This Handbook is primarily for undergraduate students in the Faculty of Arts and aims to provide in convenient form information concerning

(i) the requirements for admission,
(ii) enrolment and re-enrolment,
(iii) the requirements for the degree of Bachelor of Arts and the alternative programmes available for fulfilling them, and
(iv) the subject matter of the different courses offered, including text and reference books.

An endeavour has been made to provide answers to those problems which students are most likely to encounter. It is important that each student in the Faculty becomes well acquainted with the information presented here. If problems remain unanswered, enquiries may be referred to Miss Jennifer Willson, Administrative Assistant to the Faculty of Arts, whose office, Room 170, is situated on the First Floor, East Wing, of the Morven Brown Building (Arts/Maths).

It is possible that changes may be made affecting the information presented in this Handbook, especially concerning subjects offered and prescribed readings. Students are strongly advised to consult frequently the notice-boards of the different Schools as well as the official notice-boards of the University, to keep abreast of any changes as well as to keep informed of pertinent announcements from time to time.
CALENDAR OF DATES FOR 1968

Term 1: March 4 to May 18
Term 2: June 3 to August 10
Term 3: September 2 to November 2

January—
Monday 22 ................ Last day for acceptance of applications to enrol by new students and students repeating First Year.
Monday 29 ................ Australia Day—Public Holiday.
Tuesday, 30 to Saturday, Feb. 10 .... Deferred examinations.

February—
Monday 19 ................ Enrolment week commences for new First Year students and students repeating First Year.
Monday 26 ................ Enrolment week commences for students re-enrolling.

March—
Monday 4 ................ First term lectures commence.
Friday 15 ................ Last day for enrolment of new students (late fee payable).
Friday 31 ................ Last day for later year enrolments.

April—
Friday 12 to Monday 15 ........ Easter.
Thursday 25 ............... Anzac Day—Public Holiday.

May—
Saturday 18 .............. First term ends.
June—
  Monday 3 .............  Second term commences.
  Monday 10 ............  Queen's Birthday—Public Holiday.
  Friday 28 .............  Last day for acceptance of applications for re-admission after exclusion under rules governing re-enrolment.

July—
  Tuesday 2 ............  Foundation Day.
  Friday 19 .............  Last day for acceptance of applications for examinations.

August—
  Saturday 10 ...........  Second term ends.

September—
  Monday 2 ..............  Third term commences.

October—
  Monday 7 ..............  Eight Hour Day—Public Holiday.

November
  Saturday 2 ............  Third term lectures cease.
  Saturday 9 .............  Examinations commence (30-week courses).

1969
  Term 1: March 3 to May 17
  Term 2: June 2 to August 9
  Term 3: September 1 to November 1

January—
  Tuesday 28 to Saturday, Feb. 8 .... Deferred examinations.

February—
  Monday 17 .............  Enrolment week commences for new first year students.
  Monday 24 .............  Enrolment week commences for students re-enrolling.

March—
  Monday 2 ..............  First term lectures commence.
FACULTY OF ARTS

Dean
Professor J. B. Thornton

Chairman
Professor D. M. McCallum

Administrative Assistant
Jennifer F. Willson, BA N.S.W.

SCHOOL OF DRAMA

Professor of Drama and Head of School
C. R. B. Quentin, MA Oxon.

Senior Lecturer
P. E. Parsons, BA W. Aust., MA PhD Cantab.

Lecturers
V. J. Emeljanow, MA N.Z., PhD Stan.
Helen L. Oppenheim, BA S.A., PhD Berl.
Jean Wilhelm, MA W.V.U., PhD Minn.

SCHOOL OF EDUCATION

Professor of Education and Head of School
J. J. Pratt, BA Qld., BEd Melb., FACE

Senior Lecturer
L. M. Brown, MA MEd Syd., PhD Lond.

Lecturer
C. J. Field, MA Syd.

SCHOOL OF ENGLISH

Professor of English and Head of School
H. J. Oliver, MA Syd.

Associate Professor
Leonie J. Kramer, BA Melb., DPhil Oxon.

Senior Lecturers
O. N. Burgess, MA DipEd Syd.
J. M. Couper, MA PhD Aberd.
P. K. Elkin, BA DipEd Syd., BLitt DPhil Oxon.
R. G. Geering, MA DipEd Syd.
H. P. Heseltine, BA W. Aust., MA PhD Louisiana State

Lecturers
J. M. Allen, BA Rand and Oxon.
E. A. M. Colman, MA Glas.
Dorothy L. M. Jones, MA N.Z. and Adel., BLitt Oxon.

Teaching Fellow
Ursula Nowicki, BA N.S.W.
SCHOOL OF HISTORY

Professor of History and Head of School
F. K. Crowley, MA PhD Melb., DPhil Oxon.

Associate Professor
Kathleen Woodroffe, MA PhD Adel.

Senior Lecturers
P. J. O'Farrell, MA N.Z., PhD A.N.U.
A. T. Yarwood, MA DipEd Syd.

Lecturers
B. H. Fletcher, MA DipEd Syd.
J. Gershevitch, BA Shanghai, MA Melb.
W. J. Hudson, BA Qld., MA Melb., PhD A.N.U.
Madeline R. Megaw, MA Glas., PhD Syd.
Heather J. Radi, BA PhD Qld., DipLib N.S.W.

Senior Tutor
Winifred J. Mitchell, MA N.E.

Tutor
G. E. Sherington, BA Syd.

SCHOOL OF HISTORY AND PHILOSOPHY OF SCIENCE

Professor of History and Philosophy of Science and Head of School
J. B. Thornton, BA BSc Syd.

Senior Lecturer
R. M. Gascoigne, MSc Syd., PhD Liv.

Lecturers
R. J. Gillings, MSc MEd Syd.
W. H. Leatherdale, BA Melb.

Tutors
R. H. Austin, BA Syd.
Mrs. N. Robbins, BA N.S.W.

Post-Doctoral Research Fellow
D. S. Kemsley, MA Oxon., MSc Melb., PhD A.N.U.

SCHOOL OF LIBRARIANSHIP

Director
J. W. Metcalfe, BA Syd., FLA, FLAA

Senior Lecturer
Wilma Radford, BA Syd., BS Col., FLAA

Tutor
R. J. Goodram, BA W. Aust., DipLib N.S.W.
SCHOOL OF PHILOSOPHY

Professor of Philosophy and Head of School
C. L. Hamblin, BSc MA Melb., PhD Lond

Senior Lecturers
R. E. Dowling, BA Syd., PhD Lond.
R. S. Walters, MA Syd.

Lecturers
P. C. Gibbons, BA Syd., BPhil Oxon.
F. N. Harpley, BA Syd.
Mrs. Barbara A. Roxon, BA Syd.
A. C. W. Sparkes, BA Qld. and Lond.

Professional Officer
V. R. Pratt, BSc Syd.

SCHOOL OF POLITICAL SCIENCE

Professor of Political Science and Head of School
D. M. McCallum, BA Syd., MA BPhil Oxon.

Associate Professor
Ruth Atkins, BA BEc DipEd Syd.

Senior Lecturers
O. Harries, BA Wales, MA Oxon.
P. D. Marchant, BA Syd., PhD A.N.U.
A. C. Palfreeman, LicèsScsPols Geneva, MA A.N.U.

Lecturer
S. C. Ghosh, BA Dacca, MA Cale., MSocSc The Hague, PhD Manc.

Tutors
G. Fairbanks, BA Ohio State, MA Syd.
R. J. Ryan, BCom N.S.W.

SCHOOL OF RUSSIAN

Professor of Russian and Head of School
Tatjana Cizova, BA Syd. and Lond., DiplSlavStudies Oxon.

SCHOOL OF SOCIOLOGY

Professor of Sociology and Head of School
S. Encel, MA PhD Melb.

Associate Professor
A. A. Congalton, MA DipEd N.Z.

Senior Lecturer
D. C. Dunphy, BA MEd DipEd Syd., PhD Harv.
Lecturers
A. Kondos, BA W.Aust.
R. A. Nies, MA S. Calif., PhD Syd.

Tutors
S. O. D’Alton, BEc Syd.
Elizabeth Fell, BA Syd.

Teaching Fellow
I. B. Channell, BA Leeds

SCHOOL OF WESTERN EUROPEAN LANGUAGES

Department of French
Professor of French and Head of School
Judith O. Robinson, BA Syd., MA Cantab., DU Paris

Senior Lecturer
L. R. Chambers, MA DipEd Syd., DU Grenoble

Lecturers
S. Lotringer, LèsL DES Doctorat de Troisième Cycle Paris
R. H. Steele, BA Syd., DipdePhon Paris

Tutors
Lucienne Lotringer, LèsL DES DipEnFrEtr Paris
Josephine Stephens, BA Melb., LèsL Paris

Department of German

Associate Professor
W. G. Hesse, DrPhil Breslau, MA Cape T.

Lecturers
H. H. Ammerlahn, MA Vermont, PhD Texas
J. R. Milfull, BA Syd.

Tutor
Erika Wielebinski, MA Munich

Department of Spanish

Associate Professor
L. B. Harrop, BA DipEd W. Aust., MA Interamericana, México,
DipEstHisp Santander, DipFilHisp Salamanca, FIL

Lecturer
Vacant.

Senior Tutors
P. Blasco, LicFilyLet Valladolid
Mrs. Valerie C. Franco, MA Americas
J. Villanueva, ProfMercantil EscAltEstMerc Barcelona
SCHOOL OF APPLIED PSYCHOLOGY

Professor of Applied Psychology and Head of School
A. G. Hammer, MA Syd.

Professor of Applied Psychology
Vacant.

Executive Assistant to Head of School
A. K. Olley, BA Syd.

General, Experimental and Measurement Psychology

Senior Lecturers
A. Meadows, MA Melb., PhD Lond.
A. K. Olley, BA Syd.
O. Porebski, MA PhD Lond.
P. Van Sommers, MA Melb., PhD Harv.

Lecturers
S. Bochner, BA Syd., MA Hawaii
Irene A. Edmonds, MA Syd., PhD Belf.
W. Hopes, BA Syd.
C. P. Kenna, BA BSc Syd.
K. R. Llewellyn, BA PhD Syd.
J. C. Murray, BA Syd.
G. M. Sinclair, BA W. Aust.

Tutors
Lynne J. Hyman, BA Syd.
Mrs. Jennifer A. Noesjirwan, MA Well.
Edna Ross, BSc Syd.

Teaching Fellows
Mrs. Ailsa M. Burns, BA Melb.
Anne Wildash, BA A.N.U.

Personality and Clinical Psychology

Associate Professor
R. T. Martin, BADipPubAdmin Syd., MBPsychoanalSoc

Senior Lecturer
D. R. Martin, BA DipEd Syd.

Lecturers
Una Gault, MA Syd.
W. A. H. Jarvis, BA DipEd Syd., BEd Melb.
S. Sunder Das, BSc Trav., BSc PhD Lond.

Senior Tutor
N. Cochrane, BA Cantab.

Social and Applied Psychology

Senior Lecturers
A. W. Clark, MA Melb., PhD N.S.W.
E. E. Davies, MA Syd., PhD. N.S.W.

Lecturer
A. E. Carey, BSc Lond.
SCHOOL OF ECONOMICS

Professor of Economics and Head of School
J. W. Nevile, BA W. Aust., MA PhD Calif.

Research Professor of Economics
M. C. Kemp, BCom MA Melb., PhD Johns H.

Department of Economics

Associate Professor
D. M. Lamberton, BEc Syd., DPhil Oxon.

Senior Lecturers
S. Ambirajan, MA PhD Andhra, PhD Manc.
G. D. McColl MSc(Econ) Lond., AASA
K. D. Rivett, MA PhD Melb.
N. Runcie, BEc Syd., PhD Lond.
D. J. Stalley, MEc Adel., AUA

Lecturers
R. Fisher, MCom N.S.W.
I. Gordijew, BEc Syd.
R. V. Horn, MEc Syd., DrRerPol Cologne.

Senior Tutors
Roslyn Burns, BA DipEd N.E.
W. E. Hotchkiss, MEc Syd.

Tutors
D. R. Arrowsmith, BA Melb.
K. Foley, BCom N.S.W.
Nancy Smith, BA N.E.

Teaching Fellows
Jocelyn Horne, BCom N.S.W.

Department of Econometrics

Senior Lecturer:
Sheila I. Rowley, MA W. Aust., MSc PhD N. Carolina.

Lecturers
R. H. Court, BSc Well., MA Auck.
E. R. Sowey, BEc Syd., BSc N.S.W., MSc(Econ) Lond.

Teaching Fellow
P. Reuter, BA N.S.W.

Department of Industrial Relations

Senior Lecturer
G. W. Ford, BA DipEd Syd., MA(Econ) U.C.L.A.
SCHOOL OF GEOGRAPHY

Professor of Geography and Head of School
J. A. Mabbutt, MA Cantab.

Senior Lecturer
J. C. Turner, BScAgr Syd., MS Wisconsin

Lecturer
Juliet P. Burrell, BSc N.Z., MSc Otago

Tutor
Mrs. Elizabeth F. Burke, BA Cantab., MSc Syd.

SCHOOL OF MATHEMATICS

Professor of Mathematics and Head of School
G. Bosson, MSc Lond.

Professor of Applied Mathematics
V. T. Buchwald, BSc Manc., MSc PhD Lond.

Professor of Applied Mathematics
J. M. Blatt, BA Cinc., PhD Corn. and Prin., FAA, FAPS

Professors of Pure Mathematics
G. Szekeres, DiplChemEng Bud., FAA
G. M. Kelly, BSc Syd., BA PhD Cantab.

Director of First Year Studies
Associate Professor A. H. Low, MSc DipEd Syd., PhD N.S.W.

Administrative Officer
W. A. Freeman, AASA

Department of Mathematics

Senior Lecturers
C. M. Groden, DiplMath Zur.
C. B. Kirkpatrick, MSc Syd., AInstP
S. J. Prokhovnik, BA MSc Melb.

Lecturers
M. A. Eggar, Staatsexamens DrNatScs DiplEd Berl.
D. E. Mackenzie, BSc Tas.
D. A. Mustard, BSc Syd., MSc N.S.W.

Tutors
D. S. Craig, BSc Qld.
Mary R. Freislich, BA Rand
K. A. Robinson, BSc BE Syd.

Department of Pure Mathematics

Senior Lecturers
J. D. Dixon, MA Melb., PhD McG.
J. L. Griffith, BA MSc DipEd Syd.
J. St. A. Sandiford, MSc Syd.
Lecturers
C. D. Cox, BSc DipEd Qld.
M. G. Greening, MA Lond.
R. F. Matlak, PhMgr Cracow, MA Syd.
W. J. Pretorius, MSc Rhodes, DIC
N. F. Smythe, BSc N.S.W., PhD Prin.
Z. H. Star, BSc MPS PhC Syd.

Senior Tutors
R. W. Ahrens, BSc Adel.
T. W. Atterton, MSc Syd.
Mrs. Agnes V. Nikov, DiplMath DiplEd Bud.

Teaching Fellows
G. King, BSc N.S.W.
A. J. Van der Poorten, BSc N.S.W.

Department of Applied Mathematics

Senior Lecturers
B. W. Ninham, MSc W.Aust., PhD Maryland
K. Okamoto, BS PhD Tokyo, PhD Louisiana State
W. E. Smith, MSc Syd., BSc Oxon., PhD N.S.W., AInstP

Lecturers
B. J. Burn, MSc Otago, PhD Cantab.
E. J. Moore, MSc W. Aust., PhD Harv.
I. H. Sloan, BA BSc Melb., MSc Adel., PhD Lond.

Queen Elizabeth II Post-Doctoral Research Fellow
C. J. Thompson. BSc PhD N.S.W.

Teaching Fellows
Susan Ahrens, BSc N.S.W.
R. T. Cahill, BSc N.S.W.

Department of Statistics

Associate Professor of Mathematical Statistics
J. B. Douglas, MA BSc DipEd Melb.

Senior Lecturers
A. G. L. Elliott, BSc W. Aust.
M. K. Vagholkar, MSc Bom., PhD Lond., DIC

Lecturers
M. A. Aitkin, BSc PhD Syd.
R. B. Davis, BSc Syd., MSc N.S.W., DipEd N.E.
C. A. McGilchrist, BSc BEd Qld., MSc PhD N.S.W.
P. J. Staff, BSc DipEd Syd.

Tutor
Bronwyn L. Davies, BSc Syd.

Teaching Fellows
Lynne Billard, BSc N.S.W.
Jane E. Reeves, BSc N.S.W.
ADMISSIONS OFFICE

The Admissions Office provides intending students (both local and overseas) with information regarding courses, admission requirements, scholarships and enrolment.

Applications for special admission or admission with advanced standing to courses should be made at the Admissions Office. Local residents should apply prior to 31st December of the year preceding that in which admission is sought. Where applicable, documentary evidence should be tendered with the application, and copies should accompany original documents, as this will allow the immediate return of the latter. Students applying from overseas for admission to undergraduate courses and to those post-graduate courses which require completion of formal lecture courses should lodge their applications prior to 1st October of the year preceding that in which admission is sought.

Applications for admission to undergraduate courses from students who do not satisfy the requirements for admission (see section on "Requirements for Admission"), from students seeking admission with advanced standing, and from students who have had a record of failure at another University, are referred by the Admissions Office to the Admissions Committee of the Professorial Board.

Students seeking to register as higher degree candidates should discuss their proposals initially with the Head of the School in which they wish to register. An application is then lodged on a standard form and the Admissions Office, after obtaining a recommendation from the Head of the School, refers the application to the appropriate Faculty or Board of Studies Higher Degree Committee.

The Admissions Office also receives applications from students who wish to transfer from one course to another, or seek any concession in relation to a course in which they are enrolled. These applications should, wherever possible, be lodged before the commencement of the academic year in which the concession is to apply.
Students wishing to resume their studies after an absence of twelve months or more are required to apply to the Admissions Office for permission to re-enrol. It should be noted that, unless permission has been given to defer their studies for a specified period which will not normally exceed twelve months, students will be required to re-enter the course under the regulations prevailing at the time of resumption. This condition will apply also to students who have been re-admitted to a course after exclusion under the rules restricting students re-enrolling.

The Admissions Office operates an Enrolment Bureau for undergraduate students enrolling in the University for the first time. Details of the procedure to be followed by such students will be published in the preamble to the Higher School Certificate Examination results, or may be obtained on application to the Admissions Office.

The Admissions Office is located on the upper campus in the Chancellery, telephone 663-0351. Office hours are from 9 a.m. to 1 p.m., and 1.45 p.m. to 5 p.m. Monday to Friday. An evening service is provided during the enrolment period.

REQUIREMENTS FOR ADMISSION

Introductory Information

Candidates may qualify for entry to undergraduate courses by complying with the matriculation requirements set out in Section A below, or by meeting the relevant requirements specified in Section B or, for 1968 only, by complying with the special matriculation requirements set out in Section C.

SECTION A

MATRICULATION REQUIREMENTS

(To operate from 1st January, 1968)

1. (a) A candidate for any first degree of the University must satisfy the conditions for admission set out hereunder before entering upon the prescribed course for a degree. Compliance with these conditions does not in itself entitle a student to enter upon a course.
(b) A candidate who has satisfactorily met the conditions for admission and has been accepted by the University shall be classed as a "matriculated student" of the University after enrolment.

(c) A person who has satisfactorily met the conditions for admission may be provided with a statement to that effect on the payment of the prescribed matriculation fee.

