax through the Academic Support Coordinator. These include support packages on general study skills and basic grammar and writing skills.

Atax recognises students come to the Bachelor of Taxation program with a broad range of backgrounds. We are responsive to the diverse needs of students. Atax provides both formal and informal academic support options.

Two audio conferences are conducted each semester. These are intended for new students, although continuing students are also welcome to participate. These Audio Conferences provide an opportunity for students to discuss general study skills and examination preparation issues in a relatively informal environment. Students are also encouraged to refer to the UNSW Learning Centre ([www.lc.unsw.edu.au](http://www.lc.unsw.edu.au)) and Atax Student Guide.

The Academic Support Coordinator is regularly available for informal consultation and can direct students to appropriate resources and services. Additional support services are provided through the UNSW Learning Centre.
Centre and other units. The Atax Academic Support Coordinator is the primary contact person for students seeking access to such services. The Student Services Office is able to provide contact details.

**Enrolment Procedures**

Enrolment procedures for Atax programs vary slightly from conventional mode programs. Closing dates are usually much earlier and students should refer to information distributed by the Atax Student Services and Atax website prior to the commencement of each semester.

**Sources of Information**

It is important that students familiarise themselves with various documents and sources of information available.

These include:
- the Atax Website ([www.atax.unsw.edu.au](http://www.atax.unsw.edu.au))
- the Atax Student Guide

**Atax Website**

You can access the Atax website at [www.atax.unsw.edu.au](http://www.atax.unsw.edu.au). In addition to general information about Atax, program and course information is available. The website also includes details of conferences and special events, links to individual lecturers’ web pages, relevant research links and Atax Library Online.

**Atax Student Guide**

The *Atax Student Guide* provides ready access to the basics of Atax administration and contains other study resource materials. This guide provides an essential reference point for the Atax student, with contact lists, enrolment information, calendar of events, assessment procedures, and a Library Guide.

**Orientation**

Orientation sessions for new students are usually held in most Australian cities prior to the commencement of each semester. Study Materials will be dispatched to students prior to Orientation. Orientation serves both academic and administrative purposes, as well as giving students the opportunity to meet lecturers and fellow students.

It is expected that all new students will attend their local Orientation.

**Flexible Distance Delivery**

Students can study from anywhere in Australia or overseas without attending campus lectures. All Atax students are supported with comprehensive, high-quality written Study Materials. Atax has Learning Centres in 22 locations across Australia and its flexible distance education framework incorporates a variety of modes of teaching to effectively deliver the Atax programs.

Students may find the learning environment differs significantly from traditional campus-based study. Students should refer to the *Atax Student Guide* (provided with Study Materials) or visit [www.atax.unsw.edu.au](http://www.atax.unsw.edu.au) for full information regarding the facilities available:
- Learning Centres
- Study Materials
- Audio Conferences
- Web Course Tools (WebCT)
- Regional Classes*
- Informal Study Groups
* a one-day face to face class in capital cities across Australia.

**Library Services**

Library staff can provide you with telephone support that will assist you to make the most of the wide range of online resources and reference materials available. They can also assist you to access reference materials from a diverse range of sources. Additional information may be found in the Atax Student Guide in the ‘Library Guide’ section. Refer also to Atax Library Online at [www.atax.unsw.edu.au](http://www.atax.unsw.edu.au) or contact the Atax library staff directly: Librarian, telephone (02) 9385 9327 or Library Assistant, telephone (02) 9385 9312.

**Program Description**

The Bachelor of Taxation Degree commenced in 1991 and was the first university undergraduate tax degree offered in Australia. The Bachelor of Taxation can be studied over three years full-time with four courses (or equivalent units of credit) per semester, or six years part-time with two courses (or equivalent) per semester. It is based on the equivalent of 24 courses, of 6 units of credit per course, including 16 core and 8 electives. Some UNSW General Education courses carry only half the credits (3 units of credit) and workload of mainstream courses. Enrolment in such courses could increase the total number of courses to 26. Students who wish to meet professional accounting entry requirements must study the accounting courses indicated by the Institute of Chartered Accountants in Australia (ICAA) and CPA Australia. (See ‘Particular Requirements for Accounting Professional Entry’)

**Admission Requirements**

Entry to the program is competitive. In assessing applications, the Admissions Committee takes into account the following factors:
- educational achievement
- work experience
- evidence of the ability to handle complex technical issues
- evidence of commitment and motivation
- referees’ reports, if provided

The normal minimum qualification for admission to the program is NSW matriculation (HSC) or equivalent Year 12 qualifications or completion and award of Certificate IV or Associate Diploma or Advanced Diploma in Accounting or equivalent from a TAFE. Consideration will be given to mature age students with extensive technical experience. Students who do not meet Year 12 or TAFE entry requirements may gain entry after completing a University Preparation Program (UPP).

