Subjects, courses and any arrangements for courses including staff allocated as stated in this Handbook are an expression of intent only. The University reserves the right to discontinue or vary arrangements at any time without notice. Information has been brought up to date as at 1 November 1996, but may be amended without notice by the University Council.

**CREDIT POINTS - IMPORTANT NOTE**

From 1996, UNSW introduced a university wide credit point system for all subjects offered to both undergraduate and postgraduate students. The system means that a subject has the same credit point value irrespective of which faculty's course it is counting towards. Students are able to determine the value of subjects taken from other faculties when planning their programs of study. The student load for a subject is calculated by dividing the credit point value of a subject by the total credit points required for the standard program for that year of the course. Student load is used to determine both HECS and overseas student fees. Students who take more than the standard load for that year of a course will pay more HECS.

Pre-1996 subject measures have been replaced by standardised university credit points. Every effort has been made to ensure the accuracy of the credit point values shown for all subjects. However, if any inconsistencies between old and new credit point measures cause concern, students are advised to check with their faculty office for clarification.

Welcome to the Faculty of Commerce and Economics. One of the primary aims of the Faculty is to offer both graduate and undergraduate courses which are relevant to a wide range of careers and professional interests in the commercial and industrial world, in the public service, and in teaching at both the secondary and tertiary level. Graduates of the Faculty are held in high regard and are eagerly sought by the business community. The Faculty has produced outstanding leaders in industry, government, politics, the trade union movement and academia. The Faculty is concerned to combine the strong development of fundamental conceptual issues with an emphasis upon the application of knowledge in the disciplines of commerce and economics.

A feature of both undergraduate and postgraduate courses in the Faculty are core subjects that provide a foundation for subsequent specialisation.

At the undergraduate level the Faculty offers the Bachelor of Commerce, the Bachelor of Economics and the Bachelor of Commerce (Marketing and Hospitality Management) degrees. It is possible to combine the Bachelor of Commerce or Bachelor of Economics with a Bachelor of Laws degree or a Bachelor of Arts degree and the Bachelor of Commerce majoring in finance with a specialised Bachelor of Science degree in mathematics. The Bachelor of Commerce allows students to major or double major, and take options from a range of disciplines. Disciplinary studies are offered in: accounting, business economics, business law and taxation, business statistics, economic history, finance, Information systems, industrial relations, human resource management, Japanese studies at an introductory or advanced level, and marketing. The Bachelor of Economics provides a thorough education in economics, econometrics and/or economic history with the possibility of taking major or optional studies in other disciplines of the Faculty. The Bachelor of Commerce (Marketing and Hospitality Management) is an innovative four year program which combines practical operational training with a double major degree. The four year Accounting Co-op Program or Information Systems and Management Co-op Program provides students with valuable scholarships and industry experience while they study.

Students are encouraged to aim for excellence, to upgrade from the undergraduate pass level to Honours, and to continue on to postgraduate study.

At the graduate level, the Faculty offers the Master of Commerce and a Graduate Diploma in Commerce, both of which are directed towards the development of professional and management skills through study of the major disciplines of the Faculty. In addition, the Faculty has strong research training programs leading to either the Master of Commerce (Honours) or the Doctor of Philosophy. Recent initiatives by the Faculty are providing new opportunities for studying management accounting, at the graduate level, by open learning mode; for corporate sponsored groups to study professional accounting through a customised program; and the Faculty is proud of its initiatives to offer a Master of Commerce in International Accounting in Guangzhou, China.

The Faculty continues to review and redesign courses and subjects in the light of research, teaching experience, the practical needs of employers, and student feedback. This ensures that the education provided remains closely focused on meeting the needs of both students and employers. This aim is assisted by the substantial interaction between the community and the Faculty through its research centres - the Centre for Advanced Empirical Software Research, the Centre for Applied Economic Research, the Japanese Economic and Management Studies Centre, the Australian Centre for Management Accounting Development, the Centre for Franchise Studies, the National Centre for Banking and Capital Markets, the Information Technology Research Centre, the Industrial Relations Research Centre.
Centre, and its consulting and continuing education activities in both the public and private sectors.

I encourage you to contact course advisers in the Faculty if you have any questions about our courses, or need support as a student of the Faculty. I sincerely hope your experience with the Faculty is memorable, perhaps challenging, and ultimately rewarding.

Again, I welcome you to the Faculty of Commerce and Economics.

R. A. Layton
Dean
The academic year is divided into two sessions, each containing 14 weeks for teaching. Between the two sessions there is a break of approximately six weeks, which includes a one-week study period, two weeks for examinations, and three weeks recess. There is also a short recess of one week within each session.

Session 1 commences on the Monday nearest 1 March.

This Handbook is divided into two main sections comprising undergraduate study and graduate study. Course outlines are presented in each section providing a guide to the degrees within organisational units. This is followed by a full listing of subject descriptions in each section which provide details of subject content, contacts, session and prerequisite details.

As changes may be made to information provided in this Handbook, students should frequently consult the noticeboards of the schools and the official noticeboards of the University.

**Information Key**

The following key provides a guide to abbreviations used in this book:

<table>
<thead>
<tr>
<th>Abbreviation</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>CP</td>
<td>credit points</td>
</tr>
<tr>
<td>F</td>
<td>full year (Session 1 plus Session 2)</td>

Some People Who Can Help You

If you require advice about enrolment, degree requirements, progression within courses or any other general matters, contact The Faculty of Commerce and Economics Students Centre, Ground Floor, John Goodsell Building: telephone (02) 9385 3189, fax (02) 9313 7767. The Students Centre is staffed during teaching weeks between 9am and 7pm Monday to Thursday and Friday, between 9am and 5pm. During non-teaching weeks the Students Centre is staffed Monday to Friday between 9am and 5pm.

For information and advice about subject content and requirements, contact the appropriate schools/teaching units.

Important: As changes may be made to information provided in this Handbook, students should frequently consult the noticeboards of the schools/teaching units and the official noticeboards of the University.

Learning Centre

The Learning Centre provides a wide range of academic support services to students enrolled at the University. Assistance is available through workshops in academic skills, individual consultations and discipline or subject specific learning and language programs. All services and programs are free, and individual consultations (approximately one hour per consultation) are completely confidential. The types of assistance available are:

Learning Assistance: The Learning Centre assists students in adjusting to their new academic culture and to new approaches to learning and teaching. The centre provides a range of workshops in study skills in areas such as learning styles, time management, managing study stress, examination preparation, seminar presentation, reading and note taking, essay writing etc. The Centre also offers individual consultations for students where study-related and other academic concerns can be discussed confidentially with a Learning Adviser.

Numeracy Assistance: Assistance in mathematics and basic statistics is available for students through individual consultations at the Learning Centre. During these consultations students will be able to identify their particular needs, as well as improve their numeracy skills under the guidance of the numeracy adviser.

Language Assistance: The Learning Centre with its English Support Service offers a wide range of language assistance program, particularly for students for whom English is a second language. There are lunchtime classes and intensive workshops covering general and academic English. Teachers are also available for individual consultations by appointment.

Lunchtime classes cover general skills such as grammar, vocabulary, listening skills and colloquial Australian English. Students can attend these classes without enrolling. The intensive workshops assist students with academic writing and speaking skills. These include: orientation to academic writing, essay writing, writing a report, a thesis proposal, a literature review and developing seminar and discussion skills. The courses run for 2-3 hours a week over several weeks; it is recommended to attend as many as possible and to enrol early as space is strictly limited. There are also faculty based courses such as English for Commerce, English for Food Technology etc.

For further information and a complete list of programs, contact the Learning Centre or the English Support Unit, Building F9A (next to the International Student Centre), tel 9385 4980.

Higher School Certificate Prerequisites

The Bachelor of Commerce, Bachelor of Commerce (Marketing and Hospitality), Bachelor of Economics and all combined courses offered by the faculty require students to have achieved a prescribed standard in Mathematics at the Higher School Certificate, or equivalent, before an offer of a place will be made. In addition, a number of subjects offered in these courses require students to have achieved a prescribed standard in English at the Higher School Certificate, or equivalent, before enrolment in such subjects is permitted.

Current HSC prerequisites, where applicable, are listed in the section Undergraduate Study: Subject Descriptions later in this Handbook.
Faculty of Commerce and Economics
Enrolment Procedures

Interested applicants to the Faculty of Commerce and Economics should contact the Faculty of Commerce and Economics Students Centre or Undergraduate or Postgraduate Admissions.

New students are informed of enrolment procedures at the time of offer.

All re-enrolling undergraduate students of the Faculty must collect a provisional enrolment package from the Faculty of Commerce and Economics Students Centre in November. For 1997 enrolments the 1997 Provisional Enrolment form must be returned to the Faculty of Commerce and Economics Students Centre by 24 December 1996.

All re-enrolling postgraduate students of the Faculty are sent re-enrolment forms and instructions in late October.

Use of Calculators

The Faculty of Commerce and Economics has resolved to advise all students to equip themselves with a portable electronic calculator, preferably one which possesses, in addition to the four basic arithmetic functions, those involving discounting and present value calculations.

These calculators should be a valuable study aid in expediting the routine aspects of assigned practical exercises throughout the year in many subjects. Such calculators may also be permitted, subject to the discretion of individual examiners, in examinations for subjects taught in the Faculty.

Subject Timetables

Separate undergraduate and postgraduate subject timetables are distributed to re-enrolling students before the end of the current year of study. Additional copies are available from the Faculty of Commerce and Economics Students Centre. New undergraduate students are allocated individual subject timetables for their first Session enrolment at the time of enrolling.

Examinations

Additional information on examinations and assessment, rules and restrictions, are included in the University Calendar.

In subjects under the control of the various schools in the Faculty of Commerce and Economics the published grade will be determined on the basis of a composite mark which will include, on a weighted basis, the results of the final examination, other prescribed examinations, essays and assignments. The exact method of weighing the components of the composite mark may differ from subject to subject, but students are advised of the weighting at the commencement of each session.

Supplementary Examinations

Students may be required to sit for an oral and/or written supplementary examination, which will normally be held in the two weeks preceding the commencement of Session 2 or in early January. In general, this opportunity will only be offered to a student who has been prevented from taking an end of session examination or who has been placed at a serious disadvantage during the examination and whose circumstances have improved considerably in the period since the examination was held.

Students are advised not to undertake programs with which they cannot cope adequately and re-enrolling students are encouraged to seek the advice of enrolling officers in the Faculty on this matter.

Academic Misconduct

Students are reminded that the University regards academic misconduct as a very serious matter. Students found guilty of academic misconduct are usually excluded from the University for 2 years. Because of the circumstances in individual cases the period of exclusion can range from one session to permanent exclusion from the University.

The following are some of the actions which have resulted in students being found guilty of academic misconduct in recent years:

1. taking unauthorised materials into an examination;
2. submitting work for assessment knowing it to be the work of another person;
3. improperly obtaining prior knowledge of an examination paper and using that knowledge in the examination;
4. failing to acknowledge the source of material in an assignment.

Acknowledgment of Sources

Students are expected to acknowledge the source of ideas and expression used in submitted work. To provide adequate documentation is not only an indication of academic honesty but also a courtesy enabling the marker to consult sources with ease. Failure to do so may constitute plagiarism, which is subject to a charge of academic misconduct.

Student Equity

The University of New South Wales is committed to providing an educational environment that is free from discrimination and harassment. Both commonwealth and state anti-discrimination law requires the University not to discriminate against students or prospective students on the following grounds: sex, race/ethnicity, age, disability, sexual harassment, racial harassment, disability harassment,
marital status, pregnancy, sexual preference, HIV/AIDS. Also included are acts of vilification on the grounds of: race and HIV/AIDS.

Complaint/Disputes
The University has internal dispute handling procedures to deal with complaints against staff or other students. The Discrimination and Harassment Grievance Procedures are handled by the Student Equity Unit of the Equal Employment Opportunity Unit. Complaints that largely concern academic matters are usually handled through the Head of School.

Advocacy and Support
Students can seek assistance getting disputes resolved, either in relation to discrimination or academic matters. Assistance can be sought from various areas in the University including:
- Student Equity Unit;
- Student Guild Advocacy Service;
- Student Counselling;
- Equal Employment Opportunity Unit;
- Course Co-ordinators;
- Senior Academic Staff;
- Heads of School.

Students may be confident that their interests will be protected by the University if a complaint is lodged. This means that students should not be disadvantaged or victimised because they have, in good faith, sought to assert their rights to equal opportunity in education.

Equal Opportunity in Education
Policy Statement

Under the Federal Racial Discrimination Act (1975), Sex Discrimination Act (1984), Disability Discrimination Act (1992) and the New South Wales Anti-Discrimination Act (1977), the University is required not to discriminate against students, or prospective students, on the grounds of sex, marital status, pregnancy, race, nationality, national or ethnic origin, colour, homosexuality or disability. Under the University of New South Wales Act (1989), the University declares that it will not discriminate on the grounds of religious or political affiliations, views or beliefs.

University Commitment to Equal Opportunity in Education
As well as recognising its statutory obligations as listed, the University will eliminate discrimination on any other grounds which it deems to constitute disadvantage. The University is committed to providing a place to study free from harassment and discrimination, and one in which every student is encouraged to work towards her/his maximum potential. The University further commits itself to course design, curriculum content, classroom environment, assessment procedures and other aspects of campus life which will provide equality of educational opportunity to all students.

Special Admissions Schemes
The University will encourage the enrolment of students who belong to disadvantaged groups through programs such as the University Preparation Program and the ACCESS Scheme. Where members of disadvantaged groups are particularly under-represented in certain disciplines, the responsible faculties will actively encourage their enrolment.

Support of Disadvantaged Students
The University will provide support to assist the successful completion of studies by disadvantaged group members through such means as the Aboriginal Education Program, the Supportive English Program and the Learning Centre. It will work towards the provision of other resources, such as access for students with impaired mobility, assistance to students with other disabilities, the provision of a parents' room on the upper campus, and increased assistance with English language and communication.

Course Content, Curriculum Design, Teaching and Assessment, and Printed Material
Schools and faculties will monitor course content (including titles), teaching methods, assessment procedures, written material (including study guides and Handbook and Calendar entries) and audiovisual material to ensure that they are not discriminatory or offensive and that they encourage and facilitate full participation in education by disadvantaged people.

Equal Opportunity Adviser Scheme
The University will continue its Equal Opportunity Adviser Scheme for students who feel that they have been harassed or who consider they have been disadvantaged in their education by practices and procedures within the University.

Harassment Policy
The University is committed to ensuring freedom from harassment for all people working or studying within the institution. It will continue to take action, including disciplinary action, to ensure that freedom from harassment is achieved.

Students With Disabilities

The University of New South Wales has a policy of equal opportunity in education and seeks wherever possible to ensure maximum participation of students with disabilities. The University offers a range of assistance: examination support; specialised equipment; educational support; parking provisions; library assistance.

A Resource Guide for students and staff with disabilities and a map showing wheelchair access is available from the Co-ordinator for Disability Support Services, the EEO Unit, the Library, the Student Guild, and the Student Equity Unit.

It is advisable to contact the Co-ordinator for Disability Support Services during the enrolment period, to discuss any support needs.

The Co-ordinator for Disability Support Services can be contacted on (02) 9385 4770 or at the Student Equity Unit, in the East Wing of the Quadrangle Building.
Computing at UNSW

The Division of Information Services (DIS) encompasses information technology and the University Library at UNSW.

Specific University information which is frequently updated is available on the World Wide Web (WWW) in the UNSW home page at http://www.unsw.edu.au which has an index to its contents which includes URLs http://www.acsu.unsw.edu.au and http://www.misu.unsw.edu.au. You can access this information from your workstation and in any computing laboratory with access to WWW through Mosaic or Netscape.

The information provided on the WWW includes more details about DIS information technology units such as points of contact for particular areas of responsibility and services provided.

Faculty of Commerce and Economics Library Facilities

Students and staff of the Faculty of Commerce and Economics are mainly served by the Social Sciences and Humanities Library. Students in the Department of Legal Studies and Taxation also need to use the Law Library.

The Social Sciences and Humanities Library

This library is designed to serve the specialized reference and research needs of staff, postgraduate students and undergraduate students.

All students are welcome to use the library and to borrow books from it. The Social Sciences and Humanities Library is on level 3 and 4 of the library building.

The Library has a computerized on-line catalogue which provides up-to-date information on books on loan or in Open Reserve. Reference Staff of the Social Sciences and Humanities Library are there to help you use the on-line catalogue. The on-line catalogue will tell you where in the Library the material you want is located.

Social Sciences and Humanities Librarian: Pam O'Brien

Undergraduate Services

Open Reserve houses items set as required course reading. Closed Reserve houses copies of journal articles and some University lecture tapes. Items in Reserve may only be used for restricted periods of time. Open and Closed Reserve are on Level 2 of the main Library. Study Kits, which are collections of required readings, are available for purchase from Unicopy.

Photocopying facilities are available: at Unicopy, the main photocopying area on Level 2; in each of the special subject libraries; and in Open Reserve. Change and assistance are available from Unicopy staff on Level 2.

Library tours are available at the beginning of Session 1 and self-guided tours are available throughout the year.

The Law Library

This library caters principally for the library needs of staff and students in the Faculty of Law, but it is also responsible for the extensive collection on taxation. All students are welcome to use the library and borrow books from it. However, most of the materials required by students in the Department of Legal Studies and Taxation are held in the Open Reserve Section on level 2 of the University Library.

Law Librarian: Joe Ury

Faculty of Commerce and Economics Library/Reading Room

Officer-in-charge: Vacant

The library/reading room for undergraduate honours and graduate students in the Faculty of Commerce and Economics is located on the first floor of the John Goodsell Building. The reading room contains books and periodicals covering a wide range of subjects, and provides photocopying facilities and CD Rom access.

During session the reading room is open from 9 am to 9 pm Mondays to Thursdays and 9 am to 5 pm on Fridays.

Out of session the hours are 9 am to 5 pm. The reading room is closed each day between 12.00 - 1.00 pm.

Students wishing to use these library facilities, should register at the Enquiry Desk located in Room 127 on the first floor of the building.

Student Clubs and Societies

Students have the opportunity of joining a wide range of clubs and societies. Many of these are affiliated with the Student Guild. There are numerous religious, social and cultural clubs and also many sporting clubs which are affiliated with the Sports Association.

Clubs and societies seeking to use the name of the University in their title, or seeking University recognition, must submit their constitutions either to the Student Guild or the Sports Association, if they wish to be affiliated with either of these bodies, or to the Registrar and Deputy Principal for approval by the University Council.

Accounting Students' Register

The Australian Society of CPAs enables all accounting students to be affiliated to Australia's largest professional accounting body through the ASR. Membership of the ASR offers many services including: access to one of the best accounting libraries in Australia; discount on purchase price of the Members Handbook, which contains the Australian Accounting Standards (a required text); subscription to the Society journal, The Australian Accountant; and access to seminars and courses organised by the Society.
For further information and application forms for the Accounting Students' Register, contact:
The Education Officer
Australian Society of CPAs
P.O. Box Q290
Queen Victoria Building
Sydney NSW 2000
tel (02) 9262 6200;
or contact
Monte Wynder
The Society's Liaison Officer on Campus
School of Accounting, Quadrangle 3127
tel (02) 9385 5824

AIESEC

AIESEC is a world-wide organisation of university students that aims to create tomorrow's global leaders today. Its main focus is on promoting international and cultural understanding. It achieves this by exchanging people around the world via our graduate exchange program and by running projects focussing on this area.

Involvement is AIESEC gives member valuable business skills in areas such as time and project management, marketing, team leadership and finance, whether this be through active involvement in AIESEC's International Trainee Exchange Programme (ITEP) or in helping run such annual projects as the AIESEC/AMP Investments Economics Competition or 'Forecasting the Australian Economy'.

If you have any queries please do not hesitate to drop by our office:
Room 2050, Quadrangle Building
tel (02) 9385 5893 or fax (02) 9385 5798
Our postal address is:
AIESEC
Union Box 48a
The University of New South Wales
Sydney 2052 Australia

Banking Students' Register

The Australian Institute of Banking and Finance has a special category of subsidised membership for full-time students enrolled in the Faculty of Commerce and Economics who are interested in financial markets issues and are contemplating a future career in the banking and finance industry.

The benefits of student membership include receiving the AIBF journal, The Australian Banker, the opportunity to attend professional development functions organised by the NSW State Committee (66 King Street, Sydney, telephone (02) 9262 1249, access to the Institute's library and information on the educational requirements for professional awards offered by the AIBF.

Application forms for student membership can be obtained from the Office of the School of Banking and Finance, or by contacting the Institute's Head Office, telephone (03) 9602 5811.

Business Students Association

The BSA is one of the largest clubs available for Commerce and Economics students at the University of NSW, with between 1000 and 2000 members each year. It provides social activities for students, giving them the chance to make new friends, as well an opportunity to receive advice and support on university life from other students.

The BSA provides career-related events and talks on topical issues in all areas of business, including various subjects such as finance, accounting and marketing.

The BSA is also involved with creating new activities and obtaining sponsorship from a wide range of Australia's leading companies, bringing students in contact with many prospective employers.

For further information please write to:
Business Students Association
Union Box 20A
The University of New South Wales
Sydney 2052 Australia

The Economic Society of Australia

Students are eligible for membership of the Economic Society of Australia at a concessional rate through the New South Wales Branch. The Branch's financial year commences on 1st April and the student subscription rate is $25 per annum compared with a full subscription rate of $68 per annum. This concession applies to full-time students. Application for membership forms are available from the School of Economics office and require the attestation of a University staff member. Membership forms and information about the Society are also available from: The Hon Secretary, The Economic Society of Australia (NSW Branch), PO Box 211, Mosman, NSW 2088. Members receive the Society's journals, The Economic Record and Economic Papers. They may also subscribe at concessional rates to The Australian Quarterly. Meetings are held each month. The Branch holds functions at which current economic topics are discussed.

The Industrial Relations Society of New South Wales

The Industrial Relations Society of New South Wales, formed in 1958, was the first organisation of its type to be formed in Australia.

Its objects are to organise and foster discussion, research, education and publication within the field of industrial relations. From its inception it has been highly successful in furthering its objectives and in bringing together representatives of trade unions, employers and government, the legal profession and academics, all of whom have contributed to the promotion of better industrial relations.

The proven success of the New South Wales Society is reflected by the fact that similar societies have been formed in each of the states of the Commonwealth and also in Papua New Guinea. This has also enabled the formation of a federal body, the Industrial Relations Society of Australia (composed of representatives of state societies).
which is affiliated to the International Industrial Relations Association.

There are two branches of the NSW Society. One is located in Newcastle and the other in Illawarra.

Participation in the activities of the Society enables a free exchange of opinions, an understanding of the other person's point of view, new friendships and personal relations, all being factors designed to create goodwill and understanding in the fields of industrial relations. All members receive a copy of the two monthly Society's Newsletter and the quarterly publication The Journal of Industrial Relations. Regular activities include luncheons, occasional discussion groups and an annual convention.

Membership fees are payable each financial year and for the 1995/1996 financial year are $26 for bona fide full-time students and $50 for ordinary membership. The precise fee is available on the application form for membership. Enquiries should be addressed to:

The Honorary Secretary Industrial Relations Society of NSW
GPO Box 4479
Sydney 2001

tel (02) 9873 1308, fax (02) 9873 1306

The University of New South Wales Japan Society

The UNSW Japan Society is run by students and is affiliated with CASOC and the Student Guild. Membership is open to all students of Japanese and anyone with an interest in Japanese culture.

The main aims of the Society are to:
1. supplement the Japanese language course by providing students with the opportunity to practise their language skills with native speakers in an informal atmosphere; 2. provide a means of communication outside the classroom between language students and staff; 3. promote better understanding between Japanese and Australian people; 4. keep members informed with regard to Japanese-related events.

Activities are held regularly and are advertised on the School of Asian Business and Language Studies noticeboard, Level 1, Quadrangle Building.

For further information, please contact:

UNSW Japan Society
The University of New South Wales
Sydney 2052 Australia

tel (02) 9385 5802

Korea-Australia Organisation of Students (KAOS)

The Korea-Australia Organisation of Students is a student society affiliated to the UNSW School of Asian Business and Language Studies for contact, communication and social activities among students concerned with the study of Korea, its language and culture. Membership is open to all students of Korean, Korean students on and off campus and any other interested parties.

The organisation aims to serve as a student body representing all students of Korean who are interested in Korea; to promote better understanding about Korea in Australian/non-Korean students; to facilitate communications between the various programs and individuals (e.g. language students and staff) in Australia and Korea involved in Korea-related events and activities, through newsletters, circulars, emails etc; and to provide students of Korean with the opportunity to practise/increase their language skills and to meet new friends in a casual context.

Regular activities include luncheons/dinners, day trips, conversation times, Korean movie sessions, occasional discussion groups and an annual convention. Casual meetings and social activities are held regularly (usually each month) and are advertised on the School's noticeboard located in Level 1, Quadrangle Building.

For membership forms and information about the organisation, please contact:

The Korea-Australia Organisation of Students
The University of New South Wales
Sydney 2052 Australia

tel (+612) 9385 5802

Market Research Society of Australia NSW Division

Market research is the systematic collection and objective recording, classification, analysis and presentation of data concerning the behaviour, needs, attitudes, opinions, motivations, etc. of individuals and organisations (commercial enterprises, public bodies, etc.) within the context of their economic, social, political and everyday activities. It includes social research, insofar as this uses similar approaches and techniques in its study of issues and problems not directly connected with the marketing of goods and services. It also includes industrial marketing research and desk research, especially where these are concerned with the acquisition of original data from the field and not simply the secondary analysis of already available data.

The aim of the Society is to encourage the use of scientific method in marketing research and marketing, and to facilitate the acquiring of further professional skills by its members.

Established in Australia in 1955, the Society has over 1400 members in its five State divisions and is growing rapidly. It is the Australian representative of the International Marketing Federation. Its activities include courses, seminars and workshops on marketing research and marketing, and lectures by top Australian and overseas researchers. It publishes a monthly newsletter, and a biannual journal, The Australasian Journal of Market Research. It also makes available an annual award to marketing students.

A fully affiliated branch of the Society operates on campus as the UNSW Marketing Society (see entry following.) It also makes available an annual award to marketing students.

Membership fees are: $25 joining fee, Full $195, Associate $195, Student $25 (not in full time employment)
Address: The Market Research Society of Australia Ltd, NSW Division PO Box 697
North Sydney NSW 2059
tel (02) 9955 4830, fax (02) 9955 5746.
Enquiries from prospective members or visitors are welcomed, as are those from students or graduates interested in marketing research or marketing careers.

The University of New South Wales Marketing Society

The UNSW Marketing Society was formed to cater for the specific needs of marketing students. It offers a unique opportunity for marketing students to develop their management and social skills. Each year, the success of the Society depends on the interest of the students themselves.

There is no membership fee for the Society. Fund raising helps finance various functions held by the Society, and to facilitate communication of necessary information.

The main objectives of the Society are: 1. to supplement the marketing course by developing close links with industry; 2. to represent marketing students in activities on campus; 3. to sponsor seminars, case studies and visiting guest speakers; 4. to provide an opportunity for marketing students to develop their management and communication skills; and 5. to organise social activities for marketing students and friends.

For further information contact: The School of Marketing Office, 3rd floor, John Goodsell Building.

The Marketing Graduates Association

The MGA is open for membership to all UNSW Marketing graduates from both undergraduate and postgraduate degree courses.

Since the inception of the School of Marketing over 2000 degrees have been awarded. By joining the MGA as a graduate you become a member of what has become a very select and influential international body of corporate and social decision makers. The MGA offers the formal mechanism for maintaining the link between all marketing graduates.

The MGA regularly sponsors professional and social meetings. Part of the MGA’s charter is continuing to professional development. Through its link with the School of Marketing members of the MGA can benefit from seminars and discussion of business issues by local and international speakers. Membership of the MGA provides members with access to a widespread and influential network of colleagues who share a unique educational experience.

For membership and fees enquiries please contact:
The Secretary of the Marketing Graduates Association
Ms Julie Morgan
School of Marketing
tel (02) 9385 3652
or by writing to:
School of Marketing
The University of New South Wales
Sydney 2052 Australia

Statistical Society of Australia: New South Wales Branch

The Statistical Society offers opportunities to exchange ideas with a range of statistical workers who are active in research, teaching, government, commerce, industry and consulting. Student membership is offered to bona fide students. The current subscription for a student member is $37 per annum.

The branch holds Ordinary Meetings each month from April to November, as well as an Annual General Meeting in March. The branch conducts symposia for the study and discussion of particular statistical techniques or of statistical methods in a specialised field. Every second year the Society holds its Australian Statistical Conference; the next one scheduled for 1998. Branch members pay reduced rates for attendance at both the symposia and the conferences.

Annual scholarships of up to $1,000 each are awarded to students enrolled in a fourth year honours course in statistics or a related field (e.g. econometrics).

Members of the branch receive The Australian Journal of Statistics (3 issues per year) and the Society’s Newsletter (4 issues per year).

Requests for further information and for application for membership forms should be sent to:
The Honorary Secretary, Jennifer Kelly, AG8 McNair PO Box 507
North Sydney NSW 2059
tel (02) 9911 7312, fax (02) 9959 4947

General Education Program

UNSW requires that all undergraduate students undertake a structured program in general education as an integral part of their degree. The University believes that a General Education complements the more specialised learning undertaken in a student’s chosen field of study and contributes to the flexibility which graduates are increasingly required to demonstrate. Employers repeatedly point to the complex nature of the modern work environment and advise that they highly value graduates with the skills provided by a broad general education, as well as the specialised knowledge provided in more narrowly defined degree programs. As well, over many years graduates of this University have reported that they greatly valued their General Education studies, which are found to be relevant to both career and personal development.

The General Education Program at UNSW intends to broaden students’ understanding of the environment in which they live and work and to enhance their skills of critical analysis.

Objectives of the General Education Program

The following objectives were approved by the Council of the University in December 1994.

1. To provide a learning environment in which students acquire, develop, and deploy skills of rational thought and critical analysis.

2. To enable students to evaluate arguments and information.

3. To empower students to systematically challenge received traditions of knowledge, beliefs and values.

4. To enable students to acquire skills and competencies, including written and spoken communication skills.

5. To ensure that students examine the purposes and consequences of their education and experience at University, and to foster acceptance of professional and ethical action and the social responsibility of graduates.

6. To foster among students the competence and the confidence to contribute creatively and responsibly to the development of their society.

7. To provide structured opportunities for students from disparate disciplines to co-operatively interact within a learning situation.

8. To provide opportunities for students to explore discipline and paradigm bases other than those of their professional or major disciplinary specialisation through non-specialist subjects offered in those other areas.

9. To provide an environment in which students are able to experience the benefits of moving beyond the knowledge boundaries of a single discipline and explore cross- and interdisciplinary connections.

10. To provide a learning environment and teaching methodology in which students can bring the approaches of a number of disciplines to bear on a complex problem or issue.

General Education Requirements

The basic General Education requirements are the same for students in all single degree courses. Over the course of a degree program students:

- satisfactorily complete a minimum of 30 credit points of study in General Education subjects or their equivalent;
- undertake an additional fifty-six (56) hours of study which ensures that students examine the purposes and consequences of their education and experience at university, and fosters acceptance of professional and ethical action and social responsibility. This fifty-six hours of study may be distributed throughout the course, or exist as a separate subject, depending on the course.

Because the objectives of General Education require students to explore discipline and paradigm bases other than those of their professional or major disciplinary specialisation, all students are excluded from counting subjects toward the fulfilment of the General Education requirement, which are similar in content or approach to subjects required in their course.

Faculty Requirements

Each Faculty has responsibility for deciding what subjects are not able to be counted towards the General Education requirement for their students. In most cases, this means that subjects offered by the Faculty in which a student is enrolled, or subjects which are a required part of a course even though offered by another Faculty, are not able to be counted toward the General Education requirement.

Students should consult the General Education Handbook for detailed information about what subjects may and may not be taken to fulfil the General Education requirements for each course offered by the Faculty. The General Education Handbook is freely available from all Faculty Offices.

Additional information for undergraduate students who first enrolled before 1996

Transitional arrangements

It is intended that no student will be disadvantaged by the change to the new General Education Program. The old Program had specific requirements to complete four session length subjects (or their equivalent) in designated categories A and B. The new General Education Program does not categorise subjects in the same way.

As a result, students who enrolled prior to 1996 will be given full credit for any General Education subjects completed up to the end of Session two 1995.

From the summer session of 1995-96, students will be required to satisfy the unfilled portion of their General Education requirement under the terms of the new Program.

The exemption of General Education requirements for some double or combined degree programs will continue to apply for students who enrolled in these exempt courses prior to 1996.
Information on Schools and Disciplines

The Faculty of Commerce and Economics includes the Schools of Accounting, Asian Business and Language Studies, Banking and Finance, Business Law and Taxation, Economics, Industrial Relations and Organisational Behaviour, Information Systems, and Marketing.

School of Accounting

Head of School
Professor K. T. Trotman

Administrative Officer
Colin Withers

One of the objectives of the School of Accounting is the provision of undergraduate and postgraduate programs at varying levels, which address the educational needs of the accounting profession, industry, commerce and the public sector. The programs provide a context for study of present professional methods and standards and perspectives for exploring possible innovations. Students are encouraged to think clearly, critically and imaginatively about accounting and financial management and the contexts in which they are practised. Students are imbued with a sense of professionalism, and the capacities for leadership in their chosen field of practice. Accounting work is conducted in the following specialist fields of practice.

Auditing: Within diverse and evolving contexts of accountability, auditing refers to the examination, verification and evaluation of, and the reporting on financial or managerial processes, systems or outcomes in organisational settings, and management of the auditing function.

External Reporting: Refers to that area of accounting work concerned, in complex and changing contexts, with the design and operation of information and reporting systems directed to parties external to an organisation, and with the management of the auditing function.

Insolvency and Reconstruction: Refers to that area of work which is concerned, in dynamic, stressed and pressing contexts, with: advising on, or reconstructing organisations which are under performing, potentially insolvent or insolvent; the winding-up of organisations which are insolvent; and reporting on the conduct and outcome to interested parties.

Management Accounting: Refers to processes and technologies designed to secure the effective use of organisational resources, in diverse, dynamic and competitive contexts.

Taxation: Taxation work performed by accountants involves designing, operating and evaluating systems of taxation management, in rapidly changing and globally competitive contexts.

Treasury: Refers to that area of work concerned, in changing, global contexts, with the management of financial risk for organisations, and with the management of the function.

For students who wish to prepare for professional practice in Accounting a sample course program follows. (See also the later section on 'Professional Recognition of Courses Offered by the Faculty of Commerce and Economics'.) This program plan incorporates a single major in Accounting with a minor in Business Law and Taxation. Some of the subjects might be reorganised to suit a student's individual timetable.

School of Banking and Finance

Head of School
Dr A. J. S. Naughton

Administrative Assistant
Inge Mayne

Finance is the study of financial and capital markets. It is concerned with decision making within those markets, and how values or prices of financial assets are determined. It is concerned with investment decisions (for example portfolio selection), financing decisions of a firm (dividend policy, debt and equity structures, and lease purchase decisions), and the development of risk-hedging strategies so as to minimize the damaging effects of adverse movements in share prices, interest rates, exchange rates, and other uncertainties.

A student may specialise in Finance or combine Finance with other disciplines of the faculty, Mathematics or Law. Depending on the program selected, Finance provides training for a wide range of vocation including: corporate financial managers or treasurers; portfolio managers for trust funds, superannuation funds and insurance companies; investment analysts and financial researchers in stockbroking firms, merchant banks, trading banks and government departments; and management consultants and takeover specialists in corporate advisory divisions of merchant banks, public accounting firms, and management consulting firms.

Deregulation of Australia’s financial system has increased the demand for finance graduates, while students with double majors in Finance and Accounting, Economics, Information Systems, Marketing or Japanese Studies have good long-term career prospects.

School of Business Law and Taxation

Head of School
Associate Professor A. L. Terry

Law and commerce are inextricably intertwined. The whole fabric of commerce is woven from a complex legal regime, judicial and statutory, which regulates all commercial activity. The study of commerce has always included an examination of the laws which govern its operation and it is the role of the School of Business Law and Taxation to provide a range of subjects addressing areas of law relevant to students in the Faculty of Commerce and Economics.

The subjects offered by the School fall into three broad categories: ‘foundation’ subjects which expose students from all disciplines in the Faculty to a broad general education in the legal environment and regulation of commerce; ‘professional’ subjects which are recognised by the Australian Society of CPAs and the Institute of Chartered Accountants in Australia for admission to those bodies; and ‘specialist’ business law subjects relevant to disciplinary streams within the Faculty.

At the undergraduate level the School offers a co-major in Business Law and Taxation. At the graduate level the
School of Economics

Head of School
Professor R. A. Bewley

Associate Head of School
Vacant

The School of Economics offers full-time and part-time courses leading to the degrees of Bachelor of Commerce and Bachelor of Economics with specialisations in economics, econometrics or economic history.

The School undertakes the majority of teaching in the Bachelor of Economics Degree, and an important part of the Bachelor of Commerce core. The study of economics, as part of the BCom degree, has built up a reputation of combining an excellent academic standard with practicality and flexibility. Our offerings in the BCom give students the upmost amount of choice so they can select options that complement their career paths. Students can proceed with a minor or single major in business economics, business statistics or economic history, or they may combine two of these as a double major or any one with other disciplines of the faculty as a double major.

The Bachelor of Economics degree gives a solid grounding in economic analysis and quantitative techniques. The Bachelor of Economics allows students to do a single major in economics, econometrics or economic history, or any of these may be combined with each other or other disciplines of the faculty as a double major.

The core requirements of the Bachelor of Economics courses comprise three years of training in modern economic analysis, instruction in quantitative methods and techniques, an in-depth analysis of economics or econometrics and, in most cases, some exposure to economic history. The specialisation in economics provides a basic training in economics which is suitable for a wide range of careers in the private and public sectors of the economy.

In all specialisations, students who have a good academic record are encouraged to apply for enrolment in the Honours program. This requires an additional year of study. Students who wish to become professional economists, econometricians or economic historians are strongly advised to take the Honours course. Potential Honours students should discuss this option with their respective Head of Department.
The content of the marketing course includes not only the general field of marketing but also the related disciplines of economics, accounting, psychology, sociology and mathematics. The course is broadly based in a number of disciplines in order to give the prospective marketing executive a comprehensive training that will reflect the practice of marketing in both the private and public sectors. The Honours year deals with more advanced developments in marketing, and students are required to prepare a thesis.

A specialist four year undergraduate degree course in marketing and hospitality management was introduced in 1989. This course adds hospitality management subjects to the full range of marketing subjects. These additional subjects include human resource management, tourism and hospitality law, together with hospitality management for hotels, resorts and restaurants. Students are provided with practical training in the TAFE sector or an approved training college as part of the course, and are required to undertake studies in another language, adding to the richness of the degree. Graduates will find careers in major hotels and resorts, both in general management as well as in marketing.

Professional Recognition of Courses Offered by the Faculty of Commerce and Economics

The degree courses offered by this Faculty are recognised by professional organisations in accordance with the details set out below:

The Australian Society of CPAs

The Australian Society of CPAs has accepted this University as an approved tertiary institution for the purpose of the Society's membership qualifications.

Associate membership of the Society requires an accredited undergraduate degree with a major in accounting. Students who commence recognised courses after 1st January 1991 must also:

- Pass acceptable examinations in auditing, Australian business law and Australian income taxation, or
- Pass a coherent group or sequence of subjects in one of the following disciplines:
  - finance
  - management accounting
  - information technology or
  - other approved combination.

Graduates who complete the MCom program in Professional Accounting are eligible for associate membership of
the Australian Society of CPAs on completion of professional requirements. Students seeking professional recognition are advised to confirm membership requirements with the Society.

Students commencing courses in 1993 or later, should note that conceded passes are not accepted in units required for Society Membership unless a further unit has been passed in the same subject area. For example, a conceded pass will be accepted in Accounting and Financial Management 1A and 1B because other accounting units follow. However a conceded pass will not be accepted in Accounting and Financial Management 3A, 3B or Auditing.

**The Institute of Chartered Accountants in Australia**

Graduates who have completed the Bachelor of Commerce degree course are eligible under the Institute's new admission requirements to enter the 'Professional Year' leading to membership, provided they have included in their course the following subjects:

- ACCT2522 Accounting and Financial Management 2A or Accounting and Financial Management 2A (Honours)
- ACCT2542 Accounting and Financial Management 2B or Accounting and Financial Management 2B (Honours)
- ACCT3563 Accounting and Financial Management 3A or Accounting and Financial Management 3A (Honours)
- ACCT3583 Accounting and Financial Management 3B or Accounting and Financial Management 3B (Honours)
- ACCT3708 Auditing or ACCT3718 Auditing (Honours)
- FINS2613 Business Finance
- INFS1602 Computer Information Systems 1
- LEGT7711 Legal Environment of Commerce
- LEGT7721 Legal Transactions in Commerce
- LEGT7741 Business Entities
- LEGT7751 Taxation Law

Students undertaking the combined Bachelor of Commerce/Bachelor of Laws Course should substitute the following six subjects for the last four subjects listed above:

- LAWS1420 Contracts
- LAWS2140 Public Law
- LAWS4010 Business Associations 1
- LAWS4020 Business Associations 2
- LAWS4440 Elements of Income Tax Law
- LAWS4450 Advanced Revenue Law

In addition, the MCom program in Professional Accounting is accredited by the Institute.

Students are also advised to contact the Institute in writing for current requirements.

**The Institute of Chartered Secretaries and Administrators**

The Institute of Chartered Secretaries and Administrators grants the maximum recognition permitted by its regulations. Graduates of the Bachelor of Commerce (Accounting) are granted exemption from twelve of the fifteen subjects prescribed in the Institute's examination syllabus, provided they include in their course the required subjects as set down in the Institute's information sheet covering exemptions granted to Universities and teaching bodies in New South Wales.

To satisfy the educational criteria, an applicant must:

(a) hold a relevant undergraduate degree, i.e. one with a major in at least one of the following four areas: Accounting, Information Systems/Computing, Economics/Finance, Marketing

and:

(b) have included or additionally passed at least one unit in each of the following three areas: Strategic Management, Financial Management, Corporate Law.

These units must be accredited by the Institute, whether offered within an undergraduate degree or diploma.

Students are also advised to contact the Institute in writing for any changes in current requirements. Applicants for membership forms are available from the Registrar, GPO Box 1594, Sydney 2001. Applicants are to provide details of their work experience, academic qualifications and an application fee.

**Institute of Corporate Managers, Secretaries and Administrators**

This ICMSA is the professional association for 10,000 company secretaries and corporate managers in Australia. It also operates as the Australian Division of the International, 70,000 member strong, Institute of Chartered Secretaries and Administrators to which most ICMSA members also belong.

The ICMSA accredits subjects which, if completed, count towards the academic requirements of both professional associations. During the course of their studies, students are encouraged to become ICMSA Student Members.

For details of accredited subjects and student membership contact Dr John Nelson, National Education Manager, ICMSA, 70 Castlereagh Street, Sydney (telephone: 223 5744).

**The Australian Computer Society**

The Australian Computer Society recognises that students who have completed the requirements for the award of the Bachelor of Commerce degree have achieved the standard of knowledge required for Level 1 entry to membership if they have included in their course any six (6) subjects from INFS1602 Computer Information Systems 1, INFS2603 Systems Analysis and Design, INFS2607 Business Data Networks, INFS3605 Software Engineering, INFS3608 Advanced Database Systems, INFS3611 Advanced Analysis and Design, INFS4605 Information Systems Auditing. In addition the Society recognises that students who have successfully completed any four or five of the above subjects have achieved the standard required for Level 2 entry to membership and successful completion of any three subjects from the above list for Level 3 entry.

Students who have completed the Master of Commerce degree course are recognised as having achieved the standard of knowledge required for Level 1 entry if they have successfully completed any five subjects from:
INFS3605 Software Engineering
INFS3608 Advanced Database Systems
INFS3611 Advanced Analysis and Design
INFS5905 Information Systems Auditing
INFS5953 Information Systems Management
INFS5983 Business Data Communications
INFS5986 Research Topics in Information Systems 1
INFS5987 Research Topics in Information Systems 2
INFS5988 Business Information Systems
INFS5989 Information Systems Design
INFS5991 Decision Support Systems

and for Level 2 if they have included in their course any three or four of the subjects listed.

The Securities Institute of Australia
The Securities Institute of Australia grants exemptions from certain units leading to associate membership of the Institute to graduates who have completed finance subjects offered in the BCom, BEc or MCom degree courses. Applications for registration, exemption or admission should be made direct to Institute.

The Australian Institute of Banking and Finance
The educational requirements for Senior Associateship will be satisfied if:
1. graduates awarded either a Bachelor of Commerce or Bachelor of Economics degree have included in their studies LEGT7761 Law of Finance and Securities, MARK2012 Marketing Fundamentals and IROB1712 Management of Organisations; or
2. graduates awarded a Master of Commerce degree have included in their studies LEGT5561 Legal Aspects of Finance, MARK5902 Elements of Marketing and IROB5901 Organisational Behaviour;
and a further sequence of at least three coherent subjects in banking or finance.

Students should note that Senior Associate also requires a minimum of two years' employment in the banking and finance industry.

Graduates who have met the academic, but not the work experience, requirements for Senior Associate, qualify for Associate membership.

Students are advised to contact the AIBF for current requirements.
Undergraduate Courses Offered in 1997

The program numbers and corresponding course titles are listed as a guide for enrolment purposes. Students must nominate a course of study and program code at enrolment time. Subject to the Rules appearing below, students may change specialisations throughout their degree.

The program codes and combinations of majors listed are a guide only and may be subject to alteration.

## Rules Governing the Award of the Degrees of Bachelor of Commerce and Bachelor of Economics

For rules relating to courses which are no longer offered to new students, please refer to earlier Faculty Handbooks. Copies of these rules are also available from the Faculty of Commerce and Economics Students Centre.

### Rule 1 - Pass and Honours Degrees

The degrees of Bachelor of Commerce or Bachelor of Economics may be conferred as a Pass degree or as an Honours degree. There shall be three classes of Honours, namely Class 1, Class 2 in two Divisions and Class 3. In cases of superior academic performance throughout the course, the Pass degree will be conferred with merit.

### Rule 2 - Disciplinary Minors

Students not completing the requirements of two majors in the Bachelor of Commerce degree must choose options so that they complete a 'disciplinary minor' in a discipline other than their major. All students satisfying the requirements of the Bachelor of Economics degree automatically satisfy 'disciplinary minor' requirements. A 'disciplinary minor' is defined as four approved session units, or equivalent value for subjects taught outside of the faculty, of which no more than two may be first year units.
Rule 3 - Transfer Between Degrees

Candidates are admitted to the Bachelor of Commerce, the Bachelor of Commerce (Marketing and Hospitality Management), the Bachelor of Commerce (Finance)/Bachelor of Science (Maths), or the Bachelor of Economics course. There is no automatic transfer between these courses. Candidates may seek to transfer between courses and decisions will be made by the Faculty Admissions Committee.

Rule 4 - Assessable Hours

Normal workload expectations for each degree are a minimum of 10 hours per week per unit, including class contact hours, preparation and time spent on all assessable work.

Rule 5 - Passing in a Subject

Where, in the following rules, reference is made to the requirement that a candidate shall pass a subject, the requirement shall be construed as meaning that the candidate shall:

(1) attend such lectures, seminars and tutorials as may be prescribed in that subject;
(2) complete assignments, laboratory work, other set work and an examination or examinations by the prescribed dates to the satisfaction of the Head of the Teaching Unit concerned.

Rule 6 - Minimum Time for Completion

A candidate enrolled in a full-time course may not complete the requirements for the Pass degree in less than six sessions or the Honours degree in less than eight sessions. A candidate enrolled in a part-time course may not normally complete the requirements for the Pass degree in less than twelve sessions or the Honours degree in less than fourteen sessions, provided that these periods may, with the consent of the Head of the Teaching Unit, be reduced to ten sessions and twelve sessions respectively in exceptional cases.

Rule 7 - Normal Program

Except in exceptional circumstances, a candidate must enrol in a minimum of two subjects per session, and will not be permitted to enrol for more than four subjects.

Rule 8 - Nomination of Program

A candidate must nominate on the enrolment form the specialisation intended when enrolling for the first year. A candidate may change from one program to another but not more than once per year. The change requires the approval of the course authority and unless it is a transfer between a pass and an honours program, the change must be completed before enrolment is finalized for the particular year.

Rule 9 - Course Requirements

Bachelor of Commerce 3502, 3571

To complete the requirements for the award of the degree of Bachelor of Commerce:

1. A student must complete and pass 24 units for the Pass degree.
2. Each student must pass the following six core units:
   - ACCT1501  Accounting and Financial Management 1A
   - ACCT1511  Accounting and Financial Management 1B
   - ECON1101  Microeconomics 1
   - ECON1102  Macroeconomics 1
   - ECON1202  Quantitative Methods A
   - ECON1203  Quantitative Methods B
3. Each student must pass subjects comprising a minimum of 30 credit points in total of subjects as specified as Approved General Education subjects offered by faculties other than the Faculty of Commerce and Economics, with the proviso that General Education subjects may not be taken as part of the first year program in the Bachelor of Commerce or Bachelor of Economics.

