THE UNIVERSITY OF NEW SOUTH WALES
COLLEGE OF FINE ARTS

HANDBOOK 1990
FOREWORD

On January 1, 1990 the City Art Institute became the College of Fine Arts, University of New South Wales. In the negotiations which culminated in this change, it was apparent that the incorporation of the College into university was seen as an appropriate and mutually beneficial association. I believe this spirit of optimism and co-operation is a guarantee that the 1990’s will be, for the College, a decade of achievement.

The immediate benefits of the association will be seen in the increased study opportunities available to students. New disciplines will be added to the university’s academic profile providing increased study options for students of existing facilities while fine art students will be presented with new and exciting opportunities for study available to them as members of the university community.

The review of courses commenced in 1989 will continue in 1990 and it is anticipated that in 1991 new courses and significant changes to existing course content and structures will reflect the developments which have taken place in the nature and place of art and design in the Australian community. These changes will coincide with the completion of a building program which will consolidate the teaching facilities of the College on a single campus.

These developments will enhance the capacity of the College. It is appropriate, therefore, that I should record my appreciation of the work done by the Board of Governors of the New South Wales Institute of the Arts, the former governing body of the College.

Under the leadership of the President, Mr Donald McDonald, and Vice President, Mr Ron Newman, the members of the Board worked energetically to sustain and promote the interests of the College.

AN INTRODUCTION

In 1989, as part of a Commonwealth Government initiative to re-organise tertiary education, legislation was enacted by the New South Wales Parliament to transfer the governance of the City Art Institute from the New South Wales Institute of Arts to the University of New South Wales. Accordingly on January 1, 1990 the City Art Institute became the College of Fine Arts, University of New South Wales.

In 1990 the College will continue to offer its courses from two campuses in Paddington and Surry Hills but in 1991 following the completion of two new buildings on the Paddington Campus, the College will consolidate its operations on a single campus.

Minor changes to the nomenclature of courses have been made to place them more appropriately within the University’s academic profile, however these changes do not reflect significant variations to the content, structure or rules of these courses.

Undergraduate courses are currently offered in the Fine Arts and Art Education and in 1991 it is anticipated that a degree in Design will also be introduced.

Graduate Diplomas in Visual Arts, Art Gallery Management, Art Education and courses at Masters level in Fine Arts, Art Theory and Art Education provide opportunities for further study to graduates of the College or other recognised institutions.

The College of Fine Arts, University of New South Wales is one of the largest and most distinguished art schools in Australia. Its goal is to provide its carefully chosen students with opportunities for the full realisation of individual creative and academic potential under the supervision of the most prominent artists and art educators in the community.
THE ACADEMIC GOVERNANCE STRUCTURE

THE SCHOOLS OF THE COLLEGE OF FINE ARTS, UNIVERSITY OF NEW SOUTH WALES

The College of Fine Arts consists of three schools, divided into a number of related subject departments through which the subjects and courses of the Institute are offered.

THE SCHOOL OF STUDIO ARTS
The School of Studio Arts consists of the Departments of Painting, Drawing, Printmaking (including etching, lithography, relief and silk screen painting), and Sculpture.

THE SCHOOL OF MEDIA ARTS
The School of Media Arts is comprised of the Departments of Photography, Film, Four Dimensional Studies (including film, multi media, new art studies and video), Three Dimensional Studies (including ceramics, fibre and jewellery) and Design.

THE SCHOOL OF ARTS EDUCATION AND THEORY
This school includes the Departments of Art Education, Art History and Theory and Gallery Management.

THE CLEMENT SEMMLER LIBRARY
The Clement Semmler Library is situated on the Albion Avenue Campus above the Ivan Dougherty Gallery. It was named after Dr. Clement Semmler O.B.E., D.Litt., M.A. distinguished writer and critic and past Chairman of the Alexander Mackie College Council. The library supports the teaching programs and information requirements of the College of Fine Arts by providing a stimulating collection of resource materials and a broad range of services.

The collection includes books, periodicals, slides, videocassettes, prints and other non-book materials covering a comprehensive range of subjects relevant to the teaching program. As well as assistance to readers in groups or on an individual basis, the library offers reciprocal borrowing rights with the University of New South Wales Library, card operated photocopiers, typewriters and sound and video equipment for use within the library. Services to staff include inter-library loan, bibliographic searches and online data base searching.