2. Except as elsewhere provided a candidate before being admitted to matriculation shall have passed at the required standard the Higher School Certificate Examination in New South Wales in at least five subjects in accordance with the following conditions:

(a) The subjects shall be chosen from the following subjects taken at the first, second or third level, in the Higher School Certificate Examination:

A. English.

B. (i) French, German, Greek, Latin.
   (ii) Ancient History, Art, Economics, Geography, Modern History, Music, Bahasa Indonesia, Chinese, Dutch, Hebrew, Italian, Japanese, Russian, Spanish or such other language as may, in the case of any particular candidate, be approved by the Professorial Board.

C. (i) Mathematics.
   (ii) Agriculture, Science.

(b) The subjects shall include:
   (i) English,
   (ii) four subjects at the first or second level, and,
   (iii) one subject chosen from each of the Groups B and C and of these two subjects at least one must be from Section (i) of either Group B or Group C at the first or second level.

(c) The subjects shall NOT include both Art and Music.
3. Mathematics and Science both passed as full courses together shall, for the purpose of matriculation, be counted as three subjects, but otherwise each shall count as one subject.

4. The qualification for matriculation must be obtained at one examination.

5. In addition to the above requirements a candidate for admission to any particular faculty, course or subject shall satisfy the special requirements, if any, pertaining to that faculty, course or subject as set out in the following Schedule A. Where these additional requirements are not satisfied at the same examination as the requirements listed in paragraph 2 they may be met at a separate examination.

6. (a) Notwithstanding the provisions of Clauses 2, 3 and 5 of these requirements, any candidate who has taken the Higher School Certificate Examination in the subject of English and no fewer than any four other subjects named in Clause 2, at any level, may be admitted to matriculation provided he has reached a standard determined from time to time by the Professorial Board.*

(b) Mathematics and Science both taken as full courses together shall, for the purpose of this clause, be counted as three subjects.

(c) A candidate qualifying for matriculation under this clause may also be admitted to a particular faculty, course or subject provided:

(i) he satisfies the special requirements pertaining to that faculty, course or subject as set out in the following Schedule A, or

(ii) the Professorial Board* deems that his programme of studies for, and his performance at, the Higher School Certificate Examination constitute an adequate preparation for his admission to the particular faculty, course or subject.

* See following pages for Professorial Board's decision on these matters.
Schedule A

Additional Faculty Course and Subject Requirements in terms of Clause 5

(a) Faculty Requirements

Applied Science, Medicine, Engineering, Science.

Passes in Mathematics and Science at the first or second level full course.

Architecture.

Passes in Mathematics at the first or second level full course and in Science at the first or second level full course or second level short course provided that the Physics option has been taken in the short course.

Commerce.

Passes in English at the first or second level and Mathematics at the first or second level full course or second level short course.

Arts.

Pass in English at the first or second level.

(b) Course Requirements

Industrial Arts (B.Sc. and B.Sc.(Tech.)), and Sheep and Wool Technology (Education Option) (B.Sc.).

Passes in Science at the first or second level full course and in Mathematics at the first or second level full or short course provided that a student electing to include the subject Mathematics I in his University course shall have passed Mathematics at the first or second level full course.

Social Work (B.Soc.Wk.).

As for Faculty of Arts.

(c) Subject Requirements

French I.

Pass in French at the first or second level.

German I.

Pass in German at the first or second level or pass in Introductory German.
Introductory German, Introductory Spanish or Preliminary Italian.
Pass in any other foreign language at the first or second level.

Economics II or Economics III.
Passes in English at the first or second level and Mathematics at the first or second level full course or second level short course.

Mathematics I.
Pass in Mathematics at the first or second level full course.

Geology I.
Pass in Science at the first or second level full course.

Chemistry I, Physics I or General and Human Biology.
Passes in Mathematics and Science at the first or second level full course.

SECTION B

Supplementary Provisions for Matriculation

1. Notwithstanding the provisions of Section A above, candidates may be accepted as “matriculated students” of the University under the following conditions subject to the approval of the Professorial Board:

(a) Any person who holds a diploma from the New South Wales Department of Technical Education, or any other Technical College which may from time to time be recognised by the University, may be admitted to the University as a “matriculated student” with such status as the Board may determine, provided that, in the opinion of the Board, the applicant’s qualifications are sufficient for matriculation to the Faculty nominated.

(b) The Board may admit as a “matriculated student” in any Faculty with such status as the Board may determine in the circumstances;

(i) A graduate of any approved University.

(ii) An applicant who presents a certificate from a University showing that he has a satisfactory record and is qualified for entrance to that University, provided that in the opinion of the Board there is an acceptable correspondence between the qualifying
conditions relied upon by the applicant and conditions laid down for matriculation to the nominated Faculty of the University of New South Wales.

(c) (i) Any person who has completed the first year of the course at the Royal Military College of Australia and submits a certificate from the Commandant to that effect may be admitted as a "matriculated student" of the University.

(ii) Any person who has completed a full course of at least three years' prescribed study at the Royal Military College of Australia and produces a certificate from the Commandant to that effect may be admitted as a "matriculated student" of the University with such status as the Board may determine.

(d) Any person who has completed satisfactorily the passing out examination of the Royal Australian Naval College and submits a certificate from the Commanding Officer may be admitted as a "matriculated student" of the University.

(e) (i) Any person who has completed the first year of the course at the Royal Australian Air Force College and submits a certificate from the Commandant to that effect, may be admitted as a "matriculated student" of the University.

(ii) Any person who has completed two years of the course at the Royal Australian Air Force College and submits a certificate from the Commandant to that effect, may be admitted as a "matriculated student" of the University with such status as the Board may determine.

(f) An applicant who presents a certificate from another University showing that he is qualified for entrance to that University and setting out the grounds of such qualification, provided that in the opinion of the Professorial Board, there is an acceptable correspondence between the qualifying conditions relied upon by the applicant and the conditions laid down for matriculation to the nominated Faculty of the University of New South Wales.

2. (a) The Professorial Board may in special cases, including cases concerning persons of other than Australian educa-
tion, declare any person qualified to enter a Faculty as a "provisionally matriculated student" although he has not complied with the requirements set out above, and in so doing may prescribe the completion of certain requirements before confirming the person's standing as a "matriculated student". Students who satisfactorily complete these requirements will be permitted to count the courses so passed as qualifying for degree purposes.  

(b) Persons over the age of twenty-five years may be admitted to provisional matriculation status provided that—

(i) they have satisfactorily completed an approved course of systematic study extending over at least three years after passing the School Certificate Examination, or

(ii) they satisfy the Professorial Board that they have reached a standard of education sufficient to enable them profitably to pursue the first year of the proposed course.

(c) Any applicant for provisional status may be required to take such examination as the Professorial Board may prescribe before such status is granted.

3. The Professorial Board may at its discretion permit a person, who does not satisfy the requirements for admission, to attend lectures in a subject or subjects at the University, on payment of the prescribed fees provided that such person shall not necessarily have the privileges of "matriculated students" and shall not be eligible to proceed to a degree.

SECTION C

SPECIAL MATRICULATION REQUIREMENTS TO OPERATE IN 1968 ONLY

(Determinations of the Professorial Board in terms of Clause 6 of the normal requirements as set out in Section A above)

The Professorial Board has determined that, for 1968 only,

---

a The Professorial Board has determined that normally confirmation of standing as a "matriculated student" will require the successful completion of not less than half the normal programme in the first year of enrolment.
(a) a candidate who qualifies by means of the 1967 Higher School Certificate examination to matriculate in any other university in New South Wales or in the Australian National University shall be deemed to have qualified to matriculate in the University of New South Wales under the provisions of Clause 6 of the matriculation requirements set out in Section A above.

(b) a candidate who achieves at the 1967 Higher School Certificate Examination a standard acceptable to the Professorial Board in English and any four other subjects approved for matriculation purposes shall be deemed to have qualified to matriculate in the University of New South Wales under the provisions of Clause 6 of the matriculation requirements set out in Section A above. For this purpose Mathematics and Science both taken as full courses shall count as three subjects.

(c) the special requirements pertaining to entry to a particular faculty, course or subject, referred to in Clause 6 of Section A, shall be as set out in Schedule B.

Schedule B

SPECIAL FACULTY, COURSE OR SUBJECT REQUIREMENTS IN TERMS OF CLAUSE 6 OF THE NORMAL REQUIREMENTS AS SET OUT IN SECTION A ABOVE

(TO OPERATE ONLY IN 1968)

A. FACULTY REQUIREMENTS

APPLIED SCIENCE, ENGINEERING, MEDICINE AND SCIENCE

Passes in Science at the second level short course or higher and in Mathematics either at the second level full course or higher or at the second level short course at a standard acceptable to the Professorial Board.

ARCHITECTURE

Passes in Mathematics at the second level short course or higher and in Science at the second level short course or higher.
COMMERCE
Passes in Mathematics at the second level short course or higher and in English at either the second level or higher or at the third level at a standard acceptable to the Professorial Board.

ARTS
A pass in English at the second level or higher, or a pass at the third level at a standard acceptable to the Professorial Board.

B. COURSE REQUIREMENTS
(Courses under the control of the Board of Vocational Studies)

SOCIAL WORK COURSE
(Bachelor of Social Work)
As for Faculty of Arts.

INDUSTRIAL ARTS COURSE
(B.Sc. and B.Sc. (Tech.)) and

SHEEP AND WOOL TECHNOLOGY
(EDUCATION OPTION) COURSE (B.Sc.)
As for Faculties of Applied Science, Engineering, Medicine and Science.

C. SUBJECT REQUIREMENTS

10.011—HIGHER MATHEMATICS I—
A pass in Mathematics at the second level full course or higher.

10.001—MATHEMATICS I—
A pass in Mathematics at the second level short course at a standard acceptable to the Professorial Board.

10.021—MATHEMATICS IT—
A pass in Mathematics at the second level short course.

PHYSICS I
CHEMISTRY I
GENERAL AND
HUMAN BIOLOGY
GEOLOGY I
As for Faculties of
Applied Science,
Engineering,
Medicine and
Science.
ECONOMICS II
ECONOMICS III

As for Faculty of Commerce.

FRENCH I
A pass in French at second level or higher.

GERMAN I
A pass in German at second level or higher or in Introductory German.

INTRODUCTORY GERMAN
INTRODUCTORY SPANISH
PRELIMINARY ITALIAN

A pass in any other foreign language at second level or higher.

Note: Candidates who depend for matriculation on a pass in a subject "at a standard acceptable to the Professorial Board" (indicated in italics throughout the above statement) may ascertain whether they have satisfied this standard by written application to the Registrar which must be lodged not later than 22nd January, 1968.
ENROLMENT PROCEDURE FOR UNDERGRADUATE COURSES

First Enrolments. Application for enrolment in first year must wherever possible be made in person to the Student Enrolment Bureau, Unisearch House, 221 Anzac Parade, Kensington, as soon as the results of the Higher School Certificate Examination are published, but in any event not later than 22nd January.

Students in the Faculty of Arts attending at Kensington must in their first year enrol in at least three courses unless otherwise permitted by the Dean.

Country residents who wish to enrol with the University should write to the Registrar, P.O. Box 1, Kensington, for a form on which to make their preliminary application. This form must be returned not later than 22nd January.

New students complete their enrolment at a specified appointment time in the second week before the start of First Term. Fees must be paid on the day of the appointment. However, in special circumstances and provided class places are still available, students may be accepted for enrolment after the prescribed week subject to the payment of a late fee.

Applicants for enrolment with advanced standing or applicants relying on overseas examinations for matriculation should lodge an application with the Admissions Office prior to 1st October of the year preceding that in which admission is sought.

First Year Repeats. First Year students who fail all subjects at the annual examinations and who are not granted any deferred examinations must apply for re-enrolment to the Student Enrolment Bureau at the time set out above for First Enrolments. Other first year repeat students (i.e., those who have passed in at least one subject) follow the procedure set out below for Later Year Enrolments.

Later Year Enrolments

Before the end of third term, each student must obtain an enrolment form (UE3) and form Arts/68 with attached instruction sheet. After notification of the annual examination results, the student should set out a proposed programme for 1968 on form Arts/68 and forward or deliver this, together with completed
enrolment form UE3 to reach the Faculty Office not later than Monday, 22nd January, 1968.

All students, except those classified as First Enrolments (as noted above) must collect their enrolment form, which will contain the authorised programme for 1968, from Rooms G3 and G4, Morven Brown Building, in accordance with the following timetable:

**Year II**

Students whose surnames have initial letter from “A” to “L” ... ...  
Monday, 26th February, 9.30 a.m. to 12.30 p.m.

Students whose surnames have initial letter from “M” to “Z” ... ...  
Monday, 26th February, 2.00 p.m. to 4.30 p.m.

**Year III and Year IV**

Students whose surnames have initial letter from “A” to “C” ... ...  
Tuesday, 27th February, 9.30 a.m. to 12.30 p.m.

Students whose surnames have initial letter from “D” to “G” ... ...  
Tuesday, 27th February, 2.00 p.m. to 4.30 p.m.

Students whose surnames have initial letter from “H” to “K” ... ...  
Wed., 28th February, 9.30 a.m. to 12.30 p.m.

Students whose surnames have initial letter from “L” to “O” ... ...  
Wed., 28th February, 2.00 p.m. to 4.30 p.m.

Students whose surnames have initial letter from “P” to “S” ... ...  
Thurs., 29th February, 9.30 a.m. to 12.30 p.m.

Students whose surnames have initial letter from “T” to “Z” ... ...  
Thurs., 29th February, 2.00 p.m. to 4.30 p.m.

**New Students with advanced standing and miscellaneous students** ... ...  
Friday, 1st March, 9.30 a.m. to 12.30 p.m.

2.00 p.m. to 4.30 p.m.

**Miscellaneous Subjects**

Students may be accepted for enrolment in miscellaneous subjects provided the University considers that the subject/s will be of benefit to the student and there is accommodation available. Only in exceptional circumstances will subjects taken in this way count towards a degree or diploma.
Students seeking to enrol in miscellaneous subjects should obtain a letter of approval from the Head of the appropriate School or his representative permitting them to enrol in the subject concerned. The letter should be given to the enrolling officer at the time of enrolment. Where a student is under exclusion he may not be enrolled in miscellaneous subjects unless given approval by the Professorial Board.

Students who have obtained permission to enrol should attend for enrolment at Room G3, Morven Brown Building, on:

- **Friday, 1st March**
  - 9.30 a.m. to 12.30 p.m.
  - 2.00 p.m. to 4.30 p.m.
  - 6.00 p.m. to 7.30 p.m.

**Enrolment in Italian at the University of Sydney**

Arts students who wish to take courses in Italian at the University of Sydney to count towards their degree, should:

1. Obtain a letter of permission from the Faculty of Arts Office (Room 170, Morven Brown Building).
2. Present or post this letter to the Information and Enrolment Office, University of Sydney, before the end of January, 1968.
3. On receipt of the letter the University of Sydney will give the student concerned the necessary enrolment forms.

**Final Dates for Enrolment**

No enrolments will be accepted from new students after the end of the second week of term (15th March, 1968) except with the express approval of the Registrar and the Head of the School concerned; no *later year enrolments* will be accepted after 31st March without the express approval of the Registrar, which will be given in exceptional circumstances only.

**Enquiries Concerning Course Regulations**

Students requiring assistance should consult Miss J. Willson. Tel: 663-0351, extn. 2248, Room 170, Morven Brown Building, between the hours of 10.30 and 11.30 a.m. and 2.30 and 3.30 p.m.
UNIVERSITY UNION CARD

All students other than miscellaneous students are issued with a University Union membership card. *This card must be carried during attendance at the University and shown on request.*

The number appearing on the front of the card in the space at the top righthand corner is the student registration number used in the University’s records. *This number should be quoted in all correspondence.*

The card must be presented when borrowing from the University libraries, when applying for Travel Concessions and when notifying a change of address. It must also be presented when paying fees on re-enrolment each year when it will be made valid for the year and returned. Failure to present the card could result in some inconvenience in completing re-enrolment.

A student who loses a Union Card must notify the University Union as soon as possible.

*New Students* will be issued with University Union cards by mail to their term address as soon as possible after fee payment. In the meantime, the fees receipt form should be carried during attendance at the University and shown on request. If the Union card is not received within three weeks of fee payment the University Union should be notified.
FEES

Fees are current at the time of publication, and may be amended by Council without notice.

Fees for Arts Courses

(i) Pass—$84 per annum per subject or $28 per term per subject.

(ii) Honours—an additional $26 per annum per subject in which honours is taken in student’s second and third years and $110 per subject per annum in the fourth year.

(iii) Students taking subjects at the University of Sydney as part of their regular course are required by that University to pay lecture fees only.

(iv) Thesis Fee—Students who have completed the final examinations but have a thesis still outstanding are required to pay $20 per annum (no term payment).

Miscellaneous Subjects

(i) Pass—$84 per annum per subject or $28 per term per subject.

(ii) Where the honours section only of an Arts subject is taken the fee payable is $26 per annum per subject. Where a full subject at the honours level is taken or where an Honours Course IV subject is taken, the fee payable is $110 per annum per subject.

Other Fees

In addition to the course fees set out above all registered undergraduates will be required to pay—

(i) Matriculation Fee—$7—payable at the beginning of first year.

(ii) Library Fee—annual fee—$12.

(iii) University Union—$20—entrance fee.
(iv) Student Activities Fees.
University Union*—$12—annual subscription.
Sports Association*—$2—annual subscription.
Students’ Union*—$4—annual subscription.
Miscellaneous—$10—annual fee.
Total—$28.

(v) Diploma or Graduation Fee—$7—payable at the completion of the course.

(vi) Deferred examination—$5 for each subject.

(vii) Examinations conducted under Special Circumstances—$7—for each subject.

(viii) Review of Examination Result—$7—for each subject.

(ix) Chemistry Kit Hiring Charge—$4 per kit.
Additional charge for breakages and losses in excess of $1 may be required.

(x) Excursion Fee—$2 per subject (biology, botany, zoology, entomology).

Late Fees
First Enrolments
Fees paid on the late enrolment session and before the commencement of term ... ... ... ... ... ... $6
Fees paid during the 1st and 2nd weeks of term ... ... ... $12
Fees paid after the commencement of the 3rd week of term with the express approval of the Registrar and Head of School concerned ... ... ... ... $23

Re-Enrolments
First term
Failure to attend enrolment centre during enrolment week $6
Fees paid after the commencement of the 3rd week of term to 31st March ... ... ... ... ... $12
Fees paid after 31st March where accepted with the express approval of the Registrar ... ... ... $23

Second and Third terms
Fees paid in 3rd and 4th weeks of term ... ... ... ... $12

* Life members of these bodies are exempt from the appropriate fee or fees.
Fees paid thereafter $23

Late lodgment of Application for Admission to Examinations (late applications will be accepted for three weeks only after the prescribed dates) $5

Withdrawal from Course

Students withdrawing from a course are required to notify the Registrar in writing. Fees for the course accrue until a written notification is received.

Where notice of withdrawal from a course is received by the Registrar before the first day of First Term a refund of all fees paid other than the matriculation fee will be made.

Where a student terminates for acceptable reasons a course of study before half a term has elapsed, one-half of the term's fees may be refunded. Where a student terminates a course of study after half a term has elapsed, no refund may be made in respect of that term's fees.

The Library fee is an annual fee and is not refundable where notice of withdrawal is given after the commencement of First Term.

On notice of withdrawal a partial refund of the Student Activities Fees is made on the following basis:

- University Union—$2 in respect of each half term.
- University of New South Wales Students’ Union—where notice is given prior to the end of the fifth week of First Term $2, thereafter no refund.
- University of New South Wales Sports Association — where notice is given prior to 30th April a full refund is made, thereafter no refund.
- Miscellaneous—where notice is given prior to 30th April $5, thereafter no refund.