Substitution Students may seek approval to substitute any subject offered by faculties, other than the Faculty of Commerce and Economics, for which they have the prerequisite, in partial fulfillment of their General Education requirement, up to a maximum of 15 credit points. Substituted subjects may not count as both options in the Bachelor of Commerce or Bachelor of Economics programs and as substitutes for General Education subjects.

Students who enrolled in 1995 or earlier Students who undertook subjects to fulfill the Faculty's General Education requirements in 1995 or previous years will be credited with these subjects for the purpose of meeting the Faculty's current General Education rules.

4. Each student must include the following in their degree program:

4.1 either a major of at least eight units in an approved disciplinary stream and a minor of at least four approved session units of which no more than two may be first year units; or
4.2 a double major of fourteen units, consisting of at least seven units in each of two approved disciplinary streams

5. In addition to the pass degree requirements the award of a degree with Honours requires:

5.1 the completion of at least eight units (single major) or seven units (double major) in a disciplinary stream specified as necessary preparation for fourth year studies, and
5.2 the completion of four specified units in fourth year in one of these disciplines, and a thesis that is the equivalent of two units.

Honours studies may proceed in more than one disciplinary stream prior to fourth year. In the fourth year, Honours may be taken in one discipline only.

6. Approved disciplinary streams are listed hereafter:

Approved Disciplinary Streams (Pass)
- Accounting
- Accounting Co-op Programs
- Business Economics
- Business Statistics
Business Law and Taxation*
Economic History
Finance
German Studies†
Human Resource Management
Hospitality Management‡
Industrial Relations
Information Systems
Information Systems and Management Co-op Program
Japanese Studies**
Japanese Studies (Advanced Program)*
Marketing
†Available as a single major or combined with Finance or Business Economics only
*Not available as a single major, but as a co-major only
‡Available only as a co-major integrated Program with Marketing

Approved Disciplinary Streams (Honours)
To the end of fourth year:
Accounting
Finance
Human Resource Management
Industrial Relations
Information Systems
Japanese Studies
Japanese Studies (Advanced Program)
Marketing

Bachelor of Economics 3543
To complete the requirements for the degree of Bachelor of Economics:
1. A student must complete and pass 24 units for the Pass degree.
2. Each student must pass the following six core units:
   ACCT1501 Accounting and Financial Management 1A
   ACCT1511 Accounting and Financial Management 1B
   ECON1101 Microeconomics 1
   ECON1102 Macroeconomics 1
   ECON1202 Quantitative Methods A
   ECON1203 Quantitative Methods B
3. Each student must pass subjects comprising a minimum of 30 credit points in total of subjects as specified as Approved General Education subjects offered by faculties other than the Faculty of Commerce and Economics, with the proviso that General Education subjects may not be taken as part of the first year program in the Bachelor of Commerce or Bachelor of Economics.

Substitution Students may seek approval to substitute any subject offered by faculties, other than the Faculty of Commerce and Economics, for which they have the prerequisite, in partial fulfilment of their General Education requirement, up to a maximum of 15 credit points. Substituted subjects may not count as both options in the Bachelor of Commerce or Bachelor of Economics programs and as substitutes for General Education subjects. Students who enrolled in 1996 or earlier Students who undertook subjects to fulfil the Faculty’s General Education requirements in 1996 or previous years will be credited with these subjects for the purpose of meeting the Faculty’s current General Education rules.
4. Each student must include the following in their degree program:
   4.1 either a major of at least ten units in the Economics, Econometrics or Economic History disciplinary streams (including units taken as core studies);
   4.2 or a double major of fifteen units, with at least eight units in one of the Economics, Econometrics or Economic History disciplinary streams, and at least seven units in another approved disciplinary stream.
5. In addition to the pass degree requirements the award of a degree with Honours requires:
   5.1 the completion of at least ten units (single major) or eight units (double major) in the Economics, Econometrics or Economic History disciplinary streams specified as necessary preparation for fourth year studies, and
   5.2 the completion of four specified units in fourth year, and a thesis that is the equivalent of two units.
Honours studies may proceed in more than one disciplinary stream prior to fourth year. In the fourth year, Honours may be taken in the Economics, Econometrics or Economic History disciplinary streams only, or a combined Honours program in Economics and Econometrics may be taken.

Approved disciplinary streams are listed hereafter:

Approved Disciplinary Streams (Pass)
Accounting
Asian Studies†
Business Law and Taxation*
Economics
Econometrics
Economics/Econometrics
Economic History
Finance
German Studies†
Human Resource Management
Industrial Relations
Information Systems
Japanese Studies*
Japanese Studies (Advanced Program)*
Marketing
†Available only as a co-major integrated Program with Economics
*Not available as a single major, but as a co-major only

Approved Disciplinary Streams (Honours)
To the end of third year:
Accounting
Finance
Human Resource Studies
Industrial Relations
Information Systems
Japanese Studies
Japanese Studies (Advanced Program)
Marketing

To the end of fourth year:
Economics
Econometrics
Economics/Econometrics
Economic History
Rule 10 - Honours Degree

Upon completion of first or second years of a full-time course or the corresponding stages of a part-time course, a candidate may make a written application to the Head of the Teaching Unit concerned for permission to enrol for an Honours degree. When such permission is granted but a candidate's later performance is unsatisfactory, permission to continue as an Honours student may be withdrawn and the student may proceed to an appropriate Pass degree.

A person on whom the Pass degree of Bachelor of Commerce or Bachelor of Economics has been conferred shall not be admitted to candidacy for the Honours degree of Bachelor of Commerce or Bachelor of Economics, except with special permission on the recommendation of the Head of the School.

Rule 11 - Credit for Subjects Passed at Another University

Subject to the University rules governing admission with advanced standing, subjects passed at another university may be counted towards fulfilling the requirements of the degree but, in general, not more than four subjects studied for a year or equivalent which are already counted for another degree may be counted towards the requirements for the Bachelor of Commerce or Bachelor of Economics. Advanced standing will not normally be granted for subjects completed more than 7 years before the date of admission of the applicant, except with the approval of the Head of the School.

Rule 12 - Options

Subject to the requirements of the individual programs, students may choose options from any approved subject taught in the University. The approval for subjects (other than General Education electives) to count as options is given by the course authority. Heads of the Schools may, in exceptional circumstances, vary subjects in prescribed programs. Apart from service courses for other faculties, all subjects offered by the Faculty of Commerce and Economics will be automatically approved as options save that no subject can be counted both as an option and as a prescribed subject.

Rule 13 - Order of Progression of Subjects

It is expected students shall undertake core subjects in the equivalent of their first year. It is expected failed subjects will be repeated in the first session in which it is next offered.

Rule 14 - Prerequisite and Corequisite Requirements

Except in exceptional circumstances, a candidate shall not enrol in any subject without having satisfied the prescribed prerequisite or corequisite requirements.

---

**Disciplinary Streams**

**Accounting**

Select sufficient subjects to make up minor, co-major or single major requirements, or select single subjects as options, as appropriate.

ACCT4804 | Development of Accounting Thought | Admission to BCom degree course at Honours level majoring in Accounting | Not offered 1997 |
ACCT4809 | Current Developments in Auditing Research | Admission to BCom degree course at Honours level majoring in Accounting | 2 | L3
ACCT4867 | Special Topic in Accounting | ACCT4897 | 1 or 2 | n.a.

Note: must consult Head of School

Accounting Co-op Program

This Program is available as a single major or combined with Finance or Business Economics in the BCom degree only.

Entry to the Program is at first year only, and through the scholarship selection procedures administered by the Co-op Program Office.

This is a four year degree program.

Required

| Subject ID | Subject Name | Prerequisite | Session | HPW |
---|---|---|---|---|
ACCT8691 | Industrial Training 1 | Admission to the Program by selection | Year 1, XI | 8-10wks |
ACCT8692 | Industrial Training 2 | ACCT8691 | Year 3, S2 | 26 wks |
ACCT8693 | Industrial Training 3 | ACCT8692 | Year 4, S1 | 26 wks |

Subject List

Select sufficient subjects to make up co-major or single major requirements, as appropriate.

| Subject ID | Subject Name | Prerequisite | Session | HPW |
---|---|---|---|---|
ACCT1501 | Accounting & Financial Management 1A | Nil | 1 or 2 | L2 T2 |
ACCT1511 | Accounting & Financial Management 1B | ACCT1501 | 1 or 2 | L2 T2 |
ACCT2522 | Accounting & Financial Management 2A | ACCT1511 | 1 | L2 T2 |
ACCT2532 | Accounting & Financial Management 2A (Honours) | ACCT1511 | 1 | L2 T2 |
ACCT2542 | Accounting & Financial Management 2B | ACCT1511 | 2 | L2 T2 |
ACCT2552 | Accounting & Financial Management 2B (Honours) | ACCT1511 | 2 | L2 T2 |
ACCT3563 | Accounting & Financial Management 3A | ACCT2542 | 1 or 2 | L2 T2 |
ACCT3573 | Accounting & Financial Management 3A (Honours) | ACCT2552 | 1 | L2 T2.5 |
ACCT3583 | Accounting & Financial Management 3B | ACCT2522 | 1 or 2 | T3 |
ACCT3593 | Accounting & Financial Management 3B (Honours) | ACCT2532 | 2 | T3.5 |
ACCT3708 | Auditing | ACCT2542 or ACCT2552 or with the approval of the Head of School | 1 or 2 | L2 T1.5 |

Excluded:

ACCT2532
ACCT3563
ACCT3573
ACCT3583
ACCT3593
ACCT3718
### Asian Studies (BEc students only)

This Program is available only as a co-major integrated Program with Economics.

**Required**

(i) Students must enrol in and pass enough language units to reach a standard equivalent to intermediate level. If a student has satisfactory HSC competence in the language this will require two units, if not four. In the case of the Japanese language, students entering without HSC competence should enrol in four consecutive core units of Japanese beginning with JAPN1000 Japanese Communication 1A. Students entering the Japanese language program with HSC, or above, competence will be admitted to a suitable level, subject to a placement test.

(ii) Students must enrol in and pass at least six units relating to a particular country or group of countries as approved by the Head of School. These may include language units and must include at least two economics units, one of which may be ECOH2305 Modern Asian Economic History.

### Business Economics (BCom students only)

**Required**

ECON1101 Microeconomics 1  
ECON1102 Macroeconomics 1

**Options (may be selected from List A or List B)**

To satisfy either single or double major requirements, at least two Options must be chosen from List B.

**List A**

ECON2101 Microeconomics 2  
ECON2102 Macroeconomics 2  
ECON2103 Business and Government Policy  
ECON2104 Australian Macroeconomic Policy  
ECON2105 Economics of the Corporation  
ECON2106 Post-Keynesian Political Economy  
ECON2107 The Economics of Information and Technology

</table>

During the first three sessions, candidates will undertake concurrent studies in Operational Hospitality Training either with the TAFE Sector or approved training college of their choice, usually one day per week for each session. A course fee of approximately $1800 is payable.

Language studies are a requirement of the course. These must be at least one or two units offered by the University to be counted as Options toward the degree.

Attendance and satisfactory participation in a Communications Skills/Effective Public Speaking course, held over six weeks during the first semester of the second year attracts a separate fee of approximately $60.

Sample program for Hospitality Management students:

**Year 1**

- ACCT1501  Accounting and Financial Management 1A
- ACCT1511  Accounting and Financial Management 1B
- ECON1101  Microeconomics 1
- ECON1102  Macroeconomics 1
- ECON1202  Quantitative Methods A
- ECON1203  Quantitative Methods B
- Operational Training

**Year 2**

- HOSP1999  Hospitality Industry Employment 1
- MARK2012  Marketing Fundamentals
- MARK2032  Consumer Behaviour A
- MARK2032  Marketing Research
- MARK2042  Consumer Behaviour B

One Commerce and Economics subject Option and one 15 credit point language studies subject, or 30 credit points of General Education subjects, or one 30 credit point language studies subject option, or 15 credit points General Education subjects and one 15 credit point language studies subject or one Commerce and Economics subject Option.

**Information Systems and Management Co-op Program**

This Program is available only to students admitted through the scholarship selection procedures administered by the Co-op Program office. Entry to the program is at first year only.

This is a four year degree program combining the requirements of the BCom with 18 months of co-ordinated industrial experience. Industrial training extends outside university sessions.

Marketing Honours

This Program is available to the end of third year only for BEc students and to the end of fourth year for BCom students only.
Undergraduate Thesis*

Students enrolled for a degree at Honours level in the Faculty must present a thesis in their final year of study. The thesis is to be on a topic selected by the student and approved by the Head of the Teaching Unit concerned. The thesis must be written under the supervision of a member of staff nominated by the appropriate Head of Teaching Unit.

The length of the thesis for the Honours degree should not exceed 10,000 words.

For the Honours courses the topic selected must normally be submitted for approval no later than the end of the second session in the second last year of the course.

The thesis for any course leading to the award of a degree at Honours level must be presented not later than 30 November of the year in which the thesis is to be presented.

In writing theses students are expected to pay particular attention to matters of presentation. In this respect students are advised to consult J. L. Turabian, A Manual for Writers of Term Papers, Theses and Dissertations, Phoenix Books, University of Chicago Press, 1955, and W. R. Parker, The MLA Style Sheet, Modern Language Association, NY, latest edition. The thesis must include a bibliography and an acknowledgment of all source material and it must be accompanied by an abstract of approximately 200 words. Two copies of the thesis must be submitted in double-spaced typescript on paper size A4 with a 30 mm margin and suitably bound or stapled.

In exceptional circumstances the Head of the Teaching Unit may grant an extension of time for compliance with the requirements of the three immediately preceding paragraphs.

*Before choosing a thesis topic, students in Economics should seek from their department an information sheet outlining requirements for the undergraduate thesis. The School of Economics also supplies the form headed 'Undergraduate Thesis: Application for Approval of Topic'. Two copies of this form should be completed by the student and signed by a member of staff to show that the proposed topic is recommended for consideration. They should then be lodged at the School office.
Combined Commerce/Law, Economics/Law, Commerce/Arts, Economics/Arts and Commerce/Science Courses

Combined Courses leading to the award of the Degrees of:
Bachelor of Commerce/Bachelor of Laws and
Bachelor of Economics/Bachelor of Laws

The University offers combined courses leading to the award of the degrees of BCom/LLB and BEc/LLB. The Bachelor of Commerce degree course and the Bachelor of Economics degree course may be taken at either Pass or Honours level, the combined course taking five or six years respectively. Students wishing to take the degree at Honours level must consult the Head of the School in which they wish to study for Honours before enrolling in the second year of the course.

The Bachelor of Laws degree may be combined with a Bachelor of Commerce specialising in Accounting, Finance, Industrial Relations, Information Systems or Marketing, or with a Bachelor of Economics.

In the modern world of business and administration there is a need in many fields for the combined professional skills of accounting and law. The most obvious of these is the broad field of taxation practice, already drawing on both accounting and legal specialists for matters as estate planning and taxation aspects of business organisations. With the growing complexity of commerce, including international business activities and large scale corporate organisation, there is a new and urgent need for graduates who are well versed in a wide range of legal subjects as well as in accounting and commerce generally. These graduates may enter large companies as full-time advisers or undertake specialised professional practice. In the public sector also the increasing scale and complexity of government undertakings opens up a significant range of opportunities leading to senior administrative positions. Apart from specific career considerations, there is no doubt that accounting and law are complementary studies which provide a demanding but worthwhile course for the able student.

In the financial markets, there is considerable demand for graduates with training in finance and law. The complexity of securities, takeover and company legislation has necessitated the employment of such graduates in merchant banks, trading banks, brokerage houses and regulatory bodies.

The combination of economics and law is ideally suited for those wishing to work in one of the major accounting or law firms on competition policy and indirect taxation.

Rules Relating to the Bachelor of Commerce/Bachelor of Laws Course and the Bachelor of Economics/Bachelor of Laws Course

Rules relating to the award of the degree of Bachelor of Commerce and Bachelor of Economics, as set out in other sections of this Handbook, shall apply wherever relevant to candidates for the course of Bachelor of Commerce/Bachelor of Laws and Bachelor of Economics/Bachelor of Laws.

Candidates for the combined Commerce/Law or Economics/Law degree course may be awarded the degree of BCom or BEc either when they have successfully completed the entire combined course or, for students enrolling from 1995, when they have completed the requirements for the award of the first three years of the combined Bachelor of Commerce or Bachelor of Economics/Bachelor of Laws course - as set out below - and subject to satisfaction of General Education requirements.

Each student must pass units comprising a minimum of 15 credit points in total of Approved General Education subjects offered by faculties other than the Faculties of Commerce and Economics, Law, or ATAX and with the proviso that General Education subjects may not be taken as part of the first year program in the Bachelor of Commerce or Bachelor of Economics.

Students enrolled in 1995 and previous years must satisfy the General Education requirement as specified at the time of their enrolment.

Concessions apply in deciding when students enrolled prior to 1995 who have not completed the requirements of the combined degree have nevertheless completed the re-
quirements of the BCom or BEc. Please consult earlier faculty handbooks for the appropriate “Rules relating to the award of the degree of Bachelor of Commerce or Bachelor of Economics prior to the completion of the Combined Degree”.

Notwithstanding the above regulations, students undertaking the combined Bachelor of Commerce or Bachelor of Economics at Honours level/Bachelor of Laws course may be awarded the degree of Bachelor of Commerce or Bachelor of Economics at Honours level once they have completed the Honours year and the requirements of the first three years of the combined Bachelor of Commerce or Bachelor of Economics at Honours Level/Bachelor of Laws course.

Candidates for Honours in the Commerce or Economics degree course must complete one year additional to the minimum of five years required for the Commerce/Law course at Pass level.

The requirements relating to Honours in the BCom and BEc degree courses are noted at the end of the program for each specialisation. Students ordinarily will interpolate an Honours year between Years 3 and 4 of the combined course.

Apart from service subjects for other faculties, and unless specified as from which discipline they must be chosen, Commerce and Economics Options may be chosen from any offered by the Faculty of Commerce and Economics. Prerequisites apply. No subject can be counted both as an option and as a prescribed subject.

The total credit points required in Law subjects is 405 (240 from compulsory subjects and 165 from elective subjects). An approved sequence of subjects for each course is set out in the following tables; other sequences may be approved in special circumstances.

Combined Courses leading to the award of the Degrees of:
Bachelor of Commerce/Bachelor of Arts and
Bachelor of Economics/Bachelor of Arts

In 1997 the Faculty of Commerce and Economics in conjunction with the Faculty of Arts and Social Sciences is offering two new combined degree courses - the combined Bachelor of Commerce/Bachelor of Arts and the Bachelor of Economics/Bachelor of Arts.

These are five year courses combining the strengths and flexibility of each single degree program. It is expected that these combined courses will appeal to students wanting, in particular, a strong, focussed and highly regarded business course that is complemented by a humanities discipline - chosen out of personal interest or with a particular career objective in mind.

With approval, students with an excellent academic record may also enrol in an additional Honours year in the Bachelor of Commerce or Bachelor of Economics degree.

Students graduating with a combined Bachelor of Commerce/Bachelor of Arts degree or Bachelor of Economics/Bachelor of Arts degree are likely to be employed wherever employers seek Commerce or Economics graduates with, for example, additional language skills in languages offered by the Faculty of Arts and Social Sciences or with a perspective of the world not restricted to business disciplines only.

Rules Relating to the Bachelor of Commerce/Bachelor of Arts Course and Bachelor of Economics/Bachelor of Arts Course

Rules relating to the award of the degree of Bachelor of Commerce and Bachelor of Economics, as set out in other sections of this Handbook, shall apply wherever relevant to candidates for the course of Bachelor of Commerce/Bachelor of Arts and Bachelor of Economics/Bachelor of Arts.

These are a five year (600 credit points) degree courses. Both the Bachelor of Commerce/Bachelor of Arts and Bachelor of Economics/Bachelor of Arts degrees consist of 22 Commerce and Economics subjects (330 credit points), which include the core Year 1 Commerce and Economics subjects, 17 Arts and Social Science subjects (255 credit points) and General Education subjects worth 15 credit points offered by faculties other than the Faculty of Commerce and Economics or the Faculty of Arts and Social Sciences and with the additional proviso that General Education subjects may not be taken as part of the first year program. Students will typically enrol in 120 credit points of subjects per year.
For subject descriptions and details of major sequences for the Bachelor of Arts degree please consult the 1997 Faculty of Arts and Social Sciences Handbook.

Students may be admitted direct to the program in Year 1 or can apply for admission in Years 2 or 3.

3525
Bachelor of Commerce/Bachelor of Arts

BCom/BA

Year 1 (120 credit points)
ACCT1501 Accounting and Financial Management 1A
ACCT1511 Accounting and Financial Management 1B
ECON1101 Microeconomics 1
ECON1102 Macroeconomics 1
ECON1202 Quantitative Methods A
ECON1203 Quantitative Methods B
2 Level 1 Arts and Social Science subjects (30 credit points)

Years 2-5
In Years 2, 3, 4 and 5 students take a total of 16 Commerce and Economics subjects (240 credit points), 15 Arts and Social Sciences subjects (225 credit points) and General Education subjects worth 15 credit points.

For example:

Year 2 (120 credit points)
4 Commerce and Economics subjects (60 credit points)
4 Arts and Social Sciences subjects (60 credit points)

Year 3 (120 credit points)
4 Commerce and Economics subjects (60 credit points)
4 Arts and Social Sciences subjects (60 credit points)

Year 4 (120 credit points)
4 Commerce and Economics subjects (60 credit points)
3 Arts and Social Sciences subjects (60 credit points)
General Education subjects worth 15 credit points

Year 5 (120 credit points)
4 Commerce and Economics subjects (60 credit points)
4 Arts and Social Sciences subjects (60 credit points)

Rules Relating to the Bachelor of Commerce Component

1. Each student must include the following in their degree program.
1.1 either a major of at least eight subjects in an approved disciplinary stream (see below) and a minor of at least four subjects from a different discipline; or
1.2 a double major of fourteen subjects consisting of at least seven subjects from two approved disciplinary streams.

The remaining Commerce and Economics subject or credit point requirements not required for a major sequence and not Year 1 core subjects, as prescribed, if any, may be chosen from any other subjects offered by the Faculty of Commerce and Economics.

2. Approved Disciplinary Streams (Pass)

Accounting
Business Economics
Business Statistics
Business Law and Taxation*
Economic History
Finance
Human Resource Management
Industrial Relations
Information Systems
Japanese Studies*
Japanese Studies (Advanced Program)*
Marketing

*Not available as a single major, but as a co-major only

3. Candidates for Honours must complete one year of study additional to the minimum of five years required for the BCom/BA at pass level. Students wishing to take the Bachelor of Commerce at Honours level must consult the Head of School in which they wish to study for Honours. In addition to the pass degree requirements the award with a degree of Honours requires:
3.1 the completion of at least eight units (single major) or seven units (double major) in a disciplinary stream specified as necessary preparation for honours year studies, and
3.2 the completion of four specified units in fourth year in one of these disciplines, and a thesis that is the equivalent of two units.

4. Approved Disciplinary Streams (Honours)

To the end of sixth year:
Accounting
Finance
Human Resource Management
Industrial Relations
Information Systems
Japanese Studies
Japanese Studies (Advanced Program)
Marketing

Rules Relating to the Bachelor of Arts Component

1. Of the 255 credit points in Arts and Social Sciences required for the combined degree:
(a) none may be from subjects offered by the Faculty of Commerce and Economics;
(b) at least 60 and no more than 90 credit points must be obtained in Level 1 subjects, including no more than 30 Level 1 credit points offered by any one School, Department, Unit or Interdisciplinary Program; and
(c) no more than 135 credit points in total may be from any one School, Department, Unit or Interdisciplinary Program within the Faculty of Arts and Social Sciences

2. Each student must complete a major sequence (105 credit points) in one of the following areas within the Faculty of Arts and Social Sciences:
Chinese
English
French
German Studies
Greek
History
Indonesian
Linguistics  
Music  
Philosophy  
Policy Studies  
Political Science  
Russian Studies  
Science & Technology Studies  
Sociology  
Spanish and Latin American Studies  
Theatre and Film Studies

3526
Bachelor of Economics/Bachelor of Arts

BEC/BA

Year 1 (120 credit points)
ACCT1501 Accounting and Financial Management 1A
ACCT1511 Accounting and Financial Management 1B
ECON1101 Microeconomics 1
ECON1102 Macroeconomics 1
ECON1202 Quantitative Methods A
ECON1203 Quantitative Methods B
2 Level 1 Arts and Social Science subjects (30 credit points)

Years 2-5
In Years 2, 3, 4 and 5 students take a total of 16 Commerce and Economics subjects (240 credit points), 15 Arts and Social Sciences subjects (225 credit points) and General Education subjects worth 15 credit points.

For example:

Year 2 (120 credit points)
4 Commerce and Economics subjects (60 credit points)
4 Arts and Social Sciences subjects (60 credit points)

Year 3 (120 credit points)
4 Commerce and Economics subjects (60 credit points)
4 Arts and Social Sciences subjects (60 credit points)

Year 4 (120 credit points)
4 Commerce and Economics subjects (60 credit points)
3 Arts and Social Sciences subjects (60 credit points)
General Education subjects worth 15 credit points

Year 5 (120 credit points)
4 Commerce and Economics subjects (60 credit points)
4 Arts and Social Sciences subjects (60 credit points)

Rules Relating to the Bachelor of Economics Component

1. Each student must include the following in their degree program.
1.1 either a major of at least ten subjects in Economics, Econometrics or Economic History disciplinary stream (including subjects taken as core subjects); or
1.2 a double major of fifteen subjects, with at least eight subjects in one of the Economics, Econometrics or Economic History disciplinary streams and at least seven subjects in another approved disciplinary stream.

The remaining Commerce and Economics subject or credit point requirements not required for a major sequence and not Year 1 core subjects, as prescribed, if any, may be chosen from any other subjects offered by the Faculty of Commerce and Economics.

2. Approved Disciplinary Streams (Pass)
Accounting  
Asian Studies*  
Business Law and Taxation  
Economics  
Economics/ Econometrics  
Econometrics  
Economic History  
Finance  
Human Resource Management  
Industrial Relations  
Information Systems  
Japanese Studies  
Japanese Studies (Advanced Program)  
Marketing

* Available as a co-major integrated Program with Economics only

3. Candidates for Honours must complete one year of study additional to the minimum of five years required for the BEc/BA at pass level. Students wishing to take the Bachelor of Economics at Honours level must consult the Head of School and/or Head of Department in which they wish to study for Honours. In addition to the pass degree requirements the award with a degree of Honours requires:

3.1 the completion of at least ten units (single major) or eight units (double major) in Economics, Econometrics or Economic History disciplinary streams specified as necessary preparation for honours year studies, and
3.2 the completion of four specified units in the honours year, and a thesis that is the equivalent of two units.

Honours studies may proceed in more than one disciplinary stream prior to the honours year. In the honours year, Honours may be taken in the Economics, Econometrics or Economic History disciplinary streams, or a combined Honours program in Economics and Econometrics may be taken.

4. Approved Disciplinary Streams (Honours)
To the end of fifth year:
Accounting  
Finance  
Human Resource Management  
Industrial Relations  
Information Systems  
Japanese Studies  
Japanese Studies (Advanced Program)  
Marketing

To the end of sixth year:
Economics  
Econometrics  
Economics/Econometrics  
Economic History
Combined Courses leading to award of Degrees of Bachelor of Commerce Bachelor of Science

The University offers a combined course leading to the award of the degrees of Bachelor of Commerce (Finance)/Bachelor of Science (Mathematics). The Bachelor of Commerce degree course may be taken at either Pass or Honours level, the combined course taking four and a half or five and a half years respectively. Students wishing to take the Bachelor of Commerce degree at Honours level must consult the Head of the School in which they wish to study for Honours before enrolling in the second year of the course.

There are two major sources of employment for BCom/BSc graduates. First and foremost are the banks. Since deregulation, the financial sector has seen the entry of some 100 (merchant) banks, and the sector has been exposed to new and sophisticated capital markets. These banks require numerate mathematics graduates who can design and critically analyze the complex mathematical models (for example, of leasing agreements and option pricing) needed to operate effectively in these markets.

Other sources of employment are the insurance and financial consulting companies. In order to respond effectively to foreshadowed changes in the superannuation and tax laws, companies are seeking and employing good mathematics graduates willing to be trained as actuaries.

For both sources, graduates with a combined mathematics/finance background would be ideal.

Entry to the program will be by quota with the admission requirements being not less than that for the degree with the highest requirements (currently the Commerce degree) and also with the HSC prerequisites for MATH1131 Mathematics 1A. Students may be admitted direct to the program in Year 1 or could apply for admission in Years 2 or 3. Any students in the program would also have the option of taking out the BCom degree at the end of three years (provided all program requirements have been met).

The program will take four and a half years of full-time study to complete. However, outstanding students could be granted special permission to complete the program in four years by taking higher than average loads from the second half of year 2 onwards. Another alternative is for four years of full-time study, with the remaining requirements being completed part-time.

Note on Higher Level Subjects: For both Mathematics and Finance subjects, good students are encouraged to substitute higher level subjects for the corresponding ordinary level subjects listed in the program.

The remaining options undertaken must satisfy the General Education requirements.

Each student must pass subjects comprising a minimum of 30 credit points in total of subjects as specified as Approved General Education subjects offered by faculties other than the Faculty of Commerce and Economics or the Faculty of Science with the proviso that General Education subjects may not be taken as part of the first year program.

Students may seek approval to substitute any subject offered by faculties, other than the Faculty of Commerce and Economics or the Faculty of Science, for which they have the prerequisite, in partial fulfilment of their General Education requirement, up to a maximum of 15 credit points. Substituted subjects may not count as both options in the Bachelor of Commerce or Bachelor of Economics programs and as substitutes for General Education subjects.

Students enrolled in 1995 and previous years must satisfy the General Education requirement as specified at the time of their enrolment.
Bachelor of Commerce (Finance)/Bachelor of Science (Mathematics)

BCom/BSc

Year 1
Session 1
ACCT1501 Accounting and Financial Management 1A
ECON1101 Microeconomics 1
MATH1131 Mathematics 1A or
MATH1141 Higher Mathematics 1A
Option 1
Session 2
ACCT1511 Accounting and Financial Management 1B
ECON1102 Macroeconomics 1
FINS2612 Australian Capital Markets
MATH1231 Mathematics 1B or
MATH1241 Higher Mathematics 1B

Year 2
Session 1
FINS2613 Business Finance
MATH2801 Theory of Statistics
Option 2
Option 3
Session 2
FINS2624 Investments
MATH2831 Linear Models
Option 4
Option 5

Year 3
Session 1
FINS3616 International Business Finance
Option 6
Option 7
Option 8

Year 3
Session 2
MATH2501 Linear Algebra
Option 9
Option 10
Option 11

Eight Options must be selected from subjects offered by the Faculty of Commerce and Economics. At least four Options must be selected from subjects offered by the School of Banking and Finance. No subject can be counted as both an option and as a prescribed subject. Service subjects for other faculties cannot be counted as options. The remaining options undertaken must satisfy the General Education requirements.

Year 4
MATH2120 Mathematical Methods for Differential Equations
MATH2160 Linear Programming
MATH2200 Discrete Dynamical Systems
MATH2400 Finite Mathematics
MATH2510 Real Analysis
MATH3181 Optimal Control
15 credit points of Level 3 Statistics
15 credit points of Level 3 Mathematics (MATH3610 and MATH3620 are highly recommended)
22.5 further credit points of Level 2 or 3 Mathematics or other subjects available for Science Program 6810 (See the Science Faculty Handbook for details of elective mathematics and statistics subjects.)
MATH2011 may be substituted for MATH2150 and one other 7.5 Credit Point Level 2 Mathematics subject.

Year 5
Session 1
MATH3002 Mathematics/Statistics Project
MATH3161 Optimisation Methods
15 further credit points of Level 2 or 3 Mathematics
Accounting (School of Accounting)

ACCT1501
Accounting and Financial Management 1A
Staff Contact: School Office
S1 or S2 L2 T2 CP15
This is the first unit in a sequence of subjects dealing with the profession and practice of accounting and the literature associated with it. It illustrates the analysis and design of a financial accounting system which processes financial data and produces financial reports geared to the information needs of interested parties. It introduces students to the design of accounting systems based on double-entry bookkeeping and incorporating other internal controls; also, to the problems of accounting for cash, debtors, inventories and property plant and equipment. It also provides a critical introduction to the ideas underlying accounting practice and to issues associated with the uses and limitations of traditional financial reports. In so doing it introduces students to the practice of literature evaluation.

ACCT1511
Accounting and Financial Management 1B
Staff Contact: School Office
S1 or S2 L2 T2 CP15
Prerequisite: ACCT1501
This is the second unit in a sequence of accounting subjects including an examination of the regulatory environment of financial reporting: the definition and recognition of assets, liabilities, revenues and expenses; accounting for partnerships and corporations. Financing decisions and financial management including financial statement and cash flow analysis, an examination of cost-volume-profit relationships in a single product firm, and short term budgeting. Lotus 123 spreadsheet applications have been integrated with these topics.

ACCT2522
Accounting and Financial Management 2A
Staff Contact: School Office
S1 L2 T2 CP15
Prerequisite: ACCT1511
Note/s: Excluded ACCT2532.
This subject examines management accounting, directed towards the effective use of organisational resources. Organisations create value through the use of resources, and can enhance such value by focusing and reconfiguring their internal processes in various ways; that is, by changing the ways in which they conduct business and perform work. It is argued that, in world class organisations, the management of time, flexibility, quality, integration, variability and interdependencies is critical to sustained value generation. This course explains how management accounting supports such value generation, within changing organisational processes.

ACCT2532
Accounting and Financial Management 2A (Honours)
Staff Contact: School Office
S1 L2 T2 CP15
Prerequisite: ACCT1511
Note/s: Excluded ACCT2522.
The content of this subject includes that of ACCT2522 Accounting and Financial Management 2A as well as additional and more advanced work in management accounting.

ACCT2542
Accounting and Financial Management 2B
Staff Contact: School Office
S2 L2 T2 CP15
Prerequisite: ACCT1511
Note/s: Excluded ACCT2552.
This intermediate financial accounting subject builds on the foundation laid in ACCT1501 and ACCT1511. It is intended for students who will be involved in the preparation or use...
of financial statements whether as accountants, financial executives, auditors, financial analysts or legal advisors. The effort to establish an agreed conceptual framework. The contracting cost framework for the analysis of financial reporting. Accounting for capital instruments. Profit reporting. More advanced aspects of the definition, recognition and measurement of assets and liabilities. Lease accounting. Issues in accounting for company income tax including the effects of timing differences, dividend imputation, and revaluations. Published financial reports including more advanced cash flow statement preparation and analysis. Accounting for the extractive industries and for superannuation plans.

ACCT2552
Accounting and Financial Management 2B (Honours)
Staff Contact: School Office
S2 L2 T2 CP15
Prerequisite: ACCT1511
Note/s: Excluded ACCT2542.

The content of this subject includes that of ACCT2542 Accounting and Financial Management 2B as well as additional and more advanced work in financial accounting.

ACCT3563
Accounting and Financial Management 3A
Staff Contact: School Office
S1 or S2 L2 T2 CP15
Prerequisite: ACCT2542
Note/s: Excluded ACCT3573.

This is the final financial reporting unit following ACCT1501, ACCT1511 and ACCT2542.

This subject examines accounting, reporting and legal problems associated with the preparation of consolidated accounts for complex mercantile structures, significant investments in joint arrangements and other inter-corporate holdings, generic trust designs, securitisation structures, cross-border forex dealings and translations, creative accounting, off-balance sheet mechanisms and structures, corporate regulation, the 'true and fair view' doctrine, business ethics, 'green' accounting and new generation (derivatives) financial instruments.

ACCT3573
Accounting and Financial Management 3A (Honours)
Staff Contact: School Office
S1 L2 T2.5 CP15
Prerequisite: ACCT2552
Note/s: Excluded ACCT3563.

The content of this subject includes that of ACCT3563 Accounting and Financial Management 3A as well as additional and more advanced work in both accounting theory and in the financial management and accountability of corporate enterprises.

ACCT3583
Accounting and Financial Management 3B
Staff Contact: School Office
S1 or S2 T3 CP15
Prerequisite: ACCT2552
Note/s: Excluded ACCT3593.

This subject examines strategic management accounting for the contemporary competitive environment. Topics include: environmental and value chain analysis, customer value and shareholder value analysis, strategic cost analysis, pricing, investment appraisal, product and customer profitability, strategic resource management and management information systems. These issues are explored through professional and disciplinary literatures and cases describing Australian and international practice.

ACCT3593
Accounting and Financial Management 3B (Honours)
Staff Contact: School Office
S2 T3.5 CP15
Prerequisite: ACCT2532
Note/s: Excluded ACCT3583.

The content of this subject includes that of ACCT3583 Accounting and Financial Management 3B, as well as more advanced work dealing with theoretical and research issues in management accounting.

ACCT3708
Auditing
Staff Contact: School Office
S1 or S2 L2 T1.5 CP15
Prerequisites: ACCT2542 or ACCT2552 or with the approval of the Head of School
Note/s: Excluded ACCT3718.

This subject examines the practice of auditing, the concepts which underlie the practice, auditors’ responsibilities and the audit environment. Although the focus of attention is on audits carried out under the provisions of the Corporations Law, reference is also made to other forms of audit. The course is intended to provide an overview of the audit process as it exists in Australia. Both EDP and computer-assisted audit techniques are an integral part of this course.

ACCT3718
Auditing (Honours)
Staff Contact: School Office
S1 or S2 L2 T2 CP15
Prerequisites: ACCT2542 or ACCT2552 or with the approval of the Head of School.
Note/s: Excluded ACCT3708.

The content of this subject includes that of ACCT3708 Auditing as well as introducing students to major research areas in current auditing research, critically examining research methods used and considering possible future developments in audit theory and research. Topics covered may include demand and supply of the audit function, audit fee research, and independence and audit expertise studies.

ACCT4794
Thesis (Accounting)
Staff Contact: School Office
S1 and S2 CP60
Prerequisite: Admission to BCom degree course at Honours level majoring in Accounting

ACCT4804
Development of Accounting Thought
Staff Contact: School Office
S2 L3 CP15
Prerequisite: Admission to BCom degree course at Honours level majoring in Accounting
Note/s: Not offered 1997.

As for ACCT5904. See Graduate Study: Subject Descriptions.
ACCT4805
Global Accounting Issues
Staff Contact: School Office
S2 L3 CP15
Prerequisite: ACCT3563 or ACCT3573
As for ACCT5905. See Graduate Study: Subject Descriptions.

ACCT4809
Current Developments in Auditing Research
Staff Contact: School Office
S2 L3 CP15
Prerequisite: Admission to BCom degree course at Honours level majoring in Accounting
As for ACCT5909. See Graduate Study: Subject Descriptions.

ACCT4818
Advanced Auditing Technologies
Staff Contact: School Office
S2 L3 CP15
Prerequisite: ACCT3708 or ACCT3718
As for ACCT5918. See Graduate Study: Subject Descriptions.

ACCT4820
Contemporary Issues in Management Accounting
Staff Contact: School Office
S2 L3 CP15
Prerequisite: ACCT2522 or ACCT2532
This subject reviews contemporary issues in management accounting thought and practice in historical perspective. Looks at crises, challenges and responses in contemporary practice; cost management technologies, and the evolution of strategic management accounting; disciplinary structures and theoretical forms in management accounting: change, and its impact on management accounting thought and practice.

ACCT4832
Public Sector Accounting and Financial Reporting
Staff Contact: School Office
S1 L3 CP15
Prerequisite: ACCT2542 or ACCT2552
As for ACCT5932. See Graduate Study: Subject Descriptions.

ACCT4851
Current Developments in Accounting Research - Financial
Staff Contact: School Office
S1 L3 CP15
Prerequisite: Admission to BCom degree course at Honours level majoring in Accounting
As for ACCT5951. See Graduate Study: Subject Descriptions.

ACCT4852
Current Developments in Accounting Research - Managerial
Staff Contact: School Office
S1 L3 CP15
Prerequisite: Admission to BCom degree course at Honours level majoring in Accounting
As for ACCT5952. See Graduate Study: Subject Descriptions.

ACCT4867
Special Topic in Accounting
Staff Contact: School Office
S1 or S2 L3 CP15
Prerequisite: ACCT4897
Note/s: Students must consult Head of School before enrolling in this subject.
As for ACCT5967. See Graduate Study: Subject Descriptions.

ACCT4897
Seminar in Research Methodology
Staff Contact: School Office
S1 L3 CP15
Prerequisite: Admission to BCom degree course at Honours level majoring in Accounting
As for ACCT5997. See Graduate Study: Subject Descriptions.

ACCT4898
Project Seminar
Staff Contact: School Office
S1 or S2 CP15
Note/s: Students must consult Head of School before enrolling in this subject.

ACCT8691
Industrial Training 1
Staff Contact: School Office
S1 or S2 CP45

ACCT8692
Industrial Training 2
Staff Contact: School Office
S1 or S2 CP45

ACCT8693
Industrial Training 3
Staff Contact: School Office
S1 or S2 CP45

ACCT8694
Industrial Training Exchange Program
Staff Contact: School Office
S1 or S2 CP45

Servicing Subjects
These are subjects taught within courses offered by other faculties.
For further information regarding the following subjects see the Faculties of the Built Environment and Engineering Handbooks.

ACCT9001
Introduction to Accounting A
Staff Contact: School Office
S1 L1.5 CP7.5
This subject introduces non-commerce students to the nature, purpose and conceptual foundation of accounting: information systems including accounting applications, and analysis and use of accounting reports.
ACCT9002
Introduction to Accounting B
Staff Contact: School Office
S2 L1.5 CP7.5
Prerequisite: ACCT9001
Note/s: Compulsory for BBCM degree course students in the Faculty of Built Environment.
This subject introduces non-commerce students to managerial accounting; long-range planning, budgeting and responsibility accounting; cost determination, cost control and relevant cost analyses.

Business Law and Taxation
(School of Business Law and Taxation)

LEGT7711
Legal Environment of Commerce
Staff Contact: School Office
S1 or S2 L2 T1 CP15
Prerequisite: HSC minimum mark required - 2 unit Contemporary English (60-100), or 2 unit General English (60-100), or 2 unit English (53-100), or 3 unit English (1-50)
The entire fabric of commerce is woven from a complex legal regime, judicial and statutory, which regulates all commercial activity. This subject deals with the Australian legal system; Commonwealth/State relations; Parliament and statute law; the courts and case law; the executive and administrative law; the legal process and its alternatives. This subject also introduces areas of substantive law relevant to commerce with particular reference to property law (with particular reference to intellectual property), torts law (with particular reference to negligence), contract law, criminal law, commercial entities and transactions, competition and consumer protection.

LEGT7715
International Business Law
Staff Contact: School Office
S2 CP15
Prerequisite: Nil
Business today increasingly operates in an international market place. This subject provides an introduction to the legal and commercial considerations affecting the conduct of business at an international level. Various types of international business activities and the more appropriate structures for them are considered, as are basic questions of finance, transport, property, fair trading and dispute resolution.

LEGT7721
Business Transactions
Staff Contact: School Office
S1 or S2 L2 T1 CP15
Prerequisite: LEGT7711
Contract law forms the basis of all important commercial transactions and is essential to a proper understanding of more specialised areas of commercial law. This subject examines the general principles of contract law and how they are developed and expanded in relations to specialised commercial transactions including agency, contracts for the sale of goods, guarantees, bankruptcy, negotiable instruments, securities and insurance law. Relevant areas of consumer protection and competition law are also discussed. The common contractual themes in which these areas are grounded will be highlighted, along with the different requirements attaching to the rights and obligations of parties to transaction in such areas.

LEGT7730
Business, Ethics and the Law
Staff Contact: School Office
S2 L2 T1 CP15
Prerequisite: Nil
Society increasingly demands ethical and social responsibility. This subject provides an ethical dimension to the conduct of contemporary commerce in Australia. Although 'ethics' exists independently of the law, legislative and common law developments are increasingly imposing higher standards of commercial morality. This subject examines the conceptual basis of ethical behaviour, and the increasing attempts by the law to prescribe ethical behaviour, through a series of case studies drawn from disciplines within the Faculty's jurisdiction.

LEGT7731
Marketing and Distribution Law
Staff Contact: School Office
S1 L2 T1 CP15
Prerequisite: Nil
The marketing and distribution of goods and services operates within a comprehensive regulatory framework. This subject examines that framework. Topics include restrictive trade practices implications of distribution with special reference to collusive activity, exclusive dealing, resale price maintenance and abuse of market power; consumer protection and fair trading implications of sales promotion with particular reference to misleading or deceptive conduct and other unfair practices; advertising self regulation; product liability; protection of intellectual property; franchising, licensing and character merchandising.

LEGT7741
Business Entities
Staff Contact: School Office
S2 L3 T1 CP15
Prerequisite: LEGT7711 and LEGT7721
The law relating to the legal structures available for business including partnerships, joint ventures, trusts and companies. The primary focus is on the modern company and its operation under the Corporations Law. Topics include the nature of the corporate entity; establishing the company and fund raising; shares and dividends; the rights and duties of directors; the position of management; shareholders' rights and remedies for their enforcement; insolvency and liquidation.

LEGT7751
Business Taxation
Staff Contact: School Office
S1 L3 T1 CP15
Prerequisite: LEGT7711 and LEGT7721
The complexity and comprehensiveness of the Australian taxation system means that tax considerations must be taken into account in most business decisions. An understanding of the structure of the Australian taxation system
and of the policy factors that guide legislators is essential to professional business advisors. This subject concentrates on income taxation in Australia. Topics include: concepts of income; allowable deductions; tax accounting; taxation of partnerships, trusts and corporations; anti-avoidance provisions; tax administration; capital gains tax; and fringe benefits tax.

**LEGT7761**
**Law of Finance and Securities**  
*Staff Contact: School Office*
S1 L2 T1 CP15  
*Prerequisite: Nil*

This subject examines the legal environment of banking and relevant financial institutions with particular reference to the law regulating business transactions and structures. Topics include legal concepts underlying the bank-customer relationship; legal regulation of financial instruments; laws relating to various types of securities; bankruptcy and alternative arrangements; company insolvency; legal regulation of banking and financial institutions.

**LEGT7771**
**Information Technology Law**  
*Staff Contact: School Office*
S2 L2 T1 CP15  
*Prerequisite: LEGT7711 or INF1602*

The laws governing information technology. The topics examined include intellectual property law - patents, copyright and confidential information; licensing; technology contracts; tortious liability; product liability; computer crimes; data protection and privacy issues; and current issues.

**LEGT7781**
**Regulation of Government Agencies**  
*Staff Contact: School Office*
S1 L2 T1 CP15  
*Prerequisite: LEGT7711*

The executive arm of government possesses wide regulatory and administrative powers. This subject examines the law controlling the bureaucracy in the exercise of these powers. It covers delegated legislation, the control and review of administrative action and discretionary powers, and freedom of information. The roles, powers and functions of major regulatory agencies with particular reference to the Australian Competition and Consumer Commission, the Australian Securities Commission and the Australian Taxation Office are also examined.

**LEGT7791**
**International Investments: Law, Tax and Strategy**  
*Staff Contact: School Office*
S2 L2 T1 CP15  
*Prerequisite: LEGT7711 or permission from Head of School*

Technological change and the freeing of trade barriers have transformed international business transactions. This subject examines legal and tax strategies relevant to international direct investment. Topics include: forms of international direct investment; international trade in goods and services; financing of international trade and investment; investment security in an international context; the role of bi-lateral and multi-lateral treaties; how Australia taxes inbound investment; how Australia taxes outboard investment with emphasis on the CFC regime; the role of double tax treaties; transfer pricing and international anti-avoidance measures.

**LEGT7811**
**Corporate Law, Tax and Strategy**  
*Staff Contact: School Office*
S1 L2 T1 CP15  
*Prerequisites: LEGT7741 and LEGT7751*

What are the legal and tax implications of the different financing alternatives available to corporations? Are all the different methods of profit distribution from a company equally tax effective? What are the different strategies available to a takeover bidder and when should they be used? How should a corporate reorganisation be structured? This subject will examine these and similar questions, relating to the interaction between legal and tax questions in corporate governance, through a series of case studies and simulation games.

**LEGT7821**
**Special Topic in Business Law**  
*Staff Contact: School Office*
S2 L2 T1 CP15  
*Prerequisite: LEGT7711 and permission from the Head of Department*

A specially assigned project, program or set of readings relating to research in business law.