As a member of the CLANN library network, the library is able to provide many of the benefits offered by modern technology, such as online catalogues and computerized lending, as well as reciprocal borrowing rights with other CLANN libraries. Emphasis is placed on assisting users to make the best possible use of the information resources available, with the aim of providing lasting learning skills among all users.
THE IVAN DOUGHERTY GALLERY

The Ivan Dougherty Gallery was established in 1977 by the Alexander Mackie College at 200 Cumberland Street, The Rocks, Sydney. It was named after Major General Sir Ivan Dougherty, Chairman of the first college council following the establishing of the College as a College of Advanced Education in 1975. The inaugural exhibition, "Elwyn Lynn: Two Decades" was officially opened on 24th October, 1977 by Sir Hermann Black, Chancellor of Sydney University.

When funds were made available to refurbish the public school built in 1894 on the Albion Avenue site, part of the ground floor was developed as the Ivan Dougherty Gallery's new premises which opened in April 1981.

The purpose of the gallery is to provide an educational and cultural resource for the students and staff of the College, the University and the general public. This involves the mounting of exhibitions, installations and performances of a high standard which can be related to the art courses of the College. Consequently, the exhibitions range over a wide selection of disciplines including printmaking, sculpture, painting and the crafts. Exhibitions are usually of thematic or survey type and include the work of those individuals who have made an outstanding contribution to art or who may be considered to be in the vanguard of developments in the visual arts.

THE WORKS GALLERY

The Works is the on-campus student gallery at the Albion Avenue campus of the College of Fine Arts.

The gallery is administered by the Student Association and run by a representative committee. The aims of the gallery are to narrow the distance between the art school and arts-related industries, to provide a professional environment for students to gain experience in gallery procedures and to create a facility for students to gain curatorial experience.

The Works provides a space for the viewing of the current and recent work of artists who are embarking on their careers in the visual arts.

The gallery calendar includes inter-college and overseas student exchange exhibitions, the hosting of major student-based art prizes and exhibitions of studio work from within the College.

AWARDS AND PRIZES

GRIEVANCE RESOLUTION PROCEDURES
It is inevitable that from time to time cases of conflict and grievance will arise. To provide a means by which contentious decisions or disputes may be resolved grievance resolution procedures have been established.
In many cases problems can be solved by informal discussions with the appropriate member of academic or general staff however in each school of the College a member of academic staff known as the grievance resolution officer has been appointed.
At the commencement of Autumn semester a pamphlet describing the grievance resolution procedures and listing the names of these officers will be published.

10.4 College rules will take precedence over specific program rules.

10.5 In exceptional circumstances, the Board may dispense with or suspend the provisions of any of the preceding rules.

GENERAL RULES
AND PROCEDURES FOR STUDENTS

1. GENERAL CONDUCT

1.1 Acceptance as a member of the College requires an undertaking on the part of the student to observe the relevant Regulation, By-Law, Rules and other requirements of the College, in accordance with the declaration signed at the time of enrolment/registration.

1.2 Members of the academic staff of the College, senior administrative officers, House Officers and other persons authorised for the purpose, have authority to check and report on disorderly or improper conduct or any breach of rules occurring in the College.

2. STUDENT IDENTIFICATION CARD

2.1 All students are issued with an identification card at enrolment after payment of compulsory fees. This card must be carried during attendance at the College and must be presented on request to an authorised officer of the College, in order to protect the student and the College.

2.2 Students should note that the number on the card is their student number, which should be quoted on all correspondence with the College.

2.3 The card must be presented if requested, for example, when varying enrolment, collecting assignments, applying for travel concessions, notifying change of name/change of address and applying for a replacement Library Borrowers Card.

2.4 Loss of or damage to a Student Identification Card should be reported to the Director by completion of a Replacement of Student Card form available from the College Student Administration office. A new card will be issued on payment of the prescribed replacement charge.

2.5 The Student Identification Card must be returned to the College when a student resigns, is granted leave of absence, or is excluded.
3. PAYMENT OF FEES

3.1 As part of enrolment/registration, students are required to pay a compulsory Students' Union and Student Representative Council fee. Students are required to make this payment annually at the scheduled enrolment/registration period prior to commencement of the academic year.