PAYMENT OF FEES

Completion of Enrolment

All students are required to attend the appropriate enrolment centre during the prescribed enrolment period* for authorisation.

* The enrolment periods for Sydney students are prescribed annually in the leaflets “Enrolment Procedure for New Students” and “Enrolment Procedure for Students Re-enrolling”.
of course programme. Failure to do so will incur a late fee of $6.

First year students (including students repeating first year) must complete enrolment (including fee payment) before they are issued with class timetables or permitted to attend classes. A first year student who has been offered a place in a course to which entry is restricted and fails to complete enrolment (including fee payment) at the appointed time may lose the place allocated.

Fees should be paid during the prescribed enrolment period, but will be accepted without incurring a late fee during the first two weeks of First Term. (For late fees, see above.) No student is regarded as having completed an enrolment until fees have been paid. Fees will not be accepted (i.e., enrolment cannot be completed) from new students after the end of the second week of term (i.e., 15th March, 1968), and after 31st March, from students who are re-enrolling, except with the express approval of the Registrar, which will be given in exceptional circumstances only.

Payment of Fees by Term

Students who are unable to pay their fees by the year may pay by the term, in which case they are required to pay first term course fees and other fees for the year, within the first two weeks of First Term. Students paying under this arrangement will receive accounts from the University for Second and Third Term fees. These fees must be paid within the first two weeks of each term.

Assisted Students

Scholarship holders or Sponsored Students who have not received an enrolment voucher or appropriate letter of authority from their sponsor at the time when they are enrolling should complete their enrolment paying their own fees. A refund of fees will be made when the enrolment voucher or letter of authority is subsequently lodged with the Cashier.

Extension of Time

Any student who is unable to pay fees by the due date may apply in writing to the Registrar for an extension of time. Such application must give year or stage, whether full-time or part-time and the course in which the applicant wishes to enrol, state clearly
and fully the reasons why payment cannot be made and the extension sought, and must be lodged before the date on which a late fee becomes payable. Normally the maximum extension of time for the payment of fees is until 31st March for fees due in first term and for one month from the date on which a late fee becomes payable in Second and Third Terms. Where an extension of time is granted to a first year student in First Term, such student may only attend classes on the written authority of the Registrar, but such authority will not normally be given in relation to any course where enrolments are restricted.

**Failure to Pay Fees**

Any student who is indebted to the University and who fails to make a satisfactory settlement of his indebtedness upon receipt of due notice ceases to be entitled to membership and privileges of the University. Such a student is not permitted to register for a further term, to attend classes or examinations, or to be granted any official credentials.

No student is eligible to attend the annual examinations in any subject where any portion of his course fees for the year is outstanding after the end of the fourth week of Third Term.

In very special cases the Registrar may grant exemption from the disqualification referred to in the two preceding paragraphs upon receipt of a written statement setting out all relevant circumstances.
RULES RELATING TO STUDENTS

GENERAL CONDUCT

Acceptance as a member of the University implies an undertakings on the part of the student to observe the regulations, by-laws and other requirements of the University, in accordance with the declaration signed at the time of enrolment.

In addition, students are expected to conduct themselves at all times in a seemly fashion. Smoking is not permitted during lectures, in examination rooms or in the University Library. Gambling is also forbidden.

ATTENDANCE AT CLASSES

Students are expected to be regular and punctual in attendance at all classes in the course or subject in which they are enrolled. All applications for exemption from attendance at lectures or practical classes must be made in writing to the Registrar.

In the case of illness or of absence for some other unavoidable cause a student may be excused by the Registrar from non-attendance at classes for a period of not more than one month, or on the recommendation of the Dean of the appropriate Faculty for any longer period.

Applications to the Registrar for exemption from re-attendance at classes, either for lectures or practical work, may only be granted on the recommendation of the Head of the appropriate School. The granting of an exemption from attendance does not carry with it exemption from payment of fees.

Application forms for exemption from lectures are available at the Admissions Office and should be lodged there (with a medical certificate where applicable). If term examinations have been missed this fact should be noted in the application.

Where a student has failed a subject at the annual examinations in any year and re-enrols in the same course in the following year, he must include in his programme of studies for that year the subject in which he has failed. This requirement will not be applicable if the subject is not offered the following year; is not a compulsory component of a particular course; or if there is some other cause, which is acceptable to the Professorial Board, for not immediately repeating the failed subject.
Where a student has attended less than eighty per cent of the possible classes, he may be refused permission to sit for the examination in that subject.

CHANGES IN COURSE PROGRAMMES

Students seeking approval for variation of enrolment programme or seeking to withdraw from subjects must make application to the Head of the School responsible for the course. Forms for this are obtainable only at the Faculty Office, Room 170, and must be returned to that office upon completion. The Registrar will inform students of the decision. Approval of withdrawal from subjects is not automatic, each application being determined after considering the circumstances advanced as justifying withdrawal. It should be noted that withdrawal from a subject or course after Term I will not be approved unless there are special circumstances. It is emphasised that failure to sit for the examination in any subject for which a student has enrolled is regarded as failure to pass that examination unless written approval to withdraw has been given by the Registrar.

RESTRICTION UPON STUDENTS RE-ENROLLING IN UNIVERSITY COURSES

The University Council has adopted the following rules governing re-enrolment with the object of requiring students with a record of failure to show cause why they should be allowed to re-enrol and retain valuable class places. These rules will be applied retrospectively from January, 1962, and the attention of students is drawn to them.

(i) As from 1st January, 1962, a student shall show cause why he should be allowed to repeat a subject in which he has failed more than once. (Failure in a deferred examination as well as in the annual examination counts, for the purpose of this regulation, as one failure). Where such subject is prescribed as a part of the student’s course he shall be required to show cause why he should be allowed to continue the course. A student in the medical course shall show cause why he should be allowed to repeat the second year of the course if he has failed more than once to qualify for entry to the third year.
(ii) Notwithstanding the provisions of Clause (i), a student shall be required to show cause why he should be allowed to continue a course which he will not be able to complete in the time set down in the following schedule:

<table>
<thead>
<tr>
<th>Number of years in course</th>
<th>Total time allowed from first enrolment to completion (Years)</th>
</tr>
</thead>
<tbody>
<tr>
<td>3</td>
<td>5</td>
</tr>
<tr>
<td>4</td>
<td>6</td>
</tr>
<tr>
<td>5</td>
<td>8</td>
</tr>
<tr>
<td>6</td>
<td>9</td>
</tr>
<tr>
<td>7</td>
<td>11</td>
</tr>
<tr>
<td>8</td>
<td>12</td>
</tr>
</tbody>
</table>

(iii) No full-time student shall, without showing cause, be permitted to continue a course unless all subjects of the first year of his course are completed by the end of his second year of attendance. **No student in the Faculty of Arts** shall, without showing cause, be permitted to continue a course unless he completes four subjects, one of which must be from Group II, by the end of his second year of attendance.*

No part-time student shall, without showing cause, be permitted to continue a course unless all subjects of the first two stages of his course are completed by the end of his fourth year of attendance and all subjects of the third and fourth stages of his course by the end of his seventh year of attendance.

No student in the Faculty of Medicine shall, without showing cause, be permitted to continue with the medical course unless he completes the second year of the course by the end of his third year of attendance, and the third year of the course by the end of his fourth year of attendance.

(iv) A student who has a record of failure in a course at another University shall be required to show cause why he should be admitted to this University. A student admitted to a course at this University following a record of failure at another University shall be required to show

---

* Rule (iii) in so far as it relates to students in the Faculty of Arts will apply retrospectively as from 1st January, 1967, and in so far as it relates to students in the Faculty of Medicine, will apply to students enrolling for the first time in 1967, or thereafter.
cause, notwithstanding any other provisions in these rules, why he should be permitted to continue in that course if he is unsuccessful in the annual examinations in his first year of attendance at this University.

(v) Any student excluded under any of the Clauses (i)-(iii) may apply for re-admission after two academic years and such application shall be considered in the light of any evidence submitted by him.

(vi) A student wishing "to show cause" under these provisions shall do so in writing to the Registrar. Any such application shall be considered by the Professorial Board, which shall determine whether the cause shown is adequate to justify his being permitted to continue his course or re-enrol, as the case may be.

(vii) The Vice-Chancellor may on the recommendation of the Professorial Board exclude from attendance in a course or courses any student who has been excluded from attendance in any other course under the rules governing re-enrolment and whose record at the University demonstrates, in the opinion of the Board and the Vice-Chancellor, the student's lack of fitness to pursue the course nominated.

(viii) A student who has failed, under the provisions of Clause (vi) of these rules, to show cause acceptable to the Professorial Board why he should be permitted to continue in his course, and who has subsequently been permitted to re-enrol in that course or to transfer to another course, shall also be required to show cause, notwithstanding any other provisions in these rules, why he should be permitted to continue in that course if he is unsuccessful in the annual examinations immediately following the first year of resumption or transfer of enrolment as the case may be.

(ix) A student may appeal to an Appeals Committee constituted by Council for this purpose against his exclusion by the Professorial Board from any subject or course.

RE-ADMISSION AFTER EXCLUSION

Applications for re-admission must be made on the standard form and lodged with the Registrar not later than 30th June of the year prior to that for which re-admission is sought. An application
should include evidence of appropriate study in the subjects (or equivalents) on account of which the applicant was excluded. In addition, evidence that circumstances which were deemed to operate against satisfactory performance at the time of exclusion are no longer operative or are reduced in intensity should be furnished. An applicant may be required to take the annual examinations in the relevant subjects as qualifying examinations in which case re-admission does not imply exemption from the subject.

It should be noted that a person under exclusion may not be enrolled in miscellaneous subjects unless he has received the approval of the Professorial Board. Persons who intend applying for re-admission to the University at a future date may seek advice as to ways in which they may enhance their prospects of qualifying for re-admission. Enquiries should be made on a form obtainable from the Examinations Branch, and lodged with the Registrar.
STUDENT SERVICES

LIBRARY SERVICES

The University Library is located on the upper campus adjacent to the Chancellery, the Morven Brown Building and the John Goodsell Building.

Students are expected to read widely and critically, and to avail themselves of the reference and lending service. The Library also possesses many journals, and students are advised to take full advantage of this very comprehensive collection.

The hours of the Library are:
During term: Monday to Friday ... 9 a.m. to 12 midnight
Saturday ... 9 a.m. to 5 p.m.
Sunday ... 2 p.m. to 6 p.m.

During Vacation and Public Holidays: Refer to Library Notice Board.

All students are urged, in their own interests, to familiarise themselves as soon as possible with all facets of the Library: the photocopying service; the indexing system; and the rules under which publications may be borrowed. Students are advised that they are expected to devote a considerable part of the vacations to reading.

For other details, reference should be made to the brochure, Guide to the Library, issued on enrolment.

THE UNIVERSITY UNION

Warden—A. T. Cuningham, B.Ec.(Syd.)

The University Union, housed in the circular building and joined by a courtyard to an adjacent rectangular building, is located near the entrance to the Kensington campus from Anzac Parade. Membership of the Union is compulsory for all registered students of the University and is also open to all members of staff and graduates of the University.

The full range of facilities provided by the Union includes a cafeteria service and other dining facilities, a large shopping centre, cloak room, banking and hairdressing facilities, showers, a women's lounge, common rooms, games rooms, reading rooms, etc.

The constitutional objects of the Union are "to create opportunities to encourage the development of social and intellectual intercourse between members of the Union; to provide premises and other amenities which shall be the common meeting ground
and social centre for members of the Union; to provide facilities for the refreshment, entertainment, recreation and convenience of members of the Union; to secure the co-operation of members of the Union in furthering the interests of the University; to generally organise and direct such activities as may be deemed appropriate for giving expression to the interests of members of the Union or for carrying out any of the objects aforesaid."

STUDENT COUNSELLING AND RESEARCH UNIT

The Student Counselling and Research Unit offers a counselling service to enable students and prospective students to take the fullest advantage of their educational and vocational opportunities.

The Unit offers an individual service to students with educational, vocational or personal planning problems. Most students, whatever their academic achievements, at one time or another need help in overcoming difficulties. These difficulties may take the form of doubts about the wisdom of choosing a certain course, poor study methods, changed career plans, fear of impending failure, or other more personal problems. Or they may wish to take stock with a view to clarifying their goals. Whatever the problems may be, an open invitation is extended to students to make an appointment to discuss them.

Prospective students may need assistance in planning their future, for example, in evaluating their interests, capacities and achievements in relation to the demands of a university course and a subsequent career. Senior secondary school pupils are encouraged to seek a counsellor's assistance well before the publication of the Higher School Certificate examination results, as careful consideration over a period of time is usually needed in matters of course choice and preparation for a university programme.

Short programmes, participation in which is voluntary, are offered by the Unit to help established or recently enrolled students to develop the various necessary study skills to a level appropriate to the management of University studies. These programmes are available in group and individual sessions according to the circumstances and special needs of the participants.

Reading improvement, general study methods, lecture note-taking, and a variety of other programmes have been offered recently. Films, tape recordings and special reading equipment have been used as aids by the counsellors managing the group counselling activities. Each group programme is nor-
mally completed within an academic session. However, pro-
vided sufficient demand exists, special programmes will be
offered during vacation periods. Other study skills programmes
may be developed on request or following exploratory research.
Opportunities to discuss personal study problems on an indi-
vidual basis are also readily available.

The Student Counselling and Research Unit is located in
Hut I opposite the northern end of the Electrical Engineering
Building at Kensington.

During term the Unit will be open from 9 a.m. to 9 p.m. to
meet the convenience of both full-time and part-time students,
but day or evening interviews may be arranged throughout the
year.

Appointments must be made for counselling and study skills
advice. To arrange an appointment please call at the Unit or
ring 663-0351; extension 2600 to 2605, during office hours.
9 a.m. to 5 p.m.

UNDERGRADUATE SCHOLARSHIPS

Commonwealth Scholarships

Students enrolling in first degree courses are eligible. Benefits
include payment of all tuition fees and other compulsory fees,
and living allowances (the latter being subject to a means test).
Full particulars and application forms may be obtained from the
Officer-in-charge, N.S.W. Branch Office, Department of Education
and Science, La Salle Building, 70 Castlereagh Street, Sydney
(Box 3987, G.P.O., Sydney). Phone numbers: 28 4137 or 25 5447.

Teacher's College Scholarships

Full particulars and application forms may be obtained from
the Officer-in-charge, Teacher Training Division, N.S.W. Depart-
ment of Education, Blackfriars Street, Chippendale. Phone num-
ber: 211 4566.
STUDENT ACTIVITIES

The Arts Faculty Society

During the past year the Arts Faculty Society, owing to the zeal of the committee members and the enthusiastic support of the majority of Arts students, reached a new high in its level of activity.

At present the aim of the society is to complement the students’ academic life by providing many social functions throughout the year. In 1967 the Society ran a number of cocktail parties and also the Arts Balls. In addition, the Society encourages and supports inter-Faculty sports for both men and women.

Membership of the Society is a must for all new students, and application forms are available during Orientation Week. Any further details may be obtained from the President, Helen McCurdy, Students’ Union Office, 663-3109, Home 38-3059 or Secretary, Margret Herford at 36-5524.

Dramsoc (University of N.S.W. Dramatic Society)

Dramsoc is one of the oldest and most widely respected of the University Societies. In 1968 we hope to have a most comprehensive programme of plays, play-readings, and revues. We wish to encourage many active new members, and to this end propose to hold acting classes two nights a week in the Main Theatrette. The fee will be very reasonable, and a number of visiting lecturers will be invited to talk in detail on various aspects of the theatre. These classes are designed to cater for interested students and to uncover new talent among our members. These opportunities are for everyone. For further information on Dramsoc, write c/o Box 69, University Union.

Historical Society

The Historical Society is one of the most active cultural societies in the University, enjoying the active support of the staff of the School of History, and the patronage of Professor Crowley. It seeks to promote and nourish a love of history, given its broadest possible interpretation.

Towards this end its activities are wide in both number and scope. They have included the publication of an Academic Journal and presentation of Conference Papers as well as a Wine-Tasting
and a talk on American University Students.

In an effort to widen its operational appeal, the Society has broadened membership opportunity beyond students in the School of History. A uniform fee of 50c is now charged on unrestricted annual membership. In addition, application to the Executive may be made for Life Membership. As this new system establishes itself, it is intended that members will receive the Society’s Journal at reduced cost; an additional periodic newsletter, as well as free attendance at the public functions of the Society at which admission is levied on non-members.

Further copies and membership applications should be directed to Box 53, The Union, or phone 523-5691 between the hours of 6-8 p.m.

**The Politics Club**

The Politics Club is an independent political club not aligned or associated with any political party or faction. Its membership is open to all students of the University and its aim is to provide an opportunity for students interested in politics in general or in the study of some particular field of politics to meet to discuss varying political issues and ideas. The club holds discussion groups and seminars interposed with public meetings which are addressed by students, staff and speakers from outside the university.

The Club is associated with the School of Political Science and any inquiries which would be welcomed should be directed to Mrs. Peggy Craven, Secretary to the School of Political Science. (Phone: 663-0351, ext. 2239.)

**The French Society**

The French Society is one of the newer of the University Societies, now entering its third year of activities. In the past these have included the showing of French films, picnics, dinners and evening meetings, some of them with slides and music. There have been talks by native speakers of French, debates in English and French on subjects concerning French students, and at all soirées conversations over supper in French or English or a mixture of both.

The French Society's aim is to give students of French a chance to use their knowledge and to meet one another in the process. It also provides opportunities for those interested in
acting to perform in French plays, as they did in the highly successful production of Ionesco's "Le Roi Se Meurt" earlier this year. A collection of French periodicals and University Handbooks is also available on loan to members of the Society.

Students from all faculties with even a limited knowledge of French are welcome. Further information may be obtained from Priscilla Baker (Phone: 32-7136) or by writing to her at 33 Moncur Street, Woollahra.

Socratic Society

The purpose of the Socratic Society is to promote discussion on controversial and intellectually stimulating topics.

Membership of the Society is not in any way limited to one School or Faculty and the matters discussed cover a wide field. The Society organises regular public meetings, private meetings and seminars and publishes a magazine, Cogito.

Private meetings and seminars are open to members only. Seminars have been held on a wide range of topics including religion, censorship, sexual morality, existentialism. At private meetings, papers on such topics as philosophy of science (the subject of a highly successful series during 1967) are read and discussed. Meetings have been held on such topics as Marxism, Euthanasia, Censorship and the White Australia Policy.

The Society as such has no views, except that discussion is a good thing: its members have diverse outlooks and find that the seminars and meetings give them an excellent opportunity to express them.

Further information may be obtained from Mr. A. W. Sparkes, c/o The School of Philosophy.

The Julian Society

The Julian Society is the student literary society in the University. The aim of the society is to promote discussion of literature and related topics by means of fortnightly informal meetings. At these meetings a short talk is presented by a guest speaker (either a student, staff member or visiting guest), and this is followed by informal discussion and supper. Membership of the society is 50c for students, 75c for associate members and $1.00 for staff members. Further information may be obtained from Dr. Heseltine (School of English), ext. 2247, and Kathleen Chivers (Secretary), c/- School of English.
The Sociological Society

The Sociological Society is possibly the youngest student society. It aims to carry on fairly informal fortnightly discussions, to invite speakers to assist in the further exploration of matters arising in these discussions, and to carry out further researches as thought necessary.

A lunch hour talk, followed by discussion, on “Pop Culture” and an evening function, with music, on “Buddhism and Burma” were well attended and regarded “as the sort of thing the Society should do more often”.