**LEGT7821**
**Special Topic in Taxation**  
*Staff Contact: School Office*
S1 S2 CP15  
*Prerequisite: LEGT7711 and approval from the Head of School*

A specially assigned project, program or set of readings relating to research in taxation.

---

**Economic History**  
*(School of Economics)*

**ECOH1301**
**Australia in the International Economy in the 20th Century**  
*Staff Contact: Dr B. Dyster*
S1 HPW3 CP15  
*Prerequisite: HSC minimum mark required - 2 unit Contemporary English (60-100), or 2 unit General English (60-100), or 2 unit English (53-100), or 3 unit (1-50)*

This subject looks at the international economy at the end of the 19th century (trade, factor flows, and payments arrangements); problems of the international economy between the wars: the impact of World War II and the international economy in the post-war era; and Australian economic development and its relationship with the international economy in terms of economic fluctuations, problems of the inter-war period, growth of manufacturing, government policy and action, the importance of the mining industry, economic development and the distribution of income and wealth.
ECOH1302
Australia and the Asia-Pacific Economies: Historical Perspectives
Staff Contact: Dr. D. Clash
S2 HPW3 CP15
Prerequisite: HSC minimum mark required - 2 unit Contemporary English (60-100), or 2 unit General English (60-100), or 2 unit English (53-100), or 3 unit (1-50)
This subject focuses on Australia's economic relations with the countries of Asia and the Western Pacific since the 19th century, with particular emphasis on the period since the Second World War. Topics include: capital and trade flows, labour and immigration issues; the changing political structures; Australian colonial rule and economic development in Papua and New Guinea; the rise to economic power of Japan and its relations with Australia before the Second World War; resurgence of Japan in the 1950s and its dominance of Australia's trade; future relations with Japan; the emergence of the 'newly industrializing nations' in Asia and their impact on Australia; the ASEAN group's 'special relationship' with Australia; Sino-Australian economic relations; trans-Tasman economic integration; Australia's perceptions of Asia and the Pacific and obstacles to greater economic integration.

ECOH2301
Management and Business Development
Staff Contact: Dr D. Meredith
S1 HPW3 CP15
Prerequisite: ECON1102
Note/s: Not offered 1997.

ECOH2302
Origins of Modern Economics
Staff Contact: See Head of Department
S1 HPW3 CP15
Prerequisite: ECON1102
Note/s: Not offered 1997.

ECOH2303
Economic Change in Modern China 1700-1949
Staff Contact: See Head of Department
S1 HPW3 CP15
Prerequisite: ECON1102
Note/s: Not offered 1997.

ECOH2304
Economic Transformation in the People's Republic of China
Staff Contact: See Head of Department
S2 HPW3 CP15
Prerequisite: ECON1102
Note/s: Not offered 1997.

ECOH2305
Modern Asian Economic History
Staff Contact: See Head of Department
S1 HPW3 CP15
Prerequisite: ECON1102
This subject examines the contrasting histories of Asian economies in the modern period. Four major areas are considered - Japan, China, India and Indonesia. Focus is on the nature of the Asian economies and the impact of the West prior to 1949; and the history of planning in the four nations since the Second World War. Four specific themes are considered: the impact of Japanese development on Asia; economic planning and policy in China; problems of the modern Indian economy; and planning for scientific and technological development in modern Asia.

ECOH2306
Settler Capitalism
Staff Contact: Dr B. Oyster
S1 HPW3 CP15
Prerequisite: ECON1102
Note/s: Excluded ECOH2307 (No longer offered.) Not offered 1997.

ECOH2309
Modern Capitalism: Crisis and Maturity
Staff Contact: See Head of Department
S1 HPW3 CP15
Prerequisite: ECON1102
Note/s: Not offered 1997.

ECOH2311
German Economy and Society
Staff Contact: A/Prof J. Perkins
S1 HPW3 CP15
Prerequisite: ECON1102
Note/s: Not offered 1997.

ECOH2312
The Industrial Revolution
Staff Contact: A/Prof J. Perkins
S1 HPW3 CP15
Prerequisite: ECON1102
Note/s: Not offered 1997.

ECOH2313
Australian Economic Development in the 20th Century
Staff Contact: Dr D. Clark
S1 HPW3 CP15
Prerequisite: ECON1102
This subject examines the development of the Australian economy from the Long Boom and the Depression of the 1890s to the present day. It looks at Australian economic development and its main features: economic fluctuations and their consequences, especially the Depression of the 1930s; the rise of Australian economic institutions; changes in the philosophy of development and the role of government; migration and the inflow of foreign capital; development strategies of the States; impact of war; growth of manufacturing and industry policy; development of the services sector; problems of the agrarian economy; and changes in the standard of living. Also considered is Australia's changing economic relations with other countries and the world economy, and economic problems in the later 20th century in a historical perspective.

ECOH2314
The Experience of the Soviet Union
Staff Contact: A/Prof J. Perkins
S2 HPW3 CP15
Prerequisite: ECON1102
Note/s: Not offered 1997.
ECOH2315
The City in History
Staff Contact: Dr B. Dyster
S2 HPW3 CP15
Prerequisite: ECON1102
Note/s: Not offered 1997.

ECOH2317
Banking and Financial History
Staff Contact: Dr D. Meredith
S2 HPW3 CP15
Prerequisite: ECON1102
Note/s: Not offered 1997.

ECOH2318
Making the Market
Staff Contact: A/Prof J. Perkins
S1 HPW3 CP15
Prerequisite: ECON1102
This subject is concerned with the evolution of the market as a means of distribution of goods and services. It focuses on the Australian experience since the late 19th century in an international context. Among the areas covered are: the history of retailing and wholesaling; consumer sovereignty and the development of advertising; the evolution of consumer credit; efforts to subvert the market; and distribution in non-market economic systems.

ECOH2319
Economic Policy in Australia
Staff Contact: Dr D. Clark
S2 HPW3 CP15
Prerequisite: ECON1102
This subject is concerned with the nature and development of economic policy in Australia since the establishment of the Commonwealth. It deals with policy issues in economic management such as fiscal, tariff, immigration, finance, employment and trade as well as those in social development such as education, housing, health, and welfare. It aims to analyse the formulation of policy, the growth of State intervention in economic and social activities and the more recent trends towards deregulation. Attention will be paid to the impact upon Australian policy development of outside forces such as the two world wars, the Great Depression and fluctuations in the international economy. Finally, this subject considers the ideological underpinnings of economic and social policy formation in Australian society and places ‘economic rationalism’ in a historical perspective.

ECOH2320
Life and Death: Demographic Economic History
Staff Contact: Dr B. Dyster
S2 HPW3 CP15
Prerequisite: ECON1102
Aims to introduce students to such issues as: population take-off in the United Kingdom concurrent with the founding of white Australia; the impact of invasion on indigenous peoples; death and disease; sex, reproduction and contraception; immigration; living standards; the economics of an ageing population; the gendered nature and historically changing experience of the human life cycle. The objectives of this subject are: to showcase new methods in economic history; teach primary research skills and an appreciation of source materials; enhance written and oral presentation skills; and give an overview of the forces shaping the Australian economy and society.

ECOH3301
The History of Economic Analysis
Staff Contact: See Head of Department
S1 HPW3 CP15
Prerequisite: ECON1102
Note/s: Not offered 1997.

ECOH3302
Classics of Economic Thought
Staff Contact: See Head of Department
S2 HPW3 CP15
Prerequisite: ECON1102
Note/s: Not offered 1997.

ECOH3303
Transformation of the Japanese Economy
Staff Contact: See Head of Department
S2 HPW3 CP15
Prerequisite: ECON1102
This subject examines growth and sectoral change in the Tokugawa economy, cities, handicrafts and population; the low-level equilibrium trap; the dynamics of the Meiji Restoration, government, trade, development; the interpretation of ‘relative backwardness’, 1880-1914; classical models and capitalist development; the economic history of political change during the inter-war years; capitalism and colonies; and the ‘Economic miracle’ and structural change; exports, the yen and the international economy.

ECOH3304
Shaping Australia, 1788-1914
Staff Contact: Dr B. Dyster
S1 HPW3 CP15
Prerequisite: ECON1102

ECOH3305
Modern Australian Capitalism
Staff Contact: Dr D. Clark
S1.2 HPW3 CP15
Prerequisite: ECON1102
Note/s: Excluded ECOH3325. No longer offered.

Prerequisites: ECON1102
Note/s: Not offered 1997.
ECOH4323
Approaches to Economic and Social History
Staff Contact: See Head of Department
S1 HPW3 CP15
Prerequisite: ECON 1102
This subject looks at the perspectives, themes and tools involved in the study of modern economic and social history and serves to show that the historian concentrates upon particular problems and methods of analysis which define the subject of history as a discipline in its own right. One function of the course is to provide a degree of unity to the varied knowledge gained by students in other economic history courses; another is to allow students to come to grips with important problems of a general nature.

ECOH4324
Aspects of Australian Economic Development
Staff Contact: See Head of Department
S1 HPW3 CP15
Prerequisite: ECON 1102
Advanced topics in Australian Economic Development.

ECOH4325
Seminar in Research Methods
Staff Contact: See Head of Department
S2 HPW3 CP15
Prerequisite: ECON1102
Honours students present work in progress on their thesis to this seminar and discuss methodological approaches used.

ECOH4326
Comparative Issues in Economic History
Staff Contact: See Head of Department
S2 HPW3 CP15
Prerequisite: ECON1102
Note/s: Excluded ECOH4322. No longer offered.

ECOH4327
Thesis (Economic History)
Staff Contact: See Head of Department
S1 and S2 CP30
Honours students in their final year are required to prepare a thesis of not more than 20,000 words which must be submitted before the final examinations in November. The thesis topic must be approved by the Head of the Department of Economic History before the end of November in the year preceding the Honours year.

Servicing Subjects
These are subjects taught within courses offered by other faculties.
For further information regarding the following subjects see the Faculty of Arts and Social Sciences Handbook.

ECOH1305
European Economic Development 1750-1914
Staff Contact: A/Prof J. Perkins
S1 L2T1 CP15
Prerequisite: HSC minimum mark required – 2 unit Contemporary English (60-100), or 2 unit General English (60-100), or 2 unit English (53-100), or 3 unit English (1-50)
Note/s: Not offered 1997.

ECON1202
Quantitative Methods A
Staff Contact: Mrs J. Watson
S1 or S2 HPW3 CP15
Prerequisite: HSC minimum mark required – 2 unit Mathematics (60-100), or 3 unit Mathematics (1-50) or 4 unit Mathematics (1-100)
Note/s: Excluded MATH1032, MATH1042, MATH1131, MATH1231, MATH1141, MATH1241, ECON2291.
This subject examines: Mathematics of finance: (compound interest, present value, annuities); Matrix Algebra: (operations with matrices, determinants, matrix inverse, rank, solutions of matrix equations, the graphical approach to linear programming); Calculus: (univariate differentiation, maxima and minima of a function, functions of several variables, partial derivatives, unconstrained and constrained optimization) and the applications of the above concepts and techniques in accountancy and economics, including the use of spreadsheet computer programmes.

ECON1203
Quantitative Methods B
Staff Contact: Dr A. D. Owen
S1 or S2 HPW3 CP15
Prerequisite: ECON1202 Note/s: Excluded MATH1032, MATH1042, MATH1131, MATH1231, MATH1141, MATH1241, ECON2292.
Subject topics include: Frequency distributions; measures of central tendency; dispersion and skewness; introduction to probability theory; the binomial distribution; the normal distribution; point estimation of population parameters and confidence intervals; hypothesis tests; the t and chi square
and F distributions; bivariate regression; estimation; and hypothesis testing.

**ECON2202**
Analysis of Survey Data  
*Staff Contact: Head of Department*  
S2 HPW3 CP15  
*Prerequisite: ECON2206*  
*Note/s:* Not offered 1997.

**ECON2204**
Dynamic Models  
*Staff Contact: Dr L. Fisher*  
S1 HPW3 CP15  
*Prerequisite: ECON1202*

This mathematically based subject develops matrix algebra, linear and vector difference equations and deterministic simulation of dynamic models.

**ECON2206**
Introductory Econometrics  
*Staff Contact: Dr T. Gorgens*  
S1 or S2 HPW3 CP15  
*Prerequisite: ECON1203*

This subject introduces econometrics and explores the representation of economic relationships by simple and multiple regression models; static and dynamic models; and the statistical complications of autocorrelation, collinearity, and heteroskedasticity. Practical exercises feature throughout, using an econometric computer package.

**ECON2207**
Econometric Methods  
*Staff Contact: Prof N. Kakwami*  
S2 HPW3 CP15  
*Prerequisite: ECON2206*

This subject covers estimation of econometric models using cross-section data, discrete choice models, and instrumental variable estimators. Practical computer applications feature throughout.

**ECON2208**
Operations Research  
*Staff Contact: Dr M. Yang*  
S2 HPW3 CP15  
*Prerequisite: ECON1202*

Introduces operations research as the systematic application of quantitative methods to the analysis of problems involving decision making in economics and related disciplines. Includes linear programming, quadratic programming and dynamic programming with applications to transportation, inventory and portfolio selection and other economic related fields.

**ECON2209**
Business Forecasting  
*Staff Contact: Dr J. Murray*  
S1 HPW3 CP15  
*Prerequisite: ECON1203*

This subject looks at the use of econometric and statistical techniques relevant to forecasting in a business environment and computer implementation of the methods. Short-term forecasting using time series analysis; long-term forecasting with S-shaped growth curves and trend analysis. The study of applied work is emphasized in this non-specialist course.

**ECON2210**
Applied Business Statistics  
*Staff Contact: Head of Department*  
S1 HPW3 CP15  
*Prerequisite: ECON1203*

This subject focuses on graphical methods in statistical data presentation and analysis, including detection of outliers and regression regimes; nonparametric tests for quick and robust inferences on the statistical significance of findings from sample data; and index numbers, in theory and practice, drawing on business applications.

**ECON2212**
Applied Economic Statistics  
*Staff Contact: Head of Department*  
S1 L3 CP15  
*Prerequisite: ECON1203*  
*Note/s:* Not offered 1997.

**ECON2215**
Statistics for Econometrics  
*Staff Contact: Dr N. Podder*  
S2 L2 T1 CP15  
*Prerequisite: ECON2206*

**ECON3202**
Mathematical Methods in Economics  
*Staff Contact: Dr L. Fisher*  
S2 HPW3 CP15  
*Prerequisite: ECON1202*

This subject gives students a working knowledge of static and dynamic optimization techniques applied in economics. Topics include classical optimization, comparative statics, non-linear programming, differential equations and optimal control. All techniques introduced are illustrated with mainstream applications such as consumer theory and the neoclassical theory of optimal growth.

**ECON3203**
Econometric Theory  
*Staff Contact: Dr E. Sowey*  
S1 L2 T1 CP15  
*Prerequisite: ECON2215*

This subject covers: a coherent theoretical development of multiple regression analysis; restricted least squares and tests of exact linear restrictions on parameters; theoretical aspects of problems with data; basic approaches to econometric specification in nested and non-nested models; error autocorrelation and heteroskedasticity.

**ECON3204**
Econometric Model Building  
*Staff Contact: Dr J. Murray*  
S2 L2 T1 CP15  
*Prerequisite: ECON3203*

This subject provides for the formal theoretical development of the specification, identification and estimation of macroeconomic models and comparison of alternative
modelling strategies. A detailed study of 'real-world' econometric models is undertaken.

ECON3205
Case Studies in Business Statistics
Staff Contact: Head of Department
S2 L2 T1 CP15
Prerequisites: ECON2202 and ECON2209
Note/s: Not offered 1997.

ECON3206
Modelling High-Frequency Time Series Data
Staff Contact: Dr J. Fisher
S1 L2 T1 CP15
Prerequisites: ECON2206
This subject is concerned with the special statistical characteristics that arise when modelling time series data, such as commodity prices, interest rate and exchange rate data, that have been collected at high frequency (such as daily or hourly). Topics include modelling time varying volatility (ARCH models), generalised method of moments estimators (GMM), and non-normality issues.

ECON3213
Comparative Forecasting Techniques
Staff Contact: Dr G. Otto
S2 L3 CP15
Prerequisites: ECON2206 or ECON2209
This subject includes the following topics: exponential smoothing; Box-Jenkins techniques: transfer functions; VAR models; and a combination of forecasts, accuracy of forecasts, and spreadsheets and forecasts.

ECON4201
Applied Econometrics
Staff Contact: Prof R. Bewley
S1 L3 CP15
Prerequisites: ECON2207 and ECON2101 or ECON2102
This subject takes a modern approach to applied econometric work. Various empirical problems are considered and the strengths and weaknesses of available ways of solving them are examined. Attention will be given to such matters as diagnostic tests in an LM framework, various forms of autocorrelation and heteroskedasticity, trending data, and outliers and influential observations. Practical experience is gained both from the study of the empirical literature and from class projects.

ECON4202
Time Series Analysis
Staff Contact: Dr M. Yang
S2 L3 CP15
Prerequisite: ECON3203
This subject takes an approach to applied econometrics that focuses on the theoretical derivation and properties of the techniques studied. These techniques include error correction models and cointegration approaches. The application of such techniques is shown in a variety of economic contexts.

ECON4203
Special Topics in Econometrics 1
Staff Contact: See Head of Department
S1 HPW3 CP15
Prerequisite: Permission of Head of Department

ECON4204
Special Topics in Econometrics 2
Staff Contact: See Head of Department
S2 HPW3 CP15
Prerequisite: Permission of Head of Department

ECON4227
Thesis (Econometrics)
Staff Contact: Head of Department
F CP30
Note/s: Students are expected to do a substantial amount of work on their thesis before the commencement of the academic year. They must have a topic approved by the Head of the Department of Econometrics before the end of the August recess in the year preceding their entry into Year 4.

ECON4228*
Thesis (Econometrics/Finance)
Staff Contact: School Office
F CP30
Note/s: Students are expected to do a substantial amount of work on their thesis before the commencement of the academic year. They must have a topic approved by the Head of the Department of Econometrics and the School of Banking and Finance before the end of the July Recess in the year preceding their entry into Year 4.
*This subject is not available under course rules applying after 1995.

Servicing Subjects

A servicing subject is one taught within courses offered by other faculties.

For further information regarding the following subject see the Faculty of Arts and Social Sciences Handbook.

ECON2290
Introductory Quantitative Economic Analysis
Staff Contact: Dr N. Podder
S1 or S2 HPW3 CP15
Arts Prerequisite: 2 unit Mathematics or permission from Head of the School of Economics
Note/s: Not offered 1997.

Economics/ Business Economics
(School of Economics)

ECON1101
Microeconomics 1
Staff Contact: Dr G. Otto
S1 or S2 HPW3 CP15
Prerequisite: HSC minimum mark required – 2 unit Contemporary English (60-100), or 2 unit General English (60-100), or 2 unit English (53-100), or 3 unit English (1-50)

This subject introduces economics as a social science: scarcity, resource allocation and opportunity cost; an introductory analysis of consumer behaviour; the economics of firms and markets; production and costs; the classification and analysis of markets; efficiency concepts and market failure; the gains from international trade and the impact of trade restrictions; economic growth and structural change.
ECON1102
Macroeconomics 1
Staff Contact: Dr M. Monadjemi
S1 or S2 HPW3 CP15
Prerequisite: ECON1101

This subject provides an introduction to the analysis of aggregate output, employment and economic growth and their relationship to the policy issues of unemployment, inflation and the balance of payments. Other topics include: social accounting and aggregate income and expenditure analysis; macroeconomic models of income determination; consumption and investment functions; the role of money and financial institutions; interactions between goods and money markets in equilibrium and disequilibrium situations; and an analysis of recent Australian macroeconomic experience.

ECON2101
Microeconomics 2
Staff Contact: Dr P. Kriesler
S1 HPW3 CP15
Prerequisite: ECON1101

This subject covers: choice theory, including intertemporal choice, and labour supply; extensions of price theory; the theory of production, costs and supply; market structures including oligopoly models; externalities; and provides an introduction to general equilibrium and welfare analysis.

ECON2102
Macroeconomics 2
Staff Contact: Dr G. Otto
S2 HPW3 CP15
Prerequisite: ECON1102

This subject covers models of aggregate income determination in open economies; theories of aggregate economic behaviour with respect to consumption and investment expenditures and financial transactions; balance of payments and exchange rate analysis; theories of inflation and unemployment; introductory dynamic analysis; and theories of growth and cycles.

ECON2103
Business and Government
Staff Contact: A/Prof R. Conlon
S2 HPW3 CP15
Prerequisites: ECON1101 or ECON1103

This subject examines how government affects the business environment at the microeconomic level. The case for intervention and the benefits of deregulation and privatization are analyzed, with reference to particular industries. The effects on business of government instrumentalities such as the Industries Commission, Prices Surveillance Authority, Trade Practices Commission and Foreign Investment Review Board are examined. Issues relating to microeconomic reform, economic rationalism, market failure and government business enterprises are explored.

ECON2104
Australian Macroeconomic Policy
Staff Contact: Prof R. Milbourne
S1 HPW3 CP15
Prerequisites: ECON1102 or ECON1104

This subject examines economic growth and fluctuations and the effect this has on the business environment and the community. Explains the main macroeconomic tools and techniques used by governments and the Reserve Bank to implement fiscal, monetary and incomes policies. The implications for inflation, unemployment, interest rates and exchange rates, and foreign debt are discussed.

ECON2105
Economics of the Corporation
Staff Contact: Dr J. Lodewijks
S2 HPW3 CP15
Prerequisites: ECON1101 or ECON1103

Examines the economics of internal organisations in firms, corporations and other formal organisations. It will address questions such as: why do organisations arise in market economies, how are incentives designed in organisations, how do organisations coordinate the decisions of many diverse agents, how does organisational design affect business strategy, what determines different organisational productivities (e.g. Japan versus Western firms)? It will address issues of transaction cost economics, informational economics and principal-agent theory.

ECON2106
Post-Keynesian Political Economy
Staff Contact: Dr P. Kriesler
S2 HPW3 CP15
Prerequisites: ECON1102 or ECON1104
Note/s: Not offered 1997.

ECON2107
The Economics of Information and Technology
Staff Contact: Dr G. Fishburn
S1 HPW3 CP15
Prerequisites: ECON1101 or ECON1103

ECON2108
Industry Economics and Australian Industrial Policy
Staff Contact: A/Prof R. Conlon
S2 HPW3 CP15
Prerequisites: ECON2101 or ECON2103
Note/s: Not offered 1997.

ECON2109
Economics of Natural Resources
Staff Contact: Dr C. Alauze.
S1 HPW3 CP15
Prerequisite: ECON2101 or ECON2103

This subject provides an introduction to the exploitation of natural resource systems examined within an economic framework, particularly forestry, fisheries, water, oil and other minerals. It also looks at policies required to ensure improved management without overexploitation of these renewable and non-renewable resources under different property-right regimes.
ECON2110
Alternative Approaches to Economics
Staff Contact: Dr P. Kriesler
S2 HPW3 CP15
Prerequisite: ECON1102 or ECON1104
This subject examines alternative paradigms in economics and may include schools of thought such as the Post Keynesians, New Institutionalists, Marxians or Austrians. Particular non-traditional approaches to the theory of the firm and such topics as experimental economics, Cambridge distribution and growth theory, economic sociology, economics of politics and the debate over economic rationalism may be covered. Specific topics will depend on student preferences.

ECON2111
The Economics of Global Interdependence
Staff Contact: Dr P. Robertson
S2 HPW3 CP15
Prerequisite: ECON1102 or ECON1104
This subject looks at Australia in an interdependent world; direction and composition of world trade; trade in services; trade theory and trade policy; strategic trade policy and imperfect competition; international competitiveness; barriers to trade and trading blocs; international institutions and policy; NAFTA, GATT and EU; World Bank and IMF; foreign currency markets; and international policy coordination.

ECON2113
The Development of Modern Economics
Staff Contact: Dr P. Kriesler
SS HPW3 CP15
Prerequisite: ECON1102 or ECON1104
Note/s: Not offered 1997.

ECON2115
Japanese International Economic Relations
Staff Contact: Dr K. Fox
S2 HPW3 CP15
Prerequisite: ECON1102 or ECON1104
This subject considers: Japan's international trade, investment and balance of payments policies; globalisation of Japanese economic interests; problems relating to external economic policies including alternative strategies for international economic relations; impact of yen appreciation; trade friction; bilateral relations with focus on Australia, USA, China and South East Asia.

ECON2116
Japanese Economic Policy
Staff Contact: Dr K. Fox
S1 HPW3 CP15
Prerequisite: ECON1102 or ECON1104
This subject provides an analysis and evaluation of postwar economic policy; issues relating to policy determination including role of institutions and interest groups; critical examination of 'Japan Inc.' model; industrial policy and role of 'genkyoku' system; Japanese long term economic planning; nature of principle economic policies such as agricultural, monetary and fiscal; anti-trust and competition policies.

ECON2117
Economics of Tourism
Staff Contact: Dr G. Waugh
S1 HPW3 CP15
Prerequisite: ECON1102 or ECON1104
Topics include: macro and micro economic environments; factors affecting international and domestic tourism; tourism forecasting models; economic analysis of projects; cost/benefit and related procedures; and the implications of tourism developments for the community in general.

ECON2118
Industrial Training 1
Staff Contact: School Office
S2 CP45
Note/s: Not offered 1997.

ECON2127
Environmental Economics and Cost-Benefit Analysis
Staff Contact: Dr G. Waugh
S2 HPW3 CP15
Prerequisite: ECON1101 or ECON1103
This subject considers the main elements of environmental economics and cost benefit analysis as it relates to the assessment of environmental issues. Topicsinclude: pollution and pollution policy; environmental cost-benefit analysis and economic methods for measuring costs and benefits; species extinction and irreversibility; environmental ethics and discounting; the environment and developing countries; and the sustainable economy.

ECON3101
Microeconomics 3
Staff Contact: Dr J. Lodewijks
S1 HPW3 CP15
Prerequisite: ECON2101
This subject covers: extensions of microeconomic theory; general equilibrium approaches to economic analysis; limitations of the general competitive model; and uncertainty and risk with applications to modern theories of corporate behaviour.

ECON3102
Macroeconomics 3
Staff Contact: A/Prof G. Kingston.
S2 HPW3 CP15
Prerequisite: ECON2102
This subject covers theory of economic policy: extended macroeconomic models, theory and fiscal policy and the problems of the budget deficit; international policy dependence and the exchange rate; the Australian financial system, monetary theory and policy; inflation and unemployment and incomes policy; rational expectations and economic policy; and Australian macroeconomic models.

ECON3103
Monetary Theory and Policy
Staff Contact: Dr G. Voss.
S1 HPW3 CP15
Prerequisite: ECON2102
Topics covered include definitions, functions and properties of money; theory of financial intermediation; financial innovation; theory of portfolio selection; flow-of-funds analysis; determination of interest rates including risk and term struc-
tured: theories of the financial firm; and the development, structure and efficiency of the Australian financial system and implications for monetary policy.

ECON3104
International Monetary Economics
Staff Contact: Dr G. Voss.
S2 HPW3 CP15
Prerequisite: ECON2102

Topics covered include: development, structure and efficiency of the international monetary system and the role of the IMF; international adjustment mechanisms for the balance of payments; exchange rate determination and the effects of exchange rate variation; optimum currency areas; forward exchange markets; foreign exchange risk management; the development of Eurocurrency markets and implications for policy; the international debt problem; and international financial integration and implications for domestic policy.

ECON3105
Public Enterprise Economics and Cost Benefit Analysis
Staff Contact: Dr T. Truong
S1 HPW3 CP15
Prerequisites: ECON2101 or ECON2103
Note/s: Not offered 1997.

ECON3106
Public Finance
Staff Contact: Prof J. Piggott
S2 HPW3 CP15
Prerequisites: ECON2101 or ECON2103
Note/s: Not offered 1997.

ECON3107
Economics of Labour Markets
Staff Contact: Dr T. Stegman
S1 HPW3 CP15
Prerequisite: ECON2101
Note/s: Not offered 1997.

ECON3108
Economic Policy Issues
Staff Contact: Prof J. Piggott
S1 HPW3 CP15
Prerequisites: ECON2101 and ECON2102

This subject introduces the data sources necessary for factual discussion of policy issues, and provides a seminar for discussion on current Australian economic policy questions, with in-depth treatment of a number of policy issues.

ECON3109
Economic Growth, Technology and Structural Change
Staff Contact: Dr P. Kriesler
S1 HPW3 CP15
Prerequisite: ECON2101 or ECON2103

Topics covered include: characteristics of economic growth and development, role of capital accumulation, labour, technology and natural resources; the application of growth models to development issues; the role of industrialization, structural change and development strategies in promoting economic growth; and income inequality and economic welfare.

ECON3110
Developing Economies and World Trade
Staff Contact: Dr J. Zerby
S2 HPW3 CP15
Prerequisite: ECON2101 or ECON2103

This subject focuses on: trade and developing countries; trade and growth; new trade theory and LDCs; foreign trade regimes; liberalization and trade negotiations; and the role of GATT; economic integration; international factor mobility, particularly foreign investment; aid and debt issues; the role of World Bank and IMF; stabilization experiences; and growth-oriented adjustment policies.

ECON3111
Contemporary Japanese Economy
Staff Contact: Dr J. Piggott
S1 HPW3 CP15
Prerequisite: ECON2111 or ECON2116
Note/s: Not offered 1997.

ECON3112
The Newly Industrializing Economies of East Asia
Staff Contact: Mr J. Zerby
S2 HPW3 CP15
Prerequisite: ECON1102 or ECON1104

This subject focuses on the principal economic characteristics of the newly industrializing economies of East Asia; South Korea, Taiwan and Hong Kong, and compares internal and external policies and their contribution to the achievement of socio-economic objectives.

ECON3113
Economic Development in ASEAN Countries
Staff Contact: Dr J. Zerby
S1 HPW3 CP15
Prerequisite: ECON1102 or ECON1104

This subject analyses principal economic characteristics of the original members of the Association of South East Asian Nations: Indonesia, Malaysia, Philippines, Singapore and Thailand. It looks at causes and consequences of economic development policies; and the theoretical issues related to formation of customs unions and free trade areas, and their application to ASEAN.

ECON3115
Economics of Developing Countries
Staff Contact: Dr J. Lodewijks
S1 HPW3 CP15
Prerequisite: ECON1102 or ECON1104
Note/s: Not offered 1997.

ECON3116
International Economics
Staff Contact: Dr G. Fishburn
S1 HPW3 CP15
Prerequisite: ECON2101 and ECON2102

Primarily a theoretical treatment of international trade and finance. This subject looks at international trade and finance theory; comparative costs, gains from trade, effects of resource endowments on trade; barriers to trade including tariffs and quotas; strategic trade policy; economic integration; imperfect competition; Australian balance of payments; balance of payments adjustment mechanisms, internal and external balance; foreign exchange markets; international monetary system; foreign investment.
ECON3118
Industrial Training 2
Staff contact: Dr D. Clark
S1 HPW3 CP45
Prerequisite: ECON1102
Note/s: Not offered 1997.

ECON4123
Topics in Advanced Economics
Staff Contact: A/Prof B. Rao.
S2 HPW3 CP15
Prerequisites: ECON3101 and ECON3102
Selected topics in advanced microeconomics and macroeconomics.

ECON4127
Thesis (Economics)
Staff Contact: Dr G. Fishburn
F CP30
Note/s: Students are expected to do a substantial amount of work on their thesis before the commencement of the academic year. They must have a topic approved by the Head of the Department of Economics. Students are required to present a seminar on the topic of their thesis.

ECON4164
Economic Methodology
Staff Contact: Dr P. Kriesler
S1 HPW3 CP15
Prerequisite: ECON2102
The methodology of modern economics, the scientific method, testing of hypotheses. Some logical problems in econometric techniques. The analysis and methodology of classical and later economists. Economic analysis and methodology plus the development of economic thought as a response to changes in society and contemporary economic problems; and some of the major issues in monetary theory, classical and neo-classical value and distribution theory, and equilibrium and welfare economics.

Servicing Subjects
A servicing subject is one taught within courses offered by other faculties.
For further information regarding the following subjects see the respective Faculty Handbooks.

ECON1103
Microeconomic Principles
Staff Contact: Dr J. Lodewijks
S1 HPW3 CP15
Prerequisite: HSC minimum mark required – 2 unit Contemporary English (60-100), or 2 unit General English (60-100), or 2 unit English (53-100), or 3 unit English (1-50)
Note/s: Excluded ECON1101.
This subject introduces economics as a social science; scarcity, resource allocation and opportunity cost; consumer and producer behaviour as the basis for supply and demand analysis; introduction to marginal analysis; applications of supply and demand analysis; efficiency concepts and market forces.

ECON1104
Macroeconomic Principles
Staff Contact: Dr J. Lodewijks
S2 HPW3 CP15
Prerequisite: ECON1103
Note/s: Excluded ECON1102.
This subject provides and introduction to the analysis of aggregate output, employment and economic growth and their relationship to the policy issues of unemployment, inflation and the balance of payments. Also covered are models of the determination of equilibrium income; an analysis of the role of financial institutions; and an introduction to the analysis of macroeconomic policy.

ECON1107
Elements of Environmental Economics
Staff Contact: Dr G. Waugh
S2 HPW3 CP15
Note/s: Excluded ECON1101.
This subject provides an introduction to environmental issues, market failure, conservation and preservation of environment, discounting, sustainable economic growth and zero growth, measuring benefits and costs on environment, methods of controlling pollution, and management of environment.

ECON4120
Economics Honours Arts
Staff Contact: Dr G. Fishburn
F HPW6 CP120
Prerequisites: ECON2101, ECON2102, ECON3101, ECON3102 all at Credit level or better, plus ECON2206 and ECON2207
Note/s: Students are expected to do a substantial amount of work on their thesis before the commencement of the academic year. They must have a topic approved by the Head of the Department of Economics before the end of the year proceeding their entry into their final year. This program consists of four subjects and a thesis (ECON4127). The subjects are ECON4123, ECON4164, ECON3108 and one other subject from a selected list.

Finance (School of Banking and Finance)

FINS2612
Australian Capital Markets
Staff Contact: School Office
S1 or S2 L2 T1 CP15
Corequisites: ECON1102 and ECON1203, or completion of Stage 1 for students from other faculties.
This subject analyses markets for financial assets, including the money, bond, stock and futures markets; the structure of interest rates; flow of funds of financial institutions; the regulatory structure of markets and the interrelations among markets.
FINS2613
**Business Finance**
*Staff Contact: School Office*
S1 or S2 L2 T1 CP15
*Prerequisites: FINS2612 or any two of ACCT1511, ECON1102 and ECON1203*

This subject looks at the essential aspects of financial decision-making in business including: factors influencing capital expenditure decisions; alternative approaches to valuation; factors affecting the formulation of the capital structure; and influence of the capital market environment.

FINS2622
**Asian Capital Markets**
*Staff Contact: School Office*
S1 or S2 L3 CP15
*Prerequisite: FINS2612*

This subject provides an introduction to financial markets in major Asian economies. Topics covered include: a brief review of the historical development in different countries; comparison of institutional structure and regulatory systems for equity, derivative, foreign exchange, and banking markets; the impact of regulation on institutions and market behaviour; and contemporary issues related to Asian markets.

FINS2624
**Investments**
*Staff Contact: School Office*
S1 or S2 L2 T1 CP15
*Prerequisite: FINS2613*
*Note/s: Excluded FINS2714 and FINS3615.*

This subject introduces investment theory and practice. The first part of the subject develops the primary asset pricing models, including CAPM and APT models, examines relevant empirical tests, and applies the models to the problem of measuring portfolio performance. This is followed by a study of investment management in the social, ethical and economic context. Topics include: security analysis of bonds and equities; the use of options, futures and forwards in portfolio hedging and risk management; and current issues in portfolio management including 'green' funds, passive vs active management, index funds and international diversification.

FINS3616
**International Business Finance**
*Staff Contact: School Office*
S1 or S2 L2 T1 CP15
*Prerequisite: FINS2624*
*Note/s: Excluded FINS3718.*

This subject introduces students to the international financial and operating environments, aspects that are quite basic to corporate life. The general emphasis is on the identification and management of risk as it arises in particular from exchange rate fluctuations. The material is accordingly a fusion of ideas from the economics of exchange rates, the theory of finance and the practicalities of the operating environment. The topics covered in this course include parity condition in international finance, measurement and management of foreign exchange exposure, working capital management of a multinational firm, and foreign investment analysis for multinational corporations.

FINS3625
**Applied Corporate Finance**
*Staff Contact: School Office*
S1 or S2 L2 T1 CP15
*Prerequisite: FINS2613*
*Note/s: Excluded FINS3715 and FINS2614.*

This subject focuses on advanced issues associated with the investment and financing decisions of corporations. Topics include mergers and takeovers, management buy-outs, executive compensation schemes, advanced capital budgeting problems, and issues in treasury management. The treatment includes a discussion of ethical issues.

FINS3630
**Bank Financial Management**
*Staff Contact: School Office*
S1 or S2 L3 CP15
*Prerequisites: FINS2612 and FINS2613*

This subject looks at: theory and practice of banking from a financial management perspective; banks and the financial services industry; regulatory restrictions and financial management; performance analysis and strategic planning; asset management - liquidity, investment and loan management; liability and deposit management; capital structure and dividend decisions; and financial management implications of electronic banking, international banking, and other developments.

FINS3631
**Risk and Insurance**
*Staff Contact: School Office*
SSL3 CP15
*Prerequisite: ECON1203 and FINS2612 and FINS2624*
*Note/s: May not be offered in 1997*

The nature of commercial, financial and physical risk is explored. In addition to the theory of risk, the way in which insurance has evolved to deal with this important aspect of the economic environment is studied in depth. Case studies are used to illustrate points of practical relevance. Emphasises the mathematical and statistical foundations of the discipline. Topics in the area of risk include: risk premia, insurance ratings, simulations of risky environments, physical risk, and death. Insurance is approached as a natural commercial response to risk with inference from insurance data, general insurance, motor insurance, very large risks, and life assurance.

FINS3633
**Real Estate Finance and Investment**
*Staff Contact: School Office*
SS L3 CP15
*Prerequisite: FINS2624*

This subject evaluates real estate financing, the mechanics of the mortgage market, and the application of modern finance theory to the evaluation, selection and management of property investments. Topics include the role of regulation, taxation, government agencies, property trusts, and the banking system in promoting real estate activity. This subject analyses real estate prices and yields, diversification aspects, and use of property as an inflation hedge, and evaluates leasing, type of tenancy, property options and property trusts.
The focus of this subject is credit analysis and lending emphasising finance theory and practical applications. The subject includes: credit analysis; credit scoring and modelling; loan products; loan pricing; commercial lending; consumer lending; special risk markets such as small business, agricultural and real estate; international and trade financing; managing the loan portfolio; and problem loans. The subject includes case study work.

This is an intermediate subject on options, futures and techniques for managing asset risk. Topics covered include an overview of derivative securities, forward and futures contracts (on stock indices, investment and consumptive assets), options (on stocks, stock indices and futures), hedging positions in options and other derivative securities, binomial option pricing, risk-neutral valuation, the stochastic process followed by stocks, numerical techniques in option pricing, options on non-traded assets, exotic options and pricing biases.

Finance is concerned with decision making, at both the individual and corporate level, which involves uncertain pay-offs in multiple periods of time. Toward a better understanding of the operations of these decisions, this subject provides an intermediate exposition of the fundamentals of portfolio selection and corporate finance. Specifically, the subject will examine: (i) the basics of choice theory; (ii) binomial option pricing; (iii) portfolio theory; (iv) classical, non-game theoretical theories of capital structure and dividend policy and empirical evidence on these theories; and (v) theories and evidence related to mergers and acquisitions. This subject will also emphasise and reinforce those techniques that underlie advanced studies in asset pricing and corporate finance.
capital and capital adequacy; modelling off-balance sheet activities; and models of international banking.

FINS4779
Research Methods in Finance 2
Staff Contact: School Office
S1 L3 CP15
Prerequisite: FINS3775
This subject is a more advanced course in empirical methods in finance, covering general methodological aspects, testing of hypotheses and falsifiability principle; a review of relevant econometric material and its application to topics such as generalised beta models of market equilibrium (including CAPM, APT), foreign exchange risk premium, stock price variability and volatility estimation.

FINS4794
Thesis (Finance)
Staff Contact: School Office
S2 CP30
Prerequisites: Permission of the Head of School
Note/s: The thesis is to be approved and supervised by the School of Banking and Finance.

Hospitality Management
(School of Marketing)

HOSP1999
Hospitality Industry Employment 1
Staff Contact: School Office
S1 CP0
The Industry experience program is to serve as a complement to the theory gained from coursework. The Industry Employment is for a period of at least 10 weeks in the summer vacation. A detailed report and diary should be submitted at the beginning of the following academic year. The objective is to relate the theoretical content of the TAFE operative subjects concurrently undertaken with the degree, to the practical working environment, food and beverage service outlets in restaurants and hotels.

HOSP2999
Hospitality Industry Employment 2
Staff Contact: School Office
S1 CP0
Prerequisite: HOSP1999
Students are required to undertake relevant employment of at least 10 weeks duration in the summer vacation at the end of the second year. The objective is to build upon previous industry experience and gain some advanced training in the food and beverage, front office areas of hotels or restaurants, either locally, interstate or overseas. Students will be required to maintain a diary and submit a report at the beginning of the following academic year.

HOSP3009
Financial Control in the Hospitality Industry
Staff Contact: School Office
S2 L2 T2* CP15
Prerequisites: ACCT1511 and satisfactory completion of studies in the TAFE sector
Topics include: measuring qualitative factors of a hospitality business; fixed, variable and mixed costs; the allocation of costs to revenue centres; cost-volume-profit relationships; flexible budgeting and variance analysis; forecasting sales;
cash budgeting; pricing and costing issues for food and beverages and rooms; internal controls and responsibility accounting; hotel and motel valuation processes; financial statement analysis; capital budgeting; yield management; feasibility studies. This subject includes a control project using spreadsheet software.

*Optional computer laboratory hours may be required.

HOSP3010
Legal Aspects of Tourism
Staff Contact: School Office
S1 L2 T2 CP15
Prerequisite: Satisfactory completion of studies in the TAFE sector

Topics include: national and international laws relating to tourism, legal environment of facilities, agents, operators; interaction of community and developer needs; consumer rights; and the implication of national, local regulations governing sale and supply of hospitality services, including food.

HOSP3999
Hospitality Industry Employment 3
Staff Contact: School Office
S1 CP0
Prerequisite: HOSP2999

Students will undertake a structured employment program in conjunction with and under the supervision of a hotel or restaurant employer in the form of an internship for at least 10 weeks. Students will have the opportunity of working in a number of departments of a hotel, restaurant or resort operation including front office, accounting, human resources and marketing. Students will be required to submit a detailed report in the following academic year, of approximately 2000 words which will be graded satisfactory or unsatisfactory. Employers will also be required to monitor the progress and performance of students and submit an accompanying report in finalisation of the project.

HOSP4002
Hotel and Resort Management
Staff Contact: School Office
S2 L1 T2 CP15
Prerequisite: MARK3073

This subject focuses on strategic and operational issues in resort management; market positioning; growth strategies; organisation; information systems design; staffing needs; management style. Examples are drawn from Australian resort industry.

HOSP4004
Strategic Management in Hospitality and Tourism
Staff Contact: School Office
S2 L1 T2 CP15
Prerequisite: HOSP3009, MARK3073

This subject looks at issues in Hospitality Management - its evolution, understanding the current Australian Hospitality environment; management practices and strategies analysis of the future; and research applications.

HOSP4013
Hospitality Service Management
Staff Contact: School Office
S1 L2 T4 CP15
Prerequisite: MARK3073

Topics include: understanding the delivery of service in front office, food, beverage and rooms division and conference, entertainment, club and casino operations; developing new service concepts within various positioning strategies and health and government requirements; reviewing energy management systems; the presentation of food and beverage; determining cost controls and the cost/benefit of improvements.

HOSP4014
Managing People in the Hospitality Industry
Staff Contact: School Office
S2 L2 T4 CP15
Prerequisite: HOSP4013

Topics include: understanding the concept of quality assurance; internal marketing; managing employee turnover and stress; career pathing; measuring and improving customer satisfaction; methods of increasing customer loyalty; determining the cost of unacceptable and inferior service; cost versus quality trade-offs.

HOSP4015
Hospitality Facilities Management
Staff Contact: School Office
S1 L2 T4 CP15
Prerequisite: HOSP3009

Topics include: understanding workflows in a hotel as a prerequisite to good design and layout fitout; importance of Occupational Health and Safety Act, government and local council requirements; preparing feasibility studies including Return on Investment and debt versus equity decisions; use of computer aided design software. A detailed case study will be required in which each student will develop detailed plans and specifications needed for a restaurant or similar operation. Plans will include critical path charts, cost and income analysis, a five year marketing plan and budget.

Human Resource Management and Industrial Relations
(School of Industrial Relations and Organisational Behaviour)

IROB1701
Industrial Relations 1A
(Australian Industrial Relations)
Staff Contact: Dr B. Ellem
S1 or S2 L2 T1.5 CP15
Prerequisite: HSC minimum mark required – 2 unit Contemporary English (60-100), or 2 unit General English (60-100) or 2 unit English (53-100), or 3 unit English (1-50)

This subject provides a multi-disciplinary introduction to a range of important concepts and issues in Australian industrial relations. Topics include: political, social, economic, legal, historical and psychological aspects of the evolution and operation of modern industrial relations; the nature and implications of strikes, lockouts and other forms of industrial conflict and alienation; the structure and policies of State and Federal trade unions, the State labor councils and such
peak organisations as the Australian Council of Trade Unions; the employer industrial relations function, management strategies and the structure and policies of employer associations; processes of work rule determination, such as collective bargaining, mediation, conciliation and compulsory arbitration; labour movements; and the role of the various arbitration tribunals and government instrumentalities with respect to industrial relations.

IROB1702
Industrial Relations 1B
(Australian Trade Unionism)
Staff Contact: Dr C. Wright
S2 L2 T1.5 CP15
Prerequisite: IROB1701

This subject covers the formation and development of Australian unions; analysis of economic, legal, political and social framework within which unions operate; the role of unions; the structure and government of unions; union democracy and politics; union strategies; and unions and the 'balance of power'. The course will discuss the policies and operation of unions generally, and of State labor councils and the Australian Council of Trade Unions.

IROB1712
Management of Organisations
Staff Contact: Dr L. Taksa
S1 L2 T1.5 CP15
Prerequisite: HSC minimum mark required – 2 unit Contemporary English (60-100), or 2 unit General English (60-100) or 2 unit English (53-100), or 3 unit English (1-50)
Note/s: Excluded IROB2719.

This subject provides an interdisciplinary approach to the field of organisational behaviour in both the public and private sectors. It introduces students to a range of perspectives on organisational structures and processes, and considers how they help us understand various management theories and practices. On this basis, issues of power, control, conflict and culture are explored. Other topics include: changing approaches and attitudes to work; social and political influences on group behaviour; teamwork and other managerial interventions; leadership and motivation; the impact of technological and structural change.

IROB2703
Industrial Relations 2A
(Industrial Relations in the Global Economy)
Staff Contact: Dr I. Hantpson
S1 L2 T1.5 CP15
Prerequisites: IROB1701

This subject focuses on the 'global shifts' in economics and industry that are driving transformations in many national industrial relations systems. As such, it shares many of the objectives of comparative industrial relations, namely to foster an appreciation of the merits of comparing industrial relations systems, and the use of comparative method. Since one of the major uses of comparative argument is in the sphere of industrial relations policy, the course also aims to review debates about the links between industrial relations systems on the one hand, and national competitiveness and social protection on the other.

IROB2704
Industrial Relations 2B
(Social Organisation of Work)
Staff Contact: Mr D. Morgan
S2 L2 T1.5 CP15
Prerequisite: IROB2703 or IROB1712

This subject covers: the social organisation of work; conceptual foundations of industrial psychology and sociology; issues include learning and skill formation, motivation, stress and alienation; design of jobs and work organisation; managerial behaviour and decision making; the labour process; management control and worker resistance; class, gender and ethnicity at work; the microdynamics of industrial conflict; professionalism and its consequences; and employee participation.

IROB2714
Industrial Democracy
Staff Contact: School Office
SS L2 T1 CP15
Prerequisite: IROB1701
Note/s: Not offered 1997.

IROB2715
Labour History
Staff Contact: Dr J. Shields
S2 L2 T1 CP15
Prerequisite: IROB1701

Focuses on the transformation of working life in nineteenth and twentieth century Australia and on the origins and development of the Australian labour movement. Themes covered include the nature and purpose of historical inquiry; the origins and development of labour markets and trade unions; the emergence of working class culture and consciousness; the influence of gender, race, ethnicity and locality on worker outlook and agency; worker political mobilisation and the rise of party politics; state regulation of the labour market; the impact of labour governments in war and peace; socialism, syndicalism and communism; immigrant workers; and Aboriginal workers.

IROB2716
Industrial Conflict
Staff Contact: School Office
S2 L2 T1 CP15
Prerequisite: IROB1701
Note/s: Not offered 1997.