Applications who are not sponsored in their study by the Tax Office must apply via UAC.

**Occupational Destination of Graduates**

Atax graduates are leading fulfilling careers in all parts of private and public practice. They are employed by accounting and legal majors, in the tax groups of large and medium sized corporations, in smaller accounting and law firms and in the Federal Treasury, Tax Office, State Government Treasury Departments and Revenue Offices.

The accounting stream of the Bachelor of Taxation Degree has been considered as satisfying the prescribed qualifications criterion of INCOME TAX REGULATION 156 for registration with the Tax Agents’ Board.
Professional Accreditation

The Bachelor of Taxation program has been granted accreditation by CPA Australia and the Institute of Chartered Accountants in Australia (ICAA). This means the Bachelor of Taxation satisfies the educational requirements for associate level of membership, provided the student has studied elective courses in the accounting stream of the Bachelor of Taxation. These course choices and study sequences are explained below in the section ‘Requirements for Accounting Professional Entry’. The Bachelor of Taxation will also count towards membership of other bodies such as the NIA, ATMA and the TIA – even if the full accounting stream is not followed.

Student Workload

Part-time students will normally complete two courses per semester. Full-time students will normally complete four courses per semester. ‘Full-time’ students are defined as having a load of 0.75 or more (0.375 per semester). Contact will vary from course to course. As a rough guide, students can expect to spend at least 12 hours per week studying each course. It is possible to take a lighter workload, studying one course per semester. In special circumstances with approval from the program convener, a heavier load could be taken. That would depend to some extent on the student's prior academic record.

Program Objectives and Learning Outcomes

The objectives of the Bachelor of Taxation are to provide students with:

- a broad-based education in all areas relevant to taxation (including law, accounting, economics and computing) as well as a vocationally specific education;
- knowledge of the basic structure of the Australian tax system, of the essential concepts that underpin taxation, and of the Income Tax Assessment Act and related Acts;
- knowledge of accounting and reporting information, processes and systems, and the integration of such knowledge with the tax system;
- knowledge of legal concepts and principles involved in areas such as contract law, commercial law, administrative law, litigation, company law, banking and finance, property, trusts and equity, and the integration of such knowledge with the tax system;
- skills of statutory interpretation and case analysis;
- skills in organising and solving complex problems by the collection, analysis and application of relevant laws, rules, standards or other information;
- skills of oral and written communication, of negotiation and of advocacy;
- the ability to apply the processes of critical reasoning in evaluating the broad institutional and economic outcomes of tax decisions, including an application of major economic, organisational and information processing concepts;
- the ability to judge appropriate standards of ethical behaviour in their dealings with clients, customers and tax administrators in the tax profession; and
- an awareness of the role of liberal studies as part of a general university education through, in part, the critical analysis of their own professional culture and by exposure in all courses to the broad traditions of critical enquiry.

Program Structure

To complete the Bachelor of Taxation, students are required to do a total of 24-26 courses (or 25-27 if commenced prior to 1999):

- 16 (17 if prior to 1999) compulsory courses
- 2 special category courses
- 4 elective courses
- 2-4 General Education courses to a total of 12 units of credit

Required
Particular Requirements for Accounting Professional Entry

Students wanting to gain accounting admission must study the following:

A1AX0053 Accounting for Complex Structures and Instruments (6 UOC)

Also one of the following three other special category courses must be chosen:

ATA0020 Introduction to Australian International Taxation (6 UOC)
ATA0022 GST: Design and Structure (6 UOC)
ATA0023 Principles of GST Law (6 UOC)

Finally, three of the four general electives must be accounting courses. The following three elective courses must be chosen:

ATA0057 Business Finance (6 UOC)
ATA0059 Management Accounting (6 UOC)
A1AX0060 Auditing and Assurance Services (6 UOC)

Hence in practice the only decision to be made for students seeking professional accounting entry is between ATAX0020, ATAX0022 and ATAX0023, which are general electives and in the General Education area.

However, Atax also recommends that ATAX0058 be studied as the extra general elective before attempting ATAX0057. As requirements change from time to time, students should check any updates or changes to requirements later in their degree program.