All students studying sociology automatically become members. Others who are interested may become associate members, with the same rights. For further information inquire School of Sociology.
The Schools of the Faculty of Arts offer undergraduate courses to Honours level, and graduate courses in the fields of Drama, Economics, English, History and Philosophy of Science, Mathematics, Philosophy, Political Science, Psychology, Sociology and Western European Languages (French, German and Spanish). Graduate courses are also offered by the Schools of Education and Librarianship.

The School of Geography offers an undergraduate first year course in the Faculty of Arts and it is expected that, in later years, courses to Honours level will be offered in this subject. The teaching of Russian will commence in 1969, and in the same year the School of Education will begin offering undergraduate courses.

The undergraduate courses offered lead to the degree of Bachelor of Arts (B.A.) at either Pass or Honours level and all students proceeding to the degree are required to study at least one course of History and Philosophy of Science, or alternatively, at least one course of Physics, Chemistry, the Biological Sciences or Geology.

The graduate courses offered for qualified students lead to the degree of Master of Arts (M.A.), Master of Education (M.Ed.), Master of Librarianship (M.Lib.) or Doctor of Philosophy (Ph.D.). Qualified applicants may also register for the Graduate Diploma in Librarianship (Dip.Lib.). In addition, the Faculty may recommend the award of the degree of Doctor of Letters (D.Litt.) for an original contribution of distinguished merit to Letters.

Details of the requirements and the conditions governing the award of these graduate degrees and diplomas are contained in Section C of the Calendar.

THE DEGREE OF BACHELOR OF ARTS

Courses qualifying for this degree are available in the University of New South Wales at Kensington for full-time day students only. The University College at Wollongong, however, offers a restricted range of qualifying courses which are available to
both full-time and part-time students and reference should be made to the handbook of the College for further information about these courses.

Students may take courses in Italian at the University of Sydney to count towards the degree in the University of New South Wales (see under "Enrolment Procedures" and Section G, following).

For a student who wishes to study German or Spanish (or both) at University level but who has not taken one (or both) to Matriculation level, special first and second year university courses are available. These special courses are designated IZ (first year course) and IIZ (second year course) and the completion of Courses IZ and IIZ of either subject, together with such vacation reading and study as may be prescribed, will qualify a student to proceed, if he so desires, to the normal Course III of that subject.

One of four different programmes may be followed by a student studying for the degree. The first is the programme for the Pass Degree which consists of nine qualifying courses studied in particular sequences over a period of three years. The second is the programme for the General Honours Degree which is designed to enable a Pass Degree student with special merit to proceed to a fourth year of study. The third is the programme in Special Studies, which is designed to enable a student to undertake, over a period of four years, specialised study in one subject, although a certain number of courses of subsidiary subjects must also be taken. The fourth is the programme in Combined Special Studies which is designed to enable a student to undertake, over a period of four years, specialised study in two subjects together with courses of one or two subsidiary subjects. These four programmes are explained in detail in the following pages.

A student who is accepted for the Special Studies or Combined Special Studies programme will be regarded as a candidate for an Honours Degree.
The Rules governing the award of the degree are set out in the following pages and consist of:

Section A — Rules 1 to 11, which are applicable to all candidates for the degree and to the four programmes of study.

Section B — Rules 12 and 13, which apply specifically to the programme leading to the Pass degree.

Section C — Rules 14 to 19, which apply specifically to the programme leading to the General Honours degree.

Section D — Rules 20 to 26, which apply specifically to the Special Studies programme.

Section E — Rules 27 to 34, which apply specifically to the Combined Special Studies programme.

Section F — Rules 35 and 36, which apply to the granting of advanced standing for the degree.

Section G — Rule 37, which relates to a candidate for the degree who wishes to study Italian at the University of Sydney.

Section H — Rules 38 and 39, which are Saving Clauses.

Schedule A — which sets out the subjects available for study, the Group to which each subject has been allocated, the qualifying courses of each subject, and other information.

Schedule B — which sets out approved sequences of courses in Mathematics and Theory of Statistics.

These Rules apply to candidates who enrolled for the first time in the Faculty after 1st January, 1967. Candidates who were enrolled in the Faculty prior to 1st January, 1967, are required to comply with the old Rules, copies of which may be obtained in Room 170 in the Morven Brown Building.
RULES GOVERNING THE AWARD OF THE
DEGREE OF BACHELOR OF ARTS

SECTION A

Rules Applicable to all Candidates and to all Programmes of Study

1. The degree of Bachelor of Arts may be conferred as a Pass Degree or as a General Honours Degree or as an Honours Degree in Special Studies or as an Honours Degree in Combined Special Studies. There shall be three classes of Honours, namely, Class I, Class II in two Divisions and Class III.

2. No person shall be permitted to enrol in any qualifying course for the Degree of Bachelor of Arts at the same time as he is enrolled for any other degree in this University or elsewhere.

3. A person who has taken out a Pass Degree of Bachelor of Arts shall not be admitted to candidature for an Honours Degree.

4. Where, in the following Clauses, reference is made to the requirement that a candidate shall complete a course, the requirement shall be construed as meaning that the candidate shall

(a) attend such lectures, seminars and tutorials as may be prescribed in that course;

(b) perform satisfactorily in such exercises, laboratory work, essays and theses (if any), as may be prescribed in that course and undertake any prescribed reading relating to that course; and

(c) pass the examination or examinations in that course.

5. A candidate for the degree of Bachelor of Arts shall complete qualifying courses of subjects to the number, and in the sequences, prescribed in the following Clauses. Unless otherwise indicated, the subjects available for study, the Group to which each subject has been allocated and the qualifying courses of each subject are as set out in Schedule A to these Rules.

6. (a) A candidate shall pursue his studies as a full-time day student and, during his first year of study, shall enrol in and study, in each term, at least three of the courses listed in Schedule A.

(b) A candidate who has passed in German at Matriculation level may not enrol in German IZ. A candidate who has passed in Spanish at Matriculation level may not enrol in Spanish IZ.

(c) A candidate may not enrol in more than four courses in any one year.
7. (a) Course I or Course IZ of a subject, when completed, shall count as one qualifying course towards the degree, except that German IZ when completed, but not succeeded by the completion of German IIZ, shall not count as one qualifying course towards the degree.

(b) Course I of a subject followed by a Course II of that subject, or Course IZ of a subject followed by a Course IIIZ of that subject, shall be two consecutive courses of that subject. When both courses have been completed in the order described, they shall count as two qualifying courses towards the degree and shall be an approved sequence of two courses.

(c) Course I of a subject followed by a Course II of that subject followed by an appropriate Course III of that subject, or Course IZ of a subject followed by a Course IIIZ of that subject followed by an appropriate Course III of that subject, shall be three consecutive courses of that subject. When the three courses have been completed in the order described, they shall count as three qualifying courses towards the degree and shall be an approved sequence of three courses.

(d) Geology I and History and Philosophy of Science II may not both be counted as qualifying courses towards the degree.

8. A candidate may not enrol in a Course II of a subject until he has completed Course I of that subject; a candidate may not enrol in a Course IIIZ of a subject until he has completed Course IZ of that subject; a candidate may not enrol in a Course III of a subject until he has completed the appropriate Course II or Course IIIZ of that subject; a candidate may not enrol in Course IV of a subject until he has completed the appropriate Course IIA or IIB (or both) of that subject and has the approval of the Head of the School concerned.

9. (a) **Pre-requisite courses**

Before enrolling in any course listed in the left-hand column below, a candidate shall have completed the corresponding course listed as a pre-requisite in the right-hand column:—
Course | Pre-requisite Course
--- | ---
Botany 1 | General and Human Biology
Zoology 1 | General and Human Biology
Theory of Statistics 1 (either level) | Mathematics I or Higher Mathematics II or Mathematics I
Physics II | Mathematics I or Higher Mathematics I
Pure Mathematics II (either level) | Mathematics I or Higher Mathematics I
Applied Mathematics II (either level) | Mathematics I or Higher Mathematics I

(b) Co-requisite courses
A candidate shall not enrol in any course in the left-hand column below unless he enrols concurrently in (or has previously completed) the corresponding course listed as a co-requisite in the right-hand column:

**Course**

**Co-requisite course**

Applied Mathematics II (either level) Pure Mathematics II (either level)
Theory of Statistics II (either level) Pure Mathematics III (either level)

10. The following courses shall be regarded as consecutive courses of a subject and, when completed in the order described, shall count as two qualifying courses towards the degree and shall be regarded as an approved sequence of two courses:

**First Course**

**Second Course**

- (a) General and Human Biology
- (b) General and Human Biology
- (c) Mathematics I or Higher Mathematics II or Mathematics I
- (d) Theory of Statistics I

**in sequence**

Botany 1
Zoology 1
Theory of Statistics I
Theory of Statistics II

11. A candidate who wishes to study Mathematics beyond the Course I level or Theory of Statistics beyond the level described

\* Acceptable as a pre-requisite only if passed at credit level or higher.
in Clause 10 shall follow one of the approved sequences set out in Schedule B, or consult with the School of Mathematics with regard to alternatives.

SECTION B

Rules relating to the Programme for the Degree of Bachelor of Arts—Pass Degree

12. A candidate shall complete over a period of not fewer than three years nor more than five years nine qualifying courses of subjects chosen from those listed in Schedule A.

13. The nine qualifying courses so chosen shall comply with the following conditions:

(a) They shall consist of:
   (i) an approved sequence of three courses of one subject and an approved sequence of two courses of each of three other subjects;

   OR

   (ii) an approved sequence of three courses of each of two subjects, an approved sequence of two courses of one other subject and Course I of one other subject;

   OR

   (iii) an approved sequence of three courses of each of two subjects and Course I of each of three other subjects.

(b) At least one and not more than five courses shall be chosen from those specified in Group II of Schedule A.

SECTION C

Rules relating to the programme for the Degree of Bachelor of Arts—General Honours Degree

14. A student seeking Honours shall complete eleven qualifying courses of subjects over a period of not fewer than four years nor more than five years. The eleven qualifying courses shall be chosen from Schedule A and shall be completed in accordance with Clauses 15 to 18.

15. (a) Nine of the eleven courses shall be completed such that the student shall fulfil the requirements for the Pass
degree in accordance with Clauses 12 and 13. Provided the student has obtained a pass at Credit level or better in at least five of the nine courses by which he qualified for the Pass degree, he may apply to Faculty for formal recognition as a candidate for Honours.

(b) The remaining two of the eleven courses shall be completed in the Honours year and shall comprise Course III of each of two subjects of which only Courses I and II (or Courses IZ and IIIZ) have so far been completed and each of these two courses shall be completed with a pass at Credit level or better.

16. A candidate in his Honours year may be required to take both the Pass and Distinction syllabuses in the Course III of either or both of the two Honours year subjects. Alternatively, he may be required to take additional studies in either or both of the two Honours year subjects.

17. A student seeking recognition as a candidate for Honours, who has fulfilled the requirements for the Pass degree in accordance with Clause 13(a) (ii) or (iii) and who has obtained a pass at Credit level or better in at least five of the nine courses so completed, may, with Faculty approval, complete Course II (or Course IIIZ) of one or two (as the case may be) subjects of which only Course I (or Course IZ) has so far been completed. He may then apply to Faculty for formal recognition as a candidate for Honours and shall then proceed in accordance with the provisions of Clauses 15(b) and 16.

18. The award of Honours and grade of Honours shall be based upon a consideration of the full record of a candidate and, where Honours in any grade are awarded, they shall be listed as General Honours and not as Honours in a particular School or Schools.

19. Where a candidate for Honours has failed to meet the necessary standards of competence in his Honours year, no further examination shall be granted but the student may proceed to graduation with a Pass Degree, the requirements for which shall already have been met.

SECTION D

Rules relating to the Programme for the Degree of Bachelor of Arts in Special Studies—Honours Degree

20. The degree of Bachelor of Arts in Special Studies shall be
The University of New South Wales

awarded at Honours level only and a recognised candidate for Honours shall complete nine qualifying courses of subjects in four years of study. The nine qualifying courses, which shall include Course IV of the subject for Special Studies, shall be chosen from Schedule A and shall be completed in accordance with the provisions of Clauses 21 to 24. There shall be no re-examination in Course IV of the subject for Special Studies.

21. A student seeking recognition as a candidate for Honours shall choose as his subject for Special Studies one from Group I of Schedule A or History and Philosophy of Science.

22. Provided the student obtains in his first year of study a pass at Credit level or better in Course I or Course IZ of the subject for Special Studies, he may apply to the appropriate Head of School for formal recognition as a candidate for Honours.

23. A candidate for Honours shall complete the nine prescribed qualifying courses in accordance with the following:

(a) Course I (or Course IZ) of the subject for Special Studies shall be completed in the first year of study; Course II (or Course IIZ) shall be completed in the second year of study; Courses IIIA and IIIB shall be completed in the third year of study; and Course IV shall be completed in the fourth year of study. Candidates shall complete Courses II (or IIZ), IIIA and IIIB in both Pass and Distinction syllabuses.

(b) In addition, a candidate by the end of his second year of study, shall have completed four subsidiary courses which shall INCLUDE:

(i) at least one course of a subject chosen from Group II of Schedule A; and
(ii) an approved sequence of two courses of a subject chosen from either Group I or Group II of Schedule A,

except that a candidate whose subject for Special Studies is History and Philosophy of Science may choose all four subsidiary courses from either Group I or Group II of Schedule A, and these shall include an approved sequence of two courses.

(c) Subject to these Rules, the Head of the School of the subject for Special Studies may prescribe the subjects of which the four subsidiary courses shall be completed as required by sub-Clause (b) of this Clause.
24. A candidate must obtain a pass at Credit level or better in the examinations of all courses of his Special Studies subject.

25. In special circumstances a candidate for the Honours degree who does not fulfil the requirements of Clauses 20 to 24 or who seeks to withdraw from the Special Studies programme may be considered by Faculty for the award of the Pass Degree of Bachelor of Arts provided that he has completed at least eight courses in the Special Studies programme (including Courses IIIA and IIIB of the subject for Special Studies) and has obtained a pass at Distinction level or better in at least two of them beyond the first year level.

26. A candidate who at any stage fails to meet the necessary standards of competence and who does not fall within the provisions of Clause 25 may be required by Faculty to transfer to the programme for the Pass Degree and shall then comply with Clauses 12 and 13 to be eligible for the award of the Pass Degree. Alternatively, Faculty may prescribe an additional course or courses the completion of which shall render the student eligible for the award of the Pass Degree.

SECTION E

Rules Relating to the Programme for the Degree of Bachelor of Arts in Combined Special Studies—Honours Degree.

27. The degree of Bachelor of Arts in Combined Special Studies shall be awarded at the Honours level only and a recognised candidate for Honours shall complete nine qualifying courses of subjects in four years of study. The nine qualifying courses shall comprise eight of those listed in Schedule A plus a special Course IV which shall be concerned with study at an Honours level of two appropriate subjects and all nine courses shall be completed in accordance with the provisions of Clauses 28 to 32. There shall be no re-examination in the special Course IV.

28. A student seeking recognition as a candidate for Honours shall choose as his subjects for Combined Special Studies two from Group 1 of Schedule A provided that the subject History and Philosophy of Science from Group II may be one of the two chosen and further provided that the combination of subjects so chosen is approved by the Heads of the Schools concerned.

29. Provided the student obtains in his first year of study a
pass at Credit level or better in Course I or Course IZ of each of the subjects for Combined Special Studies, he may apply to the appropriate Heads of Schools for formal recognition as a candidate for Honours.

30. A candidate for Honours shall complete the nine prescribed qualifying courses in accordance with the following:

(a) Course I (or Course IZ) of each of the subjects for Combined Special Studies shall be completed in the first year of study; Course II (or Course IIIZ) of each of these subjects shall be completed in the second year of study; Course IIIA (or, in any special case, Course IIIB) of each of these subjects shall be completed in the third year of study; and a special Course IV relating to these two subjects and comprising studies jointly prescribed by the Heads of the Schools concerned shall be completed in the fourth year of study. Candidates shall complete Courses II (or IIIZ) and IIIA (or IIIB) in both Pass and Honours syllabuses.

(b) In addition, a candidate, by the end of his second year of study, shall have completed two subsidiary courses, at least one of which shall be chosen from Group II of Schedule A, except that a candidate studying History and Philosophy of Science as one of the subjects of Combined Special Studies may choose two courses, not elsewhere chosen, from either Group I or Group II of Schedule A.

(c) Subject to these Rules, the Heads of the Schools of the subjects for Combined Special Studies may prescribe the courses specified in sub-Clause (b) of this Clause.

31. Where a Course IIIB of one of the subjects for Combined Special Studies involves a Pass as well as a Honours component, that Course may, with the approval of the Head of the School concerned, be substituted for a Course IIIA in satisfying the relevant requirement of sub-Clause (a) of Clause 30.

32. A candidate must obtain a pass at Credit level or better in the examinations of all courses of both his subjects of Combined Special Studies and in the Special Course IV.

33. In special circumstances a candidate for the Honours degree who does not fulfil the requirements of Clauses 27 to 32 or who seeks to withdraw from the Combined Special Studies programme
may be considered by Faculty for the award of the Pass Degree of Bachelor of Arts provided that he has completed at least eight courses in the Combined Special Studies programme (including the Course III of each of the subjects for Combined Special Studies) and has obtained a pass at Distinction level or better in at least two of them beyond the first year level.

34. A candidate who at any stage fails to meet the necessary standards of competence and who does not fall within the provisions of Clause 33 may be required by Faculty to transfer to the programme for the Pass Degree and shall then comply with Clauses 12 and 13 to be eligible for the award of the Pass Degree. Alternatively, Faculty may prescribe an additional course or courses the completion of which shall render the student eligible for the award of the Pass degree.

SECTION F

Rules Relating to the Granting of Advanced Standing in a Programme for the Degree of Bachelor of Arts

35. (a) A graduate or undergraduate in another Faculty of this University may be granted advanced standing in a programme in the Faculty of Arts with credit for not more than four of the courses listed in Schedule A which have already been completed in the other Faculty.

(b) An undergraduate in the Faculty of Arts in another University may be granted advanced standing in a programme in the Faculty of Arts with credit for not more than four courses of subjects of the same title or subject matter as those listed in Groups I and II of Schedule A which have been completed at the other University, but not including a Course III.

(c) A graduate or an undergraduate of another University in a Faculty other than Arts may be granted advanced standing in a programme in the Faculty of Arts with credit for not more than three courses of subjects of the same title or subject matter as those listed in Groups I and II of Schedule A which have been completed at the other University but not including a Course III.

(d) Under special circumstances, credit may be granted to a candidate in the Faculty of Arts for Course I of not more than two Arts subjects which the candidate has
completed at another University but which are not included in Schedule A.

(c) Where an applicant seeks credit for one or more courses under the provisions of this Clause, he shall at the same time submit in writing to Faculty a statement setting out a list of the remaining courses that he proposes to complete in order to qualify for the degree. Faculty shall then determine the course or courses, if any, for which credit is to be granted and shall also determine the remainder of the applicant's programme.

36. Notwithstanding the provisions of Clause 35, Faculty may determine a special programme to be completed by

(a) a graduate in another Faculty of this University who has a degree with Honours and who wishes to be granted advanced standing in a programme for the degree of Bachelor of Arts,

(b) a student who wishes to be granted advanced standing in a programme for the degree of Bachelor of Arts with Honours,

provided that no candidate shall be granted, under this Clause, credit for more than half the number of courses normally required to obtain the degree.