IROB2718
Human Resource Management
Staff Contact: School Office
S1 L2 T1 CP15
Prerequisite: IROB1701 or IROB1712

This subject looks at management of paid employment in Australia. It covers contemporary management thinking; issues in managing people – problem solving, leadership, power, communications and managing in an organisation – group dynamics and supervision, setting goals and performance appraisal, developing individual and organisational resources, career planning.
This subject focuses on institutional structures, policies and procedures in industrial relations conflict resolution under arbitration and bargaining. Topics include: theoretical aspects; problems and issues in arbitration and bargaining; models of bargaining and arbitration; compulsory arbitration in the context of collective bargaining and the relative merits of the two methods under varying standards for evaluation; new work patterns, flexibility and award restructuring. Case studies and simulation exercise material may be used.

**IROB3707**

**Industrial Relations Research Methods and Thesis Workshop**

*Staff Contact: A/Prof B. Dabscheck*

S2 L2 T1 CP15

*Prerequisites: IROB3705 and permission of Head of School*

**Note/s:** Excluded IROB3723.

**IROB3708**

**History and Philosophy of Human Resource Management**

*Staff Contact: School Office*

S2 L2 T1 CP15

*Prerequisites: IROB3705 and permission of Head of School*

This is a team-taught advanced subject designed for intending Honours year students and focuses on themes and debates in the history and philosophy of personnel and human resource practice, including: early industrial labour management; scientific management; industrial psychology; the Human Relations School; contemporary human resource management; and the management of occupational health and safety employee remuneration. Attention is also given to the nature of thesis research and writing and to specific research methods such as survey work and interviewing.

**IROB3719**

**Industrial Relations Theory**

*Staff Contact: A/Prof B. Dabscheck*

SS L2 T1 CP15

*Prerequisite: IROB1701*

**Note/s:** Not offered 1997.

**IROB3720**

**Industrial Law**

*Staff Contact: Ms S. Hammond*

S1 L2 T1 CP15

*Prerequisite: IROB1701*

**Note/s:** Excluded LAWS6030.

This subject looks at the nature and purposes of the legal system and industrial law; the law concerning the contract of employment; trade unions; industrial law; powers of Government; and the Commonwealth Conciliation and Arbitration System, awards, penal sanctions for industrial law, industrial torts, topics and issues of importance in the industrial law field.

**IROB3721**

**Negotiation, Bargaining and Advocacy**

*Staff Contact: Ms S. Hammond*

S2 L2 T1 CP15

*Prerequisite: IROB1701*

This subject aims to give students studying industrial relations and/or human resource management practical skills in the areas of industrial and workplace negotiation, bargaining and advocacy. The subject examines the content, character and making of industrial awards and agreements, with special emphasis on industrial tribunal processes and negotiation and advocacy in relation to paid employment. Students also receive a practical grounding in the require-
ments of particular policies and regulations governing employment relations, including Enterprise Bargaining, Equal Opportunity and Affirmative Action, Occupational Health and Safety, and Termination of Employment. In addition, the subject provides appropriate theoretical perspectives on these and related employment issues.

IROB3722
Wages and Incomes Policy
Staff Contact: A/Prof B. Dabscheck
SS L2 T1 CP15
Prerequisite: IROB3720

IROB3724
Strategic Human Resource Management
Staff Contact: School Office
S2 L2 T1 CP15
Prerequisite: IROB2718 or IROB2719 or IROB1712
This subject examines: the integration of human resource management and corporate strategy; opportunities and constraints in implementing strategic human resource management; the role of organisations' internal and external environments in implementation of strategies; formulation, selection and implementation of human resource strategies; authority maintenance, staffing, performance appraisal, competency development, corporate acculturation, management of organisational change, responses to and impacts on societal change; competing human resource strategies; developments in strategic human resource management and their application; cross cultural/national transferability; and the implications of strategic human resource management for Australian organisation and management.

IROB3728
Managing Pay and Performance
Staff Contact: John Shields
S2 L2 T1 CP15
Prerequisite: IROB2718
Examines the main themes, practices, trends and debates associated with contemporary remuneration management. It considers the key ethical issue of 'fair pay' and its relationship to the goals of improved workforce efficiency, quality and performance. Covers the range of pay methods available to today's managers and employees: from position- and competency-based pay to merit and individual and group incentives; considers the techniques associated with each method, the claimed strengths and weaknesses of each method and how each might best be used to achieve specific organisational goals. Particular attention is paid to the causes and consequences of the current trend away from 'traditional' fixed, job-based pay to variable, performance-based remuneration and to recent debates about the efficacy of performance pay in general. The subject also considers strategies for achieving an efficient and equitable mix of pay methods appropriate to particular levels of the workforce, from senior executives to non-managerial workers. Case study methods and evidence are used throughout.

IROB4705
Training and Work Reorganisation
Staff Contact: Dr I. Hampson
S2 L3 CP15
Prerequisite: Admission to the Honours Program
Training reform and work reorganisation have become key issues in Australian industrial relations and national development policy. This subject canvasses current debates about work reorganisation and training reform, drawing on overseas experience where useful. It examines models of work organisation influential in modern human resource management, like Japanese 'lean production' and Scandinavian 'human centred production'. The ingredients of these new forms of work are highlighted and their training requirements identified. Training is examined as a key ingredient of successful strategic human resource management, and national development. The attempts to reform Australia's training system are charted.

IROB4706
Employment Policy and Practice
Staff Contact: School Office
S1 L3 CP15
Prerequisite: Admission to the Honours Program
This subject examines the theory, law, award provisions, organisational policy and practice of at least two of the following: affirmative action and equal employment; workers' compensation; grievance procedures; Staffing and human resource policy.

IROB4731
Industrial Relations Case Studies A
Staff Contact: School Office
S1 L3 CP15
Prerequisite: IROB3706
Case studies highlight a range of industrial relations issues at the plant or local level. Students also prepare their own case study for seminar presentation.

IROB4732
Industrial Relations Case Studies B
Staff Contact: School Office
S2 L3 CP15
Prerequisite: IROB3706
Case studies highlight a range of industrial relations issues at the industry and national level. Students also prepare their own case study for seminar presentation.

IROB4733
Industrial Relations Seminar
Staff Contact: School Office
F CP30
Prerequisite: Admission to the Honours Program

IROB4734
Thesis (Industrial Relations)
Staff Contact: School Office
F CP30
Prerequisite: IROB3707 and admission to the Honours Program
Servicing Subjects

These are subjects taught within courses offered by other faculties.

IROB2721
Managing People
Staff Contact: Dr A. Donovan
S1 L.1.5 T2 CP15
This subject focuses on managing in a rapidly changing environment. Topics include: leadership, decision-making and innovation; power, legitimacy, and the socialization process; the structure and design of organisations, organisation and domination, the evolution of ethical awareness; intergroup conflict and conflict resolution; skills of managing - communication, negotiation, coaching and objectives setting; organisational culture and transformation.

Information Systems (School of Information Systems)

INFS1602
Computer Information Systems 1
Staff Contact: School Office
S1 or S2 HPW 3 CP15
Prerequisite: Nil
This subject develops an understanding of the content of information systems, the types of information systems and the position of information systems in society; information systems at an organisational level, typical commercial applications, the systems life cycle, design concepts, data analysis and models and an introduction to data communications.

INFS1603
Business Data Management
Staff Contact: School Office
S1 or S2 HPW 3 CP15
Prerequisite: Nil
This subject provides students with the required knowledge and practical skills to model data including the use of entity/relationship models and object models. Students will be able to design simple databases in an organisational environment and have an understanding of the role of data in business and an understanding of the quality assurance issues in collecting, storing and using data.

INFS2603
Systems Analysis and Design
Staff Contact: School Office
S2 HPW 3 CP15
Prerequisites: INFS1603
This subject examines system analysis and design: requirements analysis and specification; logical and physical design of business systems; students compare design methodologies such as structures and object oriented.

INFS2607
Business Data Networks
Staff Contact: School Office
S2 HPW 3 CP15
Prerequisite: INFS1602
Data communication concepts, computer networks, reference to international standards and common industry communications software packages; local/metropolitan/wide area networks; network management; telecommunications services and other options; data security.

INFS2609
Object-Oriented Computer Programming
Staff Contact: School Office
S1 HPW 3 CP15
Prerequisites: INFS1602 and INFS1603
Note/s: Excluded: COMP1021 and COMP1811.

INFS2691
Industrial Training 1
Staff Contact: School Office
S1 HPW 1 CP45
Prerequisite: INFS1602 and INFS1603
Note/s: Available only to BIT students.
Students consider the practical treatment of the characteristics of commercial information systems. The topics include: analysis of an existing information system; development of overview documentation of the system; evaluation of the interface design; consideration of the role of security and control mechanisms.

INFS2791
Industrial Training A
Staff Contact: School Office
S1 HPW 1 CP45
Prerequisite: INFS1602 and INFS1603
Note/s: Available only to BCom (ISM) Co-op students.
Students consider the practical treatment of commercial information systems in business. The topics include: analysis of an existing system in its organisational setting; evaluation of the interface design; consideration of organisational impact of the information system.

INFS3603
Executive Support Systems
Staff Contact: School Office
S1 HPW 3 CP15
Prerequisites: INFS1602 and INFS1603
This subject examines the process of decision making and work group activity by professional and managerial people; the tools and techniques available in information technology to support these processes; the cultural and organisational issues involved in formalizing support; and management issues related to support.
INFS3604
Information Function Management
Staff Contact: School Office
S2 HPW 3 CP15
Prerequisite: INFS2603

This subject introduces the strategic and operational management issues involving information systems and software. Consideration is given to both quantitative and qualitative management techniques, including practical application of tools and concepts for software project management, as well as material on software metrics and software quality. In addition, techniques are covered for strategic planning of information systems and ensuring business contribution.

INFS3605
Software Engineering
Staff Contact: School Office
S1 HPW 3 CP15
Prerequisite: INFS2609

Students are supervised implementing an information systems project in a commercial programming language. Topics include: advanced program design and structured techniques; computer aided software engineering techniques; interface with systems software at application implementation level; the comparison of a range of programming languages; test data specification and implementation procedures.

INFS3606
Advanced Data Networks
Staff Contact: School Office
S2 HPW 3 CP15
Prerequisite: INFS2607

INFS3608
Advanced Database Systems
Staff Contact: School Office
S1 HPW 3 CP15
Prerequisites: INFS1602 and INFS1603

Topics include: advanced data analysis and modelling techniques; database management system architectures including hierarchical, network and relational approaches; database reliability, security and integrity issues; and data description and manipulation languages.

INFS3611
Advanced Analysis and Design
Staff Contact: School Office
S2 HPW 3 CP15
Prerequisite: INFS2603

This subject consists of a real-life systems development project, augmented by lectures and project team management. It provides practical experience in application of object-oriented methods for the specification and design of commercial business systems. Requirements definitions, system specifications and logical designs are developed to professional standard (using automated tools), with an emphasis on requirements engineering and user interface analysis.

INFS3616
Commercial Programming Principles
Staff Contact: School Office
S2 HPW 3 CP15
Prerequisite: INFS3605
Corequisite: INFS3692
Note/s: Available only to BIT students.

This subject focuses on the advanced treatment of the practice of implementing commercial systems. Topics include: the use of library code; program design for performance; project control and reporting practice; programming standards; interactive interface; software testing; CASE tools; documentation; security and control and maintenance.

INFS3692
Industrial Training 2
Staff Contact: School Office
S2 HPW 1 CP45
Prerequisite: INFS3605 or INFS2609
Corequisite: INFS3616
Note/s: Available only to BIT students.

Students gain in-depth practical exposure to information systems development. The topics covered include: the structure and management of the implementation teams; the roles of users and information staff in implementation; and scheduling and control during implementation.

INFS3792
Industrial Training 3
Staff Contact: School Office
S2 HPW 1 CP45
Prerequisite: INFS2603
Note/s: Available only to Bcom (ISM) Co-Op Students.

Students are provided with in-depth practical work in information systems analysis and design. Topics include: the management of requirements analysis and design activities; the roles of information system clients; managing the software process; managing and using technology.

INFS4693
Industrial Training B
Staff Contact: School Office
S1 HPW 1 CP45
Corequisite: INFS3611.
Note/s: Available only to BIT students.

Students are provided with in-depth practical work in information systems analysis and design. The topics covered include: the structure and management of analysis and design teams; the roles of users and I/S staff in analysis and design; and scheduling and control during analysis and design.

INFS4774
Information Systems Security
Staff Contact: School Office
S1 HPW 3 CP15
Prerequisites: INFS1603, INFS2607 and admission to BCom degree course at Honours level majoring in Information Systems plus approval of the Head of School of Information Systems.

As for INFS5984. See Graduate Study: Subject Descriptions.
INFS4793  
Industrial Training C  
Staff Contact: School Office  
S1 HPW 1 CP45  
Prerequisite: INFS3604  
Note/s: Available only to Bcom (ISM) Co-Op Students.  
Students study, in-depth, the business process and its relationship with information systems. Consideration is given to the impact of the system on the organisation and the suitability of the system to the organisation's needs; planning and re-engineering the business; and writing a business project.  

INFS4794  
Thesis (Information Systems)  
Staff Contact: School Office  
S2 CP30  

INFS4805  
Information Systems Auditing  
Staff Contact: School Office  
S2 HPW 3 CP15  
Prerequisites: ACCT3708. INFS1602 and admission to BCom degree course at Honours level majoring in Information Systems plus approval from the Head of School of Information Systems.  
Note/s: Not offered 1997.  

INFS4810  
Advanced Data Management  
Staff Contact: School Office  
S1 HPW 3 CP15  
Prerequisites: Admission to BCom degree course at Honours level majoring in Information Systems plus approval of the Head of School of Information Systems.  
As for INFS5926. See Graduate Study: Subject Descriptions  

INFS4811  
Knowledge Based Information Systems  
Staff Contact: School Office  
S2 HPW 3 CP15  
Prerequisites: Admission to BCom degree course at Honours level majoring in Information Systems plus approval of the Head of School of Information Systems.  
As for INFS5927. See Graduate Study: Subject Descriptions  

INFS4812  
Software Engineering Management  
Staff Contact: School Office  
S1 HPW 3 CP15  
Prerequisites: Admission to BCom degree course at Honours level majoring in Information Systems plus approval of the Head of School of Information Systems.  
As for INFS5928. See Graduate Study: Subject Descriptions  

INFS4825  
Object-Oriented Information Systems  
Staff Contact: School Office  
S2 HPW 3 CP15  
Prerequisites: INFS3605 and admission to BCom degree course at Honours level majoring in Information Systems plus approval of the Head of the School of Information Systems.  
As for INFS5925. See Graduate Study: Subject Descriptions.  

INFS4848  
Information Systems Project Management  
Staff Contact: School Office  
S2 HPW 3 CP15  
Prerequisites: Admission to BCom degree course at Honours level majoring in Information Systems plus approval of the Head of School of Information Systems.  
As for INFS5848. See Graduate Study: Subject Descriptions.  

INFS4853  
Information Systems Management  
Staff Contact: School Office  
S2 HPW 3 CP15  
Prerequisites: Admission to BCom degree course at Honours level majoring in Information Systems plus approval of the Head of School of Information Systems.  
As for INFS5953. See Graduate Study: Subject Descriptions.  

INFS4857  
Information and Decision Technology  
Staff Contact: School Office  
S1 HPW 3 CP15  
Prerequisites: Admission to BCom degree course at Honours level majoring in Information Systems plus approval of the Head of School of Information Systems.  
As for INFS5957. See Graduate Study: Subject Descriptions.  

INFS4886  
Research Topics in Information Systems 1  
Staff Contact: School Office  
S1 HPW 3 CP15  
Prerequisite: Admission to BCom degree course at Honours level majoring in Information Systems.  
As for INFS5986. See Graduate Study: Subject Descriptions.  

INFS4887  
Research Topics in Information Systems 2  
Staff Contact: School Office  
S2 HPW 3 CP15  
Prerequisite: Admission to BCom degree course at Honours level majoring in Information Systems.  
As for INFS5987. See Graduate Study: Subject Descriptions.  

INFS4891  
Decision Support Systems  
Staff Contact: School Office  
S1 HPW 3 CP15  
Prerequisites: Admission to BCom degree course at Honours level majoring in Information Systems plus approval by the Head of School of Information Systems.  
As for INFS5991. See Graduate Study: Subject Descriptions.
INFS4893
Special Topic in Information Systems
Staff Contact: School Office
S1 or S2 HPW3 CP15
Prerequisites: Admission to BCom degree course at Honours level majoring in Information Systems plus approval of the Head of School of Information Systems.
As for INFS5993. See Graduate Study: Subject Descriptions.

INFS4898
Project Seminar
Staff Contact: School Office
S1 or S2 CP15
Note/s: Not offered 1997.

Japanese Studies
(School of Asian Business and Language Studies)

JAPN1000
Japanese Communication 1A
Staff Contact: Mr K. Teruya
S1 HPW5 CP15
Prerequisite: Nil
This subject provides an introduction to modern Japanese interactive skills, i.e. listening, speaking, reading, writing, rules of communication, and socio-cultural knowledge of present-day Japan and local Japanese community, essential to basic survival interaction with Japanese. Emphasis on conversational skills. Hiragana, katakana and approximately 50 kanji are introduced.

JAPN1001
Japanese Communication 1B
Staff Contact: Mr K. Teruya
S2 HPW5 CP15
Prerequisite: JAPN1000
This subject provides for the further acquisition of interactive skills in basic Japanese, regarding everyday non-technical topics. Introduction of approximately 100 new kanji.

JAPN2000
Japanese Communication 2A
Staff Contact: Ms Y. Hashimoto
S1 HPW5 CP15
Prerequisite: JAPN1001
This subject provides for the further development of beginner's Japanese interactive skills. Prepares students to become competent in anticipated Australia-Japan contact situations and basic survival situations in Japan. Continued emphasis on oral-aural skill acquisition. Approximately 100 new kanji are introduced.

JAPN2001
Japanese Communication 2B
Staff Contact: Ms. Y. Hashimoto
S2 HPW5 CP15
Prerequisite: JAPN2000
This subject aims at consolidation of oral-aural skills up to intermediate level. Development of reading and writing skills, with another 150 kanji introduced.

JAPN2300
Spoken Japanese Interaction
Staff Contact: Ms F. Osho
S1 HPW3 CP15
Prerequisite: JAPN1001
Note/s: Excluded JAPN3001 or above
Students develop interactive competence in spoken Japanese at early intermediate level, relevant to a variety of professional situations such as meeting new clients, issuing invitations, and making telephone calls. The course emphasises professional language use including honorifics and accompanying para-linguistic skills.

JAPN2400
Japanese Business and Management
Staff Contact: A/Prof W. Purcell
S2 HPW3 CP15
Prerequisite: JAPN1001 or ECON1101
Note/s: Not offered 1996.

JAPN2500
Japanese Studies
Staff Contact: A/Prof W. Purcell
S2 HPW3 CP15
Prerequisite: JAPN1001
This subject introduces Japanese society, history, culture, politics and economy. Topics include social stratification, the role of women, demographic change, the education system, electoral politics, interest-group representation, Japan's economic growth, agriculture and industrial development, the role of the state, Japan's underworld yakuza and traditional kabuki theatre.

JAPN2600
Hospitality Japanese
Staff Contact: Ms F. Osho
S2 HPW3 CP15
Prerequisite: JAPN2000
Note/s: Excluded JAPN4000 or above
This subject aims to develop interactive competence in spoken Japanese for the hospitality industry, particularly in professional situations relating to tourism and leisure. Includes finance and banking, hotel, advertising, restaurant and other work situations. Emphasizes comparative cultural aspects, covering honorifics and etiquette as well as non-linguistic aspects of interaction between hospitality personnel and tourists.

JAPN3000
Japanese Communication 3A
Staff Contact: Dr C. Kinoshita Thomson
S1 HPW5 CP15
Prerequisite: JAPN2001
This subject equips students with solid linguistic skills at intermediate level, with increasing emphasis on reading and writing. Introduction to a variety of local Australia-Japan contact situations and expanding practical usage of students' interactive skills. Approximately 150 new kanji are introduced.
This subject provides for the further development of communicative skills and competence attained in JAPN3000. Students use Japanese in a wider context, thereby increasing vocabulary and knowledge of grammatical structures. Another 150 kanji are introduced.

JAPN3500
Business Japanese
Staff Contact: Ms K. Okamoto
S2 HPW3 CP15
Prerequisite: JAPN3000

This subject concentrates on the acquisition of late-intermediate to early-advanced interactive skills in Japanese with continued emphasis on reading and writing. Introduces students to technical language of accounting, finance, economics and marketing and develops skills needed in typical formal and informal business contact situations, such as business introductions and meetings, business conversation, written channels of communication and business etiquette.

JAPN4000
Japanese Communication 4A
Staff Contact: Ms H. Masumi-So
S1 HPW5 CP15
Prerequisite: JAPN3001

This subject concentrates on the acquisition of well-rounded linguistic and communicative competence necessary for advanced learners. Further extension and systematic practice of interactive skills. Another 150 kanji are introduced.

JAPN4001
Japanese Communication 4B
Staff Contact: Ms H. Masumi-So
S2 HPW5 CP15
Prerequisite: JAPN4000

This subject prepares students in the acquisition of well-rounded linguistic and communicative competence necessary for advanced learners. Further extension and systematic practice of interactive skills. Another 150 kanji are introduced.

JAPN4100
Japanese Communication 5A
Staff Contact: Ms S. Iida
S1 HPW5 CP15
Prerequisite: JAPN4001

This subject focuses on mid-advanced Japanese interactive skills. Increasing emphasis is placed upon further development of reading and writing abilities. Autonomous learning is encouraged and assisted in acquisition of more advanced interactive skills. Students are given opportunities to improve on competence in professional and business settings. Approximately 250 new kanji are introduced.

JAPN4101
Japanese Communication 5B
Staff Contact: Ms S. Iida
S2 HPW5 CP15
Prerequisite: JAPN4100

This subject hones those reading and writing skills attained in JAPN4100. Continued instruction in more advanced conversational and grammatical structures and useful vocabulary for the purpose of business and related areas of communication. A further 250 kanji are introduced.

JAPN4200
Japanese Communication 6A
Staff Contact: Dr C. Kinoshita Thomson
S1 HPW5 CP15
Prerequisite: JAPN4101

This subject concentrates on further acquisition of interactive skills required in a wider variety of Australia-Japan contact situations. Continued emphasis on autonomous learning and self-monitoring of problem areas in interactive skills. Approximately 250 new kanji are introduced.

JAPN4201
Japanese Communication 6B
Staff Contact: Dr C. Kinoshita Thomson
S2 HPW5 CP15
Prerequisite: JAPN4200

This subject provides for the refining of linguistic and communicative skills acquired in JAPN4200. Another 250 kanji are introduced, ie. the remaining jooyoo kanji.

JAPN4300
Advanced Reading in Japanese A
Staff Contact: Dr C. Kinoshita Thomson
S1 HPW5 CP15
Prerequisite: JAPN4201 or permission from Head of School

This subject provides opportunity for advanced learners of Japanese with intensive and extensive reading in the language on selected topic(s). Accumulation of kanji, vocabulary and idiomatic expressions is emphasized.

JAPN4301
Advanced Reading in Japanese B
Staff Contact: Dr C. Kinoshita Thomson
S2 HPW5 CP15
Prerequisite: JAPN4300 or permission from Head of School

Students are required to continue reading on the selected topic(s) from JAPN4300, prepare a paper and give a formal oral presentation to a group of native Japanese speakers.

JAPN4400
Special Topics in Advanced Japanese
Staff Contact: Ms H. Masumi-So
S2 HPW3 CP15
Prerequisite: JAPN4000

This subject provides students with a framework for analyzing problems in the field of Japanese Studies, including a theoretical framework and types and sources of problems. Where possible, students carry out empirical data collection and are guided through the analysis of and search for possible solutions to these problems.
JAPN4510
Research Seminar in Japanese Studies A
Staff Contact: A/Prof W. Purcell
S1 CP15
Prerequisite: Admission to Honours
This subject provides a foundation for conducting research in the area of Japanese Studies. Students will become familiar with research literature, theoretical frameworks and research methodologies in this field.

JAPN4511
Research Seminar in Japanese Studies B
Staff Contact: A/Prof W. Purcell
S2 CP15
Prerequisite: Admission to Honours
Students conduct a research project using skills acquired in JAPN4500.

JAPN4520
Honours Japanese A
Staff Contact: A/Prof W. Purcell
S1 HPW5 CP15
Prerequisite: Admission to Honours
Students will further improve their proficiency in Japanese language and communication at a level most suitable for each individual.

JAPN4521
Honours Japanese B
Staff Contact: A/Prof W. Purcell
S2 HPW5 CP15
Prerequisite: Admission to Honours
This subject continues on from JAPN4520 and further assists students in developing their skills and knowledge of Japanese language and communication at a level most suitable for each individual.

JAPN4530
Honours Japanese (Advanced) A
Staff Contact: A/Prof W. Purcell
S1 HPW5 CP15
Prerequisite: Admission to Honours
Advanced students will further improve their proficiency in Japanese language and communication at a level most suitable for each individual.

JAPN4531
Honours Japanese (Advanced) B
Staff Contact: A/Prof W. Purcell
S2 HPW5 CP15
Prerequisite: Admission to Honours
This subject continues on from JAPN4530 and further assists advanced students in developing and consolidating their skills and knowledge of Japanese language and communication at a level most suitable for each individual.

JAPN4600
Thesis (Japanese Studies)
Staff Contact: A/Prof W. Purcell
S3 CP30
Prerequisite: Admission to Honours

Korean (School of Asian Business and Language Studies)

KORE1000
Korean 1A
Staff Contact: Mr S-C. Shin
S1 HPW5 CP15
Prerequisite: Nil
This subject provides beginners with practical language skills for effective communication. Emphasis is on use of the language in basic survival situations. Communicative methods are used to develop in students the four language skills: listening, speaking, reading and writing, within a cultural context. The Korean script, Hangul, is taught progressively.

KORE1001
Korean 1B
Staff Contact: Mr S-C. Shin
S2 HPW5 CP15
Prerequisite: KORE1000 or equivalent
This subject further develops communicative skills in introductory Korean, with emphasis on a variety of ‘real life’ situations. New communicative functions, vocabulary and grammatical structures are progressively added to knowledge and skills acquired in KORE1000.

KORE2000
Korean 2A
Staff Contact: Mr S-C. Shin
S1 HPW5 CP15
Prerequisite: KORE1001 or equivalent
This subject further develops communicative skills on the groundwork covered in introductory-level Korean and allows students to build upon their spoken and written language skills, enabling them to interact in a wider range of communicative situations.

KORE2001
Korean 2B
Staff Contact: Mr S-C. Shin
S1 HPW5 CP15
Prerequisite: KORE2000 or equivalent
This subject consolidates and further expands knowledge and skills developed in the previous subjects as well as laying the foundation for students who wish to proceed to a third year program. A number of selected Hanja, Sino-Korean characters, are introduced to further enhance the students‘ skills to read and comprehend modern Korean mixed script.

KORE2500
Korean Economy and Business
Staff Contact: Mr S-C. Shin
S2 HPW5 CP15
Prerequisite: 90 credit points in the faculties of Arts, Law or Commerce and Economics
An introduction to Korean Economy and Business practice. Topics include: Korea’s economic development and growth; economic policies; government-business relations; corporate structure and enterprise groupings; Chaebol; industry system; workplace practices; decision-making pro-
cedures; business negotiations and; socio-cultural elements in business and management.

KORE3000
Korean 3A
Staff Contact: Mr S-C. Shin
S1 HPW5 CP15
Prerequisite: KORE2001 or equivalent

Consolidation of students' communicative skills in both spoken and written Korean at intermediate level, with increasing emphasis on reading and writing. It introduces a wider range of communicative topics, vocabulary and grammatical structures and further expends practical usage of students' knowledge and interactive skills. Approximately 100 new Hanja are also introduced.

KORE3001
Korean 3B
Staff Contact: Mr S-C. Shin
S2 HPW5 CP15
Prerequisite: KORE3000 or equivalent

Further development of communicative skills attained in KORE3000 and a new orientation to specific needs in everyday business situations. It equips students with a variety of practical language skills and background information necessary not only for everyday conversation but also for Korean-Australian business situations. Includes systematic practice of communication skills in the classroom and some fieldwork at the 'real-life' situations in the Sydney Korean business community. Another 150 Hanja are introduced.

Law (Faculty of Law)

For details and descriptions of Law subjects please consult the 1997 Faculty of Law Handbook.

Marketing (School of Marketing)

MARK2012
Marketing Fundamentals
Staff Contact: School Office
S1 or S2 L2 T2 CP15
Prerequisites: ACCT1511, ECON1102, ECON1203
Corequisite: MARK2032

This subject provides a conceptual framework for developing and understanding of marketing including the marketing process, marketing environment and marketing planning. It covers product, service, consumer, industrial, global and social aspects of marketing and introduces the marketing mix, market segmentation, positioning and product differentiation.

MARK2032
Consumer Behaviour A
Staff Contact: School Office
S1 or S2 L2 T2 CP15
Prerequisites: ACCT1511, ECON1102, ECON1203
Corequisite: MARK2012

This subject studies in detail the internal influences on behaviour as they apply to the consumption process. The course is designed to understand how consumers process information and the emotions and motivations that impact on that process. The focal topics include: the study of cognition, memory, learning, perception, motivation, and the communication process as these relate to marketplace behaviour.

MARK2042
Consumer Behaviour B
Staff Contact: School Office
S1 or S2 L2 T2 CP15
Prerequisites: MARK2012, MARK2032

This subject studies in detail the external influences on behaviour and the role of the marketplace in the sociopolitical system. Topics of study include attitude formation, the impact of reference groups and institutions on marketplace behaviour. Specific attention is given to the purchase and consumption situation in terms of individual and group purchase behaviour. In the latter particular attention is given to household and organisational buying behaviour.

MARK2052
Marketing Research
Staff Contact: School Office
S1 or S2 L2 T2 CP15
Prerequisite: MARK2012, MARK2032

This subject examines the sources and types of marketing information relevant to marketing management. Topics include: problem definition and research design; questionnaire design; sampling; data collection; interpretation and reporting; management control of research including briefing, evaluation of proposals and distinction between research results and marketing implications; the use of continuous research; and new developments in market research.

MARK3022
Computer Applications in Marketing
Staff Contact: School Office
S1 or S2 L2 T2 CP15
Prerequisite: MARK2052

This subject explores and evaluates, using computer software, characteristics and relationships of marketing. The approach will be largely model based, related to marketing decision making and fostering greater understanding of marketing complexity. Techniques and tools which support the final year marketing subjects will be explored.

MARK3043
International Marketing
Staff Contact: School Office
S2 L2 T1 CP15
Prerequisites: MARK2042 or MARK2052

Conceptual and environmental aspects of international marketing are dealt with. Using this knowledge, issues associated with developing practical marketing strategies
appropriate to different world markets are then considered in detail.

MARK3053
Service Management
Staff Contact: School Office
S1 L2 T1 CP15
Prerequisites: MARK2042 or MARK2052
Note/s: Excluded, students undertaking the Hospitality Management degree course.

A marketing orientation to services management is used to ensure that the strategic handling of services takes into account their distinguishing characteristics. The marketing planning framework will consider the marketing of services and the service component of product marketing. Case analysis are used to illustrate marketing applications.

MARK3063
Promotions Management
Staff Contact: School Office
S1 L2 T1 CP15
Prerequisites: MARK2042 or MARK2052

Principles and practical aspects of promotion are covered. Consideration is given to elements of the promotional mix, advertising strategy, campaign development and assessment, and advertising research. Legal and ethical issues are also examined.

MARK3073
Brand Management
Staff Contact: School Office
S1 L2 T2 CP15
Prerequisite: MARK2012, MARK2042

This subject provides an overview of marketing planning for products and services with a focus on planning at the brand level. Marketing concepts such as segmentation, differentiation, positioning and product lifecycle will be re-examined from a strategic perspective. The marketing mix will be expanded to address strategies of new product development, pricing, distribution and promotions management.

Case analysis will be introduced to develop strategic thinking.

MARK3083
Strategic Marketing Management
Staff Contact: School Office
S2 L2 T2 CP15
Prerequisite: MARK3073

Concepts introduced in previous subjects will be broadened to address issues at the business unit level. Corporate mission, competitive stance of the organisation, pricing policies, trade relations, internal marketing and logistics will be addressed. The management of organisational resources such as financial and human resources are considered using, for example, portfolio analysis. Decision support systems are also examined.

MARK3093
Corporate Policy and Marketing Strategy
Staff Contact: School Office
S2 L2 T2 CP15
Prerequisite: MARK3073

The interface between marketing and other key functional areas within the organisation, such as finance, human resources and manufacturing are examined. Marketing's interface with areas outside the organisation, such as strategic alliances, joint ventures and partnership in global markets are also examined. Social, ethical, technological, legal and global issues are addressed. Case analysis will be used.

MARK7201
Research Methodology Seminar
Staff Contact: School Office
S1 LT4 CP15
Prerequisites: Approval of the Head of School

This subject provides an overview of the role of research methodology in marketing and the social sciences; enhances writing skills for academic papers; introduces fundamental concepts in formal epistemology, the main viewpoints in the philosophies of natural science and sociology and the key ideas in methodology for research in management and; explores and critically evaluates methodologies used in the marketing journals.

MARK7202
Special Topic in Marketing
Staff Contact: School Office
S1 LT4 CP15
Prerequisites: Approval of the Head of School

This subject is designed for students who are doing a research based degree in marketing. It takes the existing knowledge of elementary statistics that the student has developed and extends it to the area of multivariate statistics. Special attention is paid to the underlying theory and assumptions of the methods. This subject develops an understanding of the mathematics of statistics as well as providing extensive experience in implementing the techniques discussed.

MARK7203
Seminar in Marketing Theory
Staff Contact: School Office
S2 LT4 CP15
Prerequisites: Approval of the Head of School

This subject is aimed at providing a practical introduction to a range of information and data collection procedures and techniques used in the social sciences; to develop skill in evaluating the validity and reliability of data collection techniques; and to develop an understanding of the ways in which choice of data collection technique can shape the possible research findings that flow from their use. Topics include: survey based methods; methods based on in-depth interviews or group discussions; methods based on the analysis of secondary data.

MARK7204
Thesis (Marketing)
Staff Contact: School Office
S3 CP30

MARK7207
Contemporary Issues in Marketing
Staff Contact: School Office
S2 LT4 CP15
Prerequisites: Approval of the Head of School

This subject is aimed at linking marketing with its foundation areas: economics, psychology, sociology, game theory, information theory, anthropology and decision theory. The
purpose of this is to provide a foundation for modern marketing thought in theoretical terms. The course aims to provide the theoretical background for the concepts that marketers have come to embrace over the past century as their own.

Mathematics (Faculty of Science)

The School of Mathematics is in the Faculty of Science. Mathematics 1A and 1B are appropriate for students with mathematical ability and interest. Students with a good 4 unit or exceptional 3 unit HSC Mathematics pass should attempt MATH1141 and MATH1241, whilst students with a 3 unit HSC Mathematics pass may attempt MATH1131 and MATH1231. In other circumstances, ECON1202 and ECON1203 may be a more suitable choice.

MATH1131
Mathematics 1A
Staff Contact: School of Mathematics First Year Office
S1 or S2 HPW6 CP15
Prerequisites: HSC mark range required: 2 unit Mathematics (90-100), or 2 and 3 unit Mathematics (100-150) or 3 and 4 unit Mathematics (100-200) or MATH1011 (these ranges may vary from year to year). 2 unit Mathematics in this instance refers to the 2 unit Mathematics subject which is related to the 3 unit Mathematics subject. It does not refer to the subjects Mathematics in Society or Mathematics in Practice.
Note/s: Excluded MATH1011, MATH1032, MATH1042, MATH1141, ECON2200, ECON2201, ECON2202, ECON1202, ECON2290, ECON2291.

Complex numbers, vectors and vector geometry, linear equations, matrices and matrix algebra, determinants. Functions, limits, continuity and differentiability, integration, polar coordinates, logarithms and exponentials, hyperbolic functions, functions of several variables. Introduction to computing and the Maple symbolic algebra package.

MATH1141
Higher Mathematics 1A
Staff Contact: School of Mathematics First Year Office
S1 or S2 HPW6 CP15
Prerequisites: HSC mark range required: 2 and 3 unit Mathematics (145-150) or 3 and 4 unit Mathematics (186-200) (these ranges may vary from year to year).
Note/s: Excluded MATH1011, MATH1032, MATH1042, MATH1131, ECON2200, ECON2201, ECON2202, ECON1202, ECON2290, ECON2291.
As for MATH1131 but in greater depth.

MATH1231
Mathematics 1B
Staff Contact: School of Mathematics First Year Office
S2 HPW6 or Summer Session HPW9 CP15
Prerequisite: MATH1131 or MATH1141
Note/s: Excluded MATH1021, MATH1032, MATH1042, MATH1241, ECON2200, ECON2201, ECON2202, ECON1202, ECON2290, ECON2291.

MATH1241
Higher Mathematics 1B
Staff Contact: School of Mathematics First Year Office
S2 HPW6 CP15
Prerequisite: MATH1131 or MATH1141, each with a mark of at least 70.
Note/s: Excluded MATH1021, MATH1032, MATH1042, MATH1231, ECON2200, ECON2201, ECON2202, ECON1202, ECON2290, ECON2291.
As for MATH1231 but in greater depth.

MATH2101
Several Variable Calculus
Staff Contact: School Office
S1 HPW4 CP15
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241
Note/s: Excluded MATH2100, MATH2110, MATH2510, MATH2610.

Functions of several variables, limits and continuity, differentiability, gradients, surfaces, maxima and minima, Taylor series, Lagrange multipliers, chain rules, inverse function theorem, Jacobian derivatives, double and triple integrals, iterated integrals, Riemann sums, cylindrical and spherical coordinates, change of variables, centre of mass, curves in space, line integrals, parametrised surfaces, surface integrals, del, divergence and curl, Stokes' theorem, Green's theorem in the plane, applications to fluid dynamics and electrodynamics, orthogonal curvilinear coordinates, arc length and volume elements, gradient, divergence and curl in curvilinear coordinates.

MATH2100
Vector Calculus
Staff Contact: School Office
S2 HPW2.5 CP7.5
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241
Note/s: Excluded MATH2011, MATH2110.

Properties of vectors and vector fields; divergence, gradient, curl of a vector; line, surface, and volume integrals. Gauss and Stokes' theorems. Curvilinear co-ordinates.

MATH2110
Higher Vector Analysis
Staff Contact: School Office
S1 HPW2.5 CP7.5
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241, each with a mark of at least 70.
Note/s: Excluded MATH2011, MATH2100.
As for MATH2100 but in greater depth.

MATH2120
Mathematical Methods for Differential Equations
Staff Contact: School Office
S1 or S2 HPW2.5 CP7.5
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241
Note/s: Excluded MATH2130.

Introduction to qualitative and quantitative methods for ordinary and partial differential equations. The following topics are treated by example. Ordinary differential equa-
tions: linear with constant coefficients, first-order systems, singularities, boundary-value problems, eigenfunctions, Fourier series. Bessel's equation and Legendre's equation. Partial differential equations: characteristics, classification, wave equation, heat equation, Laplace's equation, separation of variables methods, applications of Bessel functions and Legendre polynomials.

MATH2130
Higher Mathematical Methods for Differential Equations
Staff Contact: School Office
S2 HPW2.5 CP7.5
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241, each with a mark of at least 70
Note/s: Excluded MATH2120.
As for MATH2120 but in greater depth.

MATH2160
Linear Programming
Staff Contact: School Office
S1 HPW2 CP7.5
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241
Corequisite: MATH2501 or MATH2601.
A first course in mathematical modelling and solution techniques for linear problems. The revised simplex and dual simplex methods, theory and application of sensitivity analysis, duality theory. Networks, transportation and assignment problems. Examples, applications and computing methods are prominent features.

MATH2200
Discrete Dynamical Systems
Staff Contact: School Office
S2 HPW2 CP7.5
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241
Corequisite: MATH2501 or MATH2601.
The study of dynamical systems whose states change at discrete points in time. Difference equations, general properties. Linear systems, stability, oscillations, Z-transforms. Nonlinear systems, critical points, periodic cycles, chaotic behaviour. Applications selected from engineering, biological, social and economic contexts.

MATH2400
Finite Mathematics
Staff Contact: School Office
S1 HPW2 CP7.5
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241
Note/s: MATH1081 Discrete Mathematics is recommended.
Positional number systems, floating-point arithmetic, rational arithmetic, congruences. Euclid's algorithm, continued fractions, Chinese remainder theorem, Fermat's theorem, applications to computer arithmetic. Polynomial arithmetic, division algorithm, factorization, interpolation, finite field. Codes, error correcting codes, public-key cryptography.

MATH2501
Linear Algebra
Staff Contact: School Office
S1 or S2 HPW5 or F HPW2.5 CP15
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241
Note/s: Excluded MATH2601.

MATH2510
Real Analysis
Staff Contact: School Office
S1 or S2 HPW2.5 CP7.5
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241
Note/s: Excluded MATH2011, MATH2610.
Multiple integrals, partial differentiation. Analysis of real valued functions of one and several variables.

MATH2520
Complex Analysis
Staff Contact: School Office
S1 or S2 HPW2.5 CP7.5
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241
Note/s: Excluded MATH2620.
Analytic functions, Taylor and Laurent series, integrals. Cauchy's theorem, residues, evaluation of certain real integrals.

MATH2601
Higher Linear Algebra
Staff Contact: School Office
S1 HPW5 CP15
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241, each with a mark of at least 70
Note/s: Excluded MATH2501.
As for MATH2501, but in greater depth, and with additional material on unitary, self-adjoint and normal transformations.

MATH2610
Higher Real Analysis
Staff Contact: School Office
S1 HPW2.5 CP7.5
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241, each with a mark of at least 70
Note/s: Excluded MATH2510.
As for MATH2510 but in greater depth.

MATH2620
Higher Complex Analysis
Staff Contact: School Office
S2 HPW2.5 CP7.5
Prerequisite: MATH1032 or MATH1231 or MATH1042 or MATH1241, each with a mark of at least 70
Note/s: Excluded MATH2520.
As for MATH2520 but in greater depth.
MATH2801
Theory of Statistics
Staff Contact: School Office
S1 HPW4 CP15
Prerequisite: MATH1021(CR) or MATH1032 or MATH1231 or MATH1042 or MATH1241
Note/s: Excluded MATH2819, MATH2821, MATH2841, MATH2901, MATH2921, BIOS2041.
Probability, random variables, standard distributions, bivariate distributions, transformations, central limit theorem, sampling distributions, point estimation, interval estimation, hypothesis testing.

MATH2831
Linear Models
Staff Contact: School Office
S2 HPW4 CP15
Prerequisites: MATH2801, MATH2810, (except course 3996)
Note/s: Excluded MATH2931, MATH3811, MATH3870 (before 1997), MATH3911, BIOS2041.

MATH3002
Mathematics/Statistics Project
Staff Contact: Dr M. Musiela
S1 or S2 HPW8 CP30
Prerequisites: At least 30 credit points of Level 2 Mathematics
Under supervision of an academic staff member of the School of Mathematics a student will undertake a course in reading and/or research on a topic in mathematics or statistics; or on applications of mathematics or statistics to other disciplines such as physical, biological or social sciences, economics, finance, computing, etc. The student is expected to write an essay of approximately 12,000 words summarizing the results of their project.

MATH3161
Optimization Methods
Staff Contact: School Office
S1 HPW4 CP15
Prerequisites: MATH2501, and one of MATH2100 or MATH2510
Development, analysis and application of methods for optimization problems. Theory of multivariable optimization; including necessary and sufficient optimality conditions, stationary points, Lagrange multipliers, Kuhn-Tucker conditions, convexity and duality. Numerical methods for one dimensional minimization, unconstrained multivariable minimization (including steepest descent, Newton, quasi-Newton and conjugate gradient methods) and constrained multi-variable minimization (including linear programming and quadratic programming).

MATH3181
Optimal Control
Staff Contact: School Office
S2 HPW4 CP15
Prerequisite: MATH2011 or MATH2100 or MATH2510
An introduction to the optimal control of dynamical systems. Mathematical descriptions of dynamical systems. Stability, controllability, and observability. Optimal control. Calculus of variations. Dynamic programming. Examples and applications are selected from biological, economical and physical systems.

MATH3610
Higher Real Analysis
Staff Contact: School Office
S1 HPW2 CP7.5
Prerequisite: MATH2011(CR) or MATH2510(CR) or MATH2610
Note/s: Excluded MATH3570, MATH3601.

MATH3620
Higher Functional Analysis
Staff Contact: School Office
S2 HPW2 CP7.5
Prerequisites: MATH3610, MATH2601 or MATH2501 (CR)
Note/s: Excluded MATH3601.
The Faculty of Commerce and Economics includes the Schools of Accounting, Asian Business and Language Studies, Banking and Finance, Business Law and Taxation, Economics, Industrial Relations and Organisational Behaviour, Information Systems and Marketing.

Suitably qualified candidates may enrol to study for the degree of Doctor of Philosophy. In addition, courses are available leading to the award of the degrees of Master of Commerce (Honours), Master of Commerce, Graduate Diploma and Graduate Certificate in Commerce. These courses are offered in Accounting, Business Law, Business Statistics, Economic History, Economics, Finance, Hospitality Management, Human Resource Management, Industrial Relations, Information Systems, Japanese Business Studies, Organisational Behaviour, Marketing and Taxation. Normally all applicants for registration for the degree of Doctor of Philosophy and Master of Commerce (Honours) should be graduates in Commerce or Economics seeking advanced specialisation in their previously studied discipline, although there is provision for non-Commerce or Economics graduates to be admitted in special cases, usually subject to a qualifying program.

The requirements for the Master of Commerce (Honours) degree may be satisfied by a program of study emphasising a major thesis and formal courses. The degree of Master of Commerce may be pursued by graduates from either commerce or non-commerce disciplines, either primarily in the form of study and professional development in a single field, or as a broader integrated course embracing several of the disciplines offered in the Faculty. The requirements for this degree are satisfied by successful study in formal courses. There is also provision with Head of School's approval, to undertake a two subject equivalent Project Report for the degree.

Suitably qualified candidates wishing to pursue a shorter course of postgraduate study may undertake a Graduate Diploma in Commerce. This program comprises six graduate subjects by coursework from the Commerce and Economics disciplines and as with the other postgraduate degree programs may be undertaken on a part-time or full-time basis.

Students can also elect to do a Graduate Certificate in Commerce of four approved postgraduate subjects offered by the Faculty of Commerce and Economics.

The Faculty also offers customised and open learning mode MCom and GradDip programs to cohorts of local and international students.

Course Objectives and Requirements for the Degree of Doctor of Philosophy (PhD)

Objectives

The PhD is designed to equip students with advanced research training in their chosen discipline and to promote research which makes an original and significant contribution to the discipline.

Length of the Program

The period of enrolment for full-time students, is normally six sessions (three years) and eight sessions (four years) for part-time students. Full-time students must present their thesis for examination no later than ten sessions (five years) from the date of enrolment. For part-time students the period is twelve sessions (six years).

Formal Coursework

PhD students may be required to undertake some formal coursework, designed to support the development of their research work.
Course Requirements for the Degree of Master of Commerce (Honours)

A program of study is generally pursued by full-time students over four sessions and by part-time students over six or seven sessions.

The detailed course requirements are set out below. In each case certain units are designated core units. Full-time students will normally include the core units among the units studied in the first four sessions. The choice of electives is subject to the approval of the Head of the School in which the candidate is enrolled and of the Head of the School offering the elective chosen.

Accounting - Course Code 2570
Master of Commerce (Honours)

1. All students shall study the following core units:
   - ACCT5909 Current Developments in Auditing Research
   - ACCT5951 Current Developments in Accounting Research - Financial
   - ACCT5952 Current Developments in Accounting Research - Managerial
   - ACCT5997 Seminar in Research Methodology

2. In addition to completing the subjects listed in 1, students shall enrol in ACCT5994 and submit a thesis on an approved topic. Normally the thesis should not exceed 50,000 words.

Banking and Finance - Course Code 2574
Master of Commerce (Honours)

1. All students shall study the following core units:
   - FINS5575 Research Methods in Finance 1
   - FINS5576 Advanced Topics in Asset Pricing
   - FINS5579 Research Methods in Finance 2

   and one of:
   - FINS5577 Advanced Topics in Corporate Finance
   - FINS5578 Recent Developments in Banking Research

2. In addition to completing the subjects listed in 1, students shall enrol in FINS5594 and submit a thesis on an approved topic. Normally the thesis should not exceed 50,000 words.