3.2 Scholarship holders or sponsored students who have not received an enrolment voucher or appropriate letter of authority from their sponsor at the time when they are enrolling must complete their enrolment and pay their own fees. A refund of fees will be made after the enrolment voucher or letter of authority has been lodged. Alternatively, a student may be provisionally enrolled pending receipt of the enrolment voucher or appropriate letter of authority. Provisional enrolment may be approved by an authorised member of Student Administration at the time the student attends the scheduled enrolment session.

3.3 Any student who is unable to pay the fee which is a condition of enrolment, may apply in writing to the Director through the Student Administration office for an extension of time. Such applications must clearly state the reasons why payment cannot be made by the due date. The application must be lodged before the date on which enrolment is due to be completed. Normally the maximum extension of time for the payment of fees is two weeks from the date of commencement of classes.

3.4 A fee for late enrolment shall apply. The fee is payable by any student completing enrolment after the scheduled enrolment/registration period unless the fee is waived by the Director.

3.5 It is the responsibility of the student to seek a waiver of the late fee before it becomes due.

3.6 Where a student seeks to enrol after the closing date for enrolment, and no authorisation for a waiver of the late fee can be produced, a student must pay the late fee. If a waiver is subsequently sought on any ground whatsoever, this should be presented in writing to the Director.

3.7 Authority for the waiver of late fees shall rest with the Director or nominee.

3.8 A student who has genuine conscientious objection to membership of the Students' Union may be granted exemption from membership by the Director. Any student seeking exemption must make written application to the Director stating the basis of the conscientious objection. Where exemption is granted, the student shall be required to pay an amount equivalent to the subscription fee, at the same time the fee is due, to a specified fund as determined by the Director from time to time.

4. CONFIRMATION OF STUDENT STATUS

4.1 A student shall be deemed to be a registered student in the College from the time that student completes first enrolment and is given a numbered Student Identification Card until that student completes, resigns from, is excluded from or is deemed to have abandoned the course.
4.2 Students are required to attend the College to enrol and register prior to the commencement of the academic year. In exceptional circumstances a student may use a proxy. In such cases enrolment will be provisional and the student shall be required to complete registration in subjects and sign the declaration on the enrolment form within 2 weeks of the commencement of classes.

4.3 Students must enrol within a prescribed date and time as notified by the Director. Late enrolment will not normally be permitted.

4.4 Students who enrol after the prescribed enrolment date shall pay a late fee unless the fee is waived by the Director.

4.5 Students must confirm their registration in subjects when and in the manner prescribed by the College. Students who fail to confirm registration in subjects as required will not be permitted to vary subject registration prior to the next scheduled period for enrolment/registration.

4.6 Students seeking a variation to their registration in subjects must use the official form available at College Student Administration. This requirement applies to students seeking variation of registration in one or more subjects, variation from one official class list to another for the same subject, and withdrawal from one or more subject.

4.7 Variations of Enrolment must be authorised by the Director or delegate and will not normally be permitted following the conclusion of the second week of semester.

4.8 Students are advised that forms are available at the College Student Administration office for notifying Leave of Absence, Withdrawal, Resignation, Change of Address and for seeking Variation of Enrolment.

4.9 Students seeking Variation of Enrolment must also consult the appropriate Head of Department or School.

5.2 Results of assessment are posted to a student's permanent home address unless the College is informed in writing of a different address.

5.3 A request for a change of name by which the student is registered on College records must be supported by appropriate documentary evidence, such as a marriage certificate, a deed poll document certified by a Justice of the Peace, or a Statutory Declaration.

5.4 The College does not accept responsibility if official communications fail to reach a student who has not notified the Director of a change of address.

9. RESUMPTION OF COURSE AFTER LEAVE OF ABSENCE

9.1 Students resuming their course after Leave of Absence will be advised by Student Administration of the date and time of enrolment/registration and will be required to make an appointment with the Director or delegate to obtain approval for the course of studies proposed for the semester or year.

9.2 Where students resuming their course after Leave of Absence fail to enrol and register in subjects at the scheduled time, permission to enrol and register must be obtained from the Director or delegate and the student will also be liable to pay a late fee. The Director may waive this late fee where mitigating circumstances exist.

10. CONDUCT OF ASSESSMENT PROCEDURES

10.1 Students are required to undertake an assessment schedule for each subject as printed in the subject outline provided by the lecturer or as varied formally by the lecturer following consultation with the student group and, where appropriate, the Director or delegate.