SECTION G

Rule Relating to the Study of Italian

37. Notwithstanding the provisions of any other Clause in these Rules, a candidate for the degree of Bachelor of Arts may, with the approval of the Head of the School of Western European Languages and by arrangement with the University of Sydney, complete courses of Italian in that University and may count such courses as partially fulfilling the requirements for the degree of Bachelor of Arts, in accordance with the following:

(a) Preliminary Italian alone shall not count as a qualifying course but Preliminary Italian and Italian I, when completed, shall count as two qualifying courses towards the degree and shall be an approved sequence of two courses;

(b) Preliminary Italian, Italian I and Italian II, when completed, shall count as three qualifying courses towards
the degree and shall be an approved sequence of three courses;
(c) The subject. Italian. shall be deemed to be included in Group I of Schedule A.

SECTION II

Saving Clauses

38. Upon sufficient cause being shown. Faculty may. in a particular case or cases*. vary the requirements of any of the preceding clauses for the award of the degree of Bachelor of Arts provided that any proposed variation to Clauses 22, 23, 24, 28, 29, 30 or 32 shall be initiated by a report to the Faculty from the Head or Heads of Schools concerned recommending the proposed variation.

39. In the case of any student who was enrolled as a candidate in the Faculty prior to 1st January, 1967. Faculty may. in exceptional circumstances. determine a programme in accordance with these Rules to be followed by such student subsequent to 1st January, 1967. in order that he may satisfy the requirements for the degree.

NOTE: Faculty has determined that. for the time being. students at Wollongong University College who are enrolled as part-time candidates for the degree need not meet the requirements of Clause 6 (a).
SCHEDULE A

The following is a list of the subjects that may be studied in the Faculty of Arts, at Kensington. The subjects, which have been divided into two Groups, show the qualifying courses of each subject together with the distinguishing number of each qualifying course.

The honours syllabus of a course incorporates the pass syllabus of that course plus additional work; thus the hours shown for an honours syllabus include the hours shown for the pass course syllabus.

Further information on the content of each of the qualifying courses may be found in "Description of Subjects" in this Handbook and in Section D of the Calendar—Description of Subjects.

Programmes approved by the Faculty which make Pure Mathematics or the Theory of Statistics a major area of study are set out in this Schedule. Other programmes may also be approved — those shown should be taken as typical rather than exhaustive. Subjects indicated by the letters A, B, C, D and Z must be chosen so that any particular requirements relating to them are satisfied.

<sup>1</sup> This course is to be taken to satisfy the co-requisite requirement for 10.322; it is not to be included as one of the nine prescribed courses of the Rules.

<sup>†</sup> In certain circumstances, students may be permitted to enrol for second year mathematics higher courses if they obtain high grades in 10.001 Mathematics I, and also meet the requirements of the Head of School.
Attendance at Lectures and Tutorials

Undergraduates studying for the Degree of Bachelor of Arts must attend the prescribed lectures and tutorials in each subject of their course. Applications for exemption from attendance or for leave of absence should be made to the Registrar on forms obtained from and lodged at the Admissions Office.

Since there are maximum time limits on certain courses it is imperative that students absent for extended periods should secure formal leave.

Essays and Assignments

From time to time students are required to submit essays and exercises. All written work must be submitted as required and the standard of the written work submitted will be taken into account in assessing students’ results.

Admission to the Annual Examination

Students who fail to maintain a satisfactory record of attendance at lectures and tutorial classes or to submit written work when called upon to do so may be excluded from the Annual Examination.

Admission to Honours Programme

Students who wish to study for an Honours course (i.e., Special Studies or Combined Special Studies), must apply to the Head of the School in which they are specialising not later than the beginning of the second year of study.

Rules for Progression

Certain subjects must be passed as a prerequisite for taking others. Students should enquire from the Heads of Schools before planning their programmes.
ANNUAL EXAMINATIONS

The annual examinations take place in November-December for students in 30-week courses, and in September for students in 24-week courses. Timetables showing time and place at which individual examinations will be held are posted on the central notice boards. Misreading of the timetable is not an acceptable excuse for failure to attend an examination. Examination results are posted to the term address of students. No result will be given by telephone.

Examination results may be reviewed for a fee of $7 a subject, which is refundable in the event of an error being discovered. Applications for review must be submitted on the appropriate form, together with the necessary fee by the date indicated on the notification of results.

In the assessment of a student’s progress in University courses, consideration is given to work in laboratory and class exercises and to any term or other tests given throughout the year, as well as to the annual examination results.

A student who through serious illness or other cause outside his control is unable to attend an examination is required to bring the circumstances (supported by a medical certificate or other evidence) to the notice of the Registrar not later than seven days after the date of the examination.

A student who believes that his performance at an examination has been affected by serious illness during the year or by other cause outside his control, and who desires these circumstances to be taken into consideration in determining his standing is required to bring the circumstances (supported by a medical certificate or other evidence) to the notice of the Registrar not later than seven days after the date of the examination.

All medical certificates should be as specific as possible concerning the severity and duration of the complaint and its effect on the student’s ability to take the examinations.

A student who attempts an examination, yet claims that his performance is prejudiced by sickness on the day of the examination, must notify the Registrar or Examination Supervisor before, during, or immediately after the examination, and may be required to submit to medical examination.

A student suffering from a physical disability which puts him at a disadvantage in written examinations may apply to the Registrar for special provision when examinations are taken. The
student may be required to support his request with medical evidence.

All students (including students enrolled for a thesis only) must lodge an application for admission to examinations by 19th July, 1968.

The Accountant is authorised to receive application forms during the three weeks immediately following the prescribed closing date if they are accompanied by a late fee of $5. Applications forwarded more than three weeks after the closing date will not be accepted except in very exceptional circumstances and with the approval of the Registrar. Where an application is not accepted the student concerned is not eligible to sit for the examinations.

Applications lodged prior to the due date will be acknowledged by postcard. Students who do not receive an acknowledgement within ten days of lodging the application should contact the Examinations Branch or the office of the college attended.

As a result of the application of machine methods to the processing of examination results, all students in Sydney, Wollongong and Broken Hill receive a pro-forma application for admission to examinations listing the subjects for which the student has formally enrolled. The return of this pro-forma duly completed constitutes the application for admission to examinations. Pro-forma applications will be posted to students on 30th June. Any student who does not receive a pro-forma application must contact the Examinations Branch prior to the date prescribed for the return of applications.

Examinations are conducted in accordance with the following rules and procedure:—

(a) Candidates are required to obey any instruction given by an examination supervisor for the proper conduct of the examination.

(b) Candidates are required to be in their places in the examination room not less than ten minutes before the time for commencement.

(c) No bag, writing paper, blotting paper, manuscript or book, other than a specified aid, is to be brought into the examination room.

(d) No candidate shall be admitted to an examination after thirty minutes from the time of commencement of the examination.
(e) No candidate shall be permitted to leave the examination room before the expiry of thirty minutes from the time the examination commences.

(f) No candidate shall be re-admitted to the examination room after he has left it unless during the full period of his absence he has been under approved supervision.

(g) A candidate shall not by any improper means obtain, or endeavour to obtain, assistance in his work, give, or endeavour to give, assistance to any other candidate, or commit any breach of good order.

(h) Smoking is not permitted during the course of examination.

(i) A candidate who commits any infringement of the rules governing examinations is liable to disqualification at the particular examination, to immediate expulsion from the examination room, and to such further penalty as may be determined in accordance with the By-laws.

Deferred Examinations

Deferred examinations may be granted in the following cases:—

(i) When a student through illness or some other acceptable circumstance has been prevented from taking the annual examination or has been placed at a serious disadvantage during the annual examinations.

(ii) To help resolve a doubt as to whether a student has reached the required standing in a subject.

Applications for deferred examinations in the first category must be lodged with the Registrar with appropriate evidence of the circumstances (e.g., medical certificate) not later than seven days after the examination concerned.

A student eligible to sit for a deferred examination must lodge with the Accountant an application accompanied by the fee of $5 per subject, by the date indicated on the notification of results.
Drama courses offered within the Faculty of Arts are not primarily intended to equip a student for the profession of theatre. The National Institute of Dramatic Art, established in the University, is concerned with vocational training and with the practice of the theatre arts. The School of Drama is concerned with liberal education and with the evaluation of those arts. The National Institute of Dramatic Art and the Old Tote Theatre Company, however, provide practical and professional theatre on the campus and the School of Drama benefits greatly from their activities.

57.211 Drama I

Serves both as an introduction to other drama courses and as a study of world drama complete in itself. Most lectures are concerned with the understanding of the dramatic medium and of its contemporary relevance, and with a survey of theatre history from Aeschylus to the dramatists of the twentieth century. Additional classes are offered in acting, production, and in the practical aspects of the theatre.

TEXT BOOKS

Styan, J. L. The Dramatic Experience. Cambridge U.P.
Racine, J. Phaedra and Other Plays. Penguin.
Three German Plays. Penguin.
Strindberg, A. Six Plays of Strindberg. Doubleday Anchor.
Noh plays. Texts will be supplied.
57.212 Drama II*

Theatre history from the fifth century B.C. to the sixteenth century A.D., with emphasis on the Greek and Roman, mediaeval and Elizabethan periods.

TEXT BOOKS

Selected plays from the following:
Noh plays. Texts will be supplied.

Willett, J. *The Theatre of Bertolt Brecht*. Methuen.
Valency, M. *The Flower and the Castle*. Macmillan.

57.243 Drama IIIB (Honours)

The theory of comedy and the sources of humour. The devices of situation and character which have been employed for comic effect from the time of Aristophanes to that of Coward are studied with reference both to classical comedies and to the perennial theatre which lacks a literature, but which has provided the staple diet of entertainment in all periods of history.

TEXT BOOKS
Meredith, G. *An Essay on Comedy*. Doubleday Anchor.
and certain plays by the following authors:
Aristophanes, Terence, Plautus, Goldoni, Moliere, Congreve, Farquhar, Beaumarchais, Pinero, Gogol, Chekov, Behrman and Coward.

REFERENCE BOOKS
Nicoll, A. *An Introduction to Dramatic Theory*. Harrap.

57.224 Drama IV (Honours)

An advanced study of selected topics in theatre history. Students are required to write a thesis, preferably concerned with Australian theatre history.

* Students of Drama II and of Drama IIIA will take the same lectures, the contents of each course being taught in alternate years. Thus students in Drama IIIA in 1968 will be studying the history of theatre from the 5th century B.C. to the 16th century A.D., having already studied the 17th to 19th centuries in 1967. Students of Drama II will also study the history of theatre from the 5th century B.C. to the 16th century A.D. in 1968.
ECONOMICS

15.101 Economics I

This subject will assume matriculation mathematics.

An introduction to economic analysis including the theory of the determination of prices and output of individual goods and services, the determination of the general price level, aggregate employment and national income, and the monetary and banking system, with particular reference to Australian institutions and economic policy.

TEXT BOOKS

REFERENCE BOOKS

15.151 Economics II

A survey of economic analysis orientated towards Australian economic problems and policy. Matriculation mathematics is not required for this subject, but normally students passing it will not be able to enrol in Economics II.
PRELIMINARY READING
Robinson, M. A., Morton, H. C., Calderwood, J. D., and Lamberton, D. M.  
*An Introduction to Economic Reasoning.* Australian ed., Anchor

15.112 Economics II (Honours)
The content of this subject includes that of 15.102 Economics II as well as additional and more advanced work in both macro and micro analysis.

TEXT BOOKS

REFERENCE BOOKS
Friedman, M. Price Theory. Aldine, 1962.
15.103 Economics III A

Macro-economic theory and policy including the concept and measurement of national income, static and dynamic aspects of the theory of aggregate output, employment and the price level, inflation theory, aspects of cyclical fluctuations and economic growth, monetary and fiscal policy, and incomes policy with special reference to Australia.

PRELIMINARY READING

TEXT BOOKS

REFERENCE BOOKS

15.143 Economics IIIA (Honours) (Arts)

Economic Policy plus one of
15.213 History of Economic Thought
15.233 Public Finance and Financial Policy
15.243 Economic Development
15.253 Economics of Industry and Labour
15.263 International Economics
15.223 Comparative Economic Systems
or 15.443 Mathematical Economics
All of these options are not offered each year. Further enquiries should be addressed to the School of Economics. Details of texts and references available from the School of Economics.

15.153 Economics IIIB (Honours) (Arts)

Quantitative Analysis in Economics plus one of
15.213 History of Economic Thought
15.233 Public Finance and Financial Policy
15.243 Economic Development
15.253 Economics of Industry and Labour
15.263 International Economics
15.223 Comparative Economic Systems
or 15.443 Mathematical Economics

All of these options are not offered each year. Further enquiries should be addressed to the School of Economics. Details of texts and references available from the School of Economics.

15.124 Economics IV (Honours)

(i) A survey of advanced economic theory; (ii) A thesis.
Note: Students are expected to do a substantial amount of work on their thesis before the commencement of the academic year. They must have a topic approved by the Head of the School of Economics before the commencement of Second Term of the year preceding their entry into Economics IV.
ENGLISH

English is not a compulsory subject within the Faculty of Arts: the courses are intended for students who have both a genuine interest in the subject and some special ability in it. The Language work in English I would present special difficulty to any student who had not studied a foreign language at school.

Students who wish to take a Special (Honours) degree in English are strongly advised to take courses in a foreign language or Philosophy, in addition to the compulsory course in History and Philosophy of Science.

It will be assumed that all students before beginning the course have read a standard history of English literature and are familiar with the main outlines of English history.

50.111 English I

A. Language—(i) The spoken language, and phonetics; (ii) Language and style, with special reference to the modern period; (iii) Chaucer and the early development of English.

B. Literature—An introduction to Twentieth Century Literature in English: (i) drama; (ii) the novel; (iii) poetry.

TEXT BOOKS

(A) LANGUAGE

(iii) Chaucer: The Nun's Priest's Tale. ed. Sisam. O.U.P.

(B) TWENTIETH CENTURY LITERATURE

(i) Drama

Shaw: Caesar and Cleopatra; Man and Superman. Penguin.

O'Casey: Juno and the Paycock. Macmillan.
Stewart: The Golden Lover. A. & R.

(ii) The Novel

Conrad: Lord Jim; Nostromo.
Forster: Howards End; A Passage to India.
Joyce: A Portrait of the Artist as a Young Man.
Lawrence, D. H.: The Rainbow.
Woolf, Virginia: To the Lighthouse.
Faulkner: The Sound and the Fury.

(Each of these in any unabbreviated edition.)

(iii) Poetry

Slessor: Poems. A. & R.
FACULTY OF ARTS

50.112 English II (Pass)

Nineteenth century literature in English, with the History Plays of Shakespeare.

PROSE

RECOMMENDED READING

Jane Austen: *Emma; Mansfield Park; Persuasion.*
Dickens: *Martin Chuzzlewit; Little Dorrit; Great Expectations.*
Thackeray: *Barry Lyndon; Vanity Fair; Henry Esmond.*
Melvillé: *Typee; Moby Dick; Billy Budd;* and selected short stories.
George Eliot: *The Mill on the Floss; Middlemarch.*
James: *The Portrait of a Lady; The Ambassadors.*

POETRY

Students are expected to read as widely as possible in the work of the following authors:—
Blake, Wordsworth. Coleridge, Byron, Keats, Tennyson, Browning, Arnold, Whitman.

SHAKESPEARE

*Richard III; King John; Richard II; Henry IV* (both parts); *Henry V* (these in any good complete edition, e.g., ed. Alexander [Collins] or ed. Sisson [Odhams] or in separate volumes of e.g. the new Arden edition, or the Signet Classics).

50.122 English II (Honours)

The pass course (50.112) plus 1. An introduction to Old and Middle English Language and Literature, together with a study of Linguistics. 2. A further study of Twentieth Century Literature in English.

TEXT BOOKS

1. As for the pass course.
3. Reading will be prescribed in the work of the following authors:—
English III

Students studying for a Special Honours Degree in English take both English IIA (course 50.123) and English IIIB (course 50.143).

Students studying for the Pass Degree take 50.113 only.

50.113 English IIIA

The literature of the eighteenth century, together with further study of Shakespeare's Tragedies. Students are expected to read as widely as possible in the work of the following authors:

- Milton, Dryden, Pope, Gay; Swift; Defoe, Richardson, Fielding, Smollett, Sterne; Johnson and Boswell; Vanbrugh, Farquhar, Goldsmith, Sheridan; Gray, Collins, Crabbe.

No text books will be prescribed. Students are advised to purchase standard editions such as the Oxford Standard Authors, where available, or for Pope, *The Poems*, ed. Butt (“Twickenham” (one-volume edition, Methuen); and for Swift, *Gulliver's Travels and Other Writings*, ed. Quintana (Modern Library College Edition).

50.123 English IIIA (Honours)

(i) The pass course, 50.113; (ii) some main themes and forms in Middle English Literature.

TEXT BOOKS

50.133 English IIIB

Available in 1968 to Honours students only. A course on Elizabethan Literature:

- Lyly, Peele, Kyd, Marlowe, Greene; Shakespeare (early plays, Comedies and “Problem Plays”); the poetry of Sidney, Spenser, Marlowe, Shakespeare, Ralegh, Daniel, Drayton and Campion; and prose, with special reference to Sidney, Lyly, Lodge, Nashe, Deloney, Hakluyt and the Translations.

50.143 English IIIB (Honours)

(i) 50.133. (ii) A further study of Old English and Linguistics.

TEXT BOOKS

50.114 English IV (Honours)

(1) English Literature of the seventeenth century. (2) The History and methods of literary scholarship.

No text books will be prescribed. A special study will be made of the work of the following authors:—

(1) Drama
Jonson, Dekker, Chapman, Marston, Tourneur, Webster, Middleton, Beaumont and Fletcher; Shakespeare ("Romances" and Henry VIII); Massinger, Ford, Shirley; Dryden, Otway, Etherege, Sedley, Wycherley, Congreve.

(2) Poetry
Jonson, Donne, Herbert, Vaughan, Crashaw, Traherne; Herrick and the Cavaliers; Milton; Marvell; Waller, Cowley; Butler; Rochester, Sedley, Dorset.

(3) Prose
Dekker, Donne, Bacon, Burton, Taylor, Fuller, Walton, Milton, Browne, Pepys, Evelyn, Aubrey, Bunyan, and selected writers of fiction.
Courses offered by the Department will cover language, literature and culture.

The cultural component of the syllabus is designed to encourage students to look at French civilisation as a whole, and to attempt to define its characteristic qualities. Alongside the great works of French literature, they are also given the opportunity to study outstanding achievements in other fields, notably painting, architecture and music. The Department is making extensive use of audio-visual aids for this purpose.

Throughout the course, particular stress is placed not only on the aesthetic qualities of French culture, but also on its intellectual content, and on the major contributions which the French have made to subjects such as political theory, philosophy, ethics, and, above all, the analysis of human psychology. Students' attention is constantly drawn to the wealth of ideas to be found in French literature, and they are asked to express their opinions on the value of these ideas and their relevance to present-day problems. The French preoccupation with moral issues and with human relationships, both personal and social, receives special attention. At the same time, important literary works are studied in depth, with a view to investigating purely aesthetic problems and the workings of the creative imagination. Training is given from the first year onwards in the techniques of literary analysis and criticism.

A feature of the syllabus is a compulsory course for third year students on the problems and achievements of modern France. The main aim of this course is to ensure that students leave the University with an awareness of the new and crucial role which France is playing in the contemporary world, not only culturally, but also politically and economically.

In the teaching of the language itself, the main stress is laid on developing students' ability to understand and speak French with the greatest possible degree of proficiency. With this aim in view many of the lectures and tutorials are conducted in French. Although formal written work continues to occupy a central place in the syllabus, it is supplemented by extensive periods of oral practice, much of which is carried out in the language laboratory. A stereo room is also available for listening to performances of French plays, both classical and modern, and a wide variety of prose and poetry readings.

Students intending to take French must have a Second Level pass in the New South Wales Higher School Certificate, or an equivalent pass in another examination.