Economic History - Course Code 2573
Master of Commerce (Honours)

1. All students shall study the following core units:
   - ECOH5353 Approaches to Economic and Social History
   - ECOH5354 Special Subject in Economic History 2
   - ECOH5359 Research Seminar
   - ECOH5367 Special Subject in Economic History 1

2. In addition to completing the subjects listed in 1, students shall enrol in ECOH5360 and submit a thesis on an approved topic. Normally the thesis should not exceed 50,000 words.

Econometrics - Course Code 2572
Master of Commerce (Honours)

1. All students shall study four units from the following:
   - ECON5210 Comparative Forecasting Techniques
   - ECON5215 Advanced Econometrics A
   - ECON5225 Advanced Econometrics B
   - ECON5251 Applied Econometrics
   - ECON5252 Time Series Analysis
   - ECON5253 Modelling High Frequency Time Series Data
   - ECON5254 Econometric Theory
   - ECON5255 Econometric Model Building

2. In addition to completing the subjects listed in 1, students shall enrol in ECON5297 and submit a thesis on an approved topic. Normally the thesis should not exceed 50,000 words.
Economics - Course Code 2571
Master of Commerce (Honours)

1. All students shall study the following core units:
   ECON5154 Microeconomic Analysis 1
   ECON5174 Macroeconomic Analysis 1

2. In addition, students must choose two of the following subjects:
   ECON5101 Seminar in Advanced Economic Analysis A
   ECON5105 Economics of Labour Markets
   ECON5108 Public Finance
   ECON5110 Developing Economies and World Trade
   ECON5116 Environmental Economics
   ECON5134 International Trade
   ECON5143 Monetary Theory and Policy
   ECON5144 The Economics of Superannuation and Retirement
   ECON5155 Microeconomic Analysis 2
   ECON5164 Economic Methodology
   ECON5184 Macroeconomic Analysis 2

Note: Other graduate subjects in the School of Economics may be substituted for those listed in 2, with the permission of the Head of Department of Economics.

3. In addition to completing the subjects listed in 1 and 2, students shall enrol in ECON5199 and submit a thesis on an approved topic. Normally the thesis should not exceed 50,000 words.

Human Resource Management - Course Code 2578
Master of Commerce (Honours)

1. All students shall study the following core units:
   IROB5920 Men and Women in Organisations
   IROB5941 Special Topic in Human Resource Studies
   IROB5943 Advanced Seminar in Human Resource Studies A
   IROB5944 Advanced Seminar in Human Resource Studies B

2. In addition to completing the subjects listed in 1 candidates shall enrol in IROB5953 and submit a thesis on an approved topic. Normally the thesis should not exceed 50,000 words.

Industrial Relations Course Code 2576
Master of Commerce (Honours)

1. All students shall study the following core units:
   IROB5731 Special Topic in Australian Industrial Relations
   IROB5732 Special Topic in International and Comparative Industrial Relations
   IROB5734 Advanced Seminar in International and Comparative Industrial Relations

2. In addition to completing the subjects listed in 1, students shall enrol in IROB5751 and submit a thesis on an approved topic. Normally the thesis should not exceed 50,000 words.

Organisational Behaviour - Course Code 2577
Master of Commerce (Honours)

1. All students shall study the following core units:
   IROB5903 Organisational Change and Development
   IROB5905 Action Research
   IROB5918 Organisational Dynamics
   IROB5932 Advanced Seminar in Organisational Behaviour

2. In addition to completing the subjects listed in 1, students shall enrol in IROB5951 and submit a thesis on an approved topic. Normally the thesis should not exceed 50,000 words.

Information Systems - Course Code 2575
Master of Commerce (Honours)

1. All students shall study the following core units:
   INFS5986 Research Topics in Information Systems 1
   INFS5987 Research Topics in Information Systems 2

   and two units to be approved by Head of School, selected from advanced graduate units offered by the School of Information Systems.

2. In addition to completing the subjects listed in 1, students shall enrol in INFS5994 and submit a thesis on an approved topic. Normally the thesis should not exceed 50,000 words.

Marketing - Course Code 2580
Master of Commerce (Honours)

1. All students shall study the following core units:
   MARK8930 Quantitative Analysis
   MARK8931 Foundations for Research in Marketing
   MARK8932 Social Research Methods
   MARK8933 Perspectives on Marketing

2. In addition to completing the subjects listed in 1, students shall enrol in MARK8994 and submit a thesis on an approved topic. Normally the thesis should not exceed 50,000 words.
Course Objectives and Requirements for the Degree of Master of Commerce (by Coursework)

Objectives

1. To provide breadth of perspective on commerce as a social phenomenon.
2. To provide depth of study in at least one of the commerce disciplines.
3. To provide opportunities for extended or advanced studies in one of the commerce disciplines for those with either little or substantial prior study in the area respectively.
4. To provide opportunities for the design of study programs that meet professional requirements, or the needs and interests of individuals.

Requirements

1. A student must complete twelve units for the degree, unless exempted from a unit or units.
2. Four of these units shall be drawn from a common core of graduate units which as a group provide perspective on commerce as a social phenomenon. The common core is constituted as follows:
   - ACCT5901 Accounting: A User Perspective
   - ECON5103 Business Economics
   - ECON5203 Statistics for Business
   and one of:
   - INFS5988 Business Information Systems
   - IROB5700 Management, Work and Organisation
   - LEGT5511 Legal Foundations of Business
   - MARK5902 Elements of Marketing
3. Four of the units shall consist of an integrated sequence of studies from a disciplinary stream defined by the Higher Degree Committee of Faculty.
4. Four other units may be taken as elective studies from postgraduate units offered or approved by the Faculty. Elective studies may be used to extend disciplinary studies taken to meet the requirement in 3 above and may be drawn from no more than two disciplinary streams.
5. Students may receive up to four exemptions from common core units on the basis of prior studies.
6. Students shall commence their disciplinary studies at a prescribed point with guidance; and they may be proscribed from taking units which duplicate prior studies.
7. Students with at least six units in a disciplinary stream shall have their specialisation noted on their academic transcript; students who commence their disciplinary studies at an advanced level (see 6 above) and who take at least six starred units in a disciplinary stream shall have their advanced specialisation noted on their transcript.
8. Approved disciplinary streams are listed hereafter. In addition, the Higher Degree Committee of Faculty may approve postgraduate units offered by other Faculties within the University.
9. The Higher Degree Committee of Faculty may approve special or customised programs, to give effect to distinctive teaching strategies or meet the needs of particular cohorts of students.

Approved Master of Commerce Programs

Subjects for item 3 of the course requirements must be chosen from the disciplinary streams listed below. The remaining subjects may be chosen from disciplinary streams or other subjects offered or approved by the Faculty.

Course Objectives and Requirements for the Graduate Diploma

Objectives

1. To provide a perspective on commerce as a social phenomenon.
2. To provide opportunities for depth of study in at least one of the commerce disciplines.
3. To provide opportunities for the design of study programs that meet vocational needs and interests or individual interests.

Requirements

1. A student must complete six units for the Graduate Diploma.
2. Two of these units shall be drawn from a common core of graduate units designed to provide a perspective on commerce as a social phenomenon except where permission is granted for the substitution of other units on the basis of prior studies.
   - The common core units are:
     - ACCT5901 Accounting: A User Perspective
     - ECON5103 Business Economics
     - ECON5203 Statistics for Business
     - INFS5988 Business Information Systems
     - IROB5700 Management, Work and Organisation
     - LEGT5511 Legal Foundations of Business
     - MARK5902 Elements of Marketing
3. Two of the units shall be taken from a disciplinary stream defined by the Higher Degree Committee of Faculty, in addition to any disciplinary units taken as common core.
4. Two other units may be taken as elective studies from postgraduate units offered or approved by the Faculty. Elective studies may be in one or more disciplines and may be used to extend disciplinary studies taken to meet the requirement in 3 above.
5. Approved substitutions for common core units may involve either extensions of disciplinary studies (see 3 above) or elective studies (see 4 above).
6. Students shall commence their disciplinary studies at a prescribed point with guidance; and they may be proscribed from taking units which duplicate prior studies. Guidance will be provided in these matters to individual students.
7. Students with six units in a disciplinary stream (following from permission to substitute for common core units) shall have their specialisation noted on their academic transcript; students who commence their studies at an advanced level (see 6 above) and who take six starred units in a disciplinary stream shall have their advanced specialisation noted on their transcript.
8. Approved disciplinary streams are listed hereafter. In addition, the Higher Degree Committee of Faculty may approve postgraduate units offered by other Faculties within the University.
9. The Higher Degree Committee of Faculty may approve special or customised programs, to give effect to distinctive teaching strategies or meet the needs of particular cohorts of students.

*This course is only available to corporate groups by prior arrangement with the Faculty.

Course Objectives and Requirements for the Graduate Certificate

Objectives

1. To provide a perspective on commerce as a social phenomenon.
2. To provide opportunities for the design of study programs that meet vocational needs or individual interests.
3. To recognise accomplishments in commerce related studies.

Requirements

1. A student must complete four units for the Graduate Certificate.
2. The four units may be drawn from graduate subjects offered by the Faculty of Commerce and Economics.
3. Students are required to satisfy unit prerequisites in their program of studies; and they may be proscribed from taking units which would duplicate prior studies. Guidance will be provided in these matters to individual students.
4. No exemptions are permitted in the Graduate Certificate in Commerce.
5. Special programs are available within, and customised programs can be designed to suit, the Graduate Certificate course structure.

Subjects in each Disciplinary Stream for Master of Commerce (by Coursework) and Graduate Diploma Programs

Note on asterisked subjects following:
Students also commence their disciplinary studies at an advanced level and who take at least six starred units in the discipline shall have their advanced specialisation noted on their transcript.

Accounting

Program Number 1037
ACCT5901 Accounting: A User Perspective
*ACCT5902 Advanced Studies in Financial Accounting
*ACCT5903 Regulation in Accounting

Special Programs

Master of Commerce - Course Code: 8402

Management Accounting (Open Learning)
This course is offered in Open Learning mode only.
Application form and further information is available from
The Australian Centre for Management Accounting Develop-
ment (ACMAD), a centre within the Faculty of Commerce
and Economics (02) 9385 5913.
ACCT5980 Advanced Management Accounting Technologies
ACCT5981 Strategic Resource Management
ACCT5982 Managing the Service Oriented Organisation
ACCT5983 Managing Strategic Change
ACCT5984 Contemporary Issues in Management Accounting
ACCT5985 The Innovative Organisation
Plus two units from:
ACCT5986 Project Management
ACCT5987 Management of Manufacturing Systems
INFS5995 Information Management Systems

Plus four graduate units approved by the Head of School
of Accounting.

Master of Commerce - Course Code: 8404

Professional Accounting*
Program Number 1050
ACCT5908 Auditing
ACCT5930 Financial Accounting
ACCT5931 Strategic Management Accounting
ACCT5970 Accounting Concepts and Financial Reporting
ACCT5996 Management Accounting Control Systems
ECON5103 Business Economics
ECON5203 Statistics for Business
FINS5511 Corporate Finance
INFS5988 Business Information Systems
LEGT5511 Legal Foundations of Business
LEGT5541 Company Law
LEGT5551 Revenue Law
*This is a fixed program of 12 prescribed subjects. Students with
major studies in Accounting may not normally enrol in Program 1050.

Banking*
Program Number 3032
ECON5103 Business Economics
ECON5203 Statistics for Business
FINS5512 Australian Capital Markets
FINS5513 Security Valuation and Portfolio Selection
FINS5514 Capital Budgeting and Financial Decisions
FINS5516 International Corporate Finance
FINS5530 Financial Institution Management
FINS5534 Strategic Management of Credit Risk and Loan Policy
LEGT5561 Legal Aspects of Finance
IROB5901 Organisational Behaviour
MARK5902 Elements of Marketing

One further unit chosen from the following list:
FINS5515 Issues in Corporate Finance
FINS5517 Portfolio Analysis and Management
FINS5522 Asian Financial Market Analysis
FINS5531 Risk and Insurance
FINS5533 Real Estate Finance and Investment
FINS5535 Options, Futures and Risk Management Techniques
*This is a fixed program of 11 prescribed subjects and one elective
from the list above.

Graduate Diploma - Course Code: 5390

Professional Accounting (Customised)
Program Number 9021
This course is only available to corporate groups by prior
arrangement with the Faculty.
This program is offered on a customised basis over a
fourteen month period. Certain subjects are studied during
a session on a part-time basis. Others are studied during
the Summer and mid-year recesses on a full-time basis.
ACCT5908 Auditing
ACCT5930 Financial Accounting
ACCT5970 Accounting Concepts and Financial Reporting
ACCT5996 Management Accounting Control Systems

Plus two units from:
ACCT5931 Strategic Management Accounting
ECON5103 Business Economics
ECON5203 Statistics for Business
FINS5511 Corporate Finance
INFS5988 Business Information Systems
LEGT5511 Legal Foundations of Business
LEGT5541 Company Law
LEGT5551 Revenue Law
Any other graduate subject approved by the Head of School
of Accounting.
Management Accounting (Open Learning)  
Program Number 9022  
This course is offered in Open Learning mode only.  
Application form and further information is available from  
The Australian Centre for Management Accounting Development (ACMAD), a centre within the Faculty of Commerce and Economics (02) 9385 5913.  
ACCT5980 Advanced Management Accounting Technologies  
ACCT5981 Strategic Resource Management  
ACCT5982 Managing the Service Oriented Organisation  
ACCT5983 Managing Strategic Change  
ACCT5984 Contemporary Issues in Management Accounting  
ACCT5985 The Innovative Organisation  

Graduate Certificate - Course Code: 7356  
Management Accounting (Open Learning/Distance Delivery)  
This course is offered in Open Learning mode only.  
Application form and further information is available from  
The Australian Centre for Management Accounting Development (ACMAD), a centre within the Faculty of Commerce and Economics (02) 9385 5913.  
Students must complete four subjects from the following list:  
ACCT5980 Advanced Management Accounting Technologies  
ACCT5981 Strategic Resource Management  
ACCT5982 Managing the Service Oriented Organisation  
ACCT5983 Managing Strategic Change  
ACCT5984 Contemporary Issues in Management Accounting  
ACCT5985 The Innovative Organisation  
ACCT5986 Professional Accounting (Customised)  
This course is only available to corporate groups by prior arrangement with the Faculty. This program is offered on a customised basis.  
Students must complete the following four units or other units approved by the Head of the School of Accounting:  
ACCT5908 Auditing  
ACCT5930 Financial Accounting  
ACCT5970 Accounting Concepts and Financial Reporting  
ACCT5996 Management Accounting Control Systems  
Special Program (Open Learning/Distance Delivery)  
This course is only available to corporate groups by prior arrangement with the Faculty. This program is offered on a customised basis.  
Students should complete four of the following units, offered in Open Learning mode through Distance Delivery:  
ACCT5901 Accounting: A User Perspective  
ECON5103 Business Economics  
ECON5203 Statistics for Business  
FINS5511 Corporate Finance  
INFS5988 Business Information Systems  
IROB5700 Management, Work and Organisation  
LEGT5511 Legal Foundations of Business  
MARK5902 Elements of Marketing
Subject Descriptions
Graduate Study

Descriptions of all subjects are presented in alphanumeric order within organisational units. For academic advice regarding a particular subject consult with the contact for the subject as listed. A guide to abbreviations and prefixes is included in the chapter 'Handbook Guide', appearing earlier in this book.

Graduate Subject Prerequisites

A candidate may not enrol in any subject without having satisfied any prerequisite requirement. The details of prerequisite requirements are set out in the section dealing with subject descriptions.

Accounting
(School of Accounting)

ACCT5901
Accounting: A User Perspective
Staff Contact: School Office
S1 L3 CP20
Prerequisite: Nil
Notes: Instead of ACCT5901, students may enrol in ACCT5930, which is a more technical introductory accounting subject. Students who wish to complete the special program in Professional Accounting or who wish to study more advanced financial accounting subjects, such as ACCT5970, should start with ACCT5930 rather than ACCT5901.

This subject is primarily for the users rather than the preparers of accounting information. The focus is on the understanding and the use of accounting information; the composition and meaning of the financial statements prepared for resource providers in accordance with the law and contractual arrangements; and accounting systems and reports designed for the decision makers within an organisation.

ACCT5902
Advanced Studies in Financial Accounting
Staff Contact: School Office
S1 L3 CP20
Prerequisite: An approved Bachelor’s degree with a major in Accounting or equivalent, or ACCT5970 or equivalent

This subject focuses on topics in financial accounting and reporting including those arising from complex economic entity structures, including: accounting problems in particular industries; cutting edge accounting issues that are deliberated by various accounting rule-making bodies; the conceptual frameworks used by standard setters; and proposals for the strengthening of external financial reporting.

ACCT5903
Regulation in Accounting
Staff Contact: School Office
S2 L3 CP20
Prerequisite: Approved Bachelor’s degree with a major in Accounting or equivalent, or ACCT5970 or equivalent

This subject focuses on: theories of regulation; alternative forms of regulatory arrangements and competing sources of regulatory authority; policy formation, implementation and enforcement; theories and empirical evidence related to regulatory processes and outcomes; and involves a comparative analysis of rules affecting accounting and auditing practices locally and overseas; an examination of rules relating to prospectuses, takeover documents, interim reports and other special purpose reports.

ACCT5904
Development of Accounting Thought
Staff Contact: School Office
S2 L3 CP20
Prerequisite: Approval from the Head of School

This subject focuses on the historical development of the body of thought underlying particular areas of study in the discipline of accounting; the origins and progression of significant ideas, theories, themes, and methodologies; the contributions by prominent individuals; and the attitudes of professional bodies and other parties to change.
ACCT5905
**Global Accounting Issues**
*Staff Contact: School Office*
*S2 L3 CP20*
*Prerequisites: Approved Bachelor’s degree with a major in Accounting, or equivalent, or ACCT5970, or equivalent.*

This subject examines accounting systems as expressions of cultural, political and ideological forces; comparative international accounting patterns (systems, practices and regulation); efforts to harmonise accounting standards world-wide, using country studies; analysing foreign financial statements, taking a global perspective on earnings, multinational enterprises and the control of global operations; performance evaluation and transfer pricing in the international context; management of foreign exchange risk and the accounting treatment of innovative financial products.

ACCT5908
**Auditing**
*Staff Contact: School Office*
*S1 or S2 L3 CP20*
*Prerequisite: ACCT5990 or equivalent*

This subject examines the practice of auditing and the underlying concepts. Although the focus of attention is on audits carried out under the provisions of the Australian Corporations & Securities Legislation, reference is also made to other forms of audit. The course is intended to provide an overview of the audit process as it exists in Australia. Topics include: risk analysis approach; assessment of risk; development of audit strategy; internal control evaluation and compliance testing; substantive testing; analytical review; auditing in an EDP environment; audit sampling; audit reporting; contractual and common law duties; the role of ethics; and an introduction to internal and public sector auditing.

ACCT5909
**Current Developments in Auditing Research**
*Staff Contact: School Office*
*S2 L3 CP20*
*Prerequisite: Approval from the Head of School*

An examination of current areas of research in auditing and substantive studies in each area. The following topics will be considered: theory about auditing; overview of audit research; nature of audit work; agency theory and the existence of the audit function; human information processing in auditing; audit teams and the review process; experience and expertise; independence; audit fees and other service fees; effect of the audit report; and future development in audit theory and research.

ACCT5910
**Financial Statement Analysis**
*Staff Contact: School Office*
*S2 L3 CP20*
*Prerequisites: FIN5511 or FIN5513 and ACCT5901 or ACCT5930 or equivalent*

This subject examines the sources of information available to analysts; traditional ratio analysis; application of techniques of financial analysis to equity valuation; credit assessment; and price regulation. Also looked at are: calculations of key indicators of financial performance; issues arising from international differences in accounting standards and practices; off-balance sheet financing and financial instruments; problems arising from complex organisational structures; and strategies for managing the financial analysis function.

ACCT5915
**Individual Judgement and Choice**
*Staff Contact: School Office*
*S1 L3 CP20*
*Prerequisite: Nil*

This subject focuses on the subject of decision theory in the context of judgements made by users of accounting information, managers and auditors. Topics include: introduction to the fields of decision theory and decision analysis; limitations of human ability to process information; descriptive models of individual choice behaviour; factors affecting judgement and choice; structuring of a problem; assessing consequences - measurement and weighting of dimensions; assessing uncertainties - probability assessment, confidence, group decision making; evaluation of alternatives - choice of criterion; decision making; evaluation of alternatives - choice of criterion; decision analysis involving multiple objectives and choice under uncertainty; ambiguity and choice; relationship between individual choice and organisational choice.

ACCT5917
**Strategic Management: Systems and Processes**
*Staff Contact: School Office*
*S1 L3 CP20*
*Prerequisite: Nil*

This subject explores the process and practice of strategic management - the constitution of an organisation's competitive positioning in its environment. Topics to be covered include: strategic thinking and analysis; the formulation and choice of alternatives; sustainable competitive advantage; the nature of organisational change; the embedding of organisational strategy in everyday activities. These topics are explored through a critical examination of relevant literatures, documented case studies and contemporary business practices.

ACCT5918
**Advanced Auditing Technologies**
*Staff Contact: School Office*
*S2 L3 CP20*
*Prerequisite: ACCT5908 or equivalent*

Topics covered in this subject include: risk analysis; analytical review; internal control evaluation; internal audit and operational auditing; CAATS; use of computer as an audit tool; going concern prediction; performance indicators and analytical review as an audit tool; auditing in a small business environment; compliance audits in the public sector; and investigating accountants’ reports.

ACCT5929
**Organisation Design**
*Staff Contact: School Office*
*S2 L3 CP20*
*Prerequisite: Nil*

This subject examines the design of organisational structures and processes and the involvement of management and others therewith. Particular attention will focus on: contingency models of organisation design which stress the importance of various factors (such as size and environment) in the design process; organisational design as a (rational) managerial choice process; organisational design...
as a political process; and organisational design for specific purposes (e.g. job design, information systems design, control system design and reward system design).

ACCT5930
Financial Accounting
Staff Contact: School Office
S1 L3 CP20
Prerequisite: Nil
Note/s: Students may enrol in ACCT5901 and ACCT5930 as both are introductory accounting subjects. While ACCT5901 has a strong focus on the user of financial reports, ACCT5930 is more concerned with the technical aspects of financial report preparation. Although ACCT5901 is the normal 'core' accounting unit, students are allowed to substitute ACCT5930 for it.

This subject examines the fundamentals of financial accounting for entities of simple organisational design; financial recording processes, systems design and internal control; preparation of general purpose statements of financial position, operating performance and cash flow statements; responsibilities in financial reporting; financial reporting constraints; recognition and measurement of specific financial statement elements; and analysis and interpretation of financial reports.

ACCT5931
Strategic Management Accounting
Staff Contact: School Office
S1 L3 CP20
Prerequisite: ACCT5901 or ACCT5930 or equivalent (or ACCT5933 for students in program 1051)

This subject investigates various ways to allocate and manage organisational resources in a competitive environment. The focus is on value creation and cases are used to examine contemporary Australian and international best practice. Topics include value chain analysis; shareholder and customer value; strategic partnering and alliances; and selected topics from strategic management accounting such as benchmarking, the Du Pont methodology and product life cycle profitability.

ACCT5932
Public Sector Accounting and Financial Reporting
Staff Contact: School Office
S1 L3 CP20
Prerequisite: ACCT5901 or ACCT5930 or equivalent

ACCT5942
Accounting for Complex Entities and Transactions
Staff Contact: School Office
S2 L3 CP20
Prerequisite: ACCT5930 or equivalent
Note/s: Not offered 1997.

ACCT5943
Concepts and Issues in Financial Reporting
Staff Contact: School Office
S2 L3 CP20
Prerequisite: ACCT5930 or equivalent
Note/s: Not offered 1997.

ACCT5949
Managerial Dynamics
Staff Contact: School Office
S2 L3 CP20
Prerequisite: Nil

This subject examines the management of a technical specialty or specialist function (for example, the provision of accounting services) in an organisation. Topics include: service provision in 'intelligent enterprises'; technical specialists as managers; the nature of managerial work; managing patterns of interaction, discourse politics, commitment, ambiguity and change. Numerous case studies are used to examine issues.

ACCT5951
Current Developments in Accounting Research - Financial
Staff Contact: School Office
S1 L3 CP20
Prerequisite: Approval from the Head of School

Review of alternative approaches to the development of theories in external reporting. Explication and evaluation of substantive theories and associated research studies. Examination of research findings related to the accounting and reporting environment, agency cost and financial contracting, the properties of reported accounting numbers, predictive value of accounting information, the use of information in capital markets, and the use of accounting reports by individual decision makers.

ACCT5952
Current Developments in Accounting Research - Managerial
Staff Contact: School Office
S1 L3 CP20
Prerequisite: Approval from the Head of School

The aim of this subject is to equip students with a comprehensive understanding of contemporary management accounting research, which emanates from different philosophical perspectives and employs different theories and research methods. Research is divided into two broad streams: work that seeks (a) to 'explain and design', and (b) to 'understand and interpret' the practice of management accounting in organisational societies. Topics covered include 'design' approaches using behavioural decision theory, contingency theory, institutional theory, and others and interpretive approaches using symbolic interactionism and theories of culture. There is also brief coverage of national differences in management accounting practice and of critical analyses of the development and operation of management accounting systems.
ACCT5955
Design of Cost Management Systems
Staff Contact: School Office
S2 L3 CP20
Prerequisite: ACCT5996 or equivalent

This subject examines organisational and systems design in manufacturing and service organisations. There is examination of how strategic cost management, including product costing and management control systems, can be used to increase the competitive effectiveness and efficiency of a business with particular emphasis on the interactive effects on performance of (a) strategic cost management, and (b) market and technology competitive strategies. Analysis of case studies set in contemporary manufacturing and service settings.

ACCT5956
Management Planning and Control
Staff Contact: School Office
S2 L3 CP20
Prerequisite: Nil

Planning and control processes in organisations, and the involvement of management and management support personnel with them. Topics include: 'formal' and 'organisational' perspectives on management planning and control; planning and decision-making in organisations - some alternative perspectives and descriptions; planning and budgeting - theoretical perspectives and organisational descriptions; organisation structures and structuration; control processes in organisations - some alternative perspectives; participation as a mode of organisational control; accounting control systems - some alternative perspectives; designing management accounting systems - prescription or organisational choice; categorizing and evaluating the literatures on management planning and control.

ACCT5997
Special Topic in Accounting
Staff Contact: School Office
S1 or S2 L3 CP20
Prerequisite: ACCT5997 or equivalent

To assist MCom Hons students in completion of research project requirements. May consist of an examinable readings program defined to meet the needs of a particular student or a formal program undertaken by a group of students whose research projects are in a common area.

ACCT5970
Accounting Concepts and Financial Reporting
Staff Contact: School Office
S2 L3 CP20
Prerequisite: ACCT5930 or equivalent

This subject covers: preparation of financial statements for entities of complex organisational design; cross border entities and transactions; consideration of issues in asset, liability, expense and revenue recognition and measurement; accounting for primary and derivative financial instruments; and analysis and interpretation of financial statements of complex entities.

ACCT5994
Thesis (full-time)
Staff Contact: School Office
CP120

ACCT5996
Management Accounting Control Systems
Staff Contact: School Office
S2 L3 CP20
Prerequisite: ACCT5901 or ACCT5930 or equivalent (or ACCT5933 for students in program 1051)

This subject examines the design and operation of management accounting systems in organisational settings. Topics include: the function of management accounting systems in organisations; design and organisational choice; design and operation of activity based costing systems; budgetary systems - outcomes and processes; design and operation of accounting control systems - responsibility accounting systems, standard costing and flexible budgets, relationships among accounting systems and administrative, social and personal control systems, divisional performance evaluation, transfer pricing.

ACCT5997
Seminar in Research Methodology
Staff Contact: School Office
S1 L3 CP20
Prerequisite: Approval from the Head of School

This subject considers the relationship between science and scientific method; provides an introduction to the interpretation of the key statistical techniques used in accounting research; and considers and reviews some of the principle research methods that have been used to address issues in accounting.

ACCT5998
Project Seminar
Staff Contact: School Office
CP20
Prerequisite: Approval from the Head of School

ACCT5999
Project Report
Staff Contact: School Office
CP40
Prerequisite: Approval from the Head of School

ACCT6001
Thesis (part-time)
Staff Contact: School Office
CP60
Prerequisite: ACCT5997 and approval from the Head of School

Servicing Subject

A servicing subject is one taught within courses offered by other faculties.

For further information regarding the following subject see the Faculty of Engineering Handbook.

ACCT9062
Accounting for Engineers
Staff Contact: School Office
F L1.5 CP10

Problems related to industrial situations, and their relevance in decision-making. Manufacturing and cost accounts, budgeting and budgetary control, cost analysis and control and profit planning.
Open Learning Subjects

The following subjects are only available to students enrolled in Open Learning programs offered by the Australian Centre for Management Accounting Development (ACMAD).

ACCT5980
Advanced Management Accounting Technologies
*Staff Contact: ACMAD (02) 9385 5913*
*S1 or S2 CP20*
*Prerequisite: Nil*

This subject addresses technical and organisational issues associated with new management accounting technologies, such as: comparative cost analysis; process value analysis; activity based costing and budgeting; throughout accounting and synchronous manufacturing; transfer pricing and interdependencies; target and life cycle costing; cost of quality; benchmarking and goal setting.

ACCT5981
Strategic Resource Management
*Staff Contact: ACMAD (02) 9385 5913*
*S1 or S2 CP20*
*Prerequisite: Nil*

This subject will introduce you to emergent thinking on the role of the management accountant. The focus is on adding value to the business rather than emphasising financial control. The new Management Accountant is strategic, proactive, customer focused, team based and change orientated. The link between strategy, resourcing and change is highlighted to ensure the effective use of an organisation's resources in creating value. The subject aims to introduce strategic resource management as a new way of thinking about organisational functioning, and develop an understanding of the key drivers of value in organisations from the perspectives of shareholders and customers.

ACCT5982
Managing the Service Oriented Organisation
*Staff Contact: ACMAD (02) 9385 5913*
*S1 or S2 CP20*
*Prerequisite: Nil*

This subject deals with managerial processes by reference to organisations that seek to be service orientated. It covers: intelligent enterprise and agile competition; defining and redefining a service focus; managerial contexts and the effects of ambiguity, time and space; managing interactions, discourse and symbols; managing culture, power and difference; exercising leadership and securing commitment; the dynamics of managing and being a manager; judging success.

ACCT5983
Managing Strategic Change
*Staff Contact: ACMAD (02) 9385 5913*
*S1 or S2 CP20*
*Prerequisite: Nil*

Managing strategic change offers a perspective from state-of-the-art international strategic theory and practice. A vital part of the management accountant's new role in organisations is to act as creators, analysers and communicators of information in strategy formulation processes. Management accountants therefore need to be able to support the strategic re-positioning of their organisations through the use of appropriate investment strategies, participation in team based processes and the application of performance measurement techniques. Management accountants need the skills to become players in the strategy process.

ACCT5984
Contemporary Issues in Management Accounting
*Staff Contact: ACMAD (02) 9385 5913*
*S1 or S2 CP20*
*Prerequisite: Nil*

This subject treats a range of contemporary social and organisational issues from the perspective of a new management accounting paradigm. It aims to introduce a distinctive Management Accounting perspective on organisational functioning. It will develop skills in applying this perspective to a range of organisational issues and situations. It aims to develop an understanding of the positive contributions management accounting can make to organisational thought and practice.

ACCT5985
The Innovative Organisation
*Staff Contact: ACMAD (02) 9385 5913*
*S1 or S2 CP20*
*Prerequisite: Nil*

The Innovative Organisation will introduce you to current trends in using organisational structures and processes to support superior organisational performance. This subject aims to explain why innovative organisational structures have emerged in response to the current business environment and describe the characteristics of World Best Practice organisations. It will highlight the philosophies underlying the new organisational culture and behavioural changes that are required, and demonstrate how new manufacturing technologies and strategic imperatives have an impact on traditional organisational structures and processes.

ACCT5986
Project Management
*Staff Contact: ACMAD (02) 9385 5913*
*S1 or S2 CP20*
*Prerequisite: Nil*

This subject explores how responsibility for the overall planning, control and co-ordination of a project may be exercised within a multi disciplinary function, during the lifetime of a project. Topics include: the nature of projects and project management; the project manager and legal matters; organisational structure and teams; time and cost management; quality and human resource management; risks and contracts management; project evaluation, selection and initiation; contracts and tendering; planning and scheduling; administration, monitoring and control; project termination and beyond.

ACCT5987
Management of Manufacturing Systems
*Staff Contact: ACMAD (02) 9385 5913*
*S1 or S2 CP20*
*Prerequisite: Nil*

This subject is designed to provide a solid grasp of the fundamental principles and current major issues in the field of modern manufacturing management. It presents an integrated and coherent account of new production management philosophies, with a strong on the relationship
between manufacturing and business strategies, and the strategic implications of particular manufacturing management decisions, plans, policies and performance measures.

INFS5995
Information Systems Management
Staff Contact: ACMAD (02) 9385 5913
S1 or S2 CP20
Prerequisite: Nil

This subject addresses the organisational need for information management and systems technologies available to support this purpose. Topics covered include: strategic importance of information; information systems planning; organisational structure and configuration of information systems; management of communications; management of end user computing; computer based support for executive decision making; security, risk and audit; people – the important resource; emerging technologies.

Business Law and Taxation
(School of Business Law and Taxation)

LEGT5511
Legal Foundations of Business
Staff Contact: School Office
S1 or S2 L3 CP20
Prerequisite: Nil

Law is an important foundation of modern business decisions. In any business decision fundamental legal questions may arise about the potential liabilities of the parties, the rights that the parties have and how the business or transaction should be organised. This subject introduces the Australian legal system; outlines alternative forms of business organisation; discusses the legal framework of business regulation; and examines areas of law particularly relevant to business such as the law of contract, law relating to specialised commercial transactions, the regulation of restrictive trade practices and sales promotion.

LEGT5522
Special Topic in Business Law
Staff Contact: School Office
S1 or S2 L3 CP20
Prerequisite: Approval from the Head of School

A specially assigned project, program or set of reading relating to research.

LEGT5523
Special Topic in Taxation
Staff Contact: School Office
S1 or S2 L3 CP20
Prerequisite: Approval from the Head of School

A specially assigned project, program or set of reading relating to research.

LEGT5531
Legal Regulation of Business
Staff Contact: School Office
S2 L3 CP20
Prerequisite: LEGT5511 or equivalent or Approval from the Head of School

Trade practices and fair trading laws have assumed fundamental importance in the Australian market place. This subject examines the regulation of restrictive trade practices under the Trade Practices Act 1974 (Commonwealth) and the Competition Code with particular reference to collusive activity, distribution methods, pricing arrangements, abuse of market power, mergers and access to essential facilities. This subject also examines major fair trading initiatives under the Trade Practices Act and State and Territory Fair Trading legislation with particular reference to misleading or deceptive conduct, unconscionable conduct, advertising and marketing strategies and product liability. Aspects of the protection of intellectual property are also examined.

LEGT5541
Company Law
Staff Contact: School Office
S1 L3 CP20
Prerequisite: LEGT5511 or equivalent or Approval from the Head of School

The law relating to business organisations, including partnerships, joint ventures, trading trusts, and companies incorporated under the Corporations Law. The primary focus is on company law and, in particular, the significance of the corporate entity; groups of companies, the division of corporate control amongst directors, management and shareholders and their respective roles, the duties of directors, share and debt capital, funding raising, enforcement of shareholders' rights, insolvency and liquidation.

LEGT5542
Legal Issues in Corporate Governance
Staff Contact: School Office
S2 L3 CP20
Prerequisite: LEGT5541 or equivalent or Approval from the Head of School

The corporation is the dominant institution in Australian commerce. This subject examines the legal and commercial operation of the modern corporation from the perspective of corporate governance issues. Topics include the respective positions of directors, management and shareholders, and their rights and duties; the allocation of corporate power; control mechanisms and shareholder agreements; the position and authority of corporate regulators. The subject will incorporate case studies based on contemporary examples and practices.

LEGT5551
Revenue Law
Staff Contact: School Office
S2 L3 CP20
Prerequisite: LEGT5511 or equivalent or Approval from the Head of School

A series of major changes beginning in the mid 1980s have transformed the Australian tax system. The complexity and comprehensiveness of the Australian tax system now mean that tax considerations now are of major importance in most business decisions. After outlining tax policy, tax mix and
tax reform, considerations. This subject concentrates on income taxation in Australia. Topics include: concepts of income; allowable deductions; tax accounting; taxation of partnerships; trusts and corporations; anti-avoidance provisions; tax administration; capital gains tax; and fringe benefits tax.

**LEGT5561**
**Legal Aspects of Finance**
*Staff Contact: School Office*
*S1 L3 CP20*
*Prerequisite: Nil*

Commercial structures including companies, joint ventures, partnerships and trusts. Procedures for equity and debt financing of entrepreneurial schemes with special reference to both law and practice. The regulation of the securities market. Corporate restructuring and take-overs, mergers and reconstructions. The law of company charges. Aspects of the taxation of commercial financing.

**LEGT5562**
**Business Law in a Global Economy**
*Staff Contact: School Office*
*S2 L3 CP20*
*Prerequisite: Nil*

Developments in technology, telecommunication and deregulation which have taken place in the latter part of this century have led to the creation of a global economy. This subject addresses the legal environment of this economy and aspects of its operation. Topics include the laws and practices relating to international sales agreements; arrangements for conducting business, including franchising, licensing, joint ventures and technology transfer; international financing arrangements; and the resolution of disputes.

**LEGT5563**
**Technology, Information and Law**
*Staff Contact: School Office*
*S1 L3 CP20*
*Prerequisite: Nil*

The rapidly evolving developments in computers and information technology pose particular challenges for society and the law. This subject examines those areas of law which have a major regulatory impact on the hardware, software, and networked communications which make up information technology. Topics include the intellectual property regime (in particular copyright, patents and confidential information); technology crimes; tortious and contractual issues in relation to the supply of goods and services; data protection and privacy; regulations of the Internet; and other current issues.

**LEGT5564**
**Regulation of Government Agencies**
*Staff Contact: School Office*
*S1 L3 CP20*
*Prerequisite: Nil*

The executive arm of government possesses wide regulatory and administrative powers. This subject examines the law controlling the bureaucracy in the exercise of these powers. It covers delegated legislation, the control and review of administrative action and discretionary powers, and freedom of information. The roles, powers and functions of the major regulatory agencies with particular reference to the Australian Competition and Consumer Commission, the Australian Securities Commission and the Australian Taxation Office are also examined.

**LEGT5571**
**Franchising**
*Staff Contact: School Office*
*S1 L3 CP20*
*Prerequisite: Nil*

Franchising is becoming the dominant force in the distribution of goods and services. This subject examines the nature, development and significance of franchising in the Australian and international economies and addresses relevant legal and commercial issues. The legal nature and commercial implications of other distribution strategies - technology transfers, trademark licensing, character and personality merchandising - are also examined.

**LEGT5581**
**Taxation Principles and Planning**
*Staff Contact: School Office*
*S1 L3 CP20*
*Prerequisite: LEGT5551 or equivalent*

Taxation is a necessary component of any modern economy. In Australia the dominant form of taxation is income taxation. Any country imposing an income tax will face several fundamental policy options. Responsible businesses in any country with an income tax will endeavour to legitimately minimize their tax liability. In this subject Australian income tax law is examined in the context of the policy principles influencing Parliament and of planning opportunities that currently exist in Australia. The focus of the subject is on principles and planning issues relating to the determination of taxable income. The subject examines the meaning of income under ordinary concepts and statutory extensions to those concepts. Particular emphasis is placed on Capital Gains Tax as an extension of the ordinary concepts of income. It discusses problems associated with the taxation of fringe benefits. The rationale behind, and issues in the interpretation of, the general allowable deduction provisions are examined. The subject makes a detailed examination of selected specific deduction provisions. Questions of the timing of recognitions of income and deductions are also dealt with and particular emphasis is placed on specific profit and loss tax accounting.

**LEGT5582**
**Taxation of Business Entities**
*Staff Contact: School Office*
*S2 L3 CP20*
*Prerequisite: LEGT5551 or equivalent*

Australia currently taxes the different types of business entities in ways that are consistent with their legal form. This means that some economically equivalent business structures are treated quite differently from each other for tax purposes and means that issues relating to the choice a particular type of business entity and its operation produce tax planning opportunities and tax policy challenges. This subject examines tax issues relevant to the creation, operation and termination of partnerships, trusts and companies. It places particular emphasis on a detailed examination of the dividend imputation system and on issues arising when dividend income moves through a partnership, a trust or an interposed company. It also examines tax issues relevant to other selected business
entities such as joint ventures, co-operatives, and superannuation funds.

LEGT5583
International Business and Taxation
Staff Contact: School Office
S2 L3 CP20
Prerequisite: LEGT5551 or equivalent

In the world economy, barriers to international investments are rapidly falling. Of the remaining barriers some of the most significant are differences in legal and tax systems and the inadequate co-ordination of different tax systems. This subject examines the general legal framework of international trade and direct investment. It discusses the principles relevant to international taxation and uses the Australian international tax rules to highlight possible international tax policy choices and problems. Prospects for the improved co-ordination of international tax rules through harmonisation and through bi-lateral and multi-lateral treaty networks are examined. Special emphasis is given to practical legal and tax issues associated with international direct investments.

LEGT5586
Corporate Law, Tax and Strategy
Staff Contact: School Office
S1 L3 CP20
Prerequisite: LEGT5551 and LEGT5541 or equivalent

What are the legal and tax implications of the different financing alternatives available to corporations? Are all the different methods of profit distribution from a company equally tax effective? What are the different strategies available to a takeover bidder and when should they be used? How should a corporate reorganisation be structured? This subject will examine these and similar questions, relating to the interaction between legal and tax questions in corporate governance, through a series of case studies and simulations.

LEGT5999
Project Report
Staff Contact: School Office
S1 or S2 CP40
Prerequisite: Approval from the Head of School

Business Statistics
(School of Economics, Department of Econometrics)

ECON5203
Statistics for Business
Staff Contact: Dr T. Stegman
S1 or S2 L3 CP20
Prerequisite: Nil

The aim of this subject is to provide students with the appropriate statistical tools for application to applied problems and current research in business. Topics will include: quantitative analysis of statistical data, sampling distributions, statistical estimation; hypothesis testing; multiple regression; introduction to time series analysis; forecasting; index numbers.

This subject will emphasise practical aspects of model building.

ECON5204
Mathematics for Business
Staff Contact: Dr N. Podder
SS L3 CP20
Prerequisite: Nil

The aim of this subject is to provide students with the appropriate mathematical tools for application to applied problems and current research in business. Topics will include: calculus, basic optimisation techniques, mathematics of finance, matrix algebra, introduction to linear programming. This subject will emphasise practical aspects of mathematics in business applications.

ECON5207
Elements of Econometrics
Staff Contact: A/Prof E. Sowey
S2 L3 CP20
Prerequisite: ECON5203

The simple and multivariate regression models with economic applications emphasizing practical aspects of model building. Extensions of multiple regression models when the classical assumptions break down. Introduction to simultaneous equation models. Quantitative studies of applied econometric themes such as consumption, demand, investment and production.

ECON5211
Applied Business Statistics
Staff Contact: Dr N. Podder
S1 L3 CP20
Prerequisite: ECON5203

Graphical methods in statistical data presentation and analysis, including detection of outliers and regression regimes. Non parametric tests for quick and robust inferences on the statistical significance of findings from sample data.

ECON5212
Analysis of Survey Data
Staff Contact: Dr N. Podder
S2 L3 CP20
Prerequisite: ECON5203

Sample survey analysis (with applications in accountancy, economics, finance, industrial relations and marketing). Methods include regression models and discrete choice models. Particular emphasis is given to presentation of results.
ECON5213
Case Studies in Business Statistics
Staff Contact: Dr N. Podder
S2 L3 CP20
Prerequisite: ECON5212 and ECON5248
This subject will examine specific case studies in business statistics involving each of the following stages: problem formulation, data collection, analysis and presentation. Case studies will be drawn from both government and the private sector. Students are required to undertake their own study for assessment.

ECON5215
Advanced Econometrics A
Staff Contact: Prof R. Bewley
SS L3 CP20
Prerequisite: Permission of the Head of the Department of Econometrics
Two topics from the advanced literature of econometric theory and applications.

ECON5225
Advanced Econometrics B
Staff Contact: Prof R. Bewley
SS L3 CP20
Prerequisite: Permission of the Head of the Department of Econometrics
Two topics from the advanced literature of econometric theory and applications.

ECON5232
Dynamic Models
Staff Contact: Dr L. Fisher
S1 HPW3 CP20
Prerequisite: ECON5204
This mathematical based subject develops matrix algebra, linear and vector difference equations, and deterministic simulation of dynamic models.

ECON5233
Operations Research
Staff Contact: Dr M. Yang
S2 L3 CP20
Prerequisite: ECON5204 and ECON5203
Introduces operations research as the systematic application of quantitative methods to the analysis of problems involving decision making in economics and related disciplines. Linear programming, quadratic programming, and dynamic programming with applications to transportation, inventory, portfolio selection and other fields related to economics. In addition, students are required to undertake a case study requiring data collection and analysis.

ECON5248
Business Forecasting
Staff Contact: Dr J. Murray
S1 L3 CP20
Prerequisite: ECON5203
This subject looks at the use of econometric and statistical techniques relevant to forecasting in a business environment and computer implementation of the methods. Short-term forecasting using time series analysis, long-term forecasting with S-shaped growth curves and trend analysis. The study of applied work is emphasised in this non-specialist course.

ECON5251
Applied Econometrics
Staff Contact: Dr N. Podder
S1 L3 CP20
Prerequisite: ECON5207
This subject considers alternative analytical approaches to applied econometric work. Various empirical problems are considered and the relative merits of available solutions are assessed. Specific attention is given to diagnostic testing in an LM framework, dynamic specification, influential data and non-stationarity. Practical experience is gained through replicating and extending published applied studies.

ECON5252
Time Series Analysis
Staff Contact: Dr M. Yang
S2 L3 CP20
Prerequisite: ECON5251
This subject focuses on the theoretical derivation and properties of time series estimators including single equation and systems cointegrating estimators and tests for cointegration.

ECON5253
Modelling High Frequency Time Series Data
Staff Contact: Dr L. Fisher
S2 L3 CP20
Prerequisite: ECON5207
This subject is concerned with the special statistical characteristics that arise when modelling time series data, such as commodity prices, interest rate and exchange rate data, that have been collected at high frequency (such as daily or hourly). Topics include modelling time varying volatility (arch model), generalised method of moments estimators (GMM), and non-normality issues.

ECON5254
Econometric Theory
Staff Contact: A/Prof E. Sowey
S1 L3 CP20
Prerequisite: ECON5207
A coherent theoretical development of multiple regression analysis: Restricted least squares and tests of exact linear restrictions on parameters; theoretical aspects of problems with data; basic approaches to econometric specification in nested and non-nested models; error auto correlation and heteroskedasticity.

ECON5255
Econometric Model Building
Staff Contact: Dr J. Murray
S2 L3 CP20
Prerequisite: ECON5248
Formal theoretical development of the specification, identification and estimation of macroeconometric models and comparison of alternative modelling strategies. A detailed study of 'real-world' econometric models will be undertaken.
Mathematical Methods in Economics
Staff Contact: Dr L. Fisher
S2 L3 CP20
Prerequisite: ECON5232
This subject gives students a working knowledge of static and dynamic optimisation techniques applied in economics. Topics include classical optimisation, comparative statics, non-linear programming, differential equations and optimal control. All techniques introduced are illustrated with mainstream applications such as consumer theory and the neo-classical theory of optimal growth.

ECON5285
Seminar in Advanced Econometrics
Staff Contact: Prof R. Bewley
CP20

ECON5291
Special Topic in Econometrics
CP20
Prerequisite: Approval from the Head of School

ECON5297
Thesis
Staff Contact: Dr N Podder
CP120

ECON5298
Econometrics Research Seminar
Staff Contact: Prof R. Bewley
CP20
Students enrolled in ECON5299 are required to present a seminar on their research topic.

ECON5299
Project Report
Staff Contact: Prof R. Bewley
CP40
Prerequisite: Approval from the Head of School

ECON5353
Approaches to Economic and Social History
Staff Contact: Dr B. Dyster
S1 L3 CP20
Prerequisite or Corequisite: ECON5103
Note/s: Not offered 1997.

ECON5354
Special Subject in Economic History 2
Staff Contact: Dr B. Dyster
S2 L2 CP20
Prerequisite: ECON5367
Note/s: Not offered 1997.

ECON5355
Aspects of Australian Economic History
Staff Contact: Dr D. Clark
S2 L3 CP20
Prerequisite or Corequisite: ECON5103
Note/s: Not offered 1997.

---

Economics (School of Economics, Department of Economics)

ECON5100
Economic Analysis
Staff Contact: Dr G. Fishburn
S1 or S2 L3 CP20
Prerequisite or Corequisite: ECON5103
A subject primarily designed for students who wish to study further subjects in economics. The objective is to acquire a deeper understanding of the analysis of micro and macroeconomic problems.