10.2 Students are subject to College requirements with regard to submission and collection of assignments. In general, determination of procedures and times for submission of assignments is the responsibility of the subject lecturer who will notify students of requirements.
10.3 Where an extension of time for the submission of an assignment is sought, students are required to make application, generally in writing, to the lecturer concerned and to furnish evidence of the reasons why an extension is necessary. Requests for extension of time to complete an assignment item should be made at the first possible opportunity, preferably no later than a week before the item is due. Where there is reasonable explanation, an extension of time will normally be granted to students and their assignment marked as normal if submitted by the new date.

10.4 Where no extension of time has been granted and other assignments from the same set have been returned to the student group, the lecturer may refuse to mark the assignment. No assignments can be accepted after the last teaching day for the subject except where a student has sought and been granted Special Assessment under Academic Rule 4.5.

11. RETENTION OF STUDENTS’ WORK

11.1 The College reserves the right to retain at its own discretion a facsimile copy or photographic copy of any drawings, models, designs, plans and specifications, essays, theses or other work executed by students as part of their subjects, or submitted for any award conducted by the College. A student has the right to retain the originals of all work including art, craft or media projects.

11.2 The College, with the student’s agreement may store or use within the College, the original or copy of a student’s work.

12.2 Students who fail to pay charges and late charges levied by the College will not be permitted to attend classes, undertake assessments or be granted any subject grades.

12.3 Students who fail to return material borrowed from the Library by the due date may be refused further borrowing privileges at the discretion of the College Librarian or delegate.

12.4 Students who fail to return on time materials borrowed from College Media Units may be refused further borrowing privileges, at the discretion of the Director or delegate.

12.5 Students unable to return Library or Media items borrowed from the College are required to pay the cost of their replacement. The minimum charge per item will be determined by the College.

1. refusal of further borrowing privileges;
2. withdrawal of authority to attend classes;

13. BUILDING RULES

13.1 Students are required to abide by the building closing times determined for each Campus. Opening and closing times will be determined by an Authorised College Officer from time to time and will be shown on campus official noticeboards. 14. TRAFFIC AND PARKING RULES

14.1 The College grounds are private property and the College has the right to regulate the entry of individuals and vehicles and their behaviour and operation within the grounds. At campuses where student parking is permitted, students may not bring vehicles onto College grounds unless they accept the College Traffic and Parking Rules and the penalties for infringement of those rules.

14.2 Any vehicle brought onto the grounds is required to be driven, parked and managed in compliance with the College traffic and parking rules and signs, and in observance of the directions of Authorised College Officers.

14.8 Parking is permitted only in established parking areas and not on campus roads, or any loading zones or areas marked for the use of authorised vehicles only.

14.9 Where vehicles commit a breach of traffic or parking rules, the following penalties for infringement of these rules will apply:

(1) for first infringement or offence, an Authorised College Officer will record vehicle registration number and issue a written 'first' parking warning notice;

(2) for second infringement or offence, an Authorised College Officer will record vehicle registration number and issue a 'second' parking notice and the driver shall be required to pay a fine of $10;

(3) for a subsequent infringement or offence (or failure to pay the fine previously levied within 14 days) an Authorised College Officer will issue a 'final' parking notice and the vehicle will be excluded from parking within the College grounds.

14.10 Students may appeal in writing to the Director against imposition of any penalty for infringement of traffic and parking rules.

14.11 A student continuing to park within the College a vehicle, which has been excluded because of infringements or offences is liable to such further penalty as may be determined.

4. BACHELOR OF ART EDUCATION

THE COURSE

The Bachelor of Art Education is a four-year full-time degree course.

It is designed to meet the community’s need for art educators in secondary schools and related institutions and is organised into three segments which are studied concurrently.

Segment A: Professional Art Education Studies with the following objectives:

- To foster attitudes in the study of education and art education which lead to a continuing commitment to the study and activity of teaching.
- To ensure that students have a knowledge of pupil development and pupil needs, a knowledge of current educational practices and the foundation on which modern education is based.
- To promote students’ knowledge and skills in the teaching of the visual arts and crafts, to develop their overall understanding of art education, curriculum development, organisation and implementation, and of the contribution of the visual arts to the total school curriculum.