*Note for New Students*

The attention of students intending to specialise in French is drawn to the History I course on "Europe: 1700 - 1945", which offers them an extremely valuable background for their studies.

All students planning to take a degree in Special Studies in French should consult the Head of School during Enrolment Week for advice as to their choice and arrangement of subjects.
56.111 French I

(a) Language—In the first term five hours per week are devoted to an intensive course consisting of tutorials and language laboratory sessions, designed to develop students' proficiency in understanding and speaking modern French. The course attempts to give students a feeling for the basic grammatical and syntactical patterns of French and for the sound of the spoken language. In the second and third terms the number of hours normally devoted to linguistic work is reduced to two per week, and lectures on literature and civilisation are introduced.

TEXT BOOKS
(Otherwise Harrap's Shorter French and English Dictionary.)
Politzer, R. L. Trois contes, deux essais, une comédie. Prentice-Hall.

REFERENCE BOOKS (recommended for purchase if possible, especially in the case of students proceeding beyond French I).

(b) An Introduction to French Literature—Five representative writers from the seventeenth century to the present day are studied in detail, with the aim of introducing students to some of the characteristic themes and styles in French literature.

TEXT BOOKS
La Fayette, Mme. de. Romans et nouvelles. Classiques Garnier.
Hugo, V. Les Contemplations. Classiques Garnier.
Camus, A. L'Etranger. Livre de Poche Université. Gallimard.
Camus, A. La Peste. Gallimard.

(c) A Survey of the Historical and Intellectual Traditions of France—This series of illustrated lectures and tutorials in French aims to give students a historical and cultural background to the development of French civilisation and to its achievements in a variety of fields.

Doubrovsky, J. Pourquoi la nouvelle critique? Mercure de France.
(d) Advanced exercises in prose composition, with special emphasis on usage and style.

TEXT BOOKS
(e) Preparation of a short thesis—To be written in French on a subject related to (a), (b) or (c) and approved by the Head of School.

Graduate Seminar—Methodology of literary criticism and research.
The French Department intends to introduce in 1968 its first formal graduate seminar on the above subject, to be attended by all students currently enrolled for the M.A. and PhD. The seminar will deal both with theoretical questions and with specific problems raised by the students' research.
GEography

Geography is the study of variations from place to place on the earth’s surface arising from the spatial relationships of the phenomena which make up man’s world. Geography courses in Arts will emphasize human geography—the study of where and how man lives and of his activities in relation to the environment.

Geography is being introduced in the Faculty of Arts in 1968, and second and third year courses are being planned for 1969 and 1970.

27.041 Geography IA

Treats the elements of geography with emphasis on human geography. Climate, shown as an expression of the energy balance of the atmosphere, provides a key to the major natural zones within which landforms, soils, and the major types of vegetation are studied. The ecosystem concept illustrates the interaction of physical and biological elements in this framework. The structure and patterns of the main types of agricultural and manufacturing production are discussed. Relationships between selected primitive societies and their environments are studied. The character, origins and functions of the main types of rural and urban settlements are reviewed. Transport and population geography are treated briefly. Interpretative regional studies of south-east Australia and south-east Asia serve to illustrate the interplay of geographic factors. Practical classes deal with the use of maps and air photos and with the analysis and illustration of geographic data.

Three one-day excursions are an essential part of the course.

TEXT BOOKS

Hare, F. K. The Restless Atmosphere. Hutchinson.
Chisholm, M. Rural Settlement and Land Use. Hutchinson.
Estall, R. C. and Buchanan, R. O. Industrial Activity and Economic Geography. Hutchinson.

In addition, all students should possess a modern atlas such as Fullard, H. and Darby, H. C. The University Atlas, Philip, or The Oxford Atlas. O.U.P.

Students will be required to purchase topographic and geologic maps of the Sydney area.

REFERENCE BOOKS

Leeper, G. W. *Introduction to Soil Science*. Melbourne U.P.
CSIRO. *The Australian Environment*. Melbourne U.P.
Gourou, P. *The Tropical World*. Longmans.
Mountjoy, A. B. *Industrialization and Under-Developed Countries*. Hutchinson.
Wagner, F. L. and Mikesell, M. W. *Readings in Cultured Geography*. Chicago U.P.
Fisher, C. A. *South-east Asia*. Methuen.
Department of National Development. *Atlas of Australian Resources*.

NOTE: Two Geography excursions must be attended, the cost being $4.00.
Geography students will be required to purchase equipment and maps for laboratory classes. Approximate cost: $12.00.
GERMAN

Courses offered by the Department cover the language, literature and culture of Germany, Austria and Switzerland.

The linguistic part of the syllabus is designed to give a solid foundation of grammar, syntax, and vocabulary and lays particular stress on proficiency in comprehension (listening and reading) and speech (pronunciation and conversation). To this end, extensive use is made at all levels of oral practice in the language laboratory, both for grammar drill and for listening to performances of plays, prose and poetry readings. German literature is studied by means of representative texts, mainly from the eighteenth, nineteenth and twentieth centuries, beginning with the Novelle and continuing with drama, poetry, and the novel. Parallel developments in the visual arts and in music will also be discussed. Stress will be laid on cultural developments in present-day Germany and a survey will be made of the intellectual contribution Germany has made in the last two centuries, particularly in philosophy and political thought.

56.201 German IZ

For students who have little or no knowledge of the language but who have attained a second-level pass in a language other than English, unless the Head of the Department rules otherwise in special cases. Students who have studied German up to the Leaving Certificate, Higher School Certificate, or Matriculation levels may not be admitted to this course.

The course is intended to provide students with a sound basis of spoken and written German and to introduce them to German literature and culture. Students wishing to proceed to German IIZ are required to complete a programme of prescribed reading in the long vacation prior to enrolment.

TEXT BOOKS

(a) Language

(b) Literature

REFERENCE BOOKS
Passant, E. J. Short History of Germany 1815-1945. Cambridge U.P.
56.211 German I

Three hours a week will be devoted to pronunciation, reading, comprehension, translation and composition, and two lectures a week to the analysis of prescribed literary texts. These serve as an introduction to a particular literary field, German prose of the last two centuries. In the third term there will also be an introduction to the poetry of Goethe.

Throughout the year, students will be required to submit translations and other written exercises, including three essays, one dealing with a prescribed text, one with an aspect of German culture, and one with the analysis of a poem.

TEXT BOOKS

Passant, E. J. Short History of Germany 1815-1945. Cambridge U.P.

56.202 German IIZ

For students who have passed German IZ (56.201) and who have completed the prescribed vacation reading. Literary work will be as for German I (56.211). The linguistic component will be similar to that of German I, but will be supplemented by an additional 30 hours of intensive language practice.

TEXT BOOKS
(a) Language

(b) *Literature*

As for German I.

REFERENCE BOOKS
As for German I.

56.203 German IIZ (Honours)

Subjects covered in the Pass Course (German IIZ, 56.202), with further advanced language work and an analytical survey course on the development of German literature from 1750 to 1900. Students proceeding with German are required to complete a programme of prescribed reading in the long vacation.

TEXT BOOKS
As for German IIZ plus

REFERENCE BOOKS
As for German IIZ.

56.212 German II

For students who have passed German I (56.211). Language work will be mainly concerned with advanced linguistic and stylistic analysis of literary passages, practice in conversation and composition, and an introduction to the history of the German language. There will be two tutorials for language practice, a course of lectures on the German drama from Goethe to the present day, based on prescribed texts, and a course of lectures on the history and development of the drama and dramatic theory in Germany.

There will be weekly exercises on prescribed topics and three essays.

56.243 German IIIB (Honours)

Subjects covered in the Pass Course (German IIIB, 56.233), with additional seminars on Heine, the plays of Lessing, and Thomas Mann's Doktor Faustus.

TEXT BOOKS

Mann, T. Doktor Faustus. Fischer, Frankfurt/M.
REFERENCE BOOKS
Mann, T. Die Entstehung des Doktor Faustus. Fischer, Frankfurt/M.

56.214 German IV (Honours)
Students must select three topics from the following list. In addition, a short thesis must be submitted.
a. The 'Storm and Stress' movement.
b. The later works of Goethe.
c. Friedrich Hölderlin.
d. The German novel of the 20th century.
e. Rilke's Sonette an Orpheus.
f. Expressionist Drama.
g. The theatre of Bertolt Brecht.
HISTORY

51.111 History I—Europe: 1700-1945

This course is designed to survey the chief events in European History from the beginning of the eighteenth century to the Second World War, with emphasis on the theory and practice of the major ideologies.

TEXT BOOKS

REFERENCE BOOKS

(a) General
The New Cambridge Modern History. Vols. VII-XII.

(b) Special Aspects

(c) Biographies
51.112 History II—The Pacific and Australia: From the 17th Century to the 20th Century.

This course offers a history of the South Pacific area from the beginning of European penetration to the present day. It is concerned with the adjustment of migrant Europeans to new environments, their development of unique characteristics, and their emergence as national entities. It studies the impact of European civilisation upon indigenous island societies, and their progress towards self rule.

PRELIMINARY READING

TEXT BOOKS

REFERENCE BOOKS
This course will comprise a series of seminars on the complementary topics of nationalism and imperialism in Australian history. The class will discuss theoretical explanations of nationalism and imperialism and examine their manifestations in the 19th Century. This conceptual framework will then be used to study the operation of these forces in Australian history from c. 1850 to 1931. Students intending to take the course should consult the School for reading lists, seminar topics and examination requirements.
51.113 History IIIA—East Asia: from the 17th Century to the 20th century.

The aim of this course is to familiarise the student with the modern historical development of the area known as East Asia. Although the focus is on China, and to a lesser degree on Japan, some considerations will be given to the peripheral lands into which the cultural and political influence of China spread, namely, Korea, Central Asia and Vietnam.

About one-third of the course will be concerned with the study of traditional Chinese society as it assumed final shape during the Ch'ing (1644-1911) dynasty. East Asia, which had previously remained largely self-contained, began during the nineteenth century to undergo a profound cultural, social, political, and economic transformation, largely due to the impact of Western Europe. About one-third of the course will deal with the problems which the challenge of Western European, Russian, and American expansion posed for the traditional societies of China and Japan, and the manner in which the two countries responded to them. The remainder of the course will concern itself with East Asia in the twentieth century (China to 1949; Japan to 1945).

TEXT BOOKS

REFERENCE BOOKS

(a) General

(b) Special Aspects

(c) Biographies

**51.123 History IIIA (Honours)—Japan and China: 1914-1945**

This course will consist of a special study of Sino-Japanese relations from the outbreak of the First World War to the end of the Second World War, superimposed upon the History IIIA Pass Course. Students intending to take the course should consult the School for reading lists, seminar topics and examination requirements.

**51.133 History IIIB—The Americas: From the 15th Century to the 20th Century**

The aim of this course is to familiarize the student with the modern historical development of the United States and the countries of Latin America. Although some consideration will be given to the history of these areas during and immediately after their colonial period, the main emphasis of the course will be upon political, social and economic
developments since 1826, when the political separation of most of America from Europe was completed.

The major emphasis of the course will be on the history of the United States, and an attempt will be made to explain how, why, when and with what results thirteen English colonies were consolidated into a single, powerful, industrial nation. The remainder of the course will deal with Latin America, and will consider the reasons for and results of its fragmentation into twenty separate, independent, comparatively weak and predominantly agricultural nations.

Although the history of each area will be treated as a separate entity, an attempt will be made to show the political and economic effects which each has had upon the other — from the promulgation of the Monroe Doctrine in 1823 to the Organization of the American States in 1948 — and the ways in which both regions have affected, and been affected by, developments in the wider world.

TEXT BOOKS

REFERENCE BOOKS
(a) General
Ann Arbor.

(b) Special Aspects

(c) Biographies
51.143 History IIB (Honours) — The American Revolution and the Federal Constitution: 1764-1788

This course will consist of a special study of the American Revolution and its aftermath, superimposed upon the History IIB Pass Course. Students intending to take the course should consult the School for reading lists, seminar topics and examination requirements.

51.114 History IV (Honours)

(a) Honours students in their final year are required to prepare a thesis of not more than 20,000 words, which must be submitted before the Final Examinations in November.

(b) Students will be required to select two seminar courses from the following:—(a) European History (History IVA); (b) British History (History IVB); (c) International History (History IVC).

HISTORY IVA—EUROPEAN HISTORY: Medieval Europe: 800-1300
Covers the period from Charlemagne to Dante. Develops the theme of the Medieval Age, as it has affected European development since the Seventeenth Century, and deals with the origins, nature and development of such institutions as:

Feudalism and its effect on political, social and agrarian organization. Monarchy, and its development from personal through household to constitutional government. Parliament, in its remote origins, i.e., up to c. 1300. Medieval Law, and its system of courts. The University, its origins, organization and curriculum. The Church, and the common heritage of Western Christendom prior to the Reformation divisions.

HISTORY IVB—BRITISH HISTORY: The Irish Question in British Politics: 1800-1921.
Examines the relationship between England and Ireland from the Act of Union (1800) to the Anglo-Irish Treaty (1921). Devotes particular attention to the evolution of British policy and opinion in response to various Irish pressures for a greater degree of autonomy. Studies the nature of the Irish question in its constitutional, political, economic and religious aspects, up to 1870. Major emphasis on period from 1870 to 1916, on the Home Rule movement as a factor in British politics, and will devote special attention to the careers of Gladstone and Parnell. Finally a study of British attempts to deal with the revolutionary situation of 1916-1921, and an evaluation of the Anglo-Irish treaty as an endeavour to settle the Irish question.

Examines the degree to which traditional nationalism has survived ideological and institutional pressures towards internationalism. Includes Europe—1945 situation: loss of empire; effects of Cold War bi-polarity; internal unity pressures; solidarity achieved; remnants of nationalism. Communist System—World War II gains; period of Soviet hegemony; international forms: emergence of pluralism; Sino-Soviet division. Third World—decolonisation; artificial nationalism; common purpose; Bandung peak; retreat to nationalism. United Nations—case study: Congo operation.

PHILOSOPHY

The study of philosophy is partly the study of perennial problems of common interest to everyone; for example, the foundation of morality, the grounds of religious belief, the problem of the source and reliability of knowledge, and the relation between body and mind. But secondly, Philosophy also leans out to and illuminates other fields of study. Consequently courses in Philosophy are designed to make it possible for students to pursue an interest in a course related to their other interests such as Philosophy of Politics and History in the case of students of History or Social Sciences, or Philosophical Psychology in the case of Psychology students.

The First Year course in Philosophy is a wide-ranging course which is intended to give a broad introduction to the subject and assumes no previous acquaintance with it. There is no specialisation, and no distinction between Pass and Honours. In Second Year a part of the course is also common to all students, but there is also a range of choice of possible sequences of subjects to suit special interests.

Special attention has been given to the needs of those who take Philosophy for only one or two years, so that courses will be self-contained and give a balanced picture of the subject up to the stage reached.

PASS COURSES

The following list of recommended courses will assist students with their choice of course-units in Second and later years. Broadly, students should choose in such a way as to match the other main subjects being taken towards their degree. The choice of Second Year course-units is not greatly affected by whether the student intends to proceed to Philosophy III. It should be emphasised that these combinations are advisory only and that other combinations are often allowable. In all cases of doubt, students should consult the School of Philosophy.

Best General Course

Second Year: Modern Philosophy A, Logic, British Empiricism.
Third Year: Modern Philosophy B, Continental Rationalism.

History and Politics Specialty (suitable also for Sociology and Economics students)

Second Year: Modern Philosophy A, Scientific Method, Philosophy of Politics and History.
Third Year: Modern Philosophy B, Political and Social Philosophy.

Language and Literature Specialty (for students of English and most students of foreign languages).

Second Year: Modern Philosophy A, British Empiricism or Logic, Philosophy of Value.
Third Year: Modern Philosophy B, Continental Rationalism.

Mathematics Specialty

Second Year: Modern Philosophy A, Logic, British Empiricism.
Third Year: Modern Philosophy B, Foundations of Mathematics*.

Natural Science Specialty (also for students of History and Philosophy of science).

Second Year: Modern Philosophy A, Logic, British Empiricism.

Third Year: Modern Philosophy B, Philosophical Logic.

Psychology Specialty (suitable also for students of Economics and perhaps for some students of Sociology).

Second Year: Modern Philosophy A, Logic or Scientific Method, Philosophical Psychology.

Third Year: Modern Philosophy B, Philosophy of Science*.

HONOURS COURSES

Students who take Honours courses in Philosophy as subsidiary courses towards a Special Studies degree in another School, or as components of a General Studies degree, will, in general, choose as outlined above in such a way as to match their other interests. Their choice of additional course-units over and above the Pass courses permits some wider exploration of neighbouring fields. They should, however, seek the advice and approval of the School of Philosophy.

SPECIAL STUDIES COURSES IN PHILOSOPHY

The Special Studies course is the professional course for those who intend to devote themselves wholly to the subject, and is designed to permit the student to take a wide range of all the courses offering. Specialisation in a particular branch of Philosophy will be postponed, in the main, until the Fourth Year. In Second Year, Special Studies students should take Logic rather than Scientific Method and should make their other choices in exploratory fashion rather than to match their subsidiary subjects or any preconceived interests. They are advised also to give careful thought to their choice of subsidiary subjects, and to consult the School in this connection.

52.111 Philosophy I

The course divides into three parts as follows: (1) A study of some Dialogues of Plato, with special reference to problems of knowledge, reality, virtue and the immortality of the soul. (2) The search for certainty, with special reference to the theory of knowledge and to religious belief. (3) An investigation of the structure of arguments, formal and informal, and of the foundations of scientific knowledge.

RECOMMENDED FOR PRELIMINARY READING

* Entry to these subjects requires the special permission of the School of Philosophy.
TEXT BOOKS
Hamblin, C. L. *Elementary Formal Logic—A Programmed Course*. Hicks Smith.

REFERENCE BOOKS
Burnet, J. *Greek Philosophy*. Macmillan.
Copi, I. M. *Introduction to Logic*. Collier-Macmillan.
Russell, B. *Problems of Philosophy*. Oxford H.U.L.
Scriven, M. *Primary Philosophy*. McGraw-Hill.
Sesonske and Fleming (eds.). *Human Understanding*. Wadsworth.
Taylor, A. E. *Plato*. Methuen.

52.112 Philosophy II

All students take the course-unit (1) Modern Philosophy A, and two other course-units chosen from: (2) Logic, (3) Scientific Method, (4) British Empiricism, (5) Philosophy of Politics and History, (6) Philosophy of Value and (7) Philosophical Psychology. Students should normally choose one, but not both of units (2) and (3), and those interested in a general philosophical background should choose unit (4).

Description of course-units

(1) Modern Philosophy A: The logical atomism of Russell and Wittgenstein; the logical positivist movement; criticism of these movements by Moore, Ayer, Quine and others.

52.122 Philosophy II (Honours)
Material set out for 52.112 Philosophy II (Pass), together with an extra course-unit chosen from those listed: Honours students will be obliged to choose one, but not both of units (2) and (3). In addition a series of seminars will be arranged in which certain topics will be treated at a more advanced level.

52.113 Philosophy IIIA
Students select two course-units from the following: (1) Modern Philosophy B, (2) Political and Social Philosophy (prerequisite: Philosophy of Politics and History*), (3) Continental Rationalism. (4) Greek Philosophy, (5) Philosophical Logic (prerequisite: Logic).
In special cases pass students may be permitted to substitute for one of these course-units one of the course-units (6) — (8) listed for 52.123 Philosophy IIIA (Honours).
* Students who wish to take this course in 1968 without prerequisite should consult the Head of School.
Description of course-units

(1) Modern Philosophy B: The course, which may vary from year to year, will be centred around controversial topics discussed in recent issues of philosophical journals.