ECON5101
Seminar in Advanced Economic Analysis A
Staff Contact: A/Prof B. Rao
SS L3 CP20
Prerequisite: Approval from the Head of School
Seminars will consider recent developments in a number of areas, such as social choice, rational expectations, capital theory of the firm. Students will be required to present a paper on these topics.

ECON5102
Seminar in Advanced Economics Analysis B
Staff Contact: A/Prof B. Rao
SS L3 C20
Prerequisite: Approval from the Head of School
Seminars will consider recent developments in a number of areas, such as social choice, rational expectations, capital theory of the firm. Students will be required to present a paper on these topics.

ECON5103
Business Economics
Staff Contact: A/Prof G. Kingston
S1 or S2 L3 CP20
Prerequisite: Nil
An introduction to economic analysis and policy. Using a case study approach, students will examine government and business reports, magazine and newspaper articles, and monographs/journals dealing with contemporary econometric issues. Reports or articles will be analysed using simple micro and macroeconomic tools and reasoning. The aim of the subject is to improve the economic literacy of students.

ECON5104
International Economics
Staff Contact: Dr G. Fishburn
S2 L3 CP20
Prerequisite or Corequisite: ECON5100
Note/s: Not offered 1997.

ECON5106
Economics of Labour Markets
Staff Contact: Dr T. Stegman.
S1 L3 CP20
Prerequisite or Corequisite: ECON5100

ECON5107
Economic Growth, Technology and Structural Change
Staff Contact: Dr P. Kriesler
S1 L3 CP20
Prerequisite or Corequisite: ECON5100
Note/s: Not offered 1997.

ECON5108
Public Finance
Staff Contact: Prof J. Piggott
S2 L3 CP20
Prerequisite or Corequisite: ECON5100
Public expenditure and taxation, budgetary policy and federal-state financial relations; partial and general equilibrium analysis of taxation; incidence and resource allocation effects of income taxes, wealth taxes and outlay taxes.

ECON5110
Developing Economies and World Trade
Staff Contact: Dr J. Lodewijks
S2 L3 CP20
Prerequisite or Corequisite: ECON5100
This subject focuses on: trade and developing countries; trade and growth; new trade theory and LCDs; foreign trade regimes; liberalisation and trade negotiations; the role of GATT; economic integration; international factor mobility, particularly foreign investment; aid and debt issues; the role of World Bank and IMF; stabilisation experiences; and growth-oriented adjustment policies.

ECON5111
Topics in Economic Development
Staff Contact: School Office
SS L3 CP20
Prerequisite or Corequisite: ECON5100
Note/s: Not offered 1997.
ECON5112
Asian Development Studies A
Staff Contact: Mr J.A. Zerby
S2 L3 CP20
Prerequisite or Corequisite: ECON5100
Principal economic characteristics of the newly industrialising economies of East Asia: South Korea, Taiwan, and Hong Kong. Comparisons of internal and external policies and their contribution to the achievement of socio-economic objectives.

ECON5113
Asian Development Studies B
Staff Contact: Mr J.A. Zerby
S1 L3 CP20
Prerequisite or Corequisite: ECON5100
Analysis of principal economic characteristics of members of the Association of South East Asian Nations (ASEAN): Indonesia, Malaysia, Philippines, Singapore and Thailand. Causes and consequences of economic development policies. Theoretical issues related to the formation of customs unions and free trade areas, and their application to ASEAN.

ECON5115
Natural Resource Economics
Staff Contact: Dr G. Waugh.
S1 L3 CP20
Prerequisite or Corequisite: ECON5100
Note/s: Not offered 1997.

ECON5116
Environmental Economics
Staff Contact: Dr G. Waugh.
S2 L3 CP20
Prerequisite or Corequisite: ECON5100
Main elements of environmental economics and cost-benefit analysis as it relates to the assessment of environmental issues. Topics will include: pollution and pollution policy; environmental cost-benefit analysis and economic methods for measuring costs and benefits; species extinction and irreversibility; environmental ethics and discounting; the environment and developing countries; and the sustainable economy.

ECON5124
Public Enterprise Economics And Cost-Benefit Analysis
Staff Contact: Dr T. Truong
S1 HPW3 CP20
Prerequisite or Corequisite: ECON5100
Note/s: Not offered 1997.

ECON5126
Economics of Trade Practices, Regulation and Competition Policy
Staff Contact: A/Prof R. Conlon
SS L3 CP20
Prerequisite or Corequisite: ECON5100
Note/s: Not offered 1997.

ECON5134
International Trade
Staff Contact: Prof M. Kemp
SS L3 CP20
Prerequisite or Corequisite: ECON5154
Note/s: Not offered 1997.

ECON5143
Monetary Theory and Policy
Staff Contact: Prof R. Milbourne
S1 L3 CP20
Prerequisite or Corequisite: ECON5100
Note/s: Not offered 1997.

ECON5144
The Economics of Superannuation and Retirement
Staff Contact: Prof J. Piggott
S1 L3 CP20
Prerequisite or Corequisite: ECON5103
Topics include demographic transition in Australia and the world economy, alternative policies for retirement income provision, the distinction between defined benefit funds and defined contribution funds, investment strategies for defined contribution funds, the retirement decision and its implications for labour force participation of the elderly, annuity markets and instruments, and Australia's recently-introduced Superannuation Guarantee, including its interaction with the pre-existing age pension and implications for macroeconomic performance.

ECON5145
Contemporary Economic Issues
Staff Contact: Dr P. Kriesler
SS L3 CP20
Prerequisite or Corequisite: ECON5100
Note/s: Not offered 1997.

ECON5153
International Monetary Economics
Staff Contact: A/Prof G. Kingston
S2 L3 CP20
Prerequisite or Corequisite: ECON5100
Note/s: Not offered 1997.

ECON5154
Microeconomic Analysis 1
Staff Contact: Prof J. Piggott
S1 L3 CP20
Prerequisite: Head of School's approval

ECON5155
Microeconomic Analysis 2
Staff Contact: Dr C. Aiaouze
S2 L3 CP20
Prerequisite or Corequisite: ECON5154 or equivalent
Advanced topics in microeconomics. These may include: existence and uniqueness of competitive equilibrium, the welfare theorems, incomplete markets, games with complete information, games with incomplete information, mar-
ket equilibria with asymmetric information (adverse selection and moral hazard), principal-agent models and mechanism design.

ECON5163
Microeconomic Policy
Staff Contact: A/Prof B. Conlon
S1 L3 CP20
Prerequisite or Corequisite: ECON5100
Contemporary issues in Australian microeconomic policy. Topics include the implications of market structure for economic efficiency and income distribution and the role of competition policy in a global environment; the design of regulatory policy; the effect of tariffs and other trade barriers on economic welfare and the use of trade and industry policy to foster structural change in the economy; public sector investment and pricing decisions; privatization of public enterprises; environmental policy and sustainable development.

ECON5164
Economic Methodology
Staff Contact: Dr P. Kriesler
SS L3 CP20
Prerequisite or Corequisite: ECON5100
The methodology of modern economics, the scientific method, the testing of hypotheses. Some logical problems in econometric techniques. The analysis and methodology of classical and later economists. Economic analysis and methodology plus the development of economic thought as a response to changes in society and contemporary economic problems. Some of the major issues in monetary theory, classical and neo-classical value and distribution theory and equilibrium and welfare economics.

ECON5173
Macroeconomic Policy
Staff Contact: Dr N. Warren
S2 L3 CP20
Prerequisite or Corequisite: ECON5100
A theoretical background to, and discussion of, current issues of Macroeconomic Policy. Issues include economic growth and fluctuations, balance of payments problems and foreign debt, fiscal policy and monetary and exchange rate policies, incomes policy, and inflation and unemployment.

ECON5174
Macroeconomics Analysis 1
Staff Contact: Prof R. Milbourne
S1 L3 CP20
Prerequisite: Head of School's approval
The structure of macroeconomic models, growth theory and capital accumulation, the structure of short run classical and Keynesian models, equilibrium and disequilibrium models of the business cycle, open economy models, fiscal policy and deficits. Monetary policy and stabilization theory.

ECON5184
Macroeconomics Analysis 2
Staff Contact: A/Prof B. Rao
S2 HPW3 CP20
Prerequisite: ECON5174 or equivalent
Consumption and investment theories including models of optimisation, overlapping generations models with money, real business cycle models, equilibrium asset pricing, multiplicity of equilibria and bubbles. Recent topics in contract and market imperfections and the role of policy.

ECON5191
Special Topic in Economics
CP20
Prerequisite: Approval of the Head of School

ECON5197
Project Report C40 Prerequisite: Approval of the Head of School

ECON5198
Economics Research Seminar
Staff Contact: Dr J. Lodewijks
CP20

ECON5199
Thesis
Staff Contact: A/Prof B. Rao
CP120

Finance
(School of Banking and Finance)

FINS5511
Corporate Finance
Staff Contact: School Office
S2 L3 CP20
Prerequisites: ACCT5901 and ECON5103 and ECON5203 (or ECON5105 and ECON5203 and ACCT5933 for students in program 1051)
Essential aspects of financial decision-making in business. Designed to enable the student to usefully employ the following concepts in a business environment: investment decisions under uncertainty; cost of capital structure; mergers and takeovers; and working capital management.

FINS5512
Australian Capital Markets
Staff Contact: School Office
S1 or S2 L3 CP20
Prerequisites: ECON5103 and ECON5203
Analysis of the markets for the financial assets including the money, bond, stock and futures markets; the structure of interest rates; flow of funds of financial institutions; the regulatory structure of markets and the interrelations among markets.

FINS5513
Security Valuation and Portfolio Selection
Staff Contact: School Office
S1 or S2 L3 CP20
Prerequisites: ECON5103 and ECON5203
The aim of this subject is twofold: (i) to introduce students to theoretical building blocks in the theory of finance; and (ii) to illustrate these by means of a combination of tutorial problems and case studies. Topics include: investment decisions under certainty; investment decisions under uncertainty (the portfolio selection problem); capital asset
pricing model and arbitrage pricing theory; rudiments of theory and evidence; fundamentals of bond valuation; introduction to duration and the term structure of interest rates; valuation of equity shares; market efficiency: fads, bubbles, martingales.

FINS5514
Capital Budgeting and Financial Decisions
Staff Contact: School Office
S1 or S2 L3 CP20
Prerequisites: ECON5103, ECON5203 and FINS5513 or corequisite

This subject focuses on various aspects of corporate decision making. Topics include: Objectives of the corporation. Investment criteria under certainty and uncertainty. Quantitative techniques to assist managerial judgement including: capital budgeting; modelling and management of risk (including decision-tree analysis, diversification, sensitivity analysis and simulation). Capital structure propositions; the impact of taxation and bankruptcy costs; information asymmetry and signalling approaches; dividend policy and imputation. Particular references to case studies and computer applications.

FINS5515
Issues in Corporate Finance
Staff Contact: School Office
S1 L3 CP20
Prerequisites: FINS5513 and FINS5514

FINS5516
International Corporate Finance
Staff Contact: School Office
S1 or S2 L3 CP20
Prerequisite: FINS5513 and FINS5514 or corequisite

Management of the financial functions for firms operating in several separate countries. Necessary theory and evidence basic to an understanding of international capital and foreign exchange markets, the benefits of international diversification, use of the capital asset pricing model in foreign investment decisions and cost of capital, working capital management, the role of international banks and their evaluation of financial performance of firms.

FINS5517
Portfolio Analysis and Management
Staff Contact: School Office
S1 or S2 L3 CP20
Prerequisite: ECON5103 and ECON5203 and FINS5513 or corequisite

Management of equity and fixed interest portfolios using modern market-based methods of risk control. Derivative instruments: forwards; futures; options; swaps; FRA's etc. Equity investments: valuation; diversification; portfolio insurance; program trading; international diversification and hedging; performance measurement. Fixed interest portfolios: term structure; duration; convexity; gap analysis; hedging. Alternative assets.

FINS5522
Asian Financial Market Analysis
Staff Contact: School Office
S2 L3 CP20
Prerequisite: FINS5517

This subject provides an in-depth analysis of the major financial markets in Asia. It aims at applying investment and international finance theory to the context of diverse Asian markets. After a review of the institutional structure of the markets and their role in economic development, the subject will examine equity market relationships, country risk analysis, portfolio management and hedging across Asian markets, syndication and off-shore banking and other contemporary issues.

FINS5530
Financial Institution Management
Staff Contact: School Office
S1 or S2 L3 CP20
Prerequisites: FINS5512 and FINS5513

The application of modern finance theory and financial modelling techniques to financial decision-making and risk management in financial institutions both domestic and international. Topics include: 1. Objectives of financial institutions from the perspective of portfolio, hedging and agency theories; 2. Application of portfolio, arbitrage pricing, option pricing and corporate finance theories, to the management of assets, liabilities, capital structure and off-balance sheet operations of financial institutions; 3. Interest rate risk management and financial futures; 4. Liquidity risk management; 5. Loan portfolio management, credit evaluation models, loan pricing and credit rationing; 6. Securities portfolio management; 7. Capital adequacy and prudential regulation and management; 8. International dimensions including exchange rate risk management and country risk assessment.

FINS5531
Risk and Insurance
Staff Contact: School Office
SS L3 CP20
Prerequisite: FINS5513
Note/s: May not be offered in 1997.

The nature of commercial, financial and physical risk is explored. In addition to the theory of risk, the way in which insurance has evolved to deal with this important aspect of the economic environment is studied in depth. Case studies are used to illustrate points of practical relevance. This course emphasises the mathematical and statistical foundations of the discipline. Topics in the area of risk include: risk premia, insurance ratings, simulation of risk environments, physical risk and death. Insurance is approached as a natural commercial response to risk. The subject deals with inference from insurance data, general insurance, motor insurance, very large risks, and life insurance.
FINS5533
Real Estate Finance and Investment
Staff Contact: School Office
S1 L3 CP20
Prerequisites: FINS5513 and FINS5514
An evaluation of real estate financing, the mechanics of the mortgage market and the application of modern finance theory to the evaluation, selection and management of property investments. Topics include the role of regulation, taxation, government agencies, property trusts and the banking system in promoting real estate activity. An analysis of real estate price and yields, diversification aspects and use of property as an inflation hedge. An evaluation of leasing, type of tenancy, property options and property trusts.

FINS5534
Strategic Management of Credit Risk and Loan Policy
Staff Contact: School Office
S2 L3 CP20
Prerequisites: FINS5517
This subject is concerned with risk and policy in the loan funds markets, and has two basic themes: (i) the assessment of risk in the selection process in an imperfect market via a review of credit analysis, industry, country, firm, and management risk; (ii) the design and structure of loan policy in a risk return framework. Loan policy is examined as it relates to the corporate market, the consumer market, agriculture, real estate, small business and trade finance.

FINS5535
Options, Futures and Risk Management Techniques
Staff Contact: School Office
S1 or S2 L3 CP20
Prerequisites: FINS5517 and FINS5512 or corequisite
This is an intermediate subject of options, futures and the techniques using these contracts to offset some of the risk associated with some given market commitment. Topics include: overview of derivative securities; forward and futures contracts on stock indices, currencies, gold and silver, T-bonds and T-notes, and other commodities; stock options; options on stock indexes, currencies, and futures contracts; swaps and the evaluation of credit risk; hedging positions in options and other derivative securities.

FINS5575
Research Methods in Finance 1
Staff Contact: School Office
S2 L3 CP20
Prerequisite: FINS3774 or approval from the Head of School
The objective of the subject is to review applications of mathematical and statistical tools to applied problems and current research, in finance.

FINS5576
Advanced Topics in Asset Pricing
Staff Contact: School Office
S2 L3 CP20
Prerequisite: FINS3774 or approval from the Head of School
This subject provides an in-depth and advanced treatment of asset pricing theories and examines selected tests of the validity of the theories. The emphasis is on applying mathematical and statistical tools to derive results which are usually given without proofs in preceding subjects as well as deriving new results to reflect current research. Examination of empirical tests aims at pointing out how research can be implemented and modified to suit local market conditions. In addition, the subject also introduces a relatively new area of financial economics; security market microstructure and the implications for empirical research in finance. Topics include: utility theory; portfolio theory and capital asset pricing models; arbitrage pricing theory; option and futures pricing; intertemporal models in finance; and security market microstructure.

FINS5577
Advanced Topics in Corporate Finance
Staff Contact: School Office
S1 L3 CP20
Prerequisite: FINS3774 or approval from the Head of School
This subject provides an introduction to contemporary theoretical literature relevant for an advanced treatment of the study of investment and financing decisions of firms under alternative assumptions about the institutional environment within which such decisions are made. Emphasis will be given to the corporate form of business. Furthermore, special cases of investment and financing decisions such as mergers, takeovers and leveraged buyouts are focused on. The conceptual basis is such that it allows discussions of ethical issues in relation to corporate decisions and management compensation schemes. The subject structure consists of lectures and a seminar program. In the latter students are encouraged to supplement theoretical discussions with empirical evidence.

FINS5578
Recent Developments in Banking Research
Staff Contact: School Office
S1 L3 CP20
Prerequisites: FINS5530 and FINS3774 or approval from the Head of School
Note/s: May not be offered in 1997.
This subject focuses on recent developments in theory and empirical research relating to banking and bank management. Topics include: the development of banking models; the uniqueness of banks and bank lending; advanced techniques in bank risk management; analysis of bank cost functions in the context of economies of scale, economies of scope, expense preference behaviour, and the contestable markets hypothesis; the regulatory environment and its impact on bank valuation and banking practice; optional capital and capital adequacy; modelling off-balance sheet activities; and models of international banking.

FINS5579
Research Methods in Finance 2
Staff Contact: School Office
S1 L3 CP20
Prerequisite: FINS3774 or approval from the Head of School
A more advanced course in empirical methodology in finance. General methodological aspects, testing of hypotheses, falsifiability principle. Review of relevant econometric material, applications to topics such as generalised beta models of market equilibrium (including CAPM, APT), foreign exchange risk premium, stock price variability, volatility estimation.
Hospitality Management (School of Marketing)

HOSP5901
Hospitality Accounting and Financial Control
Staff Contact: School Office
S2 L3 CP20
Prerequisite or Corequisite: ACCT5901 and HOSP5903

Measuring qualitative factors of a hospitality business; fixed, variable and mixed costs; the allocation of costs to revenue centres; cost-volume-profit relationships; flexible budgeting and variance analysis; forecasting sales; cash budgeting; pricing and costing issues for food and beverage and rooms; internal controls and responsibility accounting; hotel and motel valuation processes; financial statement analysis; capital budgeting; yield management; feasibility studies.

HOSP5902
Human Resource Management in the Hospitality Industry
Staff Contact: School Office
S2 L3 CP20
Prerequisite or Corequisite: MARK5902 and HOSP5905

Design of effective hospitality organisations; search for flexibility. Developing a corporate culture; team building; group dynamics; communication; leadership; training strategies; award structures; enterprise bargaining; self directed work; managing and leading by values; implications for change. Management in the hospitality industry.

HOSP5903
Hospitality Service Management
Staff Contact: School Office
S1 L3 CP20
Prerequisite: MARK5902 and HOSP5905

Developing an understanding of service delivery process in the hospitality industry and the application of total quality management; reviewing and evaluating service delivering systems in rooms; food and beverage divisions; suburban hotels, clubs, public venues, hospitals, industrial and commercial catering, fast food restaurants and casinos; introducing and implementing service delivery process improvement strategies.

HOSP5904
Hospitality and Tourism Law
Staff Contact: School Office
S1 L3 CP20
Prerequisite or Corequisite: HOSP5903 and MARK5902

National and international laws relating to tourism, hotel management contracts, negotiation, arbitration and dispute resolution. Hotel development applications and environmental constraints, consumer rights including representative actions. Risk management issues governing the sale and supply of hospitality services at national and state levels.

HOSP5905
Hospitality Facilities Management
Staff Contact: School Office
S1 & S2 L3 CP20
Prerequisite or Corequisite: MARK5902

Understanding workflows in a hotel as a prerequisite to good design and layout fitout; government and local council requirements, preparing feasibility studies, property refurbishment issues.

HOSP5906
Communication Strategy
Staff Contact: School Office
S2 L3 CP20
Prerequisite: HOSP5903 and MARK5902

Note/s: Excluded MARK5904.

This subject will consist of three theory lectures on basic communication strategy and 10 seminars applying this knowledge to 10 key segments of the hospitality industry.

HOSP5907
Hospitality and Tourism Marketing
S1 L3 CP20
Prerequisite or Corequisite: HOSP5903 and MARK5902

Environments and strategies, market segmentation. Hospitality marketing planning and promotion.

HOSP5908
Strategic Operations Management in the Hospitality Industry
S2 L3 CP20
Prerequisite: HOSP5903 and MARK5902

This subject provides: (1) an evaluation of the financial, legal and industrial context of hospitality investment and operations in Australia; (2) an analysis of strategic investment and development planning in the hospitality industry, focusing on the commercial relationships between investors, developers, operators, and legislators; (3) an analysis of strategic operations management as a means of producing sustainable investment profit.

HOSP5991
Special Topic in Hospitality Management Studies
CP20
Prerequisite: Approval from the Head of School
Note/s: Not offered 1997.

HOSP5999
Project Report
CP40
Prerequisite: Approval from the Head of School
Note/s: Not offered 1997.
Human Resource Management, Industrial Relations and Organisation and Management Studies (School of Industrial Relations and Organisational Behaviour)

IROB5700
Management, Work and Organisation
Staff Contact: Dr J. Shields
S2 L3 CP20
Prerequisite: Nil

This subject seeks to provide a broad introduction to the basic concepts and theory underlying contemporary thinking on the organisation and management of work. Topics covered include: organisational structures and processes; the role and functions of management; the organisation and employment systems; people management and behavioural implications for the management processes; and contextual and institutional dimensions of business.

IROB5701
Australian Industrial Relations
Staff Contact: A/Prof B. Dabscheck
S1 L3 CP20
Prerequisite: Nil

Concepts and issues in Australian industrial relations at the macro or systems level, with overseas comparisons where appropriate. Labour movements and the evolution of employee-employer relations in the context of industrialization and change; origins and operations of industrial tribunals at the national and state levels; their instrumentalities; nature of industrial conflict and procedures for conflict resolution such as arbitration and bargaining; national wage policy.

IROB5702
Industrial Relations in the Global Economy
Staff Contact: Dr I. Hampson
S2 L3 CP20
Prerequisite: IROB5701

This subject focuses on the 'global shifts' in economics and industry that are driving transformations in many national IR systems. As such the subject shares many of the objectives of comparative IR, namely to foster an appreciation of the merits of comparing IR systems, and the use of a comparative method. Since one of the major uses of comparative arguments is in the sphere of industrial relations policy, the subject also aims to review debates about the links between IR systems on the one hand, and national competitiveness and social protection on the other.

IROB5704
Workplace Organisation and Employment
Staff Contact: Mr D. Morgan
S1 L3 CP20
Prerequisite: IROB5701 or IROB5901 or equivalent

Theoretical aspects of workplace relations; workplace diversity and change; modes of management control and employee participation; work design and workplace flexibility; forms of employee resistance and variations in trust relations; occupational versus corporate commitment in different organisational settings; international comparisons of workplace relations; the role of the state in shaping workplace relations; workplace relations and organisational efficiency.

IROB5705
Training and Work Reorganisation
Staff Contact: Dr I. Hampson
S1 L3 CP20
Prerequisite: IROB5701 or IROB5901 or equivalent

Training reform and work reorganisation have become key issues in Australian industrial relations and national development policy. This subject canvasses current debates about work reorganisation and training reform, drawing on overseas experience where useful. It examines influential models of work organisation, like Japanese 'lean production' and Euro-Scandinavian 'human-centred production'. The ingredients of these new forms of work are highlighted, and their training requirements identified. Training is examined as a key ingredient of successful strategic human resource management, and national development. The attempts to reform Australia's training system are chartered.

IROB5706
Employment Policy and Practice
Staff Contact: School Office
S2 L3 CP20
Prerequisite: IROB5701 or IROB5901 or equivalent

Examination of the theory, law, award provisions, organisational policy and practice of at least two of the following: affirmative action and equal employment; workers' compensation; grievance procedures; labour and human resource policy.

IROB5711
Employment and Industrial Law
Staff Contact: Ms S. Hammond
S1 L3 CP20
Prerequisite: IROB5701 or equivalent

Nature and purposes of the legal system and industrial law, the law concerning the contract of employment, Trade Union law, Industrial law powers of governments. The Commonwealth and New South Wales conciliation and arbitration systems. Awards. Penal sanctions for industrial law. Industrial torts. Topics and issues of importance in the employment and industrial law field.

IROB5712
Negotiations, Bargaining and Advocacy
Staff Contact: Ms S. Hammond
S2 L3 CP20
Prerequisite: IROB5701 or equivalent

This subject aims to give students studying industrial relations and/or human resource management practical skills in the areas of industrial and workplace negotiation, bargaining and advocacy. The subject examines the content, character and making of industrial awards and agreements, with special emphasis on industrial tribunal processes and negotiation and advocacy in relation to paid employment. Students also receive a practical grounding in the requirements of particular policies and regulations governing employment relations, including Enterprise Bargaining, Equal Opportunity and Affirmative Action, Occupational Health and Safety, and Termination of Employment. In addition,
the subject provides appropriate theoretical perspectives on these and related employment issues.

IROB5713
Public Policy and Employment
Staff Contact: A/Prof B. Dabscheck
S2 L3 CP20
Prerequisite: IROB5701 or equivalent

The formulation and implementation of public policy impacting upon industrial relations and employment. Theories of the state; public policy models. Current policy issues and options. The interaction between tribunals, parties and public policy evaluation of policy process in Australian and comparative terms. Case studies.

IROB5714
Social Aspects of Work and Employment Relations
Staff Contact: Ms D. Fields
S2 L3 CP20
Prerequisite or Corequisite: IROB5701 or IROB5901 or IROB5906 or equivalent

Micro-sociological elements of discrimination in hiring and promotion at work; gender inequality, equal employment opportunity and affirmative action; types of manager and management control systems; organisational flexibility and productivity; relations between corporate level strategy and workplace practices skill formation and consequences of variations in skill development; the relationship between class and work relations; theoretical perspectives on trade unionism; the application of theory to understanding changes in unionism in industrial societies; late capitalism and the relevance of trade unionism.

IROB5715
Wages and Incomes Policy
Staff Contact: A/Prof B. Dabscheck
S2 L3 CP20
Prerequisite: ECON5100

Relationships between movements in wage and salary income to desired economic objectives. Formulation and administration of wages and incomes policies and the role of trade unions, employers and government institutions. Overseas experience; implications for Australian practices, institutions and policies. Evolution of wage concepts and standards. Wage structure, relativities and differentials. Trade union pushfulness and product pricing decisions. Earnings draft. Principles or criteria for wage fixation, including capacity to pay, 'needs' elements, productivity gearing, minimum and social wage levels and manpower issues.

IROB5716
Industrial Relations Research Methodology
Staff Contact: School Office
S2 L3 CP20
Prerequisite: IROB5702 or equivalent

Principles procedures, techniques and data sources used for research in industrial relations.

IROB5717
Industrial Relations Theory
Staff Contact: School Office
S2 L3 CP20
Prerequisite: IROB5702

This subject covers major theoretical developments within academic industrial relations; theories of the labour movement, in particular the work of the Webbs, Lenin, Commons, Perlman and Hoxie; and developments within the tradition of grand theory, including Dunlop’s systems model, Kochan’s refinements, pluralism, marxism, corporatism and theories of regulation. Australian works are examined and analysed to relate discussion to the Australian scene.

IROB5720
Industrial Relations in Developing Countries in the Asia Pacific Region
Staff Contact: School Office
S2 L3 CP20
Prerequisite: IROB5702 or equivalent

This subject explores the relationship between development and industrial relations in a number of developing countries, such as Malaysia, Indonesia, the Philippines and Papua New Guinea. Among other things, it focuses on pre-entry and post-entry workforce, socialization, the origins and struggles of labour movements, the quality of workforce compliance with government development strategies and employer demands. Comparisons are made with other countries - the region at different stages of development.

IROB5731
Special Topic in Australian Industrial Relations
Staff Contact: School Office
S1 L3 CP20
Prerequisite: IROB5702

A specifically assigned project, program or set of readings relating to Industrial Relations.

IROB5732
Special Topic in International and Comparative Industrial Relations
Staff Contact: School Office
S2 L3 CP20
Prerequisite: IROB5702 or Admission to MCom (Hons) degree

A specifically assigned project, program or set of readings relating to Industrial Relations.

IROB5733
Advanced Seminar in Industrial Relations
Staff Contact: School Office
S2 L3 CP20
Prerequisite: IROB5702 or Admission to MCom (Hons) degree

Selected advanced topics from the literature of Industrial Relations theory and application.

IROB5734
Advanced Seminar in International and Comparative Industrial Relations
Staff Contact: School Office
S2 L3 CP20
Prerequisite: IROB5702 or Admission to MCom (Hons) degree

Selected advanced topics from the literature of Industrial Relations theory and application.
This subject seeks to explain human behaviour within the future of Australian manufacturing industry. A practical examination for organisational analysis, bureaucracy, organisational design and development, and current topics such as culture and change, action research, organisational learning, and values, motivation and learning, interpersonal behaviour, group dynamics, leadership and teamwork, decision-making, power and control.

**IROB5737**

**Industrial Relations Research Seminar**

Staff Contact: School Office

CP20

**IROB5750**

**Project Report (Industrial Relations)**

Staff Contact: School Office

CP40

Prerequisite: Approval from the Head of School

**IROB5751**

**Thesis (Industrial Relations)**

Staff Contact: School Office

CP120

**IROB5900**

**Social and Organisational Analysis**

Staff Contact: Mr P. Gahan

S1 or S2 L3

Prerequisite: Nil

This subject examines the core concepts and theories underlying modern organisational practice, drawing principally from the discipline of sociology. Topics covered include the evolution and development of social and organisational theory, sociological paradigms and implications for organisational analysis, bureaucracy, organisational design and development, and current topics such as regulation and privatisation, participative democracy and the future of Australian manufacturing industry. A practical focus is maintained through the use of Australian case studies.

**IROB5901**

**Organisational Behaviour**

Staff Contact: Dr T. Donovan

S1 or S2 L3 CP20

Prerequisite: Nil

Note(s): Excluded PSYC7100.

This subject seeks to explain human behaviour within organisations. It draws predominantly from the behavioural science disciplines of psychology and social psychology. Its foci are the individual, the group, and the behavioural processes involved in organisation integration, change and development. Topics covered include personality, attitudes and values, motivation and learning, interpersonal behaviour, group dynamics, leadership and teamwork, decision-making, power and control.

**IROB5903**

**Organisational Change and Development**

Staff Contact: Dr A. Bordow

S1 L3 CP20

Prerequisite: IROB5901 or IROB5701

The theory and practice of change in organisations with special attention to applied behavioural science methods for achieving sustained improvement in performance at the individual, group and system levels. Methods and topics examined include: diagnostic approaches, organisational culture and change, action research, organisational learning, strategic planning for change, organisational transitions, structural redesign, teambuilding and skills of change agent intervention.

**IROB5904**

**Corporate, Management and Union Strategy**

Staff Contact: A/Prof J. Mathews

S2 L3 CP20

Prerequisite: IROB5901 or equivalent

This subject deals with theories of strategy, strategic planning and implementation, and the concept and exercise of strategic choice. It is distinguished from conventional managerial approaches to strategic planning by its application to labour-management-relations and by its inclusion of trade union strategies. For both organised labour and for management, the management of strategy is a particular focus of the subject.

**IROB5905**

**Action Research**

Staff Contact: Dr A. Bordow

S2 L3 CP20

Prerequisite: IROB5901 or IROB5906 or equivalent

The foundations, purposes and strategies for doing research in organisational settings. Historical and epistemological background to the development of contemporary action research. Skills, methods and instrumentation. How action research is initiated, conducted and evaluated. Consulting and action research. Action research made from the inside. Action research for organisational change. Accountability and ethics for the action researcher. Towards an action research framework.

**IROB5906**

**Human Resource Management in Context**

Staff Contact: Dr L. Taksa

S1 L3 CP20

Prerequisite: Nil

Theories of organisational behaviour and management will be examined in order to locate Human Resource Management in historical, conceptual and practical contexts. Changing factors that shape the organisation of work, worker and managerial responses and action will be considered with specific focus on their relationship to power, conflict, control, motivation, group interaction and culture. The role of Human Resource Management in the implementation of organisational change will be included.

**IROB5907**

**Human Resource Management Processes**

Staff Contact: Mr J. Holt

S2 L3 CP20

Prerequisite: IROB5906 or IROB5701 or IROB5901 or equivalent

Theoretical foundations of Human Resource Management; power and authority of HRM function. Examination of policies and strategies developed by employers to organise and reward their employees. Values underlying such policies; controversies surrounding their development and implementation; the way in which organisational dynamics influence their operation. The interface between HRM policies and the regulatory, social and organisational contexts; the operation of HRM policies in different business sectors and countries.
This subject provides for an understanding of how human communication together with public relations will be re-examined. The basics of interpersonal, organisational and mass communication especially examines communication as an influence process. It specifically examines the formulation, selection and implementation of human resource strategies, and deals with issues such as performance appraisal, competency development, corporate acculturation and management of corporate and cultural change. In addition, it analyses and evaluates competing human resource management packages and the issue of cultural and national transferability of human resource policies.

New Technology and Employment Relations

Staff Contact: A/Prof J. Mathews

Prerequisite or Corequisite: IROB5701 or IROB5901 or equivalent

The characteristics and diffusion of new technology, ideologies associated with technological change. The role of the state in regulating the impact of new technology. Education and training for the information society. Managing new technology in a variety of organisational settings. New technology in relation to work design, skills and the work environment. Stress and job satisfaction in relation to new technology. Emerging forms of work organisation and authority associated with flexible specialisation and the paperless office. Union strategy and effectiveness in regulating technological change. New technology as a critical factor shaping a new type of society.

International Dimensions of Organisational Behaviour

Staff Contact: Mr J. Holt

Prerequisite: IROB5901 or equivalent

This subject provides a comparative focus to the study of organisations in global context by exploring how organisations, management and employment systems differ across cultural frameworks. The effects of culture on the structure of national organisational systems, corporate transnational systems, and international HRM are also examined. Other topics include the transferability of management systems and techno-cultures across cultural boundaries, and the 'convergence versus divergence' thesis. Where possible, case studies contrasting Asian with Australian perspectives are used.

Employee Communications

Staff Contact: Dr A. Bordow

Prerequisite: IROB5901 or equivalent

This subject provides for an understanding of how human communication works within organisational domains and especially examines communication as an influence process. The basics of interpersonal, organisational and mass communication together with public relations will be re-viewed in order to proceed to the study of such applications as communicating to employees en masse, effecting appropriate media choice, informing stakeholders and interested publics, and developing a corporate information policy. All students will take part in a learning augmentation, called a virtual class room, to enhance their awareness of a new communications technology and will carry out a field investigation within an ongoing organisation.

Human Potentialities

Staff Contact: Dr A. Donovan

Prerequisite or Corequisite: IROB5901 or equivalent

This subject follows an empirical and experiential approach to the study of human potentialities. Issues explored include: human dominance and destructiveness; the dynamics of awareness; intentionality and holonomy; skilled performance; human creativity; the individuation process; methods of realizing potential, perennial and modern.

Organisational Dynamics

Staff Contact: Dr A. Donovan

Prerequisite: IROB5901

Note/s: This subject may not be offered each year.

This subject explores the new understanding of organisational dynamics coming from the converging paths of cognitive science, psycho-dynamic theory and the sociological critique of technocratic rationality. Topics examined include: organisations as flux and transformation; organisations as the enactment of psychic defences; open systems theory and beyond; the demise of linear rationality and the rise of chaos and complexity; modernity, post-modernity and human organisation; managerial action in a new cultural milieu.

Men and Women In Organisations

Staff Contact: Dr L. Taksa

Prerequisite: Nil

This subject presents a multi-disciplinary overview of the issues and problems pertaining to gender relations in organisations. It evaluates a range of concepts and methods necessary for understanding the processes and structures responsible for the current position of men and women as employees and managers in both the public and private sectors. Topics covered from the perspective of gender relations include: labour market segmentation, industrial relations theory and practice, the role of the state, organisational power and politics, Equal Employment Opportunities and the functioning of the merit principle and the use of post-modernist theory for understanding the operation of human resource management and organisational culture.

Management in Cross-Cultural Contexts

Staff Contact: School Office

Prerequisite: Nil

This subject examines how the dynamics of culture impact on the process of managing organisations in culturally diverse settings. Topics include: conceptual and methodo-
logical issues related to the study of culture; the psychological and sociological basis of cultural variation; the role of culture in shaping work-related cognitions; the problematics and implications of cultural variation for the functions of cross-cultural management such as inter-cultural communication; cross-cultural leadership; cross-cultural negotiation; and cross-cultural awareness. Other issues such as transferability and the convergence and divergence thesis are also addressed.

IROB5931 Special Topic in Organisational Behaviour
Staff Contact: School Office
SS L3 CP20
Prerequisite: Approval from the Head of School
This subject is available only to final-year students specialising in organisational behaviour, who have a distinguished record and who wish to carry out specific investigation or project. Approval from the co-ordinator of the program must be obtained prior to enrolling in this subject. However, before approaching the co-ordinator for approval, a student must have discussed his or her proposal with a member of staff who might be expected to supervise the project.

IROB5932 Advanced Seminar in Organisational Behaviour
Staff Contact: School Office
SS L3 CP20
Prerequisite: Approval from the Head of School
Advanced topics chosen each year from recent developments in theories of organisational behaviour.

IROB5933 Advanced Seminar in Social and Organisational Analysis
Staff Contact: School Office
SS L3 CP20
Prerequisite: Approval from the Head of School
Recent advances in organisation theory; development of increased personal maturity and interpersonal skills; small group theory and its application to work groups; strategies for the management of organisational change, including conflict management, intergroup co-ordination and organisational design; sociotechnical systems theory. Advanced topics chosen from recent developments in theories of organisational behaviour.

IROB5941 Special Topic in Human Resource Studies
Staff Contact: School Office
SS L3 CP20
Prerequisite: Approval from the Head of School
A specifically assigned project, program or set of readings relating to Human Resource Studies.

IROB5943 Advanced Seminar in Human Resource Studies A
Staff Contact: School Office
SS L3 CP20
Prerequisite: Approval of the Head of School of Industrial Relations and Organisational Behaviour
Selected advanced topics from the literature of Human Resources theory and application.

IROB5944 Advanced Seminar in Human Resource Studies B
Staff Contact: School Office
SS L3 CP20
Prerequisite: Approval of the Head of School
Selected advanced topics from the literature of Human Resources theory and application.

IROB5946 Managing Occupational Health and Safety
Staff Contact: Prof M. Quintan
S2 L3 CP20
Prerequisite: IROB5901
This subject provides a multi-disciplinary and critical approach to the study of occupational health and safety. Approaches to OHS as a management function and perspectives on the understanding of the phenomena are examined. The subject also covers hazard identification, the development and nature of legal regulation, the industrial relations of safety and approaches to rehabilitation.

IROB5947 Performance Management
Staff Contact: School Office
SS L3 CP20
Prerequisite: IROB5900
The subject focuses on the coordination and execution of organisational work tasks. It covers the relation between organisational strategy and the purposes of separate units, setting objectives, formal monitoring and performance evaluation, appraisal systems and job design, performance related pay and remuneration. Critical issues centred on managing equity, affirmation action and equal opportunity and the role of social and work norms in performance are covered.

IROB5948 Human Resources Development
Staff Contact: School Office
SS L3 CP20
Prerequisite: IROB5900
This subject focuses on the skills, career and occupational development of people in organisations. Human resource planning, gap analysis of supply and demand, training, needs analysis, learning systems, program development, internal and external training policy, career planning and internal labour markets are key topics in the subject. Recruitment and selection, management development, employee contribution and trade union involvement are among other areas addressed.

IROB5949 International Human Resource Management
Staff Contact: School Office
SS L3 CP20
Prerequisite: IROB5907
This subject examines the implications of culture on the process of managing the human resources in multinational or global corporations. Topics include: The HRM function in cultural perspective; the problematics and implications of culture on personnel selection and repatriation for overseas assignments, issues relating to the varied training and development needs of expatriate and national staff, international labour relations; motivating and leading human resources in international context. The subject also deals
with the current issues relating to performance management of the global organisation.

IROB5950
Project Report (Organisational Behaviour)
Staff Contact: School Office
CP40
Prerequisite: Approval from the Head of School

IROB5951
Thesis (Organisational Behaviour)
Staff Contact: School Office
C120

IROB5952
Project Report (Human Resource Management)
Staff Contact: School Office
CP40
Prerequisite: Approval from the Head of School

IROB5954
Thesis (Human Resource Management)
Staff Contact: School Office
CP120
Prerequisite: Approval from Head of School

Information Systems
(School of Information Systems)

INFS5848
Information Systems Project Management
Staff Contact: School Office
S2 L3 CP20
Prerequisite: INFS5988
An introduction to the central concepts and issues of project management and the practical benefits of project planning and management together with resource management. Practical sessions in project planning and the use of a computer based management tool. Additional topics include customer focus, lifecycle customization, work packages, progress monitoring, risk evaluation, quality management, people skills, and negotiation skills. Case studies of and examples from software development projects will be used as illustrations.

INFS5905
Information Systems Auditing
Staff Contact: School Office
S2 L3 CP20
Prerequisites: INFS5988
Note/s: Not offered 1997.

INFS5925
Object-oriented Information Systems
Staff Contact: School Office
S2 L3 CP20
Prerequisites: INFS5989 and INFS5992
Systems development methodologies based on the object-oriented approach. Techniques of analysis and design (concepts and notation). Information systems implementation using at least one specific object-oriented language; and including concepts of objects, classes, abstract data types, inheritance, polymorphism, dynamic binding and software reusability.

INFS5926
Advanced Data Management
Staff Contact: School Office
S1 L3 CP20
Prerequisites: INFS5989 and INFS5992
The principle and practice of data administration in a large organisation. Design, redesign and tuning of database. Distributed databases and database management systems. Reliability, security and integrity of the database.

INFS5927
Knowledge Based Information Systems
Staff Contact: School Office
S2 L3 CP20
Prerequisite: INFS5957
This subject reviews concepts, theory, methodologies and techniques discussed in the KBS literature, and reviews current practice. Topics include an historical perspective of AI, expert systems and knowledge based systems, KBS tools and techniques, knowledge acquisition and representation, development methodologies, and evaluation, as well as considering KBS applications and the organisation. Students will design and develop a knowledge based system and present their designs to the class.

INFS5928
Software Engineering Management
Staff Contact: School Office
S1 L3 CP20
Prerequisite: INFS5988
Software engineering management and measurement of complex systems, software development maturity, project planning and management, estimation models and techniques, project scheduling, software quality, reliability, assurance, software productivity models. The teaching mode is a mix of formal lectures, seminars and workshops with an emphasis on co-operative discussions.

INFS5929
Advanced Software Engineering
Staff Contact: School Office
S1 L3 CP20
Prerequisites: INFS5928 and INFS5992
Note/s: Not offered 1997.

INFS5953
Information Systems Management
Staff Contact: School Office
S2 L3 CP20
Prerequisites: INFS5988 and INFS5992
This subject aims to assist students to develop their knowledge and understanding of important issues involved in the management of information systems in organisations and their ability to critically analyse these issues. Management of information systems will be considered at strategic, tactical and operational levels. Particular emphasis will be given to the management of enterprise-wide and inter-organisational systems and planning for their strategic use. Students without knowledge of and experience in management or the use of IS in organisations may wish to take the subject INFS4848/INFS5848 before this subject.
INFS5957
Information and Decision Technology
Staff Contact: School Office
S1 L3 CP20
Prerequisite: Nil
The role of information and models in managerial decision making and prediction. The role of information systems in decision making. Assessing the value of information systems and the contribution of information in decision making under uncertainty. The role of information in managerial prediction and forecasting. The development of computer based models to support tactical management.

INFS5982
Advanced Data Communications
Staff Contact: School Office
S2 L3 CP20
Prerequisite: INFS5983
Note/s: Not offered 1997.

INFS5983
Business Data Communications
Staff Contact: School Office
S2 L3 CP20
Prerequisite: INFS5988
Data communication networks, interfaces between networks and computers, data communications software, standard communication protocols, network architectures, distributed databases, design of information systems which include data communications.

INFS5984
Information Systems Security
Staff Contact: School Office
S1 L3 CP20
Prerequisites: INFS5983 and INFS5992
Reviews concepts, theory, methodologies and techniques discussed in IS security literature and practice. Includes: information systems security management, risk analysis and management, physical and logical security, database and telecommunications security, continuity planning, computer abuse, internet and electronic commerce, legal and social issues. Case studies will provide students with an understanding of computerised security techniques in practice.

INFS5986
Research Topics in Information Systems 1
Staff Contact: School Office
S1 L3 CP20
Prerequisite: Approval from the Head of School
The development of science. Alternative social science research methodologies - case study, normative, laboratory, field studies and field tests. The research process. Judgement in research. Statistical analysis of research data and interpretation of results. Writing the research report.

INFS5987
Research Topics in Information Systems 2
Staff Contact: School Office
S2 L3 CP20
Prerequisite: Approval from the Head of School
A detailed study of current information systems research in the fields of decision support systems, information systems administration and distributed systems.

INFS5988
Business Information Systems
Staff Contact: School Office
S1 L3 CP20
Prerequisite: Nil
This subject aims to provide an introduction to the use and management of information systems in business. This subject will assist students to develop their knowledge and understanding of the role of information systems in business organisations, and components and disciplines which comprise information systems. This subject will also assist students to develop their capabilities to critically apply the disciplines of information systems and to use application software in support of typical managerial tasks. Application software will include word processing, spreadsheets and personal databases.

INFS5989
Information Systems Design
Staff Contact: School Office
S2 L3 CP20
Prerequisite: INFS5988
An understanding of the role and expectations of a systems analyst in the context of the organisational environment, exploring and using the tools and techniques available to the systems designer, expanding and building on the framework of analysis and design acquired from the other subjects and student experiences.

INFS5991
Decision Support Systems
Staff Contact: School Office
S1 L3 CP20
Prerequisite: INFS5988
Information used for decision making and the application of information technology to assist or support the decision making process. Topics include decision making models, the impact of different management styles, the use of decision tools and the development of decision support systems including issues of model management and interface design. Practical examples of decision support systems are examined as are executive information systems and computer mediated communications within an organisation.

INFS5992
Data Management
Staff Contact: School Office
S1 L3 CP20
Prerequisite: Nil
A review of data management principles including both simple and complex file designs, and the concept of database management systems. Alternative database management system architectures, including network hierarchical and relational approaches. Database query systems, including relational algebra. Case studies and assignments embodying these principles.
INFS5993  
**Special Topic in Information Systems**  
*Staff Contact: School Office*

S1 or S2 L3 CP20

*Prerequisite: Approval from the Head of School*

A specially assigned project, program or set of readings relating to information systems research.

INFS5994  
**Thesis**  
*Staff Contact: School Office*

CP120

INFS5998  
**Project Seminar**  
*Staff Contact: School Office*

CP20

*Prerequisite: Approval from the Head of School*

Note/s: Not offered 1997.

INFS5999  
**Project Report**  
*Staff Contact: School Office*

CP40

*Prerequisite: Approval from the Head of School - open to advanced students only*

Open Learning Subjects

The following subjects are only available to students enrolled in Open Learning programs offered by the Australian Centre for Management Accounting Development (ACMAD).

INFS5995  
**Information Systems Management**  
*Staff Contact: ACMAD (02) 385 5913*

S1 or S2 CP20

*Prerequisite: Nil*

This subject addresses the organisational need for information management and systems technologies available to support this purpose. Topics covered include: strategic importance of information; information systems planning; organisational structure and configuration of information systems; management of communications; management of end user computing; computer based support for executive decision making; security, risk and audit; people - the important resource; emerging technologies.

Japanese Business Studies (School of Asian Business and Language Studies)

JAPN5100  
**Business Japanese A**  
*Staff Contact: Ms K. Okamoto*

S1 L3 CP20

*Prerequisite: Nil*

Aims to develop basic communicative competence in spoken Japanese and to introduce written Japanese. Provides students with basic ability to interact with Japanese in daily life and business situations.

JAPN5101  
**Business Japanese B**  
*Staff Contact: Ms K. Okamoto*

S2 L3 CP20

*Prerequisite: JAPN5100*

Designed to continue on from JAPN5100. Aims to continue the development of basic communicative competence in spoken and written Japanese. Concentrates on the application of language skills in a range of specific business activities.

JAPN5102  
**Business Japanese C**  
*Staff Contact: Ms K. Okamoto*

S1 L3 CP20

*Prerequisite: JAPN5101*

Aims to equip students with early-intermediate level proficiency in Japanese language and communication within the context of the business environment. Teaches both written and spoken language as well as skills in para-linguistic areas.