Segment B: Specialist Studies with the following objectives:

- To involve students in a broad spectrum of the visual arts and crafts so that they can develop competencies in chosen specific fields.
- To foster attitudes in the study of the visual and allied arts which can lead to individual research in specialised areas of aesthetics, philosophy and history.

Segment C: General Studies with the following objectives:

- To provide further opportunities for the social and cultural development of students with interests and/or talents in other areas than those indicated in earlier segments.

The course incorporates flexibility in its structure in order that students may develop their individual potential as future art educators in a variety of roles, since secondary art teachers are required to fulfil many and varied responsibilities. They may function essentially as art historians, practical art producers, art education specialists or they may operate within the school situation as generalists whose interests cover the visual arts and crafts and the performing arts, as well as art theory and art history. The opportunity exists within the course for students to specialise in any of these roles.

The course also provides for students who wish to be practising art educators outside the high school area.

5. GRADUATE DIPLOMA OF GALLERY MANAGEMENT

THE COURSE

It is intended that students graduating from the course will be equipped with the skills necessary to solve the kinds of problems found in gallery managerial work. Such problems will vary from the maintenance, security and catalogue documentation of 2D and 3D art works to the unique display and facility demands created by electronic and new art study, environmental installation. Such knowledge, though disparate and far ranging, is of a very practical nature and is seen to be essential for any employee working in a contemporary gallery.

While the main thrust of the course is directed towards practical gallery management skills, including art writing, a supplementary subject, 'Art Ethics and the Law', covers an increasingly significant subject area as it concerns the growing issues of forgery, censorship, copyright, the gallery's ethical and legal responsibility to the artist and art work, and such questions as agent commission, insurance and corporate commissions procedure.

It is important to point out that although the course is seen to be practical in design and function, electives such as 'Principles of Conservation', of necessity, aim to equip the student with information concerning the range and locations of conservational activities and expertise.

The elective units of the course provide an examination of aesthetics and criticism, curatorial studies, detailed information of galleries and collections in Australia and the history of art writing in Australia. Guidelines for the type of art writing which is a necessary part of gallery function will also be available (compilation of biographies, catalogues, press releases, supervision of book publication, constant liaison with printeries, etc.).

THE COURSE

The Course is postgraduate in level and requires either full-time attendance of one year (two semesters) or part-time attendance of two years (four semesters). Students should hold a degree or a diploma in the visual arts craft/art education areas.

The academic award of the Course is Graduate Diploma of Visual Arts (PG 1). The abbreviation for the award is Grad Dip.

The Course is offered for students who wish to further their artistic interests under expert guidance. Small class sizes in each discipline area allow for individual tuition, both of a theoretical and a technical nature. Seminar tutorials encourage students to see their art in the context of contemporary developments and to examine various aesthetic propositions. The Course can be seen as a “rounding out” of a student’s years at Art College. Students are encouraged to develop a professional approach to their own creative endeavours at all times and the Course aims to assist in the transition from student to practising artist in the community. In order to qualify for the Graduate Diploma of Visual Arts a student must:

— acquire a minimum of 48 credit points;
— accumulate the above mentioned credit points, if a full-time student, in not less than two semesters and no more than five, or if a part-time student, in not less than four semesters or more than seven semesters.

Students will be required to select an area of study from the following: Painting and/or Drawing; Sculpture; Craft; New Art Studies (Conceptual Art, Project Art, etc), Photography, Printmaking, Film Making, Video Art, Multi-Media/Performance.

Some seminars supply information of a practical nature such as how the private and public gallery systems function, grants and scholarships, etc. Students select from course outlines and change their seminar group each semester.

GRADUATE LECTURE: Various artists, art administrators and critics etc. from outside the College give a mass lecture which is compulsory for full-time students to attend.

STUDIO CLASSES: Generally students select (with assistance) their own projects or direction and lecturers guide each student individually. Remedial teaching of a technical nature is offered where required. In discipline areas where more than one class is held, students select from subject outlines.
UNSUPERVISED STUDIO PRACTICE: A minimum of 16 hours for full-time students and 8 hours for part-time students is expected in addition to class commitments. Work produced is an assessable complement to supervised studio practice. Wherever possible individual studio space and access to facilities is offered so that students may work on campus outside class hours.