REFERENCE BOOKS will be given in lectures.

52.133 Philosophy IIIB (Honours)

Taken by Philosophy Special Studies degree students together with 52.123 Philosophy IIIA (Honours), and the two courses are examined together. The additional work prescribed under this subject consists of two further second-year course-units (as described under 52.112 Philosophy II) and one further third-year course-unit (as described under 52.123 Philosophy IIIA (Honours). Where prerequisites are specified for third-year course-units Special Studies degree students may be granted permission to treat these as corequisites.

A special seminar is run for senior students, and third-year Special Studies degree students are expected to attend this and contribute to it.

52.114 Philosophy IV (Honours)

Each student is required to complete a research thesis on a subject of his choice to be approved by the School of Philosophy, and in addition will be required to take two seminar courses.
POLITICAL SCIENCE

Courses in the School of Political Science are concerned with the study of political ideas, institutions and activity in such a way as to encourage a critical understanding of the problems and processes of government and politics in different societies and at different times, and of some of the main theories that have been developed to account for, and sometimes advocate, these governmental forms and actions.

54.111 Political Science I

Students are given some idea of the range and variety of political studies, the nature of politics and political science, and of problems in the analysis of institutions and processes of government, and there is also a general study of Australian government and of some special issues and problems in Australian politics.

TEXT BOOKS

REFERENCE BOOKS

(3) *International Relations.*

*International Politics in East Asia.*

**NOTE:** A new course for which no text book has been prescribed but the following references will be used.

Smith, R. M. *Cambodia's Foreign Policy*. 1965.

54.114 Political Science IV (Honours)

Includes: (1) a thesis: students will be required to undertake an original piece of work extending throughout the year and to submit a thesis based upon it; (2) methodology; (3) theories of politics; thorough examination of three major recent theories, for example, Max Weber's sociology of politics, the group theory of politics, behaviourism in recent American political science.
PSYCHOLOGY

12.001 Psychology I

*Theory*—The subject-matter and methods of psychology, the biological and social determinants of behaviour, the basic processes of personality development, motivation, perception, thinking, learning, individual differences in ability patterns, the organizing of behaviour in the developing individual and adjustment. Emphasis throughout the course is placed on scientific appraisal of human behaviour. Hypotheses and experimental and other evidence are examined for their scientific validity. *Practical*—Group experiments and demonstrations, and experience in methods of psychological observation and statistical procedures appropriate to them.

**TEXT BOOKS**

*Part A—Theory*

Whittaker, J. O. *Student's Workbook to accompany "Introduction to Psychology"*. Saunders, 1965.

To be determined in consultation with Head of School.
SOCIOLOGY

Sociology, which arose from early attempts to apply scientific methods to the study of society, embraces a great diversity of topics, and the teaching activities of the School will endeavour to give some idea of the breadth and depth of this subject matter. Students will be particularly encouraged to combine their work in sociology with an extended study of at least one of the other social sciences, and/or history and philosophy. Theoretical and methodological problems entailed in the study of society will be treated as rigorously as possible, with special attention to the comprehension and use of statistical techniques.

Teachings in the School will emphasize depth of treatment in the various branches of sociological study. For this reason, students will be required to read widely, and to regard lecture courses as providing additional illumination rather than a ready-made basis for answering examination questions. Written work will be prescribed during the academic year, and must be satisfactorily completed before admission to the annual examination.

53.111 Sociology 1

There will be three sections of the course:

Part A: The Scope and Content of Sociology

PRELIMINARY READING

TEXT BOOKS

REFERENCE BOOKS

**Part B: Methods of Social Research**

An introduction to the problems of social research design and the practical techniques developed by social scientists.

**PRELIMINARY READING**

**TEXT BOOKS**

**REFERENCE BOOKS**

Abrams, M. *Social Surveys and Social Action*. Heinemann, 1951.
Young, P. V. *Scientific Social Surveys and Research*. Prentice-Hall, 1949.

**Part C: The Social Structure of Contemporary Australia**

Social trends since 1939, in the light of economic, demographic, cultural and political changes. The study of major institutional trends and their relation to society as a whole, with reference to comparative material wherever possible.

**PRELIMINARY READING**

**TEXT BOOKS**

**REFERENCE BOOKS**

Clark, C. M. H. *Sources of Australian History*. O.U.P., 1957.
Hall, H. L. *Australia and England*. Longmans & Green, 1934.

53.112 Sociology II

There will be two sections of the course:

*Part A: Methods of Social Research*

A detailed study of design in social research, with particular emphasis on the scientific basis of sampling. Field work and the use of different techniques in social research. Descriptive and inductive statistics.

*PRELIMINARY READING*

TEXT BOOKS

REFERENCE BOOKS
Berelson, B. *Content Analysis in Communications Research*. Free Press, 1952.
Young, P. V. *Scientific Social Surveys and Research*. Prentice-Hall, 1949.

Part B: Students may select, subject to approval, two course-units drawn from a variety of fields, not all of which may be available in any one year. These include the following: Comparative Sociology; Criminology; Small Groups; Social Change in Papua-New Guinea; Social
Policy; Social Stratification A and B; Social Structure and Personality; Sociology of Medicine; Sociology of Religion; Urban Sociology.

1. COMPARATIVE SOCIOLOGY

A study of national communities and their social structure. Common and disparate elements in modern industrial societies. Special emphasis will be placed on questions such as economic structure, the nature of social stratification, the social framework of education, political characteristics, and the place of ethnic minorities. The concept of "national character" and its historical perspective. In 1968 three countries will be examined: Britain, France, and the United States of America.

4. Resocialization Groups

5. Research Methods for the Study of Small Groups
Leary, T. Interpersonal Diagnosis of Personality. Ronald Pr., 1957.

4. SOCIAL CHANGE IN PAPUA-NEW GUINEA
A study of social, political and economic changes in the territories of Papua and New Guinea. Historical background of Australian responsibility. Population, culture and economy. The structure of government and administration. The emergence of indigenous leadership.

REFERENCE BOOKS

5. **SOCIAL POLICY**

A study of the organisation of society for social security, health and welfare, with special reference to Australia.

**TEXT BOOKS**

**REFERENCE BOOKS**

Seligman, B. *Poverty as a Public Issue*. Free Press, 1965, N.Y.
6. SOCIAL STRATIFICATION A

TEXT BOOKS

REFERENCE BOOKS

Barber, B. Social Stratification. Harcourt, Brace, 1957.
7. SOCIAL STRATIFICATION B (Available only to students who have passed in Social Stratification A.).

A study of social stratification in Australia, including a comparative examination of empirical data in relation to theoretical constructs. Field work will be an integral part of the course.

TEXT BOOKS

REFERENCE BOOKS

Barber, B. Social Stratification. Harcourt, Brace, 1957.

8. **SOCIAL STRUCTURE AND PERSONALITY**

A consideration of theories and research relative to the relationship between personality, culture, and social structure.

**TEXT BOOKS**

**REFERENCE BOOKS**

Toby, J. *Contemporary Society*. Wiley; 1964.

9. **SOCIOLGY OF MEDICINE**

An introduction to the study of the economic, social and political environment of health, disease and medical practice. Social and economic factors in epidemiology. The demographic pattern of disease, infirmity and ageing. Social factors in mental health. Cultural, ethnic and regional differences in health, disease and medical care, with special emphasis on the difference between Western and non-Western societies including Asia and New Guinea. The organisation and staffing of
medical services. The hospital as a social system. Informal patterns of medical care.

INTRODUCTORY READING

Zinsser, H. Rats, Lice and History.

1966.
*The Australian and N.Z. Hospitals Year Book*. Latest ed., Horwitz &

U.N.S.W.

10. **SOCIOLGY OF RELIGION**.

Neither Theology nor Comparative Religion, but the analysis of the

inter-relations between ideas in religious form, religious behaviour,

social structure and social behaviour generally. A study of the theo-

retical contribution of Durkheim, Weber and Parsons, and a par-

ticular emphasis on contemporary studies of religious behaviour and

ethics in societies and communities undergoing violent change—from

Black Muslims to Cargo Cults—and in the increasingly secularized

modern industrialized societies.

Wilson, B. R. *Religion in a Secular Society*. New Thinkers' Library,

1966, Watts.

**REFERENCE BOOKS**

The course will include a practical project concerned with collecting information about some aspect of urban life.

TEXT BOOKS

REFERENCE BOOKS

Hall, P. *London 2000*.

Reissmann, L. *The Urban Process*. 1964, N.Y.

53.122 Sociology II (Honours)

Sociology II (Pass), together with an extra seminar for honours students only. Students may choose one of the following topics: Psychoanalysis and sociology; Marxism and sociology; Militarism and society.

53.113 Sociology IIIA

Students may select, subject to approval, two further course-units drawn from the list given under 53.112 SOCIOLOGY II (Part B) and/or from the following additional list: Industrial Sociology; Political Sociology; Science, Technology and Society; Sociological Theory; Theory of Organization.

All students will be required to carry out, under supervision, a suitable field project.
1. **INDUSTRIAL SOCIOLOGY**

A course of lectures and seminars dealing with selected aspects of industrial organization, industrial conflict, occupational roles, and the impact of social change. Major topics from which the course in any one year will be drawn include the following:

(a) *The Factory as a Social System*

The division of labour, forms of authority, principal areas of conflict, and methods of finding agreement over disputed issues.

(b) *Industrial Conflict*

The economic basis of industrial conflict, the organizational forms in which conflicts are canalized, the conflict of roles, and the problems of authority and power.

(c) *Technology and Social Change*

The growth of occupational and income differentiation; social and organizational effects of innovation in industrial processes; the emergence of forms of industrial organization in response to technological and economic changes.

(d) *Special cases of occupational change*

**TEXT BOOKS**

**REFERENCE BOOKS**

2. POLITICAL SOCIOLOGY

In 1968, the course will be concerned with two main questions: (a) the study of electoral behaviour; (b) the social and psychological background of political beliefs, attitudes and ideologies.

TEXT BOOKS

3. SCIENCE, TECHNOLOGY AND SOCIETY

REFERENCE BOOKS

(a) Historical and general

Bernal, J. D. Science in History. Watts, 1957.
Lilley, S. Men, Machines, and History. 1948.

(b) The social background of science and invention

(c) The Growth of the scientific and technical professions

(d) The problems of innovation in industry

(e) *Science, Technology and the Humanities*
Leavis, F. R. *Two Cultures?* Chatto & Windus, 1962.

(f) *National policies on science and technology*

4. SOCIOLOGICAL THEORY
This section of the course will be devoted to detailed study of a small number of theorists representing different approaches to general sociological theory. Particular emphasis will be placed on the theories of Durkheim, Simmel and Parsons.
TEXT BOOKS

REFERENCE BOOKS
Durkheim, E. *Sociology and Philosophy*. Cohen & West, 1953.

5. THEORY OF ORGANIZATION
This course has four main objects:
(a) To examine the development of theories about organizational structure and organizational behaviour;
(b) to study the connection between theories about specific organizations and wider concepts about social organization in general;
(c) to review actual case studies of organizations at work;
(d) to examine the relation between the organization and the individual.

REFERENCE BOOKS
1. General

II. Bureaucracy

Goldner, A. W. Patterns of Industrial Bureaucracy. Free Press. 1954.

III. Organizational Levels
(a) The individual and the organization
(b) Industrial work groups
(c) Management
(d) Research
(e) Non-industrial organizations
IV. New Directions in Organizations

V. Casebooks

53.123 Sociology IIIA (Honours)
SOCIOLOGY IIIA (Pass), together with a further course-unit chosen, subject to approval, from the lists given under 53.112 SOCIOLOGY II (Part B) and 53.113 SOCIOLOGY IIIA.

53.143 Sociology IIIB (Honours)
Available to honours students only. All students will be required to take a course in Applied Research and one other honours seminar drawn from the list given under 53.122 SOCIOLOGY II (Honours) and/or the following:

- Sociology of Power
- The Sociology of Max Weber

53.114 Sociology IV (Honours)
This subject will entail three requirements:
(a) Attendance at a work-in-progress seminar conducted jointly with post-graduate students;
(b) A further seminar topic chosen from the lists given under 53.122 SOCIOLOGY II (Honours) and 53.143 SOCIOLOGY IIIB (Honours);
(c) The submission of a thesis.

ANTHROPOLOGY
Students enrolled in SOCIOLOGY I may, with the approval of the Head of the School, enrol for ANTHROPOLOGY I at the University of Sydney and obtain credit for it towards the degree of Bachelor of Arts in this University.

Selected students enrolled for SOCIOLOGY II may also, with the approval of the Head of the School, enrol for ANTHROPOLOGY II at the University of Sydney and obtain credit for it towards the degree of Bachelor of Arts at this University. ANTHROPOLOGY may not be taken as a subject at the University of Sydney under these conditions unless the student concerned is enrolled in SOCIOLOGY at this University.
SPANISH

The courses offered cover the language, literature and culture of Spain and Spanish America.

The aim of first year courses is to give the student a solid foundation of grammar, syntax and vocabulary. As soon as feasible, Spanish will be used exclusively in the classroom. Extensive use will be made of the language laboratory. A study will also be made of graded literary material.

Spanish IZ is designed for those with little or no knowledge of the language. Spanish I is for students who have passed Spanish at the School Certificate level, or have successfully completed equivalent studies. Spanish I students will study more difficult material and texts. Students in Spanish IZ who wish to proceed to Spanish IIIZ will be required to carry out a programme of vacation reading and study prescribed by the Head of the Department.

Spanish literature will be studied through representative literary texts, beginning with the contemporary and nineteenth century periods and proceeding to a study of the Golden Age and previous centuries. Spanish-American literary texts will first be selected from the nineteenth and twentieth centuries, and then from the colonial period and eighteenth century.

A study of Spanish and Spanish-American culture will include the plastic arts, architecture and music. The language laboratory and stereo room will be used at second and third year levels to give students the opportunity to hear classical and modern Spanish plays, and a wide variety of selected poetry and prose.

56.301 Spanish IZ

Designed for students who have little or no knowledge of the language, but who have reached Matriculation standard in a language other than English, unless the Head of the Department rules otherwise in special cases. Students who have studied Spanish up to the Leaving Certificate, Higher School Certificate or Matriculation levels may not be admitted to this course.

Students who pass Spanish IZ and wish to proceed to Spanish IIIZ will be required to complete a programme of prescribed reading in the vacation.

In the first and second terms, language work predominates, but there will be some study of graded reading material. In the third term an introduction to Spanish culture will be given, and reading of Spanish literary texts will be required. Throughout the year, students will be required to submit translations and other written exercises.

TEXT BOOKS

(a) Language

Méras and Roth. Pequeño vocabulario. Harrap.
Harrow, L. B. Notes on Spanish Pronunciation. Centre Educatif et Cul-
and Longmans. Canada.

56.314 Spanish IV (Honours)

Four special topics will be selected each year from Spanish and Spanish American literature, ranging from the beginnings to contemporary writing. Further details may be obtained from the Department.
STATISTICS

Students majoring in Theory of Statistics select Mathematics and Statistics courses in accordance with the table set out on page 115.

10.311 Theory of Statistics I

INTRODUCTORY READING
Tippett, L. H. C. *Statistics*. Oxford University Press.

TEXT BOOKS
*Statistical Tables*.

REFERENCE BOOKS
Goldberg, S. *Probability: An Introduction*. Prentice-Hall.
Pearson, E. S. and Hartley, H. O. *Biometrika Tables for Statisticians*. Cambridge.

10.321 Theory of Statistics I (Higher)

The work of this subject will be similar to 10.311 but will be at greater depth and cover a slightly wider field. Approximately one hour extra per week will be devoted to the additional work.

INTRODUCTORY READING, TEXT AND REFERENCE BOOKS
As for 10.311 Theory of Statistics I.
10.312 Theory of Statistics II

The multivariate normal distribution. Analysis of variance: random, fixed and mixed models, with powers; randomisation tests. Stochastic processes. Contingency tables. Introduction to high speed computers. A special project on a selected topic. A selection of topics from: Sequential analysis; theory of sampling; distribution free methods; bioassay; linear programming; response surfaces; discriminant functions; theory of games; experimental design.

INTRODUCTORY READING

TEXT BOOKS
Pearson, E. S. and Hartley, H. O. Biometrika Tables for Statisticians. Cambridge.

REFERENCE BOOKS
Bailey, N. J. T. The Elements of Stochastic Processes with Applications to the Natural Sciences. Wiley.
Kempthorne, O. The Design and Analysis of Experiment. Wiley.

10.322 Theory of Statistics II (Higher)

The treatment in this subject will be at greater depth and cover a somewhat wider field than 10.312 Theory of Statistics II.

INTRODUCTORY READING, TEXT AND REFERENCE BOOKS
As for 10.312 Theory of Statistics II.

10.323 Theory of Statistics III

Specialised study of topics set out below, for students attempting honours in the Science or Arts courses with a major in Statistics.
Mathematical basis. Experimental design; response surfaces.
TEXT BOOKS
As for 10.322.

REFERENCE BOOKS
Davies, O. L. (Ed.). *Design and Analysis of Industrial Experiments*. Oliver and Boyd.
Fraser, D. A. S. *Non Parametric Methods*. Wiley.
Kempthorne, O. *The Design and Analysis of Experiment*. Wiley.
Kendall, M. G. *A Course in Multivariate Analysis*. Griffin.
Kullback, S. *Information and Statistics*. Wiley.
Scheffe, H. *The Analysis of Variance*. Wiley.
Takacs, L. *Stochastic Processes*. Methuen.
Wald, A. *Sequential Analysis*. Wiley.
Wald, A. *Statistical Decision Functions*. Wiley.
GROUP II

BIOLOGICAL SCIENCES

17.001 General and Human Biology

TEXT BOOK

REFERENCE BOOKS

17.301 Botany I

Variations in the morphology and anatomy of the Angiosperms, and an introduction to Angiosperm systematics. Plant ecology lectures and practical work in the field and laboratory dealing with the nature, measurement and inter-relationship of vegetation, soils and climate. Plant physiology: the physiology of the cell and the whole plant in relation to water and solutes. Growth and development. An introduction to photosynthesis and respiration. An introduction to genetics. Practical work to illustrate the course; obligatory field excursions.

TEXT BOOKS
Eames and McDaniels. *Introduction to Plant Anatomy*. McGraw-Hill.

OR
17.401 Zoology I

Introduction to genetics, biometry and systematic classification of animals. A comparative study of the major invertebrate phyla. Introductions to parasitology and general ecology. Obligatory field excursions. Obligatory field camp during the first term vacation.

TEXT BOOKS

CHEMISTRY

2.001 Chemistry I and
2.011 Higher Chemistry I

Classification of matter and theories of the structure of matter. Atomic structure, the periodic table and chemical behaviour. Chemical bonds and molecular structure. Equilibrium and change in chemical systems. The structure, nomenclature and properties of organic compounds. Reactions of organic compounds.

2.001 and 2.011 have a common syllabus but differ in the depth and manner of treatment of subject matter.

TEXT BOOKS
*First Year Chemistry Laboratory Course*. University of New South Wales, 1968.

REFERENCE BOOKS
(for preliminary or supplementary reading)

2.002 Chemistry II

Divided into four sections. The Physical and Analytical sections have integrated lectures:

Section I (Organic)—45 lectures, together with practical work comprising aliphatic chemistry, aromatic chemistry, and an introduction to the chemistry of high polymers.

Section II (Physical)—45 lectures, together with practical work covering the following topics:

(a) Elementary Quantum Theory.  (b) The first, second and third laws of thermodynamics and their application to chemical equilibria.  (c) Ideal and non-ideal solutions.  (d) Electro-chemistry and ionic equilibria.  (e) Chemical kinetics.