JAPN5103  
**Business Japanese D**  
*Staff Contact: Ms K. Okamoto*

S2 L3 CP20

*Prerequisite: JAPN5102*

Continues from JAPN5102 and aims to equip students with high-intermediate level proficiency in Japanese language and communication within the context of the business environment. Teaches both written and spoken language as well as skills in para-linguistic areas with an emphasis on the politeness sector.

JAPN5210  
**Japanese Professional Communication 1A**  
*Staff Contact: Ms H. Masumi-So*

S1 L3 CP20

*Prerequisite: Approved 3 year degree in Japanese*

*Corequisite: JAPN5211*

Provides students with opportunities to develop late-intermediate interactive skills in listening and speaking that are required in Australia-Japan contact situations. Audio-visual equipment such as video camera and VCR will be used extensively. Class work includes the study of various levels of formality. Students are introduced to a series of genuine Australia-Japan contact situations where they exercise their acquired skills.

JAPN5211  
**Japanese Professional Communication 1B**  
*Staff Contact: Ms H. Masumi-So*

S1 L3 CP20

*Prerequisite: Approved 3 year degree in Japanese*

*Corequisite: JAPN5210*

Provides students with opportunities to develop late-intermediate interactive skills in reading and writing that are required in Australia-Japan contact situations. Class work includes reading of authentic materials in the fields of business, technical and social sciences and writing of documents for practical applications. One major project will be required in the student's area of interest.
JAPN5212
Japanese Professional Communication 1C
Staff Contact: Ms H. Masumi-So
S2 L3 CP20
Prerequisite: JAPN5211
Corequisite: JAPN5213
Provides students with opportunities to develop early-advanced interactive skills in listening and speaking that are required in Australia-Japan contact situations. Audio-visual equipment such as satellite television and radio broadcasting from Japan, video camera and VCR will be used extensively. Class work includes public speaking and intensive aural comprehension of news items. Guided/autonomous learning in the fully-computerised Language Resource Centre is encouraged both within and outside contact hours.

JAPN5213
Japanese Professional Communication 1D
Staff Contact: Ms H. Masumi-So
S2 L3 CP20
Prerequisite: JAPN5211
Corequisite: JAPN5212
Provides students with opportunities to develop advanced interactive skills in reading and writing that are required in Australia-Japan contact situations. Class work includes reading of publications in the fields of business, technical and social sciences and writing of a project report. One major project will be required in the student's area of interest.

JAPN5220
Japanese Professional Communication 2A
Staff Contact: Ms S. Iida
S1 L3 CP20
Prerequisite: JAPN5213
Corequisite: JAPN5221
Provides students with opportunities to develop advanced interactive skills in listening and speaking that are required in Australia-Japan contact situations. Audio-visual equipment such as satellite television broadcasting from Japan, video camera and VCR will be used extensively. Class work includes interaction with native Japanese speakers from the local Japanese community and/or from Japan. Guided/autonomous learning in the fully-computerised Language Resource Centre is encouraged both within and outside contact hours.

JAPN5221
Japanese Professional Communication 2B
Staff Contact: Ms S. Iida
S1 L3 CP20
Prerequisite: JAPN5213
Corequisite: JAPN5220
Provides students with opportunities to develop advanced interactive skills in reading and writing that are required in Australia-Japan contact situations. Class work includes reading of authentic materials in the fields of business, technical and social sciences and writing of documents for professional applications. One major project will be required in the student's area of interest.

JAPN5222
Japanese Professional Communication 2C
Staff Contact: Ms S. Iida
S2 L3 CP20
Prerequisite: JAPN5221
Corequisite: JAPN5223
Aims to further consolidate the learner's interactive skills in real contact situations with native speakers of Japanese. Class work includes extensive and intensive listening and authentic materials and public-speaking practice through the use of a variety of methods such as video-recording and replay, visitor's sessions, and visit sessions. Students are introduced to common rules of and strategies for Australia-Japan contact situations. Individualised learning in the fully-computerised Language Resource Centre is encouraged.

JAPN5223
Japanese Professional Communication 2D
Staff Contact: Ms S. Iida
S2 L3 CP20
Prerequisite: JAPN5221
Corequisite: JAPN5222
Aims to further consolidate the learner's interactive skills in real contact situations with native speakers of Japanese. Class work includes extensive and intensive reading of authentic materials and writing of documents for formal business situations. Students are introduced to common rules of and strategies for Australia-Japan contact situations. One major project will be required in the student's area of interest.

JAPN5230
Japanese Professional Communication 3A
Staff Contact: Dr C. Kinoshita Thomson
S1 L3 CP20
Prerequisite: JAPN5223
Corequisite: JAPN5231
Designed to develop near-native interactive competence in speaking and listening in professional and business settings. Audio-visual equipment such as satellite television broadcasting from Japan, video camera and VCR will be used extensively. Class work includes interaction with selected native Japanese speakers from the local Japanese community and/or from Japan. Learners are encouraged to acquire skills in monitoring their own performance in contact situations.

JAPN5231
Japanese Professional Communication 3B
Staff Contact: Dr C. Kinoshita Thomson
S1 L3 CP20
Prerequisite: JAPN5223
Corequisite: JAPN5230
Designed to develop near-native interactive competence in reading and writing in professional and business settings. Learners are expected to develop skimming and scanning skills through extensive and intensive readings of authentic materials. They are also expected to acquire writing skills for wide-ranging professional and social situations. One major project will be required in the student's area of interest.
JAPN5232
Japanese Professional Communication 3C
Staff Contact: Dr C. Kinoshita Thomson
S2 L3 CP20
Prerequisite: JAPN5231
Corequisite: JAPN5233
Designed to develop near-native interactive skills in speaking and listening in any given situation. Each learner's competencies are assessed at the commencement of the course to provide individually tailored instruction.

JAPN5233
Japanese Professional Communication 3D
Staff Contact: Dr C. Kinoshita Thomson
S2 L3 CP20
Prerequisite: JAPN5231
Corequisite: JAPN5232
Designed to develop near-native interactive skills in reading and writing in any given situation. Each learner's competencies are assessed at the commencement of the course to provide individually tailored instruction. One major project will be required in the student's area of interest.

JAPN5300
Special Topics in Japanese Business Studies
Staff Contact: A/Prof W. Purcell
S1 or S2 L3 CP20
Prerequisites: Approval from the Head of School
A specially assigned project, program or set of readings relating to contemporary issues in Japanese Business Studies. Entry is only with permission of Head of Unit for students who wish to carry out a specific investigation or project.

JAPN5310
Advanced Japanese Studies Seminar
Staff Contact: Dr C. Kinoshita Thomson
S1 or S2 L3 CP20
Prerequisites: JAPN5212 or higher and approval from the Head of School
Provides students with opportunities to read and discuss a selected topic or topics in the Japanese language. The topic(s) will be chosen from a wide range of subjects in the field of Japanese Studies. Aims to help develop skills required to attain near-native fluency in educated Japanese.

JAPN5320
Hospitality Japanese
Staff Contact: Ms F. Osho
S2 L3 CP20
Prerequisite: JAPN5102
Note/s: Excluded: JAPN5210 or higher Japanese language units.
Aims to develop interactive competence in spoken Japanese for the hospitality industry, particularly in professional situations relating to tourism and leisure. Includes finance and banking, hotel, advertising, restaurant and other work situations. Emphasises comparative cultural aspects, covering honorifics and etiquette as well as non-linguistic aspects of interaction between hospitality personnel and tourists.

MARK5999
Project Report
Staff Contact: School Office
CP40
Prerequisites: Approval from the Head of School

Marketing
(School of Marketing)

MARK5811
Japanese Society and Culture A
Staff Contact: School Office
S1 L3 CP20
Prerequisite: Nil
Note/s: Excluded: MARK5801.
Japanese society and culture, specifically the areas relating to economic life and business behaviour. Moral and philosophical assumptions, the 'Family System' and socialization patterns, the education system and other social and cultural features. Examination of such concepts as 'Groupism', 'The Vertical Society' and 'Oyabun-kobun'.

MARK5812
Japanese Society and Culture B
Staff Contact: School Office
S2 L3 CP20
Prerequisite: MARK5811
Note/s: Excluded: MARK5802.
More detailed treatment of the issues introduced in MARK5811. Intercultural influence and Japanese nationalism, the adoption of European and American systems and practices in the modern period, and recent economic and political problems.

MARK5901
Issues in Consumer Analysis
Staff Contact: School Office
S2 L3 CP20
Prerequisites: MARK5902, MARK5911 and MARK5928
More detailed treatment of material covered in MARK5911. Greater stresses laid on the environment of decision making. This covers historical antecedents to consumer behaviour and their impact on the culture of consumption concepts of environmental and their influence on individual decision making, the social psychology of consumption, the ecology of learning and perception, the role of emotion in choice and the ways in which these considerations impact on marketing strategy, eg product formulations, mass communication.

MARK5902
Elements of Marketing
Staff Contact: School Office
S1 or S2 L3 CP20
Prerequisite or corequisite: one core unit
The course is a blend of theory and practical application. The central theme running throughout the teaching program is that marketing is not a fragmented assortment of actions and functions taking place among disconnected institutions operating in isolation. Rather it is a total system
of business action. The task of managing a marketing operation involves strategic and tactical decision making. It also demands an understanding of the structure of the marketing system, the various institutions that make up that system, and the role of each institution that makes up that system, and the role of each institution within the system.

MARK5903
International Marketing
Staff Contact: School Office
S1 L3 CP20
Prerequisites: MARK5902, MARK5911
Prerequisite or Corequisite: MARK5928
Character and dimension of the political, economic, modernization (including administrative) and social aspects affecting international marketing; the dynamic relationship between the environmental aspects and international domestic marketing. Operational aspects of international marketing; nature of competition marketing structure and channels, trade barriers, etc., as well as international, regional, sub-regional economic groupings with emphasis on marketing in Asia, particularly Japan.

MARK5904
Marketing Communication
Staff Contact: School Office
S2 L3 CP20
Prerequisites: MARK5902, MARK5911 and MARK5928
Note/s: Excluded HOSP5906
This subject introduces students to communication management. It takes an integrated approach to developing strategies. The focus of the course is the management of communication with customers, public bodies and community interest groups. Topics will include: communication theory and strategic planning in relation to product/brand information; sales promotion and interpersonal communication. Specific attention is given to media and message planning, costing, evaluation, direct communication, planning and public relations management.

MARK5905
Marketing Strategy
Staff Contact: School Office
S1 L3 C20
Prerequisites: MARK5902, MARK5911 and MARK5928 and approval from the Head of School
Note/s: This subject may not be offered in 1997.
Plays an integrating role, enabling students to consider the implication of the specialised courses for the problem of formulating marketing strategy.

MARK5906
Retailing
Staff Contact: School Office
S1 L3 CP20
Prerequisites: MARK5902, MARK5911 and MARK5928
Note/s: This subject may not be offered in 1997.
This subject is designed to acquaint students with retail marketing and management principles and to give an understanding of the functions, problems and practices of retail management. A conceptual model of retailing will be presented at different levels of the model studies, form a strategic marketing viewpoint. The subject also aims to increase students' understanding of the key role of merchandise management in the successful operation of a retail organisation. Throughout the course there is an emphasis on the case method and experiential learning. Site visits and guest lecturers from the industry will be involved. A major component of the course is the completion of a strategic plan for a retail business concept.

MARK5907
Contemporary Marketing Issues
Staff Contact: School Office
S1 L3 CP20
Prerequisites or Corequisite: MARK5902
Varies from year to year, but subject matter is drawn from such topics as consumerism, ethics in marketing, the role of marketing systems in economic development, power and conflict in marketing channel systems and resale price maintenance.

MARK5910
Marketing Distribution and Logistics
Staff Contact: School Office
S2 L3 CP20
Prerequisites: MARK5902, MARK5911 and MARK5928
This subject introduces concepts and issues relating to the internal/external distribution of products and information. Particular attention is given to the development of distribution strategies within the overall marketing plan. Key factors addressed are logistics, channel selection, location choices and communication networks. Use of case history material is a feature of the subject.

MARK5911
Consumer Analysis
Staff Contact: School Office
S1 or S2 L3 CP20
Prerequisites or Corequisite: MARK5902
Major concepts and theories from the social and behavioural sciences provide a background to the study of why people buy. Behavioural topics include perception, attitude and decision-making processes, and the psychology of purchases. Social science topics include values and lifestyle, mass communication and advertising, and buyer-seller relationships.

MARK5913
Marketing Management
S2 CP20
Prerequisites: MARK5902, MARK5911 and MARK5928
Marketing planning and strategy as they relate to production management. The focus is on product management (goods and services). Topics include product audit and market analysis, product life cycle, new product management, and product positioning and differentiation. The focus is on developing appropriate product strategies with guidelines for effective product management throughout the life cycle of the product.

MARK5914
Marketing Research
Staff Contact: School Office
S2 L3 CP20
Prerequisites: MARK5902 and MARK5928
Practical introduction to marketing research. Tools and techniques of research and their use in the project approach to information gathering. Problem definition and research design, questionnaire design, sampling, inter-
viewing, interpretation and reporting. Quantitative techniques of data analysis and significance testing.

**MARK5915**  
**Marketing Models**  
*Staff Contact: School Office*  
*S1 L3 CP20*  
*Prerequisites: MARK5902, MARK5911 and MARK5928*  
This is an advanced course covering: modelling marketing phenomena; mathematical forms and calibration; consumer behaviour models; evaluation, preference, choice models; product design and development models; sales models for new products; diffusion and trial/repeat models; marketing mix decisions; pricing; advertising, distribution, salesforce models; decision support systems; and spreadsheets and their practical use for developing complex models.

**MARK5916**  
**New Product Development**  
*Staff Contact: School Office*  
*S1 L3 CP20*  
*Prerequisites: MARK5902, MARK5911 & Prerequisite or Corequisite: MARK5928*  
This is an advanced course covering issues involved in developing and bringing to market new products and services; opportunity identification, idea generation, segmentation; design, consumer measurement, perceptual mapping, forecasting, market testing; and implementation, launch and post-launch monitoring.

**MARK5917**  
**Marketing in Asia**  
*Staff Contact: School Office*  
*L3 CP20*  
*This subject may not be offered in 1997.*  
*Prerequisites: MARK5902, MARK5911 and MARK5928*  
This subject examines conceptual and descriptive aspects of the management of the marketing process in Asia and the challenges of operating in such a diverse geographic area. Attention is given to issues such as the external environment of firm, product development, promotional activities, business-to-business negotiations and traditional business philosophy. Guest lecturers and case studies highlight key points.

**MARK5918**  
**Japanese Business A**  
*Staff Contact: School Office*  
*S1 L3 CP20*  
*Prerequisite: Nil*  
*Note/s: Excluded: MARK5908.*  
Multi-sided introduction to Japan, explaining the major features of the country’s business system and business behaviours in economic, sociological, cultural and historical terms, including government-business relations, money and banking, management and labour, marketing and distribution and oligopolistic trading companies.

**MARK5919**  
**Japanese Business B**  
*Staff Contact: School Office*  
*S2 L3 CP20*  
*Prerequisite: MARK5918*  
*Note/s: Excluded: MARK5909.*  
Japanese business and business activities today, both domestic and international. Emergence of Zaibatsu industrial/banking conglomerates and the multinational trade/development companies, interactions amongst government and consumers, foreign companies in Japan, growth of Japanese-Western business interactions and negotiations.

**MARK5920**  
**Services Marketing**  
*Staff Contact: School Office*  
*S1 L3 CP20*  
*Prerequisite or Corequisite: MARK5902*  
The Australian, as well as the world economy is dominated by services. In Australia approximately 70% of the labour force, 75% of the GNP and 45% of an average family's budget, are accounted for by services. Yet, traditionally business school courses have focused on the manufacturing sector of the economy. This course is especially designed for those students who may be interested in working in service industries and/or for organisations with a strong service component. The course will address the distinct needs and problems of service organisations in the area of marketing. However, as students will discover, in services, marketing activities cover many managerial issues. The theme of the course is that service (both commercial and not for profit) organisations (ie banks, transportation companies, hotels, hospitals, educational institutions, professional services such as accountants, engineers, consultants) require a distinctive approach to marketing strategy - both in its development and execution. This is not to imply that the approach is unique, but rather distinctive. Therefore, the course will build and expand on ideas from introductory marketing to make them specifically applicable in service industry settings.

**MARK5922**  
**Organisational Marketing**  
*Staff Contact: School Office*  
*S2 L3 CP20*  
*Prerequisite: MARK5902, MARK5911 and MARK5928*  
Specific elements of marketing knowledge and planning as they relate to the public and industrial markets are presented. These include assessing market opportunities, examining the business environment and managing the functional aspects of marketing in an organisational setting. Specific attention is paid to the exchange relationships required in these markets.

**MARK5928**  
**Quantitative Analysis in Marketing**  
*Staff Contact: School Office*  
*S1 or S2 L3 CP20*  
*Prerequisite: ECON5203 or equivalent*  
This course follows on directly from ECON5203 (Statistics for Business) picking up at ANOVA and regression. The course covers all aspects of data analysis as commonly used in Marketing and prepares the student for Marketing research applications. Also included are decision trees, assessments of optimality of decisions, game theory and
economic order quantity analysis. Students who successfully complete this course will understand analysis as it is currently performed in Marketing.

Access to a computer (either at home or through the Faculty labs) is required for this course. The analysis package used for this course is taught in an all day seminar early in the session.

**MARK5929**  
**Corporate and Marketing Planning and Policy**  
*Staff Contact: School Office*  
*S2 L3 CP20*  
**Prerequisites:** MARK5902, MARK5911 and MARK5928

Examines the evolution of marketing systems and relation of the organisation to the social and economic environment. Key topics include growth options; developing competitive strategies and managing change. Central to the subject case analyses of marketing planning and policy, including environmental appraisal, organisational response, product policy, pricing, distribution, promotion and issues relating to consumerism and the development of legislation. Examples are drawn from the public and the private sectors.

**MARK5930**  
**Managerial Elements of Marketing**  
*Staff Contact: School Office*  
*S2 L3 CP20*  
**Prerequisites:** MARK5902, MARK5911 and MARK5928

Managerial elements of marketing is a unit that brings together a number of managerial components. While three dominant themes are usually present; sales planning and business-to-business negotiation, and legal aspects of marketing, other topics may be included, or may even replace one of the dominant themes completely to take advantage of the skills of visiting scholars. Students contemplating undertaking this subject should note that it includes a one-day negotiation workshop run on a weekend and is mandatory part of the course.

**MARK5991**  
**Special Topic in Marketing**  
*Staff Contact: School Office*  
*S2 L3 CP20*  
This subject may not be offered in 1997.  
**Prerequisites:** Approval from the Head of School

**MARK8926**  
**Seminar in Marketing Theory**  
*Staff Contact: School Office*  
*SS L3 CP20*  
**Prerequisites:** Approval from the Head of School

The nature and development of scientific theories. The evaluation of marketing theory is traced with critical analysis of essential marketing frameworks.

**MARK8927**  
**Methods of Marketing Research**  
*Staff Contact: School Office*  
*SS L3 CP20*  
**Prerequisites:** Approval from the Head of School

Treatment in depth of topics briefly covered in MARK5914 Marketing Research: research design, psychometric attributes of measuring instruments, univariate and multivariate analysis. Investigation in the form of a project as an exercise in the application of methods studied in the seminar.

**MARK8994**  
**Thesis**  
*Staff Contact: School Office*  
*CP120*

**MARK8998**  
**Research Seminar**  
*Staff Contact: School Office*  
*F S4 CP20*  
**Prerequisite:** MARK8994

**MARK8999**  
**Project Report**  
*Staff Contact: School Office*  
*F S4 CP40*  
**Prerequisites:** Approval from the Head of School
Conditions for the Award of Degrees

First Degrees

Rules, regulations and conditions for the award of first degrees are set out in the appropriate Faculty Handbooks.

For the full list of undergraduate courses and degrees offered see Table of Courses by Faculty (Undergraduate Study) in the Calendar.

The following is the list of higher degrees, graduate diplomas and graduate certificates of the University, together with the publication in which the conditions for the award appear.

Higher Degrees

For details of graduate degrees by research and course work, arranged in faculty order, see UNSW Courses (by Faculty) in the Calendar.

Doctor of Philosophy (PhD)

1. The degree of Doctor of Philosophy may be awarded by the Council on the recommendation of the Higher Degree Committee of the appropriate faculty or board (hereinafter referred to as the Committee) to a candidate who has made an original and significant contribution to knowledge.

Qualifications

2. (1) A candidate for the degree shall have been awarded an appropriate degree of Bachelor with Honours from the University of New South Wales or a qualification considered equivalent from another university or tertiary institution at a level acceptable to the Committee.

(2) In exceptional cases an applicant who submits evidence of such other academic and professional qualifications as may be approved by the Committee may be permitted to enrol for the degree.

(3) If the Committee is not satisfied with the qualifications submitted by an applicant the Committee may require the applicant to undergo such assessment or carry out such work as the Committee may prescribe, before permitting enrolment as a candidate for the degree.

Enrolment

3. (1) An application to enrol as a candidate for the degree shall be lodged with the Registrar at least one month prior to the date at which enrolment is to begin.

(2) In every case before making the offer of a place the Committee shall be satisfied that initial agreement has been reached between the *School and the applicant on the topic area, supervision arrangements, provision of adequate facilities and any coursework to be prescribed and that these are in accordance with the provisions of the guidelines for promoting postgraduate study within the University.

(3) The candidate shall be enrolled either as a full-time or a part-time student.

(4) A full-time candidate will present the thesis for examination no earlier than three years and no later than five years from the date of enrolment and a part-time candidate will present the thesis for examination no earlier than four years and no later than six years from the date of enrolment, except with the approval of the Committee.

(5) The candidate may undertake the research as an internal student i.e. at a campus, teaching hospital, or other research facility with which the University is associated, or as an external student not in attendance at the University except for periods as may be prescribed by the Committee.

(6) An internal candidate will normally carry out the research on a campus or at a teaching or research facility of the University except that the Committee may permit a candidate to spend a period in the field, within another institution or elsewhere away from the University provided that the work can be supervised in a manner satisfactory to the Committee. In such instances the Committee shall be satisfied that the location and period of time away from the University are necessary to the research program.

* "School" is used here and elsewhere in these conditions to mean any teaching unit authorised to enrol research students and includes a department where that department is not within a school, a centre given approval by the Academic Board to enrol students, and an interdisciplinary unit within a faculty and under the control of the Dean of the Faculty. Enrolment is permitted in more than one such teaching unit.
(7) The research shall be supervised by a supervisor and where possible a co-supervisor who are members of the academic staff of the School or under other appropriate supervision arrangements approved by the Committee. Normally an external candidate within another organisation or institution will have a co-supervisor at that institution.

**Progression**

4. The progress of the candidate shall be considered by the Committee following report from the School in accordance with the procedures established within the School and previously noted by the Committee.

(i) The research proposal will be reviewed as soon as feasible after enrolment. For a full-time student this will normally be during the first year of study, or immediately following a period of prescribed coursework. This review will focus on the viability of the research proposal.

(ii) Progress in the course will be reviewed within twelve months of the first review. As a result of either review the Committee may cancel enrolment or take such other action as it considers appropriate. Thereafter, the progress of the candidate will be reviewed annually.

**Thesis**

5. (1) On completing the program of study a candidate shall submit a thesis embodying the results of the investigation.

(2) The candidate shall give in writing to the Registrar two months notice of intention to submit the thesis.

(3) The thesis shall comply with the following requirements:

(a) it must be an original and significant contribution to knowledge of the subject;

(b) the greater proportion of the work described must have been completed subsequent to enrolment for the degree;

(c) it must be written in English except that a candidate in the Faculty of Arts and Social Sciences may be required by the Committee to write a thesis in an appropriate foreign language;

(d) it must reach a satisfactory standard of expression and presentation;

(e) it must consist of an account of the candidate's own research but in special cases work done conjointly with other persons may be accepted provided the Committee is satisfied about the extent of the candidate's part in the joint research.

(4) The candidate may not submit as the main content of the thesis any work or material which has previously been submitted for a university degree or other similar award but may submit any work previously published whether or not such work is related to the thesis.

(5) Four copies of the thesis shall be presented in a form which complies with the requirements of the University for the preparation and submission of theses for higher degrees.

(6) It shall be understood that the University retains the four copies of the thesis submitted for examination and is free to allow the thesis to be consulted or borrowed. Subject to the provisions of the Copyright Act, 1968, the University may issue the thesis in whole or in part, in photostat or microfilm or other copying medium.

**Examination**

6. (1) There shall be not fewer than three examiners of the thesis, appointed by the Committee, at least two of whom shall be external to the University.

(2) At the conclusion of the examination each examiner shall submit to the Committee a concise report on the thesis and shall recommend to the Committee that one of the following:

(a) The thesis merits the award of the degree.

(b) The thesis merits the award of the degree subject to minor corrections as listed being made to the satisfaction of the head of school.

(c) The thesis requires further work on matters detailed in my report. Should performance in this further work be to the satisfaction of the higher degree Committee, the thesis would merit the award of the degree.

(d) The thesis does not merit the award of the degree in its present form and further work as described in my report is required. The revised thesis should be subject to re-examination.
(e) The thesis does not merit the award of the degree and does not demonstrate that resubmission would be likely to achieve that merit.

(3) If the performance in the further work recommended under (2)(c) above is not to the satisfaction of the Committee, the Committee may permit the candidate to submit the thesis for re-examination as determined by the Committee within a period determined by it but not exceeding eighteen months.

(4) After consideration of the examiners' reports and the results of any further examination of the thesis, the Committee may require the candidate to submit to written or oral examination before recommending whether or not the candidate be awarded the degree. If it is decided that the candidate be not awarded the degree, the Committee shall determine whether or not the candidate be permitted to resubmit the thesis after a further period of study and/or research.

Fees

7. A candidate shall pay such fees as may be determined from time to time by the Council.

Master of Commerce (Honours) (MCom(Hons))

1. The degree of Master of Commerce (Honours) may be awarded by the Council on the recommendation of the Higher Degree Committee of the Faculty of Commerce and Economics (hereinafter referred to as the Committee) to a candidate who has satisfactorily completed a program of advanced study.

Qualifications

2. (1) A candidate for the degree shall have been awarded an appropriate degree of Bachelor from the University of New South Wales or a qualification considered equivalent from another university or tertiary institution at a level acceptable to the Committee.

(2) In exceptional cases an applicant who submits evidence of such other academic and professional qualifications as may be approved by the Committee may be permitted to enrol for the degree.

(3) If the Committee is not satisfied with the qualifications submitted by an applicant the Committee may require the applicant to undergo such assessment or carry out such work as the Committee may prescribe, before permitting enrolment.

Enrolment and Progression

3. (1) An application to enrol as a candidate for the degree shall be made on the prescribed form which shall be lodged with the Registrar at least two calendar months before the commencement of the session in which enrolment is to begin.

(2) In every case, before permitting a candidate to enrol, the head of the school* in which the candidate intends to enrol shall be satisfied that adequate supervision and facilities are available.

(3) An approved candidate shall be enrolled in one of the following categories:

(a) full-time attendance at the University;

(b) part-time attendance at the University;

(c) external - not in regular attendance at the University and using research facilities external to the University. Before permitting a candidate to enrol externally, the head of the school in which the candidate intends to enrol shall be satisfied that the candidate can be adequately supervised on an external basis. Formal subjects may not be taken externally.

(4) A candidate shall undertake such formal subjects and, except in exceptional circumstances, pass at the first attempt such assessment as prescribed, and shall demonstrate ability to undertake research by the submission of a thesis embodying the results of an original investigation on a topic approved by the Committee.

*School is used here and elsewhere in these conditions to mean any teaching unit authorized to enrol research students and includes a department where that department is not within a school, a centre given approval by the Academic Board to enrol students, and an interdisciplinary unit within a faculty and under control of the Dean of the Faculty. Enrolment is permitted in more than one such teaching unit.
(5) A candidate shall maintain an average of credit or better in the formal subjects prescribed for the degree. A full-time candidate shall undertake not more than four subjects in any session. A part-time candidate shall undertake not more than two subjects in any session.

(6) A candidate may also be required to undergo such assessment and perform such other work as may be prescribed by the Committee.

(7) The work on the topic shall be carried out under the direction of a supervisor appointed by the Committee from the full-time academic members of the University staff.

(8) The progress of a candidate shall be reviewed annually by the Committee following a report by the candidate, the supervisor and the head of the school in which the candidate is enrolled and as a result of such review the Committee may cancel enrolment or take such other action as it considers appropriate.

(9) No candidate shall be awarded the degree until the lapse of four academic sessions from the date of enrolment in the case of a full-time candidate or six academic sessions in the case of a part-time or external candidate. In the case of a candidate who has been awarded the degree of Bachelor with Honours or a qualification considered equivalent or who has had previous research experience the Committee may approve remission of up to two sessions for a full-time candidate and three sessions for a part-time or external candidate.

(10) A thesis shall be submitted not later than five sessions after the completion of the prescribed formal subjects. In special cases an extension of this time may be granted by the Committee.

Thesis

4. (1) On completing the program of study a candidate shall submit a thesis embodying the results of the investigation.

(2) The candidate shall give in writing to the Registrar two months notice of intention to submit the thesis.

(3) The thesis shall present an account of the candidate's own research. In special cases work done conjointly with other persons may be accepted, provided the Committee is satisfied about the extent of the candidate's part in the joint research.

(4) The candidate may also submit any work previously published whether or not such work is related to the thesis.

(5) Three copies of the thesis shall be presented in a form which complies with the requirements of the University for the preparation and submission of project reports and theses for higher degrees.

(6) It shall be understood that the University retains the three copies of the thesis submitted for examination and is free to allow it to be consulted or borrowed. Subject to the provisions of the Copyright Act, 1968 the University may issue the project report or thesis in whole or in part, in photostat or microfilm or other copying medium.

Examination of Thesis

5. (1) There shall be not fewer than two examiners of the thesis, appointed by the Committee, at least one of whom shall be external to the University unless the Committee is satisfied that this is not practicable.

(2) At the conclusion of the examination each examiner shall submit to the Committee a concise report on the thesis and shall recommend to the Committee that:

(a) the thesis be noted as satisfactory

(b) the thesis be noted as satisfactory subject to minor corrections as listed being made to the satisfaction of the head of the school

(c) the thesis requires further work on matters detailed in the report. Should performance in this further work be to the satisfaction of the Higher Degree Committee, the thesis would be noted as satisfactory; or

(d) the candidate be noted as unsatisfactory but that the candidate be permitted to resubmit the thesis in a revised form after a further period of study and/or research; or

(e) the thesis be noted as unsatisfactory and that the candidate be not permitted to resubmit the thesis.

(3) If the performance at the further examination recommended under (2)(c) above is not to the satisfaction of the Committee, the Committee may permit the candidate to re-present the
same thesis and submit to further examination as determined by the Committee within a period specified by it but not exceeding eighteen months.

(4) The Committee shall, after consideration of the examiners, reports and the results of any further examination or prescribed course of study, recommend whether or not the candidate may be awarded the degree. If it is decided that the candidate be not awarded the degree the Committee shall determine whether or not the candidate may resubmit the thesis after a further period of study and/or research.

Fees

6. A candidate shall pay such fees as may be determined from time to time by the Council.

Master of Commerce (MCom)

1. The degree of Master of Commerce may be awarded by the Council to a candidate who has satisfactorily completed a program of advanced study.

Qualifications

2. (1) A candidate for the degree shall have been awarded an appropriate degree of Bachelor from the University of New South Wales or a qualification considered equivalent from another university or tertiary institution at a level acceptable to the Higher Degree Committee of the Faculty of Commerce and Economics (hereinafter referred to as the Committee). Except in exceptional circumstances a candidate shall be expected to have had at least one year's appropriate experience.

(2) In exceptional cases an applicant who submits evidence of such other academic and professional qualifications as may be approved by the Committee may be permitted to enrol for the degree.

(3) If the Committee is not satisfied with the qualifications submitted by an applicant the Committee may require the applicant to undergo such assessment or carry out such work as the Committee may prescribe, before permitting enrolment.

Enrolment and Progression

3. (1) An application to enrol as a candidate for the degree shall be made on the prescribed form which shall be lodged with the Registrar at least three calendar months before the start of the session in which enrolment is to begin.

(2) A candidate for the degree shall be required to undertake a course of formal study prescribed by the Committee as set out in the course requirements for the Master of Commerce degree and, except in exceptional circumstances, pass at the first attempt such assessment as prescribed.

(3) Normally a full-time candidate shall undertake three subjects in each session of enrolment and a part-time candidate shall undertake two subjects in each session of enrolment.

(4) The progress of a candidate shall be reviewed at least once annually by the Committee and as a result of its review the Committee may cancel enrolment or take such other action as it considers appropriate.

Fees

4. A candidate shall pay such fees as may be determined from time to time by the Council.
Master of Commerce (Customised) (MCom)

1. The customised Degree of Master of Commerce may be awarded by the Council to a candidate who has satisfactorily completed a program of advanced study approved by the Higher Degree Committee of the Faculty of Commerce (hereafter referred to as the Committee) according to a contract established between the University and the organisation commissioning the program.

Qualifications

2. (1) A candidate for the degree shall have been awarded an appropriate degree of Bachelor from the University of New South Wales or a qualification considered equivalent from another university or tertiary institution at a level acceptable to the Committee. Except in exceptional circumstances a candidate who has completed a three-year course shall be expected to have had at least one year’s appropriate experience.

(2) In exceptional cases an applicant who submits evidence of such other academic and professional qualifications as may be approved by the Committee may be permitted to enrol for the degree.

(3) If the Committee is not satisfied with the qualifications submitted by an applicant the Committee may require the applicant to undergo such assessment or carry out such work as the Committee may prescribe before permitting enrolment.

Enrolment and Progression

3. (1) An application to enrol as a candidate for the degree shall be made on the prescribed form which shall be lodged with the Academic Registrar at least one calendar month before the commencement of the program.

(2) A candidate for the degree shall be required to undertake a course of formal study defined by contract from those programs approved by the Committee as satisfying the course requirements for the Master of Commerce Degree, and shall, except in exceptional circumstances, pass at the first attempt such assessment as prescribed.

(3) The progress of a candidate shall be reviewed periodically by the Committee and as a result of its review the Committee may cancel enrolment or take such other action as it considers appropriate.

Fees

4. A candidate shall pay fees as may be determined from time to time by the Council.

Master of Technology Management (MTM)

1. The degree of Master of Technology Management by formal course work may be awarded by the Council to a candidate who has satisfactorily completed a program of advanced study.

Qualifications

2. (1) A candidate for the degree shall have been awarded an appropriate degree of Bachelor from the University of New South Wales or a qualification considered equivalent from another university or tertiary institution at a level considered acceptable to the Course Committee. This is normally either:

(a) a four year degree, or,

(b) a three year degree plus either another qualification at an acceptable level, or, other academic or professional attainments (including relevant work experience).

(2) An applicant who submits evidence of such other academic and professional qualifications as may be approved by the Committee may be permitted to enrol in the degree.

(3) If the Committee is not satisfied with the qualifications submitted by an applicant the Committee may require that the applicant undergo such assessment, or carry out such work, as the Committee may prescribe before permitting enrolment.
Enrolment and Progression

3. (1) An application to enrol as a candidate for a degree shall be made on the prescribed form which shall be lodged with the registrar at least two calendar months before the commencement of the Session in which enrolment is to begin.

(2) A candidate for the degree shall be required to undertake such formal subjects and pass such assessments as prescribed.

(3) The progress of a candidate shall be reviewed at least once annually by the Committee and, as a result of its review, the committee may cancel enrolment or take such other action as it considers appropriate.

(4) No candidate shall be awarded the degree until the lapse of at least two academic sessions from the date of enrolment in the case of full time enrolment or four academic sessions in the case of part time enrolment. The maximum period of enrolment shall be 4 academic sessions for a full time candidate and 8 academic sessions for a part time candidate. In special cases variations to these times may be granted by the Committee.

Fees

4. A candidate shall pay such fees as may be determined from time to time by the Council.

Graduate Diploma (GradDip)

1. A Graduate Diploma may be awarded by the Council to a candidate who has satisfactorily completed a program of advanced study.

Qualifications

2.(1) A candidate for the Graduate Diploma shall have been awarded an appropriate degree of Bachelor from the University of New South Wales or a qualification considered equivalent from another university or tertiary institution at a level acceptable to the Higher Degree Committee of the Faculty of Commerce and Economics (hereafter referred to as the Committee). Except in exceptional circumstances a candidate shall be expected to have had at least one year’s appropriate experience.

(2) An applicant who submits evidence of such other academic or professional attainments as may be approved by the Committee may be permitted to enrol for the Graduate Diploma.

(3) If the Committee is not satisfied with the qualifications submitted by the applicant the Committee may require the applicant to undergo such assessment or carry out such work as the Committee may prescribe, before permitting enrolment.

Enrolment and Progression

3.(1) An application to enrol as candidate shall be made on the prescribed form which shall be lodged with the Registrar at least three calendar months before the commencement of the session in which enrolment is to begin.

(2) A candidate for the diploma shall be required to undertake such formal study prescribed by the Committee as set out in the course requirements for the Graduate Diploma and pass such assessment as prescribed.

(3) Normally a full-time candidate shall undertake three subjects in each session of enrolment and a part-time candidate shall undertake two subjects in each session of enrolment.

(4) The progress of a candidate shall be reviewed at least once annually by the Committee and as a result of its review the Committee may cancel enrolment or take such other action as it considers appropriate.

Fees

4. A candidate shall pay such fees as may be determined from time to time by the Council.
Graduate Diploma in Commerce (Customised) (GradDip)

1. The customised Graduate Diploma in Commerce may be awarded by the Council to a candidate who has satisfactorily completed a program of advanced study approved by the Higher Degree Committee of the Faculty of Commerce and Economics (hereafter referred to as the Committee) according to a contract established between the University and the organisation commissioning the program.

Qualifications

2. (1) A candidate for the Graduate Diploma shall have been awarded an appropriate degree of Bachelor from the University of New South Wales or a qualification considered equivalent from another university or tertiary institution at a level acceptable to the Committee. Except in exceptional circumstances a candidate shall be expected to have had at least one year’s appropriate experience.

(2) An applicant who submits evidence of such other academic or professional attainments as may be approved by the Committee may be permitted to enrol for the diploma.

(3) If the Committee is not satisfied with the qualifications submitted by the applicant the Committee may require the applicant to undergo such assessment or carry out such work as the Committee may prescribe, before permitting enrolment.

Enrolment and Progression

3. (1) An application to enrol as a candidate for the diploma shall be made on the prescribed form which shall be lodged with the Registrar at least one calendar month before the commencement of the program.

(2) A candidate for the diploma shall be required to undertake a course of formal study defined by contract and approved by the Committee as satisfying the course requirements for the Graduate Diploma and pass such assessments as prescribed.

(3) The progress of the candidate shall be reviewed periodically by the Committee and as a result of its review the Committee may cancel enrolment or take such other action as it considers appropriate.

Fees

4. A candidate shall pay such fees as may be determined from time to time by the Council.

Graduate Certificate in Commerce (GradCertCom)

1. A Graduate Certificate may be awarded by the Council to a candidate who has satisfactorily completed a program of advanced study.

Qualifications

2. (1) A candidate for the Graduate Certificate shall have been awarded an appropriate degree of Bachelor from the University of New South Wales or a qualification considered equivalent from another university or tertiary institution at a level acceptable to the Higher Degree Committee of the Faculty of Commerce and Economics (hereafter referred to as the Committee). Except in exceptional circumstances a candidate shall be expected to have had at least one year’s appropriate experience.

(2) An applicant who submits evidence of such other academic or professional attainments as may be approved by the Committee may be permitted to enrol for the Certificate.

(3) If the Committee is not satisfied with the qualifications submitted by the applicant, the Committee may require the applicant to undergo such assessment or carry out such work as the Committee may prescribe, before permitted enrolment.
Enrolment and Progression

3. (1) An application to enrol as a candidate shall be made on the prescribed form which shall be lodged with the Registrar.

(2) A candidate for the Certificate shall be required to undertake such formal study prescribed by the Committee as set out in the course requirements for the Graduate Certificate and pass such assessment as prescribed.

[Section 3(3) of the Graduate Diploma is omitted, as it relates to the number of subjects to be taken per session by full-time and part-time candidates respectively; Graduate Certificate candidates may have variable patterns of enrolment, and section 3(3) provides a safeguard.]

(3) The progress of a candidate shall be reviewed at least once annually by the Committee and as a result of its review the Committee may cancel enrolment or take such other action as it considers appropriate.

Fees

4. A candidate shall pay such fees as may be determined from time to time by the Council.

Graduate Certificate in Commerce (Customised) (GradCertCom)

1. The customised Graduate Certificate in Commerce may be awarded by the Council to a candidate who has satisfactorily completed a program of advanced study approved by the Higher Degree Committee of the Faculty of Commerce and Economics (hereafter referred to as the Committee) according to a contract established between the University and the organisation commissioning the program.

Qualifications

2. (1) A candidate for the Graduate Certificate shall have been awarded an appropriate degree of Bachelor from the University of New South Wales or a qualification considered equivalent from another university or tertiary institution at a level acceptable to the Committee. Except in exceptional circumstances a candidate shall be expected to have had at least one year’s appropriate experience.

(2) An applicant who submits evidence of such other academic or professional attainments as may be approved by the Committee may be permitted to enrol for the certificate.

(3) If the Committee is not satisfied with the qualifications submitted by the applicant the Committee may require the applicant to undergo such assessment or carry out such work as the Committee may prescribe, before permitting enrolment.

Enrolment and Progression

3. (1) An application to enrol as a candidate shall be made on the prescribed form which shall be lodged with the Registrar at least one calendar month before the commencement of the program.

(2) A candidate for the certificate shall be required to undertake a course of formal study defined by contract and approved by the Committee as satisfying the course requirements for the Graduate Certificate and pass such assessment as prescribed.

(3) The progress of the candidate shall be reviewed periodically by the Committee and as a result of its review the Committee may cancel enrolment or take such other action as it considers appropriate.

Fees

4. A candidate shall pay such fees as may be determined from time to time by the Council.
The scholarships listed below are available to students whose courses are listed in this book. Each faculty handbook contains in its scholarships section the scholarships available for study in that faculty. Travel scholarships are shown separately. Applicants should note that the scholarships and their conditions are subject to review and the closing dates for awards may vary from year to year.

Scholarship information is regularly included in the University publication 'Uniken/Focus'. Students investigating study opportunities overseas should also consult Study Abroad which is published by UNESCO and is available in the University library. The British Council (02 9326 2365) may be of assistance for information about study in Britain. The Australian-American Education Foundation (06 247 9331) can provide information about study in America. Information may also be obtained from the embassy or consulate of the country in which the study is proposed and from the proposed overseas institution. Details of overseas awards and exchanges administered by the Department of Employment, Education, Training and Youth Affairs (DEETYA) can be obtained from the Awards and Exchanges Section, DEETYA, PO Box 826, Woden, ACT 2606.

KEY

L Students with Australian Citizenship or Permanent Resident status can apply.
I International students can apply.

Postgraduate scholarships for research or coursework are identified with the following codes:

R Available for study by research (normally Masters by Research or PhD).
C Available for study by coursework (normally Masters by Coursework or Graduate Diploma).

The scholarship information is normally provided in the following format:

- Amount
- Duration
- Conditions

Unless otherwise stated, application forms are available from the Scholarships Unit, c/- the Student Centre (Lower Ground Floor, Chancellery). Applications normally become available four to six weeks before the closing date.
Undergraduate Scholarships

Following are details of scholarships available to undergraduate students at UNSW.

The scholarships are listed according to the year of study for which the scholarship is available (i.e., scholarships for first-year students; scholarships for second or later-year students; scholarships for Honours-year students) or whether they are available to undertake travel, and then also by Faculty and course (e.g., scholarships in Science or Engineering). If a scholarship is available to all students, it will be listed in the General Scholarships section.

Scholarships for Students entering the First Year of an Undergraduate Course

General

The Alumni Association Scholarships (I,L)
- Up to $1,500 pa
- 1 year with the possibility of renewal
The scholarships are available to students enrolled in any year of a full-time undergraduate course. Candidates must be the children or grandchildren of alumni of the University of New South Wales. Applications close mid-January.

The Australian Development Co-operation Scholarship (ADCOS) (I)
- Tuition fees. Some students may be eligible for airfares and a stipend.
- Determined by normal course duration
This award is for international students from selected countries only. Information and application forms should be obtained from the Australian Education Centre or Diplomatic Post in the home country. The award conditions and entitlements vary depending on the home country. The closing date is normally early in the year before the year of study.

The Australian Vietnam Veterans Trust Education Assistance Scheme (L)
- $3,500 pa for the duration of the course
Applicants must be a child of a Vietnam veteran and under the age of 25 at the time of application. The award is subject to the same income test as AUSTUDY. Applicants can be undertaking any year of a Bachelors course. Applications and further information are available from the Australian Vietnam War Veterans Trust National Office, PO Box K978, Haymarket NSW 2000 (02 9281 7077). Applications close 31 October.

The Ben Lexcen Sports Scholarships (I,L)
- $2,000 pa
- 1 year with possibility of renewal
The scholarships are available to students who are accepted into a course of at least two years duration. Prospective applicants should have an outstanding ability in a particular sport and are expected to be an active member of a UNSW Sports Club. Apply directly to the Manager, Sports Association, UNSW, Sydney 2052 Australia. Tel (02) 9385 6022, Fax (02) 9385 6180.

The UNSW Co-Op Program (L)
- $10,400 pa and between 9 and 20 months industry training
- The duration of the course subject to satisfactory progress
The scholarships are offered by industry groups through the University in the three faculties of Applied Science, Commerce and Economics and Engineering. Scholars are selected by interview with emphasis placed on achievements in community and extra-curricular activities as well as communication and leadership skills.
A minimum TER of around 90 is expected. The Co-op Application Form is available from school Careers Advisers or the Co-op Office on (02) 9385 5116. Applications close September 30 with interviews held at the end of November and beginning of December.

The Girls Realm Guild Scholarships (L)
- Up to $1,500 pa
- 1 year with the prospect of renewal subject to satisfactory progress and continued demonstration of need
The scholarships are available to female students under 35 years of age who are enrolling in any year of a full-time undergraduate course. Selection is based on academic merit and financial need. Applications close 25 March.
The John Niland Scholarships (L)

• $5,000
• 1 year

The scholarship provides assistance to enhance the opportunity of students from country high schools in Australia to enrol in an undergraduate program of study at UNSW. Applicants will be students who complete the HSC (or its counterpart matriculation requirement) in the top five percent of their state-wide cohort, having been enrolled at a country high school in Australia. Selection will be based on academic merit, potential to contribute to the wider life of the University and consideration of social and/or economic circumstances which might otherwise hinder successful transition to UNSW. Applications close 30 October.

The National Health and Medical Research Council (NH&MRC) Aboriginal Health Research Scholarships (L)

• $22,250
• Up to 3 years

Applicants may be undertaking an undergraduate degree in order to pursue research relevant to Aboriginal health. Applications close mid-July.

The Ngunnagan Club Scholarship (L)

• Up to $2,000
• 1 year

The scholarship is available to students enrolled at an Australian country high school who complete the HSC (or its counterpart matriculation requirement) in the top five percent of their state cohort. Applicants should complete an official application form by 31 October in the year prior to their intended enrolment at UNSW. Final performance in the HSC (or its counterpart matriculation) examination should be reported to the Scholarships Unit once known.

The W.S. and L.B. Robinson Scholarship (L)

• Up to $6,500 pa
• 1 year renewable for the duration of the course subject to satisfactory progress

Applicants must have completed their schooling in Broken Hill or have parents who reside in Broken Hill. Applicants should be undertaking a course related to the mining industry, for example courses in Mining Engineering, Geology, Electrical and Mechanical Engineering, Metallurgical Process Engineering, Chemical Engineering or Science. A letter of application should be sent to Pasminco Mining, PO Box 460, Broken Hill, NSW 2880. Applications close 30 September each year.

Scholarships for students in their second or later years of study

General

The Alumni Association Scholarships (L,L)

• Up to $1,500 pa
• 1 year with the possibility of renewal

The scholarships are available to students enrolled in any year of a full-time undergraduate course. Candidates must be the children or grandchildren of alumni of the University of New South Wales. Applications close early January.

The Australian Vietnam Veterans Trust Education Assistance Scheme (L)

• $3,500 pa for the duration of the course

Applicants must be a child of a Vietnam veteran and under the age of 25 at the time of application. The award is subject to the same income test as AUSTUDY. Applicants can be undertaking any year of a Bachelor's course. Applications and further information are available from the Australian Vietnam War Veterans Trust National Office, PO Box K978, Haymarket NSW 2000 (tel 02 9281 7077). Applications close 31 October.