General Education Requirements

Students enrolled in this program must also satisfy the University's General Education requirements.

Twelve units of credit of General Education must be successfully completed. General Education requirements may, with the prior approval of the BTax Convenor, be fulfilled by completion of courses offered in other faculties within UNSW or at other universities. Some of these courses have lower credit value and workload than Atax courses.

Academic Rules

Assessment Policy

The Board of Studies in Taxation has resolved that, in order to pass a course, candidates for the Bachelor of Taxation should obtain:

1. 50% or more of the total marks available in the course and
2. A minimum of 40% of the marks available for the final examination in the course.

Bachelor of Taxation Degree with Distinction

The Assessment Committee of the Board of Studies in Taxation may award the Bachelor of Taxation degree with Distinction when a student satisfies the condition of a 75% weighted average mark (WAM) attained over the student's degree.

Bachelor of Taxation Degree with Merit

For students who entered the Bachelor of Taxation program prior to 2003, the Assessment Committee of the Board of Studies in Taxation may award the Bachelor of Taxation Degree with Merit when a student satisfies the following conditions:

- a 70% average is attained over the student's best prescribed merit award number of courses presented for the degree (see table below); and
- the student does not have more than two failures throughout the program.

Provided that where, in the opinion of the Examiners at the Assessment Committee, 'exceptional circumstances' exist the Assessment Committee may award the degree with Merit even though a student has not attained a 70% average and/or has three failures throughout the program.

Prescribed merit award number of courses table

Students enrolled in BTax prior to 2003 and therefore eligible for award of either the BTax with Merit or the BTax with Distinction have the option of taking one or the other award.

Exemption Policy/Advanced Standing

Students accepted for enrolment into the Bachelor of Taxation Degree may apply for advanced standing (exemptions from study of particular courses) by completing the form Course Exemption/Advanced Standing. This is available for download from the Atax website at www.atax.unsw.edu.au/students/forms

Where the number of courses you must complete to qualify for Bachelor of Taxation (after deducting those for which you have been granted exemption) is:

Non-Award (Single Course), Cross-Institutional and Cross-Group (Faculty) Enrolments

Introduction and Overview

Non-Award enrolments are enrolments in courses or a sequence of courses, which do not lead to, nor (normally) count towards, a formal award of UNSW.

Non-Award study with Atax may count towards Continuing Professional Education (CPE), Continuing Professional Development (CPD) and Continuing Legal Education (CLE) requirements for Chartered Accountants, Certified Practising Accountants and lawyers respectively.

There are several categories of Non-Award enrolment:

1. Voluntary course enrolment – where the student is taking the course either out of interest or to develop professional competence in an area of specialisation.
2. Cross-Institutional enrolment – where the student enrols in a UNSW course for credit towards an award at another tertiary institution, at which the student is concurrently enrolled.
3. Cross-Group enrolment – where a student from another group (faculty) of UNSW applies to study an Atax course. Written confirmation is required from the other group stating that the course will be credited towards the award.
4. Where an Atax student wishes to enrol in a course at another institution for credit towards their UNSW award, any such courses must be of similar content and level to the corresponding Atax course and specific reasons for the request are required. Atax will normally approve this type of enrolment in special circumstances only. Students are required to complete the normal enrolment procedure at UNSW in order to have the course credited towards their degree.

Cross-Institutional Enrolment Procedures

Procedures for an Atax student entering into a cross-institutional scheme are as follows:

1. Forward full details of the course, including unit of credit value, assessment and content, to the Atax Student Services Office. Outline why you consider the circumstances to be special and indicate the Atax course for which it would be substituted.
2. Your application will then be considered and you will receive written advice regarding its success or otherwise.
3. Make an application to the host institution, presenting approval from Atax (check with the host institution for appropriate procedures).
4. Notify Atax of acceptance by the host institution.
5. Forward a certified copy of the official result (mark and grade) from the course studied at the host institution to Atax once the course assessment has been finalised.
Cross-Group Enrolment Procedures

Students intending to:

• add/vary Atax courses to/in a program of study from another Group or School within UNSW; or
• add/vary courses from another Group or School within UNSW, to an Atax program;

are strongly advised to contact the Atax Student Services Office so transition arrangements can be effected smoothly. You must ascertain the availability of particular courses and the semesters in which they will be offered. You should arrange for your program authority to provide written approval that the Cross-Group course will be credited to your award program. Also arrangements for delivery/collection of study materials and associated support need to be communicated.

Students based in the Law School in UNSW are regarded as falling within these arrangements.