Section III (Inorganic)—20 lectures, together with practical work, dealing with co-ordination chemistry and an extension of the work covered in Chemistry I to further selected groups of elements.
Section IV (Analytical)—20 lectures, together with practical work, covering:

(a) Acid-base titrations. (b) Volumetric methods involving electron-transfer reactions. (c) Precipitation and gravimetric analysis. (d) Titrations involving precipitate and complex ion formation.

(i) ORGANIC

**TEXT BOOK**

**REFERENCE BOOKS**

Geology in the first year is an introductory, comprehensive course which covers the general principles of Geology. It presupposes no prior knowledge of the subject.

Physical Geology

Crystallography and Mineralogy
Introduction to crystallography—crystal symmetry, systems, forms, habit twinning.

Occurrence, form and physical properties of minerals. Descriptive mineralogy: mineral classification. Principal rock forming minerals.

Petrology
Igneous, sedimentary and metamorphic rocks—their field occurrence, lithological characteristics and structural relationships. Introduction to coal, oil and ore deposits.

Stratigraphy and Palaeontology
The basic principles of stratigraphy; introductory palaeontology. The geological time scale. An outline of the geological history of the Australian continent with more specific reference to New South Wales.

Practical Work
The preparation and interpretation of geological maps and sections. Map reading and use of simple geological instruments. The study of simple crystal forms and symmetry. The identification and description of common minerals and rocks in hand specimen. The recognition and description of examples of important fossil groups.

The course is supplemented by three field tutorials, attendance at which is compulsory.

PRELIMINARY BACKGROUND READING
Read, H. H. Geology. Home University Library.

TEXT BOOKS
Longwell and Flint. Introduction to Physical Geology. Wiley.
REFERENCE BOOKS
Dunbar. *Historical Geology*. Wiley.
Morley Davies. *An Introduction to Palaeontology*.

25.002 Geology II

Students who have completed Geology I may, with the approval of the Head of the School of Applied Geology, proceed to Geology II.

*Crystallography and Mineralogy*

Morphological and physical crystallography; the stereographic projection, its properties and use in crystallography.

Introduction to the crystalline state and the use of X-ray methods in crystallography. The atomic arrangements in crystals. Elements of optical crystallography. Descriptive mineralogy of ores and minerals. A study of the major rock-forming mineral families based on the principles of crystal chemistry.

*Petrology*

The mineralogical and physico-chemical bases to the study of igneous rock genesis and diversification. Igneous rock classification and petrography.

The commoner arenaceous and other clastic sediments.

The basic principles of metamorphism; introductory survey of the metamorphic rocks.

Practical work: Megascopic and microscopic examination of common representatives of igneous, sedimentary and metamorphic rocks and of rock-forming minerals.

*Palaeontology*

Systematic classification of the Invertebrate phyla, with detailed morphological study of their important subdivisions. Introduction to the principles of palaeontology and its stratigraphical applications. Introduction to palaeobotany.

Practical work: Examination and diagnostic description of representative fossils from the various phyla and study of their stratigraphical distribution.

*Stratigraphy*

Field work to illustrate the above course will be held during the year, attendance at which is compulsory. This includes one excursion of approximately one week and at least one short excursion.

REFERENCE BOOK
62.111 History and Philosophy of Science I

An account of the development of astronomy, and especially of planetary theory, from its beginnings in Babylonia and Greece to its fuller flowering in the eighteenth and nineteenth centuries.

The course begins with a descriptive, non-theoretical, account of the apparent motions of the stars, the Sun, the Moon, and the naked-eye planets: motions that are easily observed without the help of any instruments. The Greek theories of these motions are presented, along with a sketch of the philosophical background of Greek science, and the synthesis of Aristotelian cosmology with Christian doctrine is portrayed.

Then the work of Copernicus is described, with some account of the impact of the heliocentric view. Tycho Brahe is looked at cursorily, Kepler and Galileo more in detail. The course concludes with a sketch of Newton's work and of the mechanistic philosophy of nature.

PRELIMINARY READING
Campbell, N. R. What is Science? Dover.
Toulmin, S. E. The Philosophy of Science. Hutchinson.
Various Authors. The History of Science. A Symposium (B.B.C.). Melbourne U.P.

de Santillana, G. The Origins of Scientific Thought. Mentor.

Hoyle, F. *Astronomy*. Doubleday.

Koestler, A. *The Sleepwalkers*. Hutchinson; also Penguin.

Koyre, A. *From the Closed World to the Infinite Universe*. Johns Hopkins Univ. Also Harper.

Lodge, Sir Oliver. *Pioneers of Science*. Dover.

Mehlin, T. G. *Astronomy*. Wiley.

Nangle, J. *Stars of the Southern Heavens*. Angus and Robertson.

Rosen, E. *Three Copernican Treatises*. Dover.

Sidgwick, J. B. *The Heavens Above*. Oxford U.P.

Staal, J. D. W. *Focus on Stars*. Newnes.

Students may also need to consult:

*The Nautical Almanac for the Year 1968* (H.M.S.O.).

*Norton’s Star Atlas and Telescopic Handbook*. Gall and Inglis.

Many articles in the standard *encyclopaedias* will be found useful; so too will the standard short histories of science: e.g.

Sarton, G. *A Short History of Science*. Oxford.

62.112 History and Philosophy of Science II

An account of the developments in geology, biology and related sciences leading up to the work of Darwin and Wallace, and of the Darwinian revolution itself and its impact on western thought. The account is not restricted to the history of the sciences concerned, but the historical developments are used to illustrate the dynamics of scientific progress, scientific method, the structure of scientific theory and the complex interrelations of scientific, philosophical, religious, political and other ideas.

TEXT BOOKS

REFERENCE BOOKS

62.122 History and Philosophy of Science II (Honours)

Consists of the work prescribed for the Pass course (62.112) with an additional course dealing with the history of science from antiquity to the 16th century. This course is concerned with the origins and nature of the scientific enterprise, its emergence in ancient Greece, and its fortunes during the medieval and early modern periods. An account of ancient and medieval technology is included and particular attention is given to the non-mathematical sciences (chiefly biology and chemistry). The individual sciences, however, are treated in the context of the scientific movement as a whole.

Sarton, G. *A History of Science*. Oxford U.P.
Singer, C. *A Short History of Scientific Ideas*. Oxford U.P.
62.113 History and Philosophy of Science IIIA

A historical account of the development of the scientific movement, to the 20th century, in relation to: (a) its social and cultural environment and the effects of social structures and social forces upon it; (b) its internal social organization; (c) its effects, intellectual and material, upon society. The course deals with such topics as: the different national contexts of the scientific movement; its relations with the state in different countries at different times; its relations with the universities and other teaching institutions; its social composition at various times; the communications system in science; the nature and functions of scientific societies and academies; the influence of technology on science and of science on technology; the emergence of the scientific profession; its characteristics and its relations with other professions, especially medicine and engineering. The intellectual influence of science on society, already treated in H.P.S. I and II in connection with the Copernican and Darwinian Revolutions, is further discussed in other connections. In the early part of the course there is a fairly detailed account of the influence on the scientific movement of the ideas of Bacon and Descartes.

TEXT BOOKS

No text book is prescribed for the course. Selections from primary sources, reading lists, and other material will be issued by the School.

REFERENCE BOOKS

Barber, B. *Science and the Social Order*. Collier.
Blake, R. M., Ducasse, C. J. and Madden, E. H. *Theories of Scientific Method*. Washington U.P.
Hall, A. R. *From Galileo to Newton, 1630-1720*. Collins.
Kuhn, T. S. *The Structure of Scientific Revolutions*. Chicago U.P.
Lilley, S. *Essays on the Social History of Science*. Centaurus.
Ornstein, M. *The Role of Scientific Societies in the 17th Century*. Chicago U.P.
Smith, P. *The Enlightenment*. Collier.
Thayer, H. S. *Newton's Philosophy of Nature*. Hefner.
Willey, B. *The Seventeenth Century Background*. Penguin.

### 62.123 History and Philosophy of Science IIIA (Honours)

The course consists of the following two parts. (In the case of candidates for a degree in combined special studies portions of the following syllabus may be replaced by other work.)

1. The work prescribed for the pass course (62.113).
2. An historically based course in the Philosophy of Science. Extensive reference is made to historical material drawn from topics discussed in earlier courses. Special stress is laid on the formal structure of theories: the status of scientific laws; the function of models; the relationships between theory and observation; the nature and logic of scientific explanation; the metaphysical foundations of theories and methodological principles.

#### REFERENCE BOOKS

Hanson, N. R. *Patterns of Discovery*. Cambridge U.P.
Kuhn, T. S. *The Structure of Scientific Revolutions*. Chicago U.P.
Nagel, E., Suppes, P. and Taski, A. *Logic, Methodology and Philosophy of Science*. Stanford U.P.

62.133 History and Philosophy of Science IIIB (Honours)
Consists of the following two parts.

(i) From the Enlightenment to the Vienna Circle. A discussion of the history of ideas, in its relation to science, during the 18th and 19th centuries, followed by an examination, in that context, of developments in the philosophy of science up to the 20th century.

This part of the course is divided into five sections:
(a) The Concept of the Enlightenment.
(b) The British Empiricists (Locke, Berkeley, Hume).
(c) The Continental Rationalists (Leibniz and Kant).
(d) The English Utilitarians (Bentham and Mill).
(e) Positivism, Conventionalism, Pragmatism and Operationalism.

**TEXT BOOKS**

Section (a)

Section (b)

Section (c)

Section (d)

Section (e)

**REFERENCE BOOKS**
As given in class.

(ii) Experimental Science from Newton to the 19th Century. An examination of the development of experimental physics, chemistry, and biology during the period 1650-1850 approximately. Text and reference books will be notified in class.

### 62.114 History and Philosophy of Science IV (Honours)

Consists of four parts, of which one is an original investigation undertaken by the student and presented in the form of a thesis and the other three are courses of lectures and seminars as follows:

(i) An advanced course in the philosophy of science, mainly dealing with the logical nature of some of the principal sorts of relationships which exist between scientific theories.

**TEXT BOOKS**

**REFERENCE BOOKS**

Bunge, M. *Metascientific Queries*. Thomas.
Hanson, N. R. *Patterns and Discovery*. Cambridge U.P.
Hare, R. M. *Theories and Things*. Sheed and Ward.
Korner, S. *Conceptual Thinking*. Dover.
Kuhn, T. S. *The Structure of Scientific Revolutions*. University of Chicago Press.

Vol. II: Feigl, H., Scriven, M., Maxwell, G. (eds.).
Vol. III: Feigl, H., Maxwell, G. (eds.).

University of Minnesota Press.

Ryle, G. *Dilemmas*. Cambridge U.P.
Toulmin, S. E. *Philosophy of Science*. Harper or Grey Arrow.
Woodger, J. F. *Biology and Language*. Cambridge U.P.

(ii) A study of the scientific enterprise regarded sociologically, including an examination of the historical sociology of science.

**TEXT AND REFERENCE BOOKS**

The course is based mainly on the periodical literature; references will be given in class.

(iii) A detailed study of a selected topic in the history and philosophy of science. In 1968 the topic will be: Ernst Mach and his influence on the history of philosophy and science.

**TEXT BOOKS**

Lenin, V. I. *Materialism and Empirio-Criticism*. Foreign Languages House, Moscow, n.d.

1.112 Physics II

For this subject a pass in Mathematics I is a pre-requisite.
TEXT BOOKS

OR

OR
DIPLOMA IN LIBRARIANSHIP

Requirements for the Award of the Diploma in Librarianship

Intending students are referred to the conditions for the award of graduate diplomas set out in the University Calendar.

Candidates for the award of the Diploma in Librarianship must meet the following requirements:

(1) Hold a degree, other than in Librarianship, of an approved University.

(2) Successfully complete the prescribed course of lectures, practical work and assignments.

ENROLMENT PROCEDURE

Applications for admission to the course should be made on the prescribed form (UE 10), which must be lodged with the Registrar by 4th January, 1968. Students will be notified by letter whether they are eligible to enrol and will be required to complete their enrolment at the office of the School of Librarianship, Hut J., during the following hours:

- **Monday, 26th February**
  - 9 a.m.—12 noon
  - 2 p.m.—4 p.m.

- **Tuesday, 27th February**
  - 9 a.m.—12 noon
  - 2 p.m.—4 p.m.

- **Wednesday, 28th February**
  - 9 a.m.—12 noon
  - 2 p.m.—4 p.m.
  - 6 p.m.—8 p.m.

- **Thursday, 29th February**
  - 9 a.m.—12 noon
  - 2 p.m.—4 p.m.

FEES

Students enrolling in the Diploma Course in Librarianship must attend the appropriate enrolment centre as set out above under “Enrolment Procedure” for authorisation of their course programme.

Fees should be paid during the prescribed enrolment period, but will be accepted without a late fee being payable during the first two weeks of first term. No student is regarded as having completed enrolment until fees have been paid. Fees will not be accepted (i.e., enrolment cannot be completed) after 31st March except with the express approval of the Registrar, which will be given in exceptional circumstances only.

In general, the provisions relating to the payment of fees by undergraduates apply equally to post-graduate students. Such provisions are set out under “Fees”. In particular, the attention of students is drawn to the subsections dealing with Payment of Fees by Term, Assisted Students, Extension of Time, Failure to Pay Fees, Other Fees, Late Fees, and Withdrawal from the Course.
FACULTY OF ARTS

Fees

(i) Registration Fee ................................ $5
(ii) Award of Diploma Fee ............................... $7
(iii) Course Fee—calculated on the basis of a term’s attendance at the rate of $6 per hour per week. Thus the fee for a programme requiring an attendance of 12 hours per week for the term is 12 x $6 = $72 per term.

Other Fees

See (ii)-(vi) as for undergraduate courses.

Late Fees

As for undergraduate courses.

Total: 12
Notes: 1. All the optional subjects are not necessarily offered in the same year.
2. Students taking three courses in Archives (55.641, 55.642 and 55.643) may take an additional optional subject in place of 55.321 Book Acquisition.
3. Not more than two courses in Specialised Reference Work and Aids to Research (55.514, 55.515, 55.516 and 55.517) shall be counted towards the Diploma.
4. In addition to the required subjects the candidate is required to complete a general assignment (55.991) and to satisfy in practical work (55.992).

The course can be completed in one year of full-time attendance and in more than one year of part-time attendance.

DESCRIPTIONS OF SUBJECTS

55.211 Library History, Provision and Government

(a) The history and purposes of libraries and librarianship; types of library; profession of librarianship: qualifications, training and ethics. (b) Library provision, legislation, finance, management. (c) Library surveys. (d) The literature of librarianship.

REFERENCE BOOKS

55.221 Library Organization

(a) Location, planning, equipment of libraries and library services. (b) Administration, staffing, organisation of processing and service departments: acquisition, cataloguing and classifying, lending and reference.

REFERENCE BOOKS
55.311 Book Production

REFERENCE BOOKS

55.321 Book Acquisition

Acquisition of books and periodicals by purchase, donation, exchange and deposit. The acquisition process in relation to other processes.

TEXT BOOKS

REFERENCE BOOKS

Haines, H. E. Living with Books; the Art of Book Selection. 2nd ed. Columbia U.P., 1957.

55.411 Descriptive, Author and Title Cataloguing

(a) Library catalogues.
(b) Cataloguing and the construction and arrangement of catalogues. The principles and practice of bibliographical description, and of author and title entry.
TEXT BOOKS

REFERENCE BOOKS

55.421 Subject Cataloguing and Classification

(a) Alphabetical subject and dictionary catalogues, bibliographies, indexes and abstracts. (The dictionary catalogue, etc., with Cutter's specific subject entry; alphabetic-classed catalogues, etc.; the alphabetical arrangement of special materials: pamphlets, films, etc.)

(b) Classification and classified catalogues, shelf lists, bibliographies, indexes and abstracts. (Dewey Decimal Classification as applied in shelf arrangement and in classified catalogues, etc.; alternative general classifications—Library of Congress and others; classified arrangement of special materials: pamphlets, films, etc.)

TEXT BOOKS

Metcalfe, J. _Subject Arrangement and Indexing of Information._ Bennett, 1966.

REFERENCE BOOKS

55.511 Reference Work and Aids to Research

(a) Reference work and reference books. (Purposes and methods of reference work or assistance to readers; ready reference books; encyclopaedias, dictionaries, handbooks, yearbooks, etc.; their organisation and use in general and special libraries and subjects.)

(b) Research source materials. (Difference between popular and technical literature, and between original and secondary sources in the humanities, the social and the physical sciences and technologies.)

(c) Bibliographies, indexes and abstracts. (Literature indexes such as the periodical indexes, usually alphabetical; abstracting journals, usually classified, in the social and physical sciences; law digests, usually alphabetical; special subject bibliographies; publishing trade bibliographies, etc.)
TEXT BOOK

REFERENCE BOOKS

55.514 Specialised Reference Work and Aids to Research: Humanities.

55.516 Specialised Reference Work and Aids to Research: Natural Sciences and Technology.

Collections and collection building, catalogues, indexes, classifications, comprehensive reference works, primary and secondary sources, literature searching and reports.

TEXT BOOK

REFERENCE BOOKS
55.521 Circulation, Co-operation and Reader Relations

(a) Intra-mural and extra-mural circulation of books and periodicals: purposes, methods, alternatives. Inter-library loans.
(b) Co-operation in acquisition, processing and storage. Associations of libraries and librarians.
(c) The promotion of library use; purposes and problems of service to special groups; user rights and privileges in libraries of different kinds; publicity and public relations.

REFERENCE BOOKS

55.611 Archives and Official Publications

(a) Archives and archival principles. Current records in relation to archives. Techniques of the archivist.
(b) Types of official publications, their processing and use.

55.621 Special Materials

Acquisition, organisation, housing, conservation and use of special materials: manuscripts, maps, music, pamphlets, moving pictures, filmstrips, micro-copies, illustrations, disc and tape recordings, etc.

REFERENCE BOOKS

Tyson, B. T. Topographical Map Series of Australia. 1965.

55.641 Archives, History and Theory

Archives history, definition, institutional relations, and uses in public administration, the law and historical studies.

55.642 Archives Practice

Archives, legislation, administration, organisation, preservation, services.
55.643 Records Management

Management of current records, especially in relation to archival preservation.

REFERENCE BOOKS

55.701 Public Libraries

Local, provincial and national public libraries, with emphasis on the local public library. Social purposes, provision, administration, organisation, services given and received, co-operation.

REFERENCE BOOKS

55.702 University and College Libraries

University and college library administration, organisation, book selection, acquisition, cataloguing, services, intra and extra university and college relations.

TEXT BOOK

REFERENCE BOOKS

55.703 Special Libraries
Special library subject specialisation, provision, administration, documentation, services, intra and extra institutional relations.

55.704 National, State and Local Collections, with Special Reference to Australia
Collections of material of localised interest, their history, provision, administration, organisation, scope, services and relations, including relations with archives.

55.711 Children's Libraries
(a) Provision of children's libraries; function and aims of service to children in different age groups. (b) Organisation of children's departments; training and qualification of children's librarians. (c) Librarianship in the children's library; special materials, treatment and use: extension work, relationship with other activities and with school libraries; the adolescent reader.

55.721 Children's Literature
An optional course of 30 hours of lectures and practical work.
(a) Historical development of children's literature; criteria for evaluation and selection; development of the reading interest of children. (b) Bibliographies of children's literature. (c) Books for children according to age: imaginative literature, traditional literature, "classics", factual and reference books, periodicals, books for backward readers. Illustrated books and illustrators. Books for the adolescent.

REFERENCE BOOKS

55.991 General Assignment
55.992 Practical Work