The Ben Lexcen Sports Scholarships (L,L)

• $2,000 pa
• 1 year with possibility of renewal

The scholarships are available to students who are accepted into a course of at least two years duration. Prospective applicants should have an outstanding ability in a particular sport and are expected to be an active member of a UNSW Sports Club. Apply directly to the Manager, Sports Association, UNSW, Sydney 2052. Tel (02) 9385 6022, Fax (02) 9385 6180.

The Girls Realm Guild Scholarship (L)

• Up to $1,500 pa
• 1 year with the prospect of renewal subject to satisfactory progress and continued demonstration of need

The scholarships are available only to female students under 35 years of age who are enrolling in any year of a full-time undergraduate course. Selection is based on academic merit and financial need. Applications close 25 March.
The Minproc Engineering Limited Scholarship (L)
- $6500 pa
- 1 year renewable for the duration of the course subject to satisfactory progress
The scholarship is available to a student entering either Year 3 or 4 of the Bachelor of Engineering Science course with subject content in the fields of Engineering or Mineral Chemistry, or a Bachelor of Engineering with majors in the fields of Chemical, Metallurgical or Mechanical Engineering, or related courses. Applications close early March.

The National Health and Medical Research Council (NH&MRC) Aboriginal Health Research Scholarships (L)
- $22,250
- Up to 3 years
Applicants may be undertaking an undergraduate degree in order to pursue research relevant to Aboriginal health. Applications close mid July.

The NSW Ministry for the Arts Scholarships (L, R, C)
- $5,000 - $25,000 (depending on the award)
The NSW Government offers a number of scholarships and awards to writers, artists and scholars living in NSW. Further information is available from New South Wales Ministry for the Arts, GPO Box 5341, Sydney NSW 2000. Tel (02) 9228 3533, Fax (02) 9228 4722.

The Pig Research and Development Corporation (PRDC) Undergraduate Encouragement Award (L)
- $600 lump sum
Applicants must be in the later stage of an undergraduate degree and interested in undertaking a research project related to the Australian pig industry. Applications close 3 times a year (i.e. 1 March, 1 July, 1 October).

The Sam Cracknell Memorial Scholarships (L,L)
- Up to $1,500 pa
- 1 year
Applicants should have already completed at least 2 years of a degree or diploma course and be enrolled in a full-time course during the year of application. Selection is based on academic merit, participation in sport both directly and administratively and financial need. Applications close 31 March.

The Telstra Education Fellowships (L)
- $7,500
- 1 year
Applicants must be in the final year of study in the disciplines of computer, electrical or electronic engineering or computer science. Applications normally close at the end of July.

The W.S. and L.B. Robinson Scholarship (L)
- Up to $6,500 pa. 1 year renewable for the duration of the course subject to satisfactory progress
Applicants must have completed their schooling in Broken Hill or have parents who reside in Broken Hill. Applicants should be undertaking a course related to the mining industry, for example courses in Mining Engineering, Geology, Electrical and Mechanical Engineering, Metallurgical Process Engineering, Chemical Engineering and Science. A letter of application should be sent to Pasminco Mining, PO Box 460, Broken Hill, NSW 2880. Applications close 30 September.

Faculty

Commerce and Economics

The Australian Hotels Association Hospitality Management Scholarship (L)
- Up to $3,000
- 1 year
Applicants must have completed Year 2 of the degree course in Marketing and Hospitality Management. The successful applicant is awarded the scholarship on the basis of a recommendation from the School.

The Bankers Trust Australia Scholarship (L)
- Up to $2,500
- 1 year renewable for the duration of the course subject to satisfactory progress
Applicants must be entering Year 3 of the honours degree course in Finance, Marketing or Accounting. Applications normally close in March.

The Canon Australia Marketing Scholarship (L)
- Up to $10,000 pa
- 1 year
Applicants should be enrolling in Year 3 of the Bachelor of Commerce (Marketing) undertaking a single major, or Year 4 of the double major course. Applications close at the end of March.

The McDonald’s Hospitality Management Scholarship (L)
- $5,000 pa
- 1 year
Applicants should be enrolled in Year 4 of the degree course in Marketing and Hospitality Management. The successful applicant is awarded the scholarship on the basis of a recommendation from the School.
Honours Year Scholarships

General

The Alumni Association Scholarships (L)
- Up to $1,500 pa
- 1 year with the possibility of renewal
The scholarships are available to students enrolled in any year of a full-time undergraduate course. Candidates must be the children or grandchildren of alumni of the University of New South Wales. Applications close 13 January.

The Apex Foundation for Research into Intellectual Disability Studentships (L)
- $1,000 paid in a lump sum
The studentships are available to students preparing a thesis related to intellectual disability. Applications should be in the form of a letter which includes a curriculum vitae and thesis plan and must be supported by a letter from the head of school/department. Applications should be sent to the honorary secretary, apex foundation studentships, PO Box 311, Mt Evelyn Vic 3796 by 31 May.

The Australian and New Zealand Council for the Care of Animals in Research and Teaching (ANZCCART) Student Award (L)
- $1,000 for attendance at the annual conference
Applicants can be Honours students from any discipline. The award provides assistance for a student to attend the annual conference. Applications are available from ANZCCART, PO Box 19 Glen Osmond, SA, 5064, (tel 08 303 7325). Applications close in July.

The Australian Vietnam Veterans Trust Education Assistance Scheme (L)

Short-Term Student Exchange Promotion Program (Inbound)
Peace and Friendship Scholarships (L)
• 50,000 yen (settling-in allowance), 100,000 yen per month, plus airfare
• Ten months to one year

Applicants must be accepted by a Japanese university under a student exchange program agreement with UNSW. Students must initially apply directly to a Japanese university through the International Student Centre at UNSW. The Japanese host university will recommend candidates to AIEJ and students must apply as directed by the host university. Applications close in February, May and September each year.

The Association of International Education Japan (AIEJ)
Short-Term Student Exchange Promotion Program (Inbound) Scholarships (L)
• 50,000 yen (settling-in allowance), 80,000 yen per month, plus airfare
• Six months to one year

Applicants must be accepted by a Japanese university under a student exchange program agreement with UNSW. Students must initially apply directly to a Japanese university through the International Student Centre at UNSW. The Japanese host university will recommend candidates to AIEJ and students must apply as directed by the host university. Applications close in February, May and September each year.

DAAO - The German Academic Exchange Service Scholarships (L)
Application forms for the following scholarships are available from the Consulate General of the Federal Republic of Germany, PO Box 204, Woollahra NSW 2025.

One-Semester German Studies Scholarships
• DM1,000 a month living allowance, travel assistance of DM2,500 and the health insurance contribution
• One semester

Applicants must be in their third year of German Studies. Applications close 1 July.

Deutschlandkundlicher Winterkurs
• DM3,500 to assist with travel and living expenses and course fees

Undergraduate and postgraduate students from all fields with at least two years University level German (with a better than B average) may apply for this scholarship. The students should be aged from 19 to 32 and proposing to undertake the 8 week (in January and February 1997) German studies course (in German) at the University of Freiburg. The course provides language instruction and concentrates on historical and cultural aspects of contemporary Germany for students with some knowledge of German and a background in German Studies. Applications close 1 August.

The International Exchange Travel Scholarships (L)
• Up to $1,500 pa
• 1 year

The scholarships were established to encourage UNSW students to participate in the University’s formal international exchange programs. Students must be undergraduates embarking on a period of study overseas which will count toward their UNSW degree. Awards will be granted on the basis of academic merit. Interested students should
contact the International Student Centre, tel (02) 9385 5333.

The Mitsui Education Foundation Scholarship (L)
A one month scholarship to Japan is available to a young Australian national to help promote goodwill between the two countries. Candidates should be full-time undergraduate students aged between 20-24 and preferably in their third or fourth year. The successful student will travel to Japan during November and December. Application forms become available in June and close mid-July.

The National Asian Languages Scholarship (L)
Students who have completed two years of tertiary level language study can apply to undertake advanced language study in Asia for 6 to 12 months. Applications close 15 September.

The NSW Travelling Art Scholarship (L)
• $25,000
The scholarship is available to an emerging visual artist to undertake a course of study or training overseas for one or two years. Guidelines and applications are available from NSW Ministry for the Arts, GPO Box 5341, Sydney 2001 (02 228 5533). Applications normally close in July.

The Robert Sutton/ Jardine Matheson Scholarship (L)
• Up to $1,000
This scholarship is available to provide an Honours year student, from either the Faculty of Commerce or from the Faculty of Arts, with assistance to undertake a semester of study in Asia which would count towards their degree. Further information is available from the International Student Centre.

The Swiss Confederation Scholarships (L)
One scholarship may be available from The Swiss Confederation for art studies (for example, painting, graphic design, sculpture, music) in the 1997/1998 academic year. The scholarship will be awarded on the basis of academic merit and the possibilities for study in Switzerland. Applicants must have been born after 1 January 1962. The scholarship can only be allocated after the candidate has been accepted by a Swiss art school or conservatory. Applicants will be required to pass a language test in German or French. Applications close 1 December 1996.

The STA Travel Grant (I,L)
• Up to $3,000
Applicants must be undertaking study leading to a degree or diploma of the University and be members of the University Union. The grant is awarded on the basis of significant contribution to the community life of the University involving a leadership role in student affairs and the University Union and the relevance and merit of the proposed travel to the student’s academic program or University Union activities. Applications close 30 April each year.

Faculty

Commerce and Economics

The Deutsche Bank and Bain & Company Scholarship (L)
• Living and travel allowance up to $6,000
The scholarship is for organised travel to London and Frankfurt to explore thesis research topics with Deutsche Bank and Morgan Grenfell personnel. Applicants must be proceeding to full-time study in the Honours year of a Bachelor of Commerce (Honours) degree in Finance. The travel must be taken prior to commencing the Honours year. Applications close at the end of July.
Graduate Scholarships

Following are details of scholarships available to postgraduate students at UNSW.

The scholarships are listed by faculty and course (e.g. scholarships in Science or Engineering) or whether they are available to undertake travel. If a scholarship is available to all students it will be listed in the General Scholarships section. For further information contact:

The Arthritis Foundation Research Scholarships (L, R)
- $8,000 - $22,000 pa
- 1 year with a possible 2 year extension

Applicants must be enrolled in studies leading to a PhD or MD. Awards are offered for clinical, scientific and allied health professional research and professional education projects. Specific awards relate to studies of rheumatoid arthritis, osteoporosis, ankylosing spondylitis, lupus, scleroderma, fibromyalgia and Paget's Disease. Applications close with the Foundation in early June.

The Australian Brewers Foundation Alcohol Related Medical Research Postgraduate Scholarships (I, L, R)
- Similar to the NH&MRC (see NH&MRC entry)
- 1 year

Similar to the NH&MRC. The scholarships are available to support research into the medical, social and public health aspects of moderate, hazardous or harmful alcohol consumption. Applications close in mid-September.

The Australian Coral Reef Society (ACRS) Inc Student Grants (L, I, R, C)
- $1,000 (plus $1,500 Walker prize for the best proposal)

The grant is open to students at any Australian University who are enrolled in a PhD or MSc involving research on coral reefs. Recipients must be a member of, or be willing to join the ACRS. Applications normally close in late November.

The Australian Federation of University Women (L, I, R, C)

Each year the Federation offers to its members a number of awards for study in Australia and overseas. Details of awards are included in a booklet available from the Australian Federation of University Women Inc, 8th Floor, Dy...
The Australian Institute of Nuclear Science and Engineering (AINSE) Postgraduate Research Awards (L, I, R)
- $7,500 supplement to an APA or equivalent scholarship (see APA entry under General), plus allowances
- Up to 3 years
Applicants must be in receipt of an APA or equivalent scholarship and have completed (or expect to complete) a Bachelor of Engineering or Bachelor of Science with Honours. At least one quarter of the period of tenure must be spent at the Institute at Lucas Heights, NSW. Applications close in early December.

The Australian and New Zealand Council for the Care of Animals in Research and Teaching (ANZCCART) Student Award (L, I, R, C)
- $1000 for attendance at the annual conference
Applicants can be postgraduate students from any discipline. The award provides assistance for a student to attend the annual conference. Applications are available from ANZCCART, PO Box 19, Glen Osmond, SA, 5064 (tel 08 303 7325). Applications close in July.

The Australian Pain Relief Association and Australian Pain Society PhD Scholarship (L, R)
- $16,750 pa plus allowances
- Up to 3 years (subject to satisfactory progress)
Applicants must hold an Honours 1 degree and be proposing to undertake a PhD in the mechanism, diagnosis, treatment or epidemiological features of acute or chronic (including cancer) pain. Further information and applications are available from the Australian Pain Society Secretariat, PO Box 629, Willoughby NSW 2068 (tel 02 9439 6744). Applications close in early November.

The Australian Telecommunications and Electronics Research Board (ATERB) Postgraduate Scholarships (L, R)
- $9,000 intended as a supplement to other awards
- 1 year with the possibility of renewal
Applicants must have graduated, or be proposing to graduate in the current academic year, with Honours 1 or equivalent. Preference will be given to applicants who are aged under 30 years as at 1 January and who are undertaking research in telecommunications transmission and terminal systems, telecommunications theory and applications, switching and signalling systems, software for telecommunications systems, integrated telecommunications and networking, distributed information systems and mobile communication. Applications are available from the Secretary, ATERB, PO Box 93, North Ryde, NSW 2113 (02 9887 8221). Applications normally close in late October.

The BHP Asia Pac Scholarship at UNSW (I, C)
- $10,000
- 1 year
The scholarship is open to citizens or permanent residents of Indonesia only. Applicants must be graduates of a recognised university who are eligible to enrol in a Master's by coursework degree at UNSW. The scholarship may be restricted to a particular coursework degree, to be determined. Selection will be based on academic merit, and the reasons for the proposed course of study, and may consider financial need. Applications close 31 October.

The Community Health and Anti-Tuberculosis Association - The Harry Windsor Biomedical and Medical Research Scholarship (L, R)
- $22,250 pa (Medical postgraduates), $15,364 - $19,827 pa (Biomedical Science graduates) plus allowances
- Up to 3 years
Applicants must be proposing to undertake medical research in the areas of tuberculosis, respiratory disease (particularly community aspects) or community health. Applications close in early August.

The Cooperative Research Centre for Eye Research and Technology (CRCERT) Postgraduate Research Scholarship (L, I, R)
- $15,321 - $19,827 pa (depending on the type of research)
- 3 years
The scholarship is available for full-time PhD studies in subjects such as optometry, microbiology, biochemistry, optics, materials science, polymer chemistry and immunology. Applicants should initially contact Dr Mark Wilcox, CRCERT, University of New South Wales, Sydney 2052 (02 9385 0222) for information about application procedures.

The Clean Air Society of Australia and New Zealand Inc Postgraduate Research Award (L, I, R, C)
- $5,000 pa
- 1 year, with a possible 1 year extension
The scholarship is open to students enrolled in a Masters degree program with a significant research component connected with air quality. Applications close in early February.

The CSIRO Division of Fisheries Supplementary PhD Awards (L, R)
- $10,000 pa
- Up to 3 years
This scholarship is a supplement to any primary scholarship (eg APA) for PhD study in marine studies, environmental studies, zoology, botany, broadly-based life sciences, eco-
nomics and mathematics. Applications close in early March.

The Dairy Research and Development Corporation (DRDC) Postgraduate Education Program (L, R)

Awards to undertake full-time postgraduate research degrees are available in a wide range of disciplines including dairy manufacturing, farm research, economics and marketing, and agricultural extension. New and experienced applicants are welcome to apply. Guidelines and applications are available from the Scholarships Unit or DRDC, PO Box 8000, Glen Iris VIC 3146 (03 9889 0577). Applications close 31 October.

The Energy Research and Development Corporation (ERDC) Postgraduate Awards (L, R, C)

- $21,000 pa plus $3,000 operating expenses to the institution
- Up to 3 years

ERDC awards are based on academic excellence or a proven track record of excellence in research which indicates potential to contribute to the energy industry. Projects should be relevant to ERDC's objectives for its investments. Applications close in late September.

The Garnett Passe and Rodney Williams Memorial Foundation Research Scholarships in Otolaryngology (L, I, R)

- $15,364 pa for science graduates, $22,850 pa for medical graduates, plus allowances
- 3 years

The scholarships are available to medical or science graduates for research in Otolaryngology or in related fields of biomedical science. Applicants must be enrolled in a postgraduate degree in Australia or New Zealand. Information and applications are available from the Garnett Passe and Rodney Williams Memorial Foundation, Pelham House, 165 Bouverie St, Carlton VIC 3053. Tel (03) 9349 2622, Fax (03) 9349 2615. Applications normally close in August.

The Gerontology Foundation Grant-In-Aid (L, I, R, C)

- Up to $5,000 for a specific research project

A Grant-In-Aid is awarded to students who have not had their work published in a refereed journal and who have not won any research grants in open competition. The grant supports a proposed scientific investigation topic specified by the Foundation. Information and applications are available from The Executive Officer, Gerontology Foundation of Australia Inc, PO Box 199, Annandale NSW 2038. Applications normally close in late July.

The Gowie Scholarship Trust Fund (L, R, C)

- $4,000 pa
- 2 years

Applicants must be members of the Forces or children (or grandchildren or lineal descendants) of members of the Forces who were on active service during the 1939-45 War. Tenable at tertiary institutions in Australia and overseas. Applications close in early October.

The Grains Research and Development Corporation (GRDC) Junior Research Scholarship (L, R)

- $21,000 pa plus up to $3,000 to the supporting institution, some conference/workshop attendance allowances
- Up to 3 years

Applicants must be undertaking full-time PhD studies in fields of high priority to the grains industry. Applications close in mid-October.

The Great Barrier Reef Marine Park Authority Research Support (L, I, R)

- $1,000

Applicants must be enrolled in a full-time PhD with a research project that could contribute to the planning and managing work undertaken by the Great Barrier Reef Marine Park Authority, and to the Reef's ecologically sustainable development. Studies may be in a variety of areas and can involve any aspect of the physical, biological, social, cultural, and economic environments of the Great Barrier Reef. Students proposing communication and extension-related studies can also apply. Applications and further information may be obtained from the Director, Research and Monitoring Section, Great Barrier Reef Marine Park Authority, PO Box 1379, Townsville QLD 4810 (07 7818811). Applications close in early December.

The Harold G. Conde Memorial Fellowship (L, R, C)

- $5,000 pa, subject to the availability of funds
- Up to 3 years

Applicants should be honours graduates. The Fellowship is a supplementary award to be held in conjunction with another scholarship and is for postgraduate study or research in a field related to the electricity industry. Applications close in early April.

The International Wool Secretariat Postgraduate Scholarships (L, I, R)

- $21,362 pa plus allowances
- Up to 3 years

The scholarships are tenable in Australian tertiary institutions or, in exceptional circumstances, overseas. The major areas of research are soils and pastures—production and utilisation, sheep breeding, sheep parasites and diseases, wool harvesting, processing and product development, raw
wool marketing, economic research and technology transfer in all of these areas. Applications close in mid-October.

The June Ople Fellowship (L, I, R, C)
- NZ$10,000
- 1 year
The award is administered by the University of Auckland and is available to citizens and permanent residents of Australia, Canada and New Zealand, and is designed as an incentive for students of high academic achievement who have a severe disability. It is primarily intended for those who plan to undertake postgraduate study with a view to preparing themselves for a role in the professions, in politics or more particularly in university teaching and research and who have disability issues as a continuing interest. Applications close with the University of Auckland in early October.

Land and Water Resources Research and Development Corporation (LWRRDC) Postgraduate Research Scholarships (L, I, R)
- $20,000 pa plus $5,000 for operating expenses
- 2 years for Masters, 3 years for a PhD degree
General Research Scholarships are available for research that will lead to better management, sustainable use and conservation of land, water and vegetation resources in Australia. Irrigation Research Scholarships are specifically for research that will lead to better management, sustainable use and conservation of natural resources within the irrigation industries. Applications are available from the Scholarships Unit or LWRRDC, GPO Box 2182, Canberra ACT 2601 (tel 06 2573379). Applications close in early October.

The Meat Research Corporation (MRC) Studentships and Junior Research Fellowships (L, R, C)
- $14,961 pa for study in a Masters or Diploma. $20,000 for a PhD in Australia or $US17,500 for study overseas, plus airfares, insurance and allowances
- 2 years for Studentships (Masters or Diploma), 3 years for Junior Research Fellowships (PhD)
Applicants should be proposing to undertake research and training in "off-farm" disciplines of practical value to the Australian beef, sheep meat, goat meat and buffalo industries. Applications normally close in mid-August.

The Menzies Research Scholarship in the Allied Health Sciences (L, R)
- Up to $24,000 pa
- 2 years
The scholarship is awarded to stimulate research in the non-medical allied health disciplines. Applications close in mid-June.

The Minerals Council of Australia Student Research Award (L, I, R)
- $500, plus travel and accommodation for the Environmental Workshop
The award is open to scholars who have completed or are undertaking postgraduate studies, and is aimed at encouraging excellence in student research and communication in the field of environmental management related to mining. The award will be judged on a paper written for and presented at the Minerals Council of Australia's Environmental Workshop. Nominations usually close in early May.

The National Drug Strategy (NDS) Postgraduate Research Scholarship (L, I, R)
- $23,204 pa
- 1 year, with a possible 2 year extension
Scholarships are available to students undertaking PhD studies and aim to develop expertise in researching and evaluating non-biomedical approaches to the prevention and treatment of drug misuse. Selection is based on academic merit, work experience and the potential of the project. Applications close in mid-July.

The National Health and Medical Research Council (NH&MRC) Aboriginal Health Research Scholarships (L, R)
- $15,364 - $22,850 pa (depending on qualifications)
- Up to 3 years
Applicants must be undertaking a course which includes, or leads to, research relevant to Aboriginal health. Applications close in mid-July.

The National Health and Medical Research Council (NH&MRC) Dora Lush Postgraduate Scholarships (L, R)
- $15,364 pa (or $19,307 for AIDS research, $17,364 for special initiative scholars) plus allowances
- Up to 3 years
Applicants should have completed a Science degree with Honours, or equivalent, at the time of submission of the application. Students enrolled in the Honours year at the time of application are not eligible. Applications close in mid-July.

The National Health and Medical Research Council (NH&MRC) Medical and Dental Postgraduate Scholarships (L, R)
- $22,850 pa plus allowances
- Up to 3 years
The scholarships are open to medical and dental graduates. Applications are particularly encouraged for postgraduate research in the following fields - alcohol and substance abuse, prostate cancer, nursing and allied health services, breast cancer, dementia, schizophrenia,
dentistry and dental services, injury and HIV/AIDS. Applications close in mid-June.

The National Health and Medical Research Council (NH&MRC) Public Health Postgraduate Scholarships (L, R)

- $22,000 pa (medical postgraduates), $19,500 pa (other postgraduates), plus allowances
- Up to 2 years for Masters, and up to 3 years for a PhD

The scholarship is designed to enable postgraduate students to obtain formal academic training in public health research. Applications close in mid-June.

The National Heart Foundation of Australia Postgraduate Medical and Science Research Scholarships (L, R)

- $16,364 (science), $22,250 (medical) plus $1,200 departmental allowance
- 1 year, renewable up to 3 years

The scholarship is available for research in cardiovascular function, disease or related problems. Applicants must usually reside in Australia. Medical applications close in mid-May and Science applications close in early October.

The National Tertiary Education Union (NTEU) Scholarship for the Study of Industrial Relations and Unionism in Australian Tertiary Education (L, I, R)

- $5,000 pa
- Up to 3 years

Applicants must have made or intend to make an application for candidacy for a Masters by Research or PhD in a topic which covers some aspect of industrial relations, policy issues and/or unionism related to Australian tertiary education. Applications close in early November.

The National Multiple Sclerosis Society of Australia Postgraduate Research Scholarships (L, R)

- Same as NH&MRC scholarship stipends for medical and biomedical graduates
- Up to 2 years

Scholarships are available to medical graduates (or to appropriately qualified science graduates or health professionals) enrolled in a postgraduate research degree. Applications close in mid-July.

The NSW Ministry for the Arts Scholarships (L, R, C)

- $5,000 - $25,000 (depending on the award)

The NSW Government offers a number of scholarships and awards to writers, artists and scholars living in NSW. Further information is available from New South Wales Ministry for the Arts, GPO Box 5341, Sydney NSW 2000. Tel (02) 9228 3533, Fax (02) 9228 4722.

The Pig Research and Development Corporation (PRDC) Postgraduate Research Fellowship (L, R)

- $25,000 pa plus allowances
- Up to 3 years

Applicants must be undertaking a PhD relevant to the increased competitiveness of the Australian pig industry. Applications close in mid-December.

The Pig Research and Development Corporation (PRDC) Postgraduate Top-Up Scholarships (L, R)

- Up to a maximum of $21,000 as a supplement to other scholarships, plus allowances.

Applicants must be eligible for another scholarship and be undertaking research relevant to increasing the competitiveness of the Australian pig industry. Applications close in mid-December.

The Re-Entry Scholarship for Women (L, I, R, C)

- $15,364 pa (equivalent to the Australian Postgraduate Award)
- 1 year

Applicants must be women who have been out of full-time paid professional employment for a period time and who wish to take up or resume a full-time research or coursework program of postgraduate study. Priority will be given to applicants wishing to update their research skills or to those who wish to gain further experience in order to return to employment in industry, business or education. Applicants must be able to demonstrate a well-planned career path. A written application and curriculum vitae should be forwarded to the Scholarships Unit, UNSW. Applications close 31 October.

The River Basin Management Society Ernest Jackson Memorial Research Grants (L, I, R)

- Up to $2,000

The scholarship assists PhD and Masters students undertaking research in the field of river basin management. Applications usually close in May and November each year.

The Ronald Henderson Postgraduate Scholarships (L, R)

- $5,000 pa as a supplement to an APA
- Up to 2 years for Masters by Research, 3 years for a PhD

The scholarships are open to graduates who intend to commence Masters or PhD studies in social economics, and who obtain an Australian Postgraduate Award or equivalent university postgraduate awards. Applicants may be enrolled in economics, commerce or arts degrees. Information and applications are available from the Ronald Henderson Research Foundation, 5th Floor, 165 Flinders Lane, Melbourne VIC 3000. Tel: (03) 9654 8299, Fax: (03)
The RSPCA Alan White Scholarship (L, I, R)
- $2,500
Applicants should be undertaking original research to improve the understanding and welfare of animals. Applications close in mid-March.

The Rural Industries Research and Development Corporation (RIRDC) Postgraduate Scholarships (L, R)
- $21,500 pa plus $3,500 to the host institution
- Up to 3 years
The scholarships are available for postgraduate study in rural research and development in areas of interest to the Corporation. Applicants must hold an Honours 1 or 2/1 degree in an appropriate discipline. Applications from mature age students with rural industry experience are particularly encouraged. Applications close in early November.

The Shell Postgraduate Scholarship (L, R)
- $20,000 pa
- Up to 3 years
Applicants should intend to study a PhD in science, engineering, economics/commerce, computer science, or a closely related discipline. Applications close in mid-October.

The Social Policy Research Centre (SPRC) Postgraduate Research Scholarship (L, I, R)
- $15,364 pa (equivalent to the APA), plus allowances
- 3 years for a PhD
Applicants should have a Bachelors Degree with at least Honours 2/1 in any of the fields of study relevant to social policy. The successful candidate will be enrolled in a relevant School of the University but will undertake research at the Centre. Prospective applicants must contact the School in which they wish to enrol. Application packages are available from the SPRC Publications and Information Officer, Social Policy and Research Centre, UNSW (02 385 3833). Applications close late October.

The State Librarian's Metcalfe Scholarship at UNSW (L, R, C)
- To be determined
The scholarship is open to suitably qualified librarian's for a Masters degree in the areas of librarianship, marketing or technology, in relevant Faculties at UNSW. Selection will be based on academic merit, outline for the proposed area of study and demonstrated interest in Librarianship. Applications normally close 30 November.

The Sugar Research and Development Corporation (SRDC) Postgraduate Scholarships (L, R)
- $22,000 pa plus $3,000 to the host institution
- Up to 3 years
The scholarships are available to foster research in disciplines compatible with the SRDC's research priorities. Applications close in mid-September.

The Telstra Research Laboratories Postgraduate Research Fellowship (L, R)
- $11,000 pa supplement to an Australian Postgraduate Award (see APA entry under General)
- Up to 2 years for Masters by Research, up to 3 years for a PhD
Applicants must be undertaking a Masters by Research or PhD in electrical engineering, computer science or other appropriate discipline. Applicants must have completed or expect to complete an appropriate degree with Honours or the equivalent. Applications close in mid-September.

The Wenkart Foundation Grants (L, I, R)
- Up to $22,000 pa
- 2 years but may be renewed
Applicants must be undertaking full-time research in clinical, biomedical or health related clinical sciences. Applications close in mid-May.

Faculty Scholarships

Commerce and Economics

The Dean's PhD Scholarship (L, I, R)
- Up to the maximum level allowable for supplementary scholarships under the Australian Postgraduate Award conditions (see APA entry under General)
- Up to 3 years
Applicants must be proposing to undertake full-time PhD study. The award is prestigious and applicants must have Honours 1 or equivalent in order to be considered. Information is available from the Office of the Dean, Faculty of Commerce and Economics, tel (02) 9385 5895. Applications close in early December.
The Faculty of Commerce Postgraduate Research Scholarship (L, I, R)

- Equivalent to the Australian Postgraduate Award (see APA entry under General)
- 2 years for a Masters by Research and 3 years for a PhD

The scholarships are available to students undertaking full-time study in a Masters by Research or PhD in any school or department of the Faculty of Commerce and Economics. The awards are prestigious and applicants must have Honours 1 or equivalent in order to be considered. Information is available from the Office of the Dean, Faculty of Commerce and Economics, tel (02) 9385 5995. Applications close in early December.

Travel Scholarships

General

AAUW Educational Foundation International Fellowships (L, I, R, C)

- US$15,065
- 1 year

The American Association of University Women (AAUW) offers Fellowships for full-time postgraduate study or research in the United States for one academic year. Applicants must be females who have earned the equivalent of a United States Bachelor’s degree and who are not US citizens or permanent residents. Preference will be given to women who show prior commitment to the advancement of women and girls through civic, community or professional work. Members of the Australian Federation of University Women (AFUW) may also be eligible for AAUW-IFUW awards for advanced training at any overseas institution. Application packs are available from the Scholarships Unit or the AAUW Educational Foundation, 2201 N. Dodge St, Dept 67, Iowa City, IA 52243 USA. Applications close in late November.

The ACSANZ Postgraduate Awards for Canadian Studies (L, I, R)

- $3,000 towards a research trip to Canada

The Association for Canadian Studies in Australia and New Zealand will offer grants to postgraduate students wishing to undertake a short research trip to Canada. Applicants must be enrolled in Master’s or Doctoral degrees at Australian or New Zealand universities, and grants will be for research into all areas of academic enquiry that have a distinctly Canadian orientation, for example in the humanities, social and political sciences and some branches of the health and environmental sciences. Enquiries and applications should be directed to the Academic and Cultural Relations Officer, Canadian High Commission, Commonwealth Avenue, Canberra, ACT 2600. Tel (06) 273 3844, Fax (06) 270 4093, E-mail: co.cnbra@cnbra01.x400.gc.ca

The Telstra Master of Commerce Scholarship at UNSW (I, R, C)

- $10,000
- 1 year

The scholarship is open to citizens or permanent residents of Indonesia only. Applicants must be graduates of a recognised university who are eligible to enrol in the Master of Commerce degree in Finance or Marketing at UNSW. Selection for the scholarship will be based on academic merit and the reasons for the proposed course of study, and may consider financial need. Applications close in late October.

The Asian Studies Library Awards (ASLA) (L, R)

- $250 to $900 in a lump sum

Applicants must be undertaking a Masters by Research or PhD. The award provides a contribution towards the travel costs to centres with Asian collections to undertake library research. Further information and application forms are available from the Project Co-ordinator, Asian Studies Library Awards, Collection Management Division, Library ANU, Canberra ACT 2600. Applications close in mid June.

The Association of International Education Japan (AIEJ) Short-Term Student Exchange Promotion Program (Inbound) Scholarships (L, I, R, C)

- 50,000 yen (settling-in allowance), 80,000 yen per month, plus airfare
- Six months to one year

Applicants must be accepted by a Japanese university under a student exchange program agreement with UNSW. Students must initially apply directly to a Japanese university through the International Student Centre at UNSW. The Japanese host university will recommend candidates to AIEJ and students must apply as directed by the host university. Applications close in February, May and September each year.

The Association of International Education Japan (AIEJ) Short-Term Student Exchange Promotion Program (Inbound) Peace and Friendship Scholarships (L, I, R, C)

- 50,000 yen (settling-in allowance), 100,000 yen per month, plus airfare
- Ten months to one year

Applicants must be accepted by a Japanese university under a student exchange program agreement with UNSW. Students must initially apply directly to a Japanese university through the International Student Centre at UNSW. The Japanese host university will recommend candidates to
AIEJ and students must apply as directed by the host university. Applications close in February, May and September each year.

The Australian Bicentennial Scholarships and Fellowships Scheme (L, R, C)

- 4,000 pounds sterling
- At least 3 months

Applicants must be enrolled as postgraduate students at Australian higher education institutions and usually resident in Australia. Awards are available for study in the United Kingdom in any discipline. Applications close with the Executive Director, Australian Vice-Chancellors' Committee, GPO Box 1142, Canberra ACT 2601 in late October.

The Australian Federation of University Women (AFUW) (L, R, C)

Each year the Federation offers to its members a number of awards for study in Australia and overseas. Details of awards are included in a booklet available from the Australian Federation of University Women Inc, 8th Floor, Dymocks Building, 428 George Street, Sydney NSW 2000 (02 9232 5629).

The British Aerospace Australia Chevening Scholarship (L, R, C)

- Tuition fees, maintenance allowance, airfare
- 1 year

The scholarship is available to undertake an approved one-year MSc course in aerospace engineering at a British university. Applicants must hold, or expect to complete before October 1995, an Honours 1 or 2/1 degree. Application forms are available from the British Council, PO Box 88, Edgecliff NSW 2027. Tel (02) 9326 2022, fax (02) 9327 4868. Applications close late October.

The British Chevening Scholarship (L, R, C)

- Tuition fees, maintenance allowance and return airfare
- 3 months to 1 year

The awards are intended for outstanding graduates and young professionals with the potential to rise to senior positions in the private or public sectors and will contribute to Australian-British relations and understanding. The awards are tenable for postgraduate study at British universities. Application forms are available from the British Council, PO Box 88, Edgecliff NSW 2027, tel (02) 9326 2022, fax (02) 9327 4868. Applications close in October.

The Cambridge Australia Scholarships (including Packer Scholarships) (L, R)

- Tuition fees, airfare, maintenance allowance
- Up to 3 years

The scholarships are open to postgraduate students who have an Honours 1 degree from an Australian university, who have gained admission to Cambridge and who are successful in winning an Overseas Research Student Award (ORS) awarded by Cambridge, for PhD studies in subjects relevant to Australia's needs. Scholarship application forms should be requested from Cambridge when applying for admission. Information on how to apply is available from the Honorary Secretary, Australian Committee of the Cambridge Commonwealth Trust, c/o Dept of Classics, ANU, Canberra ACT 0200. Tel (06) 249 2913/8830, Fax (06) 249 5039. Applications for admission to Cambridge close 31 December and scholarship applications close 30 April in the following year.

The Cancer Research Fellowship Programme (L, I, R)

- Travel expenses and living allowances
- 1 year

Applicants should be engaged in research in medical or allied sciences and intending to pursue a career in cancer research. The awards are tenable at the International Agency for Research on Cancer in France, or any other suitable institution abroad. Areas of research include epidemiology, biostatistics, environmental and viral carcinogenesis and mechanisms of carcinogenesis. Applications are available from the International Agency for Research on Cancer, 150 cours Albert-Thomas, 69372 Lyon Cedex 08, France, tel 72 73 84 85, fax 72 73 85 75. Applications normally close in December.

The Commonwealth Scholarship and Fellowship Plan (CSFP) (L, R, C)

- Varies for each country. Generally covers travel, living, tuition fees, books and equipment, approved medical expenses.
- Usually 2-3 years depending on the country

CSFP provides opportunities for Commonwealth students to undertake advanced academic study in other Commonwealth countries. Candidates should be Commonwealth citizens who are graduates. Applications close at different times depending on the country in which the study is proposed.

The Coral Sea Scholarship (L, R, C)

- $3,000 per month, plus $2,500 travel entitlement
- Up to 3 months

The award is for applicants holding a tertiary qualification who are proposing study in the United States, to investigate a problem or opportunity relevant to Australian business or industry. Applicants must be Australian citizens (Permanent Residents are ineligible). Applications are available from the Program and Development Officer, Australian-American Foundation, GPO Box 1559, Canberra City ACT 2601 (06 247 9331). E-mail: lindy@aaef.anu.edu.au. Applications close 30 September.

DAAD- The German Academic Exchange Service Scholarships (L, I, R, C)

Application forms and information (including closing dates) for the following scholarships are available from the Con-
One-Year Scholarships

- Monthly allowance between DM1,000 and DM1,600, airfares, health and accident insurance, and tuition fees
- 1 year

Scholarships are available for graduate studies in Germany. Applicants must be aged 32 or under and hold a Bachelors degree (or equivalent). A working knowledge of German is required of those who study arts; others may receive additional language training prior to the commencement of the scholarship. Applications normally close in September.

Research Grants

- Monthly stipend of DM1,600, health insurance contribution and travel assistance of DM2,500
- 2 to 6 months

PhD students can apply for assistance to undertake a short period of research in Germany. Applicants must be aged 32 or under.

Information Visits by Groups of Professors and Students

Groups (minimum of 10 persons, maximum of 30 persons) of professors and students can apply for assistance to visit Germany with the intention of increasing the knowledge of specific German topics. The program offers support in making travel and study arrangements and may include some financial assistance (based on the length of the stay and the number of persons undertaking the study tour). The period of stay must be between 7 and 21 days. No tours will be organised for July or August.

Deutschlandkundlicher Winterkurs

- Course fees, DM3,500 to assist with travel and living expenses, health insurance
- 8 weeks (3 January - 21 February 1997)

Undergraduate and postgraduate students from all fields with at least two years university-level German may apply for this scholarship. Applicants must be Australian or New Zealand citizens, aged from 19 to 32 and proposing to undertake German studies course (in German) at the Albert-Ludwigs University of Freiburg. The course provides language instruction and concentrates on historical and cultural aspects of contemporary Germany for students with a background in German Studies. Applications usually close in early August.

East West Center Graduate Degree Fellowship (L, I, R, C)

- Accommodation, monthly stipend of US$600, tuition fees, health insurance plus allowances
- 12 months with a possible 1 year extension

The Fellowships are available for postgraduate study at the University of Hawaii, preferably at Masters level. Citizens of countries in Asia, the Pacific and the United States are eligible to apply. Potential applicants must request an application package directed from the East West Centre, Awards Services Officer, Burns Hall 2066, 1601 East-West Road, Honolulu Hawaii 96848-1601, USA. Tel 1 808 944 7735, Fax 1 808 944 7730. Information sheets only are available from the Scholarships Unit. Applications close in early October.

Frank Knox Memorial Fellowships (L, R, C)

- $US14,500 pa plus tuition fees and health insurance
- 1 year with the possibility of renewal for a further year.

Applicants must be undertaking, or near completion, of a postgraduate qualification at an Australian university. The fellowships are tenable at one of the graduate schools of Harvard University. Applications close in early October.

The Fulbright Postgraduate Student Awards (L, I, R)

- Up to $US24,000 depending on the type of award, with the possibility of other allowances (eg return airfares and tuition fees)
- 1 year

Applicants must be enrolled in a postgraduate degree at an Australian institution and wishing to undertake research at an American institution. Students planning to undertake an American higher degree in any field can apply for the Fulbright Student Awards. Students proposing to undertake study in engineering, visual and performing arts, statistics (and related disciplines) and the links between educational institutions, workplaces and communities or Aboriginal and Torres Strait Islander people can apply for the Privately Sponsored Postgraduate Student Awards. Students proposing study in an American Master of Business Administration can apply for the David O. Anderson Scholarship sponsored by the Chase Manhattan Bank Australia Ltd. Applicants for the David O. Anderson Scholarship should contact the Program Development Officer, AAEF, GPO Box 1559, Canberra ACT 2601 (06 2479331). Other applicants should contact the Honorary Secretary, Fulbright NSW State Selection Committee, Sydney University 2006 (02 93514464).

The Golda Meir Scholarship (L, I, R, C)

- Tuition (some allowances may be paid)
- 1 year

The Golda Meir scholarships are available to graduates, with a major field of study in Jewish studies, religious studies, Israel studies or Middle East studies, who meet the relevant requirements for the Graduate Year Program at the Hebrew University's Rothberg School for Overseas Students. Application forms are available from the Australian Friends of the Hebrew University, 35 Hawthorn Road, South Caulfield VIC 3162 (tel 03 9272 5511).
The Gowrie Scholarship Trust Fund (L, R, C)
- $4000 pa
- 2 years
Applicants must be members of the Forces or children (or grandchildren or lineal descendants) of members of the Forces who were on active service during the 1939-45 War. Applications normally close in early October.

The Harkness Academic Fellowships (L, R, C)
Some allowances and tuition fees for study in the USA
- 12-21 months
The Academic Fellowships cover academic study and research. Applicants should be active in the public, business or voluntary sectors with an outstanding record of achievement. Special consideration may be given to studies in health care and related community issues. Applications are available on written request from the Harkness Fellowship, PO Box 836, Belconnen ACT 2606. Applications close in early September.

The Harkness Mid-Career Fellowships (L, R, C)
- Professional travel allowance
- 7-12 months
The Mid-career Fellowships are for study and practical experience. Applicants should be active in the public, business or voluntary sectors with an outstanding record of achievement. Special consideration may be given to studies in health care and related community issues. Applications are available on written request from the Harkness Fellowship, PO Box 836, Belconnen ACT 2606. Applications close in early September.

The International Wool Secretariat Postgraduate Scholarships (L, I, R)
- $21,362 pa plus allowances
- Up to 3 years
Two scholarships are available to graduates, of proven academic merit and leadership potential, to pursue a postgraduate course at a British university. One scholarship is for a one-year MSc course in Marine Engineering/Naval Architecture, and the other is for a one-year MSc course in Environmental Sciences. Applicants must hold, or expect to complete before October, an Honours 1 or 2/1 degree. Application forms are available from the British Council, PO Box 88, Edgecliff NSW 2027. Tel (02) 9326 2022, Fax (02) 9327 4868. Applications close late October.

Japanese Government (Monbusho) Research Scholarships (L, R)
- Monthly allowance, airfare, tuition fees plus other allowances may be payable
- Up to 2 years
The scholarships are tenable for research study at Japanese universities, in a field related to the applicants' first course of study. Applicants must be university graduates, under 35 years of age, who are willing to study the Japanese language. Applications normally close in late June.

The Kobe Steel Postgraduate Scholarship (L, R, C)
- Maintenance allowance of at least 7,000 pounds sterling plus tuition fees and travelling expenses
- Up to 2 years with the possibility of extension.
The scholarship is tenable at St Catherine's College, Oxford University. The scholarship will be awarded to outstanding individuals who display qualities of leadership, excellence in sport as well as academic ability. Students should have a past or future interest in Japan. Applications close in mid-October.

The Lady Davis Fellowship Trust (L, I, R, C)
The Lady Davis Trust provides awards for study, research, or teaching at graduate, post-doctoral or professorial levels at the Hebrew University or the Technion (Israel Institute of Technology). Information is available from the Australian Friends of the Hebrew University, 36 Hawthorn Road, South Caulfield VIC 3162 (03 9272 5511). Applications normally close in November.

The Lloyd's Register of Shipping Chevening Scholarship (L, R, C)
- Tuition fees, maintenance allowance, airfare
- 1 year
Two scholarships are available to graduates, of proven academic merit and leadership potential, to pursue a postgraduate course at a British university. One scholarship is for a one-year MSc course in Marine Engineering/Naval Architecture, and the other is for a one-year MSc course in Environmental Sciences. Applicants must hold, or expect to complete before October, an Honours 1 or 2/1 degree. Application forms are available from the British Council, PO Box 88, Edgecliff NSW 2027. Tel (02) 9326 2022, Fax (02) 9327 4868. Applications close late October.

The Meat Research Corporation (MRC) Studentships and Junior Research Fellowships (L, R, C)
- $14,961 pa for study in a Masters or Diploma, $20,000 for a PhD in Australia or $US17,500 for study overseas, plus airfares, insurance and allowances
- 2 years for Studentships (Masters or Diploma), 3 years for Junior Research Fellowships (PhD)
Applicants should be proposing to undertake research and training in "off-farm" disciplines of practical value to the Australian beef, sheep meat, goat meat and buffalo industries. Applications normally close in mid-August.

The Menzies Scholarships (L, R, C)
The Menzies Scholarships are intended to provide funds for Australian citizens (aged 21 to 45) who wish to travel to Britain to undertake a course of research and to write a paper, on a subject of concern and importance to the relationship between the Australian and British communities. Tertiary qualifications are preferred but the awards are not restricted to graduates or students. Information and
applications are available from the Australia-Britain Society, GPO Box 551, Sydney NSW 2001 (02) 223 5244. Applications normally close in October.

The NSW Ministry for the Arts Scholarships (L, R, C)
- $5,000 - $25,000 (depending on the award)
The NSW Government offers a number of scholarships and awards to writers, artists and scholars living in NSW. Further information is available from New South Wales Ministry for the Arts, GPO Box 5341, Sydney NSW 2000. Tel (02) 9228 3533, Fax (02) 9228 4722.

The Oxford Nuffield Medical Fellowship (L, R)
- Between 27,525 and 31,945 pounds sterling pa (subject to tax), plus travel expenses
- 2 years with a possible 1 year extension
The awards are available for research in a clinical medicine or medical science department of the University of Oxford. The appointee is required to return to Australia for at least 3 years to perform work similar to that carried out in the United Kingdom during the tenure of the Nuffield fellowship. Further information is available from Australian Academy of Science, GPO Box 783, Canberra City ACT 2601. Tel (06) 247 5777, Fax (06) 257 4620. Applications close in mid-March.

Overseas Research Students Awards Scheme (United Kingdom) (L, I, R)
- Difference in tuition fees for a 'home' and an 'overseas' student
The ORS Scheme provides partial remission of tuition fees to overseas students of outstanding merit and research potential. The awards are open to graduates who will be commencing full-time research studies at a participating institution in the United Kingdom, and who will be liable to pay tuition fees at the overseas student rate. Information and applications must be obtained directly from the Registrar or Secretary of the institution students are applying to in the United Kingdom. Applications normally close in April in the year of tenure.

The Rhodes Scholarship (L, R, C)
- Not less than 6,900 pounds sterling pa, tuition fees and assistance with travel expenses
- 2 years, with a possible 1 year extension
The scholarship is tenable at Oxford University. Applicants must be aged between 19 and 25 and have an honours degree or equivalent. Selection for the scholarship will be based on academic and personal achievements, including community spirit. Applications close in late August.

The Robert Gordon Menzies Scholarship to Harvard (L, R, C)
- Up to $25,000 towards tuition fees, living expenses or travel costs, students who enrol in the Harvard Business School may be eligible for an additional $12,000
- 1 year
The scholarships are tenable at one of the graduate schools of Harvard University. Applicants must be postgraduates of an Australian tertiary institution who intend to return to Australia after studies at Harvard or to represent Australia overseas. The scholarships are awarded on the basis of academic excellence and personal qualities such as leadership and public duty. The successful applicant will be expected, when circumstances permit, to repay the scholarship in later years. Applications and additional information may be obtained from the Administrative Services Group, ANU, Canberra ACT 0200. Tel (06) 249 5444, E-mail: Jane.Sutton@anu.edu.au. Applications close at the end of December.

The STA Travel Grant (L, I, R, C)
- Up to $3000
Applicants must be undertaking study leading to a degree or diploma of the University and a member of the University Union. The grant is awarded on the basis of significant contribution to the community life of the University involving a leadership role in student affairs and the University Union and the relevance and merit of the proposed travel to the student’s academic program or University Union activities. Applications close in mid-April.

Yokahama Scholarship Awards (L, R, C)
- JPY 120,000 per month undergraduate, JPY 150,000 per month for postgraduate students, tuition fees, airfare plus allowances
- Up to 4 years (undergraduate), 1 year for Japanese language study, 2 years for a Masters, 3 years for a PhD
Applicants must have submitted their application to, or have been accepted by a Japanese university and be able to communicate in Japanese (or be willing to undertake intensive study of the Japanese language). Applicants in all disciplines are eligible except for medicine, veterinary science and dentistry. Scholarships will be granted subject to the applicant's final acceptance by the chosen Japanese university. Original application forms only will be accepted and are available from the Scholarships Unit or from the Yokahama Scholarship Foundation, tel (07) 5588 0880, fax (07)5588 0842. Applications close with the Foundation in early October.
